Our Chairman

Sanjiv Bajaj

Our Managing Director & CEO

Dr. Tapan Singhel

Managing Director & CEO's Message

Dear Stakeholders,

The last fiscal year was a defining one for our industry, a year of laying strong foundations amid an evolving regulatory and business landscape. As the regulator introduced pivotal reforms to accelerate the journey towards 'Insurance for All' by 2047, we at BAGIC stayed true to our purpose of taking insurance to the last mile and building a stronger, more resilient India. In a year of challenges and opportunities, I am pleased to share that we continued outperforming the market while sustaining our profitability leadership. We expanded into new business avenues, strengthened our core, and pushed the frontiers of innovation, all while keeping 'Care' at the heart of everything we do for our customers, partners, and employees.

Throughout our journey, we have thoughtfully created our solutions to meet the needs of our customers. We diligently try to truly understand our customers' needs and develop solutions centred on solving their worries. This year, we launched 14 products and 7 add-ons, taking our overall product line-up to more than 650, including add-ons. Some of the products were industry-first (i.e. Eco Assure-Repair Protection and Named Driver Cover). We also came out with HERizon Care, an exclusive product that caters to the health insurance requirements of women at every stage of their journey.

We have always positioned ourselves as a distribution-led organisation that values developing and maintaining robust partnerships. In the Bancassurance & Institutional space, we formed new alliances to bolster our presence further with over 50 new tie-ups while successfully retaining all our key partnerships. In the Motor Insurance area, we continue to grow by forging strong alliances in the insurance and warranty business with almost all leading OEMs. In the e-commerce domain too, we onboarded multiple new strategic partners, to expand our market presence. We added close to 10,000 advisors, further strengthening our retail distribution capabilities nationwide. Proud to share that in the Government Business realm, we continued implementation of AB-PMJAY MA in one of the country's biggest health insurance schemes in the State of Gujarat. This is the first time a private insurer has retained the renewal of a scheme of such magnitude. Moving to another interesting development, the National Highway Authority of India (NHAI) launched a cashless accident insurance policy for road accident victims on the Golden Quadrilateral in FY2025. Out of the four arms of the Golden Quadrilateral, we are implementing the policy in two arms. These collaborations reflect our capability to lead in public-private partnerships.

Our commitment to digitisation defines us, and we believe our technological capabilities will not only stimulate growth now but also help us develop assets for the future while managing efficiencies. We have revamped our Website and Caringly Yours App to redefine the user experience. The redesigned platforms intend to offer intuitive navigation, a swift buying journey, and an enhanced claims experience. We also focused on a strategic integration across digital platforms, call centres, and field operations to provide our customers with a smooth and consistent experience. We have introduced a range of digital assets utilising generative AI backed by our GPT Workbench, a playground to democratise GenAI for employees. We rolled out Pre-Inspection Approval Automation in motor insurance, reducing the TAT from 20 to 2 minutes. We also used bots and Live Video Streaming (LVS) technology to assess damages remotely for Motor OD Claims, which helped us process claims much faster. Our Risk Engineering Portal standardised inspection processes and created a unified data repository for risk evaluation. Speaking further about our digital drive, implementing RCS (Rapid Claim Settlement System) in non-motor claims enabled the highest ever claim settlement ratio of 99%. In contrast, implementing RPA (Robotic Process Automation) has resulted in the lowest ever claim settlement TAT. With four additional lines of business now live on the new core policy administration platform, Maximus, about 40% of our business has migrated to the new platform, giving our business the agility and scalability it needed. This improvement allows us to leverage business intelligence for faster decision-making and boost self-service.

Our Caringly Yours mobile app has remained a customer favourite, with over 53 lakh downloads as of March 2025. Similarly, our Farmitra—Caringly Yours app continues to impact farmers and add value to their lives, with total downloads crossing 10 lakhs.

We continue to be prudent on underwriting and risk selection with emphasis on 'profitable growth'. This is backed by superior underwriting capability supported by granular loss ratio modelling, diversified exposure across business lines & geographies and a robust anti-fraud intervention, leading to Industry leading combined ratios consistently over the years, business construct to deliver superior ROE and industry best claims paying general and health insurer.

Once again, we've raised the bar; this year has been full of milestones. Our key performance milestones speak volumes about the passion and commitment of our people: -

- The Gross Written Premium grew to ₹ 21,583 crore.
- With a Profit Before Tax of ₹ 2,445 crore, we remain among the country's most profitable insurers.
- Our solvency ratio stood firm at 325%, one of the best in the industry.
- Our combined ratio remains amongst the best in the industry at 102.3% (101.7% excluding 1/n accounting change impact), clearly highlighting our robust underwriting practices.
- We issued nearly 4.8 crore policies and settled close to 65 lakh claims.
- We have maintained the credit rating of [ICRA]AAA(Stable) awarded by ICRA.

Our unwavering focus on prioritizing customer needs, pioneering innovative solutions, and delivering industry-leading products has earned us numerous prestigious awards and recognitions. Notably, we were honoured with the highly coveted "Best General Insurance Company" award at the InsureNext Global Conclave & Awards 2025, acknowledged as the "Best Motor Insurance Company of the Year" at the Times Green Conclave & Awards 2024, and esteemed as the "Fraud Prevention Insurance Company of the Year (GI)" at the India Insurance Summit & Awards 2025. For a comprehensive overview, please refer to the awards and accolades section of this report.

We continued to set industry benchmarks with one of the lowest grievance ratios of 0.78 per 10,000 policies. Our digital-first approach is reflected in the fact that we issued more than 96% of our policies digitally, and over 96% of the premiums were collected via digital payment options. We set the benchmark for customer care, by resolving 100% of IRDAI cases within just one day, far surpassing the standard 14-day timeline set by IRDAI. Our Net Promoter Scores, among the best in the industry 78 for Motor and 72 for Health insurance, speak volumes about the experience and satisfaction we offer our customers.

Our brand continues to grow stronger; our extensive PR outreach activities have reached more than 100 crore readers in print and online media. Our diverse advertising campaigns fostered a notably more favourable perception among customers, marked by a 98% positive impact score. We continue to have a dominating presence on social media, with over 28 lakh followers, one of the highest in the industry. During the year, we reached an audience of over 55.4 crore and garnered close to 50 crore video views. Our engagement rate was exceptional at 30.02%, setting a new benchmark in the industry. The Bajaj Allianz Pune Half Marathon drew more than 17,000 participants, fostering a culture of fitness that welcomes everyone.

Our people are our biggest strength; we focus on their growth and well-being. In alignment with our commitment to cultivating a culture of continuous learning, the overall learning adoption at the organisation level stands at approximately 92%. We prioritise offering holistic benefits to our people; our employee wellbeing app supports our 9,000+ employees with comprehensive offerings, like health risk analysis, unlimited 24/7 teleconsultation, mental wellness counselling, gym membership discounts, and habit coaching, to name a few. Over the past year, we have processed 8,500+ OPD reimbursement cases and facilitated annual health check-ups for 3,600+ employees and their family members. Our ultimate sports event, Khelega BAGIC 2.0, was a massive success with over 2300 nominations; we conducted 650+ matches across India, promoting a healthy work-life balance and reinforcing team spirit and wellbeing.

Our dedication to Environmental, Social, and Governance (ESG) remains unwavering. On World Environment Day 2024, we launched our 'One Tree Per Employee by 2027' initiative, committing to plant a tree for each employee over the next three years. Pleased to share that by March 2025, we have successfully planted more than 11,000 trees. Launch of our new products Eco Assure and HERizon reflects our endeavour towards integrating business with our sustainability and diversity aspirations. Our Diwali Eco Collection Drive, led to collection of over 700 kg of recyclable materials resulting in an emissions reduction of 13.39 TCO₂e.

As we embark on our journey to becoming a proudly 100% Indian company, we are energised by the limitless possibilities ahead. With a strong foundation and a renewed spirit, we are ready to scale greater heights, seize new opportunities, and script an even more glorious chapter of success together.

Management Discussion and Analysis

A. Economic and Industry performance

1. Macroeconomic overview

Global Economy

The global economy showed signs of stabilisation through much of 2024, after a prolonged and challenging period of unprecedented shocks. Inflation, down from multidecade highs, followed a gradual though bumpy decline towards central bank targets. Labour markets normalised, with unemployment and vacancy rates returning to pre-pandemic levels. Growth hovered around 3%, and global output came close to potential. However, major policy shifts by the USA and corresponding changes by other countries are resetting the global trade system and giving rise to uncertainty that is once again testing the resilience of the global economy.

According to the International Monetary Fund's World Economic Outlook (April 2025), global growth is projected to moderate to 2.8% in 2025, slightly decelerating from 3.2% in 2024. Advanced economies are expected to grow at 1.8%, reflecting tightening financial conditions and lingering uncertainties around fiscal consolidation and geopolitical developments. Meanwhile, growth in emerging markets and developing economies is forecast at 3.7%, with moderation in Asia offset by resilience in Africa and the Middle East. Global inflation is expected to continue its disinflationary trend, declining from 5.9% in 2024 to 4.5% in 2025, with headline inflation falling faster in advanced economies.

Financial markets have reacted to this environment with mixed signals – while equity markets have remained buoyant on expectations of a pivot in monetary stance, bond yields and currency movements have exhibited volatility. Gold prices have risen steadily on the back of persistent safe-haven demand.

Downside risks to the global outlook include intensifying geopolitical conflicts, disruptions in global trade and renewed inflationary surges due to commodity price volatility. On the upside, accelerated improvements in labour participation and technological productivity gains may allow for earlier monetary easing. Overall, the medium-term outlook remains cautious optimism as the global economy adapts to a new normal shaped by structural shifts and evolving policy framework. (Source: IMF WEO Apr 2025)

Domestic Economy

India continues to stand out as one of the fastest-growing major economies in the world, driven by strong macroeconomic fundamentals, robust domestic demand, and proactive policy support. According to the Reserve Bank of India's monetary policy and associated forecasts, real GDP growth for FY2025 is projected at 6.7%. The expectation of normal monsoon will likely support agricultural output and enhance rural demand, while urban consumption continues to strengthen on the back of rising incomes and consumer confidence.

The domestic inflation trajectory remains broadly contained. Headline CPI inflation is projected to average around 4.2% for the year, aided by a softening in food and fuel prices, improved supply chains, and base effects. The Reserve Bank of India has adopted a calibrated approach to monetary policy, effecting a 25-basis-point rate cut in early 2025 to support growth while ensuring inflation remains within the tolerance band.

Bank credit growth (y-o-y) moderated during 2024-25. The moderation was seen across bank groups except for public sector banks (PSBs). After witnessing a transient slowdown in first half of the fiscal, economic activity recovered in Q3 on the back of healthy private consumption and improved government's capital expenditure. Further, buoyancy in the rural economy, resilient services sector, governments' efforts to spur household demand through tax incentives and healthy balance sheets of financial entities and corporates along with the easing of financing conditions are expected to give an impetus to growth. Credit growth has remained stable, supported by healthy balance sheets of financial institutions and strong capital adequacy. (Source: RBI)

External demand is expected to remain subdued in FY2026, owing to the risks of potential trade wars, redirection of trade flows, disruption of supply chains, as well as weakness in the USD/INR pair. This is likely to adversely impact India's merchandise exports in FY2026. (Source: ICRA Economic Outlook)

2. Insurance industry overview

The general insurance industry in India comprising of 34 non-life insurers continues to be underpenetrated compared to most developed and developing economies with a penetration 1% vs. World penetration at 4.2% (ratio of total general insurance premiums to the country's nominal GDP) in FY2024. The industry continues to be highly competitive with 9M FY2025 combined ratio at 116% for multiline players with cumulative underwriting losses higher than ~₹22,000 crore.

The growth of the insurance market is being supported by important government initiatives, strong demographic factors, economic growth, conducive regulatory environment, product innovations, and vibrant distribution channels.

For the insurance sector, FY2025 saw significant regulatory changes. On one hand, these changes were aimed at bringing more transparency, efficiency, enhancing governance standards, streamlining regulations, and prioritising policyholder interests. On the other hand, these changes contributed to muted premium growth for both life and non-life insurers especially during the second half of the year when most of these changes came in play.

During the year, existing regulations were consolidated into few ones, minimizing the need for regulatory approvals and enhancing operational efficiency. The Board's involvement in regulatory matters, overseeing risk and strategy has been heightened. Governance mechanisms have been enhanced to uphold transparency and accountability. Crucial steps have been taken to safeguard policyholder interests by revising turnaround times with respect to various policy services, to simplify claim processes and to ensure timely claim settlements. These have been major steps in transforming the regulatory framework from a 'rule-based' to a 'principle-based' approach.

Despite multiple/significant operational challenges, there is an enhanced focus on expanding insurance coverage to underserved areas by tagging rural obligations to the gram panchayat level; and the motor third party obligations require insurers to cover uninsured vehicles, to increase the number of insured vehicles. These reforms are expected to foster a more competitive and innovative insurance market, ultimately benefiting consumers through improved service delivery, enhanced product offerings and greater accessibility.

These were followed by proposed amendments to existing insurance laws to support 100% foreign direct investment (FDI), composite insurance and to insurers offering value added services, to name a few.

The second half of the year was more eventful. Non-life insurers were hit by the change in accounting of premium for long term products (effective 1 October 2024) , which required amortisation of long-term premium over the policy duration (1/n accounting) which impacted the growth negatively in the second half of FY2025. Hence FY2025 numbers are not comparable with the previous year. This is more of an accounting change and the economic profit remains unchanged. This accounting change has an impact of reducing the GWP and increasing the COR while having no impact on the underwriting profits and PAT for the Company.

Gross Direct Premium (GDPI) underwritten in India by multiline private and public general insurers grew at 5.2% in FY2025 and reached ₹258,120 crore. Including Standalone Health Insurance (SAHI) companies and specialised insurers, the industry grew 6.2% and reached ₹307,660 crores. Without impact of 1/n method of accounting of long term insurance premium on GDPI, multiline insurers grew at 7.0% and overall industry grew at 8.6% in FY2025 with SAHI companies registering a double-digit growth. Impact of change in accounting brought in by 1/n method on the overall industry growth was 2.4%.

The Indian automobile industry, as per Federation of Automobile Association India (FADA), grew at 7.0% for FY2025. Passenger Vehicles and Three-Wheelers witnessed a moderate growth on account of high base effect, but saw the highest ever sales in these categories, while the Two-Wheeler segment registered relatively strong growth in FY2025. However, Commercial Vehicles witnessed a slight degrowth in the FY2025, though performance in recent months has been comparatively better.

Health insurance in India (excluding government health schemes) experienced low double-digit growth in FY2025 due to limited volume growth in retail health policies, partially offset by growth largely supported by price increase. Government schemes like Ayushman Bharat continued expanding access for low-income populations. Private insurers focused on customisable plans, wellness benefits, and OPD coverage.

On Commercial lines, Fire portfolio witnessed de-growth largely due to pricing pressures arising out of competitive intensity, whereas Engineering and Liability insurance grew by double digit percentage in FY2025.

a. Premium growth and relative performance of insurers

Gross Domestic Premium Income (GDPI) growth (in %)

Source: IRDAI and General Insurance Council statistics. SAHI = Standalone Health Insurers

*FY2025 growth is on old accounting basis (excluding the impact of '1/n' accounting of long-term products)

Over the period of last five years (i.e., FY2021 to FY2025), on GDPI basis:

- The industry, including monoline and specialised insurers, registered a CAGR of 10.7%. Within industry, Private insurers registered a CAGR of 12.9% & Public players registered a growth of 5.5% (CAGR).
- Standalone health insurers (SAHI) delivered healthy CAGR of 23.1%.

Gross Domestic Premium Income (GDPI) market share

Source: IRDAI and General Insurance Council statistics. Market share for FY2025 is on old basis.

- Over the period of FY2021 to FY2025, the market share of private multiline players increased from 49.3% to 53.1% and of SAHI players increased from 7.9% to 13.0% with a corresponding decrease in market share of PSU players from 36.1% to 30.4%.

b. Shift in business mix

Line of business (LOB) wise mix

Based on GDPI of private and public general insurers excluding monoline/specialised insurers.

Source: IRDAI and General Insurance Council statistics

Note: Commercial includes Fire, Engineering, Marine and Liability. FY2025 numbers on 1/n basis

LOB mix: Private players

While Motor continues to be the largest product segment, the business has reduced from 45.5% in FY2021 to 43.4% in FY2025. The mix of Health insurance business increased from 16.5% in FY2021 to 23.9% in FY2025. The reduction in Commercial lines business mix was largely impacted due to pricing pressure in the Fire Portfolio in FY2025. The mix of Crop business has reduced from 15.3% in FY2021 to 10.8% in FY2025 due to change in the scheme contours as well as enhanced competitive intensity.

LOB mix: PSU players

Health continues to be the largest product segment with the mix has increased substantially from 38.1% in FY2021 to 44.4% in FY2025. The Motor segment saw a reduction from 32.2% in FY2021 to 29.8% in FY2025. The Commercial lines business mix was impacted largely due to the pricing pressure in Fire Portfolio in FY2025. The mix of Crop business has come down from 5.7% in FY2021 to 3.0% in FY2025

Based on GDPI of private and public general insurers excluding monoline/specialised insurers.

Source: IRDAI and General Insurance Council Statistics.

Note: (i) Commercial includes Fire, Engineering, Marine and Liability (ii) Other miscellaneous includes Aviation, PA, Credit & Other miscellaneous LOBs.

5 Years CAGR is from FY2020 to FY2025. FY2025 figures are on a 1/n basis.

The industry (excluding SAHI & specialised insurers) grew by 9.3% in the past five years i.e., from FY2021 to FY2025. The growth was impacted due to the outbreak of COVID-19 in March 2020 and its impact continued for almost two years. During FY2025, industry registered a muted growth of 5.2% which was impacted on account of change in accounting for long term products, (1/n basis growth at 7.0%), fall in fire and crop premiums due to enhanced competitive intensity, lower volume growth in retail health and on account of lower motor sales.

Distribution channel mix

Based on GDPI for private and public general insurers excluding monoline/specialised insurers.

Source: Public disclosures. 9MFY2025 figures on 1/n basis

Substantial shift has been observed in distribution mix towards broker driven business with mix going up from 31% in FY2021 to 41% in 9MFY2025. Individual agents' mix was down from 26% in FY2021 to 18% in 9MFY2025.

c. Key regulatory changes

During FY2025, the Insurance Regulatory and Development Authority of India (IRDAI) issued several Master Circulars prescribing operational and procedural aspects of compliance with Regulations issued in FY2024. Key master circulars, regulations, guidelines, etc., issued in FY2025 are summarised here:

Master circular on Rural, Social Sector and Motor Third Party Obligations, 2024:

This Master circular outlines the procedures for measuring and fulfilling rural sector, social sector, and motor third party obligations for insurance companies as prescribed by the IRDAI (Rural, Social Sector and Motor Third Party Obligations) Regulations, 2024. In respect of rural obligations, the General Insurance Council (GIC) would assign the minimum number of Gram Panchayats to each general insurer based on agreed parameters such as market share and state insurance plans. Insurers would then collect data of number of dwellings, shops, motor vehicles and lives from the Gram Sachiv of each assigned Gram Panchayat and work towards increasing insurance penetration in assigned Gram Panchayats. In respect of social obligations, insurers have been mandated to cover a minimum of 10% of their total insured lives from the social sector. For motor third-party obligations, insurers have to collaborate with the Insurance Information Bureau of India (IIB) and State regional transport authorities (RTAs) to identify uninsured goods-carrying vehicles, passenger vehicles and tractors. The GIC would co-ordinate with the RTAs and IIB in obtaining requisite data. Insurers are required to submit the details of rural, social and motor third-party business done on quarterly basis to IRDAI.

Master circular on Actuarial, Finance and Investment Functions of insurers, 2024

This Master circular modifies requirements in respect of various disclosures in financial statements. Key feature of this Master Circular includes the requirement of 1/n method of accounting of premium in respect of long-term policies. Operational changes were made in the definition of approved investment, and Tri-Party Repos were included in the Money Market Instruments.

Master circular Corporate Governance, 2024

This Master circular contains revisions in respect of restructuring of the composition of various Board committees whereby Independent Directors are required to chair the Risk Management Committee and Policyholders' Protection, Grievance Redressal and Claims Management Committee, annual review of succession plan, compulsory adoption of Environmental, Social, and Governance (ESG) framework, etc. These changes reflect a proactive approach aligning with evolving market dynamics and stakeholder expectations.

Master circular on Health Insurance Business, 2024

This Master circular consolidates and simplifies all the previous guidelines for better understanding with minor amendments in the interest of policyholders, which enables insurers to offer health insurance coverages across all age group customers. It highlights the changes in turnaround times for free look cancellation, pre-existing disease waiting periods and moratorium periods. Overall, the Master circular aims to streamline processes, enhance customer experience and promote inclusive access to health insurance products across diverse segments of the population.

Master circular on Operations and Allied Matters of Insurers & Protection of Policyholders' Interests 2024

This Master circular deals with various operational matters such as advertisement, place of business, and unclaimed amounts. Further, the turn-around-time for all areas of policy servicing, grievances redressal, claims processing, pre and final authorisations, etc. have been revised. This Master Circular also makes it mandatory for insurers to issue a customer information sheet (CIS) for all policies issued to retail / individual customers.

Guidelines on Hedging Through Equity Derivatives

Guidelines on hedging through equity derivatives have been issued under the IRDAI (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024. To address the increasing trend of insurer investments in equities and the associated market volatility, insurers are allowed to hedge their equity portfolio risks using equity derivatives, such as stock and index futures and options. However, over-the-counter exposure is not allowed.

d. Industry outlook

Non-Life insurance penetration in India has remained flat at 1% during FY2024.

EMEA- Europe, Middle East, and Africa (Source: Swiss Re, Sigma 3/2024)

India's insurance industry is growing rapidly supported by robust economic growth, an expanding middle class, growing per capita GNI, product innovation and strong regulatory support. IRDAI has a target that all citizens should have "appropriate life, health and property insurance cover" by 2047 and has announced several initiatives and reforms to this end. As per Swiss Re report on world economic outlook, India is expected to outperform all major emerging markets. Further Swiss Re insurance outlook forecasts a high single digit growth in the medium term driven by strong economic growth, with rising demand for auto insurance, health coverages, government support for crop insurance. The regulatory efforts to increase insurance penetration is also expected to support insurance demand in the long term. The extent of underpenetration against developed and developing economies highlights the untapped potential.

e. Opportunities

- **India's Economic growth:** India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economies in the world over the next 10-15 years, backed by its robust demographics and strong fundamentals. India's appeal as a destination for investments has grown stronger and sustainable because of current global unpredictability and volatility. A strong economy, innovation and a favourable regulatory environment is expected to drive insurance market growth in India.
- **Demographic advantage, social shifts, and low insurance penetration:** Demographic factors such as large and growing population, growing middle class, high mix of working and young insurable population along with growing awareness of the need for insurance will support the growth of Indian insurance space. Urbanisation and demographic changes require insurers to adapt to evolving customer needs.
- **Regulatory intervention:** IRDAI in its efforts to achieve its mission of "Insurance for all by 2047" has unveiled a slew of measures to boost the growth in the insurance sector. The regulatory body seeks to insure each and every Indian citizen and enterprise by 2047 while attracting the attention of global players to the Indian insurance sector. The regulator has introduced Bima Sugam, a one stop online platform that will allow insurers to sell products directly to customers online. Other initiatives such as Bima Vaahak who will then distribute a common product called Bima Vistaar that will assist in providing a thrust to insurance coverage specially for rural India. Health Insurance for all is a major agenda being driven which will further help health penetration. An increase in enforceability for non-Insured motor vehicles would help motor segment. Such measures are expected to significantly aid the growth in the Indian Insurance sector.
- **Enhancing customer experience across the insurance life cycle.** In a dynamic digital landscape, insurance companies need to focus across the customer life cycle, from product discovery and onboarding to servicing and claims. There is a need to raise awareness among the Indian population and look to develop ecosystem-based partnerships for enhanced service quality and customer engagement. Several technology trends are transforming the general insurance industry in India, including AI, automation, cloud computing, and Insurtech. These advancements are driving efficiency, personalisation, and faster claims processing, while also enabling new digital channels for distribution and customer engagement.

f. Risks and threats

- **High competition:** With enhanced FDI limits and proposed easing of capital requirements at entry stage, we expect large number of new entrants in the general insurance (including health) sector. Current Insurers too have different aspirations including scale, market share and driving growth to attract investors. This has continued the heightened competitive intensity in the market and resultant pressure on profitability. The industry Combined Ratio was at 116% for 9M FY2025.
- **Unpredictability with catastrophe events:** Natural catastrophes pose significant risks to insurers. These events result in large claims for insurance companies and hence quality of risk selection along with adequate protection with high credit quality reinsurers is the key. The increase in frequency and severity of natural disasters globally also impacts the reinsurance market resulting in price hardening in different business segments. In FY2025, India experienced several natural disasters, including cyclones, floods, and landslides, resulting in significant loss of life and damage to property. Notable events include Cyclone Remal in West Bengal, floods in several states, and particularly devastating landslides in Wayanad, Kerala.
- **Regulatory Compliance and Data Privacy:** Adherence to data protection laws such as the newly introduced Digital Personal Data Protection Act, 2023 (DPDP) is essential to safeguard the customer data. Non-compliance to data privacy laws may lead to severe customer distrust, serious reputational damage and financial fines and penalties.
- **Sustainable insurance and Net Zero:** To tackle the effects of climate change and growing importance of ESG, insurers would need to refine their business offerings by expanding into the sustainable insurance market. With need to increase the adoption of renewable energy sources, insurers will need to adjust their underwriting portfolios to reflect this transition.
- **Organized frauds against Insurers:** With increasing Insurance penetration, the risk of frauds has also increased. To combat the same, more investment is required in vigilance, fraud analytics and collective Industry actions against such practices.
- **Geopolitical instability:** Political unrest, trade tensions and geopolitical conflicts can lead to economic volatility and may cause insurers to face heightened risks related to property damage, business interruptions and supply chain disruptions.

B. Business overview

1. Company strategy

a. Growth with profitability

Considering the industry dynamics which has always been characterised by heightened competition and low focus on profitability, the Company has always focused on growing profitably. The consistent performance is anchored by strong pillars of (a) Robust and prudent underwriting practices using strong data analytics capabilities, (b) Diversified portfolio of products and multiple distribution channels (c) Customer focus across both retail (mass, mass affluent & HNI) and commercial segments (SME & MSMEs) while maintaining strong position in large corporates & government business, (d) Focus on high quality and efficient customer service and claims experience through use of technology (e) Generation of cash flows and judicious investments of the proceeds, (f) Robust fraud mitigation and lastly and most importantly (g) sustaining a culture of profitable growth.

Accordingly, the Company has been amongst the top performing general insurers consistently on both top line and bottom line, over the past many years. We have highlighted the performance of the Company vis-à-vis the industry over the last 5 years.

Particulars	BAGIC	Industry
GWP Growth - 5 Year CAGR	13.2%	10.1%
COR - 5 Year average	99.6%	117.5%
Total Cost to NWP - 5-year average	27.7%	31.4%
Cumulative UW Profit 5 years (₹ in Crore)	(27)	(132,057)
Cumulative PAT for 5 years (₹ in Crore)	6,566	(222)
Return on Equity for 5 years	16.8%	0.1%
GWP Growth - 5 Year CAGR	13.2%	10.1%

All metrics are for five year period FY2020 to FY2024; GWP: Gross written premium; COR: Combined Ratio; UW: Underwriting Result, NWP: Net written Premium; Industry = Private Insurers + PSU
Source – Public disclosures

b. Diversified and largest distribution, with a diverse business mix / product portfolio

The Company endeavours and continues to maintain a healthy mix of business across various distribution channels and product lines. Insurance being a cyclical business, a multi-product multi-channel strategy helps the Company navigate through these business cycles.

The Company has one of the largest distribution force across the industry with a large network of institutional partners like banks, NBFC's, motor dealers and individuals including agents, POSPs, and our proprietary Sales Officers. Business is diversified across these distribution channels. In addition, the Company continues to maintain a diversified product portfolio to address varying insurance needs of the customers while maximizing value to our three key stakeholders i.e., Customer, Distributor, and the Shareholders.

c. Robust underwriting and risk management practices

Risk management as culture is embedded across the organisation. The reward programs across the organisation ensure sufficient weightage is given to both top line and bottom line, hence ensuring a well-balanced structure. The Company maintains a very effective reinsurance program which seeks to optimize the retention of risk both at a policy level as well as at the portfolio level.

The reinsurance limits are based on risk perception, risk of probable maximum loss, accumulation risk and the expected frequency and severity of claims. Any catastrophe risk is mitigated by a separate non-proportional reinsurance treaty, which limits the Company's exposure to any single covered event.

The reinsurers chosen are most highly rated and rated above the regulatory mandate. Our robust underwriting and reinsurance guidelines prevent any over-exposure to a single loss event and exposure to claim payments for perils that were never intended to be insured. Detailed reserving guidelines are in place and the adequacy of reserves is tested from time to time and monitored by a Reserving Committee. Loss triangles are also published annually to advocate our prudence in reserving.

d. Best in class customer service

At the heart of our “Caringly Yours” philosophy lies an obsession with customer centricity, powered by both artificial intelligence and human touch. We settle all the complaints/escalations, well within regulatory standard of 14-days. Setting new standards in customer care, we pioneered the “I Care for You (ICU)” approach – the first and only of its kind in the industry ensuring that 76% of service requests are addressed within 12 hours.

We measure the customer experience through two key metrics i.e. grievance ratio and Net promoter score (NPS). Our Grievance ratio for FY2025 was 0.77 per 10,000 policies issued which is expected to be the best amongst the comparable peers. We also continue to maintain a very healthy NPS of 78 for Motor and 72 for Health, which we believe is the highest in the industry.

Our AI-driven suite – AI Ignite (a knowledge portal for agents), Agent Assist (real-time support and quality monitoring), and Chat Summarisation & Tone Changer (for effortless, empathetic interactions) – is redefining customer engagement. To address customer queries, we have established Privé Connect team, which delivers specialised and personalised servicing experience to the top segment customers.

e. Digitalisation to maintain competitive edge

At BAGIC, the technology strategy is anchored in the vision to simplify and enhance the lives of our customers, partners, and employees by leveraging power of digital innovation. We are committed to continuously strengthen our digital capabilities to deliver seamless, intuitive, and impactful experiences across all stakeholder touchpoints.

Over the past year, we have made significant progress across multiple dimensions of our digital agenda which include:

- **Cloud-Based Data Platform:** We laid the foundation for our next-generation Data Platform on the cloud, delivering enhanced agility, scalability, and real-time business intelligence to support faster, data-driven decision-making.
- **Core Platform Modernisation:** Key lines of business – Motor TP, Retail health, Travel, Surety Bond, Cattle, Mass Health, Group Health and few products in Property contributing ~50% of premium has been successfully onboarded onto our new policy administration platform, marking a substantial milestone in our modernisation journey.
- **Generative AI Initiatives:** We launched several GenAI-powered solutions aimed at improving efficiency and productivity which included a **GPT Workbench:** A secure internal GenAI playground, now with over 800 active users across the organisation, **Bima Buddy:** A GenAI-based virtual sales assistant tailored for partner enablement, **CYra:** A GenAI-powered voice bot integrated with our customer app, providing 24/7 assistance on product information and lead generation and **AI-Powered Chatbot Expansion:** Our AI chatbot continues to scale, now supporting over 176 million messages for 2.12 million unique users, providing uninterrupted assistance across customer and partner journeys.
- **MSME-Focused Platform:** A dedicated digital platform was introduced to simplify the insurance journey for MSME customers.
- **Salesforce CRM Platform:** Salesforce was implemented for Web sales and Motor Dealer teams to streamline lead tracking and improve conversion rates.
- **Mobile App Milestones:**
 - **Caringly Yours App:** Surpassed 5.37 million downloads, cementing its position as a key digital touchpoint.
 - **Farmitra App:** Reached 1.62 million downloads, significantly expanding its reach among the farming community.

These accomplishments reflect our ongoing commitment to leveraging cutting-edge technologies to drive business growth, enhance customer engagement, and build a digitally resilient organisation.

2. Performance overview: FY2025

a. Business growth and market ranking

In terms of GDPI, the Company’s growth was at 4.6% (old basis 7.3%) as against the industry (Private and Public multiline players) growth of 5.2% (on old basis 7.0%). Market share was constant at 8.3% in 2025 as compared with 2024. During the year, the Company has underwritten Government Health business of ₹3,260 crores (₹2,767 crore in FY2024) and Crop insurance of ₹2,067 crores (2,795 crore in FY2024). Excluding this

bulky tender-driven government health and crop business, the Company grew higher than the industry at 7.9% (old basis 11.6%) vs industry growth of 6.7% (old basis 8.8%). The Motor segment grew at 8%, Retail health at 13%, Group Health at 18% and Commercial LOBs at 9%. The Company remained the 3rd largest insurer by GWP in line with previous year.

BAGIC Gross Direct Premium (₹ in crore)

BAGIC Gross Direct Premium (₹ in crore) (Excl. Crop and Government Health)

Note: Old basis indicates excluding impact of 1/n Regulations.

b. Claims ratio

Claims ratio for the Company for FY2025 was 74.6% as compared to 73.8% in FY2024. Segment-wise claims ratios is as follows:

Note: Health includes PA and Travel. Commercial includes Fire, Engineering, Marine and Liability.

The increase in claim ratio is primarily driven by higher mix of Group and Government Health segment which tend to have higher claims ratio and lower cost of acquisition. The Motor Third Party had lower claims ratio due to higher mix of preferred business. The Commercial lines segment was impacted due to competitive intensity in Fire segment and few large Marine claims.

c. Total Cost ratio

Total Cost ratio (net) for the Company was at 27.7% (26.1% FY 2024). IRDAI has prescribed norms of Expense of Management as per which the allowable limit is 30% against which the Company was at 25.3%.

Total Cost to NWP Trend FY2021 to FY2025

Total Cost = Net Commission + Operating Expenses, NWP = Net Written Premium

The Company has consistently maintained better cost ratios year on year vis a vis the industry. The total cost to NWP ratio has come down from 28.4% in FY2021 to 27.7% in FY2025 mainly on account of various expenses initiatives undertaken by the Company over the years and aided by higher reinsurance commission across various lines of business due to superior underwriting. The increase during the year was due to higher cost of acquisition due to change in business mix.

d. Profitability – Combined ratio (COR), Underwriting profits, Profit after Tax (PAT) and Return on Equity (ROE)

The combined ratio (sum of claims, acquisition and management expenses net of reinsurance commissions) measures the core profitability of general insurance companies from the insurance business. A combined ratio below 100% indicates that the company's core business without relying on investment income is profitable and the lower the COR, the more profitable the underwriting book is.

The Company's COR for FY 2025 was 102.3% (99.9% in FY2024). Excluding the impact of 1/n method of accounting of long term premium, the COR stood at 101.7%. The Company has consistently maintained significantly better COR than the Industry. Despite higher COR against previous year, the Company's underwriting result improved to an underwriting loss of ₹77 crore in FY2025 as against underwriting loss of ₹166 crore in FY2024.

FY2025 PAT was at ₹1,832 crore – highest ever profit for BAGIC in any financial year with a growth of 18%. This was aided by better investment performance (higher realised gains of ₹475 crore in FY2025 vs ₹384 crore in FY2024) and lower underwriting losses as compared to previous year.

ROE (excluding fair value change) of the Company stood at 16.0% in FY2025 (FY2024: 15.2%). ROE excluding surplus capital (assuming 200% solvency) is well over 20%.

e. Strong Assets Under Management (AUM) and Solvency

The Company remains well capitalised and maintained very high levels of solvency throughout the year. The solvency ratio as at 31 March 2025 stood at 325% (31 March 2024: 349%) which is well in excess of the regulatorily required solvency margin of 150%. The Company maintains the highest solvency ratio and the highest capital efficiency amongst comparable peers.

The AUM for the Company grew by over 6% in FY2025 to end at ₹33,115 crore at 31 March 2025 up from ₹31,198 crore at 31 March 2024.

Assets Under Management (₹ in Crore)

Solvency %

f. Brand performance

The Company's key achievements are listed below:

- **BAGIC experienced a remarkable surge in its Funnel Performance Index**, witnessing an impressive rise of **41 points** from 2019 (**FPI - 228**) to 2024 (**FPI - 298**). BAGIC remains the top-of-mind choice for consumers in general insurance, driven by strong digital engagement.
- **Bajaj Allianz Pune Half Marathon** - Over 17,000 registrations (21% increase from last year), Bajaj Allianz Pune Half Marathon is in line with our objective to fuel an inclusive fitness movement.
- **Bajaj Allianz Ladakh Marathon** - Provided coverage for over 1800 runners in the Ladakh Marathon 2024. This event, which includes the Khardung La Challenge (72km), a high-altitude ultra marathon, is known for its challenging terrain and elevation. The Ladakh Marathon is a popular event for runners seeking to push their limits and experience the unique environment of the Himalayas.
- **Launched series of innovative products** & related campaigns - Prive, HerizonCare, Named Driver & Eco Assure to build awareness, drive adaptability thereby increases sales.
- **Customer Day** - Standing true to its brand philosophy of 'Caringly Yours' Bajaj Allianz is conducting Customer Day across its offices to resolve customer queries.
- **We have hit one of the highest follower base in the GI industry** across social platforms 2.8 million (59% market share) and reached 554+ million audiences, with 489 million video views in FY 24-25 and an exceptional engagement rate of 30.02%.
- **Industry First Digital Marketing Support for BAGIC Partners** - At Bajaj Allianz General Insurance (BAGIC), we are revolutionizing the insurance industry by offering end-to-end digital marketing support to our agents and partners. This industry-first initiative is designed to enhance online visibility, drive customer engagement, and accelerate business growth.
- Delivering measurable impact:
 - 100+ partners benefiting from our digital solutions.
 - 15.5M+ LinkedIn Impressions | 10M+ Instagram & Facebook Engagements

g. Internal control and its adequacy

The Company has in place adequate systems of internal control which commensurate with its size and nature of business. The Board oversees the internal control governance structure. Heads of departments (HOD) ensure control activities are performed at all levels within their functions.

The risk management process identifies risks surrounding the Company's activities. Risk management is integrated into the Company's culture by way of an effective policy and a program led by the senior management. The risk management team has an operational risk management framework which monitors operational processes to identify any process gaps, risk events and corrective action. The same is monitored by the Executive Risk Management Committee and key issues by the Risk Management Committee of the Board.

Departmental policies and procedures are an effective way to maintain a strong system of internal controls. All the departments have documented policies and procedures of critical processes in their respective functions and ensure operating level controls through clear delegation of authority and segregation of duties.

The observations of statutory, internal, concurrent, MIS, Investment Risk Management & Information Security auditors are presented before the Audit Committee for corrective and preventive actions. A pre-audit committee takes place where the Audit Committee chairperson goes through, in great detail, each aspect impacting the control environment, especially the observations in the Internal Audit Report and regulatory developments, along with the concerned stakeholders from the senior management team. The Audit Committee deliberates upon auditors' views on the adequacy of internal control systems and monitors the progress of open items through action taken report.

The financial reporting control framework reasonably assures that the Company's financial statements are reliable and prepared in compliance with the accounting standards as prescribed in the Companies Act, 2013, in accordance with the provisions of the Insurance Act, 1938 and the practices prevailing in the insurance industry in India.

As required under the Companies Act, 2013, the Company has implemented Internal Financial Control (IFC) considering the essential components of internal control stated in the Guidance Note on Audit of Internal

Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India. Internal Financial Controls are independently assessed by a third party audit firm on half yearly basis.

The Company also has established a Governance & Controls Committee (GCC) to promptly address process improvements and support business resiliency for embracing change management. Various other set-up, policies and committees support a robust internal control structure which include a robust Investigation and Loss Mitigation team, Whistle Blower policy, Whistle Blower Committee, etc.

h. Material developments in Human Resources - Constantly driving towards a better future.

At BAGIC, we take pride in being a customer-obsessed, high-performing, and agile organisation, and this is reflected in everything we do. Our commitment to growth and care for our employees sets us apart. Recognizing the evolving talent landscape, we have implemented a range of initiatives to enrich the lives of our employees. These include comprehensive capability-building programs focused on creating sustainable behavioural change, progressive career pathways facilitated by our internal mobility framework, wellbeing initiatives, and a robust recognition framework, all underpinned by a steadfast commitment to diversity and inclusion.

Campus Hiring: Our talent funnel continues to be robust. We have taken measures to strengthen our workforce from campus through marquee programs such as Intern to Hire model where students were offered internships at BAGIC and subsequently converting the interns with PPOs. Edge 2.0 – a program where we place BAGIC Insurance curriculum into the 2nd semester across eight college's master's degree program and subsequently offered PPO to students.

Learning and Capability Building: Our learning architecture reflects our core philosophy of democratisation and personalisation, BAGIC's Learning adoption stands over ~90% and with high feedback score across various learning interventions. In alignment with our commitment to building a culture of continuous learning and development, various learning interventions were launched for employees across all levels.

- **Diversity Capability:** Initiatives like EMPOWER and EMPOWER-HER are focused towards building a robust talent pipeline of women leaders.
- **Curated program for First Time Manager:** The First Stride intervention focuses on building managerial development skills for the nominated pool of potential First Time Managers
- **Digital Learning:** Our digital learning continues to play a vital role with employees having access to content curated in the form of learning journeys. These learning journeys are cohort specifically curated for junior, middle, and senior management and are anchored around skills in focus for the organisation at the junior and middle management and Leadership Mindset and Behaviours for senior management. Some of the learning journeys hosted on the platform for our employees are ELEVATE, LeadByLearning and more.

Employee Engagement: From a people engagement theme, Khelega BAGIC 2.0, a sports culmination event was well received with over ~2000 employees participating from four zones representing a healthy Work – Play – Life convergence. We continue to check the pulse of our employees through surveys, and the company has seen a consistent increase in employee engagement scores.

Employee Wellbeing: To balance a demanding growth trajectory, we continue to focus on a holistic benefit and wellbeing ecosystem leveraging digital app for BAGIC employees with preventative healthcare check-ups which benefited over ~3600 employees. Our Employee Wellbeing app supports employees with a comprehensive offering health risk analysis, unlimited 24/7 teleconsultation, mental wellness counselling, habit coaching, and a wellness wallet for OPD reimbursements.

We hosted various wellness webinars on topics such as stress management, sleep and nutrition well-being, desk yoga, financial independence, and building great habits. Our "Step-up Saturdays" initiative encouraged employees to participate in a virtual step challenge held on the first Saturday of each month. This initiative has seen employees collectively clock over 50L steps across four editions, with top performers recognised on the app leaderboard.

C. Financial statements

a. Results from operations: Analysis of Profit and Loss and Revenue Account basis 1/n method of accounting

The statement below summarises the Company's Revenue and Profit and Loss accounts:

Particulars	(₹ in crore)		
	FY2025	FY2024	Growth
Gross written premium (GWP)	21,583	20,630	4.6%
Less: Premium ceded	12,522	11,062	13.2%
Net written premium (NWP)	9,061	9,568	(5.3%)
Less/(add): Adjustment for change in reserve for unexpired risks	(504)	685	-
Net earned premium (NEP)	9,565	8,884	7.7%
Income from investments (net)	2,507	2,231	12.4%
Other income (excluding contribution from Shareholders to Policyholders' account)	58	57	2.3%
Total income	12,130	11,172	8.6%
Claims incurred (net)	7,134	6,556	8.8%
Commissions (net)	376	644	(41.6%)
Operating expenses related to insurance business	2,132	1,850	15.3%
Other expenses	43	68	(36.4%)
Total outgo	9,685	9,117	6.2%
Profit before tax (PBT)	2,445	2,055	19.0%
Provision for taxes	613	505	21.5%
Profit after tax (PAT)	1,832	1,550	18.2%

The Company's results from operations have been analysed below:

i. Premium income

Particulars	(₹ in crore)		
	FY2025	FY2024	Growth
Premium from direct business written (GDPI) (net of GST)	21,417	20,473	4.6%
Premium on reinsurance accepted	166	157	5.6%
Gross written premium (GWP)	21,583	20,630	4.6%
Less premium on Reinsurance ceded	12,522	11,062	13.2%
Net written premium (NWP)	9,061	9,568	(5.3%)
Less: Adjustment for change in reserve for unexpired risks	(504)	685	(173.6%)
Premium earned (net) (NEP)	9,565	8,884	7.7%

Premium income has further been analysed at a segmental level.

Segmental GWP

Particulars	(₹ in crore)		
	FY2025	FY2024	Growth
Fire	2,656	2,530	5.0%
Marine	384	301	27.6%
Motor OD	3,072	2,699	13.8%
Motor TP	3,268	3,149	3.8%
Motor Total	6,340	5,848	8.4%
Workmen's Compensation	75	71	5.6%
Public Liability	123	118	4.3%
Engineering	468	418	11.9%
Aviation	12	18	(31.6%)
Personal Accident	214	233	(8.1%)
Health Insurance	7,637	6,170	17.1%
Travel Insurance	192	188	1.9%
Credit Insurance	33	21	60.9%
Crop Insurance	2,067	2,795	(26.1%)
Other Miscellaneous	1,383	1,568	(11.8%)
Grand Total	21,583	20,630	4.6%

The muted growth of 4.6% is attributable to de-growth in Crop segment by 26%, which was partially offset by a growth of 18% in the Government Health business. Excluding crop and Govt. health, the Company grew at 8% wherein Motor, Retail Health and Commercial Lines in aggregate recorded higher growth than industry.

Segmental NEP

Particulars	(₹ in crore)		
	FY2025	FY2024	Growth
Fire	292	315	(7.2%)
Marine	195	177	9.9%
Motor OD	1,960	1,993	(1.7%)
Motor TP	2,113	2,504	(15.6%)
Motor Total	4,074	4,497	(9.4%)
Workmen's Compensation	62	59	6.5%
Public Liability	35	32	9.2%
Engineering	37	34	9.2%
Aviation	2	2	1.7%
Personal Accident	192	219	(12.1%)
Health Insurance	3,843	2,599	47.9%
Travel Insurance	56	58	(3.0%)
Credit Insurance	0	0	69.8%
Crop Insurance	374	483	(22.6%)
Others	403	410	(1.9%)
Grand Total	9,565	8,884	7.7%

Retention Ratio

Particulars	Retention Ratio		
	FY2025	FY2024	Change
Fire	9.9%	12.3%	(2.4%)
Marine	50.8%	62.3%	(11.5%)
Motor OD	62.9%	73.8%	(10.9%)
Motor TP	61.4%	74.4%	(12.9%)
Motor Total	62.2%	74.1%	(11.9%)
Workmen's Compensation	81.6%	88.4%	(6.8%)
Public Liability	27.3%	29.8%	(2.6%)
Engineering	8.3%	8.9%	(0.6%)
Aviation	10.9%	11.6%	(0.7%)
Personal Accident	72.7%	87.6%	(14.9%)
Health Insurance	51.0%	46.7%	4.2%
Travel Insurance	28.4%	29.1%	(0.8%)
Credit Insurance	1.0%	1.0%	0.0%
Crop Insurance	15.8%	19.2%	(3.4%)
Others	7.1%	48.3%	(41.2%)
Grand Total	42.0%	46.4%	(4.4%)

The decrease in retention is attributable to change in business mix (higher Government Health exposure) and reinsurance program of FY2025.

ii. Investment income

Details of income from investments are given in the table below:

Particulars	(₹ in crore)		
	FY2025	FY2024	Growth
Interest, dividend, and rent*	2,033	1,853	9.7%
Impairment loss	0	(6)	(100%)
Interest, dividend, and rent (net of impairment)	2,033	1,847	10.1%
Profit /(loss) on sale of investments (net)	475	384	23.5%
Total income/(loss) on investments	2,507	2,231	12.4%

* Includes accretion of discount/amortisation of premium

Investment income is analysed further as below:

Particulars	(₹ in crore)		
	FY2025	FY2024	Growth
Interest, dividend, and rent (gross of impairment) *	2,033	1,853	9.7%
Less: Dividend etc.	54	45	20.2%
Interest Income from investments	1,979	1,808	9.4%

* Includes accretion of discount/amortisation of premium

The interest income increased by 9.7% up from ₹1,853 crore in FY2024 to ₹2,033 crore in FY2025 due to increase in average debt assets under management during the year and the increase in yields. The table below indicates average debt investments and average yield earned in the respective years.

Particulars	(₹ in crore)	
	FY 2025	FY 2024
Average interest earning assets	26,339	25,469
Average current yields	7.51%	7.09%

Profit and loss on sale on investments

Profit or loss on sale of investment represents the amount by which the proceeds from the sale of investments exceeds the carrying amount of the investments that were sold. Profits and losses are booked considering the overall market condition and available investment opportunities.

Impairment

Impairment provision made of ₹NIL in current year (previous year of ₹6 crore towards an exposure in an unlisted equity which has during the year been listed).

iii. Other income

Other income mainly includes interest income on terror retrocession pool of ₹51.9 crore (Previous year ₹40.8 crore).

iv. Claims

Claims incurred (net) are the total claims incurred by the Company during the year including both paid and outstanding and including Incurred but not reported (IBNR) & incurred but not enough reported (IBNER) reserves, net of claims recovered from reinsurance ceded. The statement below summarises the Claims incurred (net).

	(₹ in crore)		
Particulars	FY2025	FY2024	Growth
Claims paid	12,473	10,401	19.9%
Claims paid on reinsurance accepted	9	11	(24.9%)
Gross claims paid	12,482	10,413	19.9%
Less: Claims recovered from reinsurance ceded	5,887	4,949	19.0%
Net claims paid	6,594	5,464	20.7%
Add: Increase/(decrease) in claims outstanding (net)	540	1,092	(50.6%)
Total claims incurred (net)	7,134	6,556	8.8%
Claims ratio	74.6%	73.8%	

Refer LOB wise claims ratio table included herein above. The increase in claim ratio is primarily driven by higher mix of Group and Government Health segment which tend to have higher claims ratio and lower cost of acquisition. The Motor Third Party had lower claims ratio due to higher mix of preferred business. The Commercial lines segment was impacted due to competitive intensity in Fire segment and few large Marine claims. The Company was also impacted by 7 NATCAT events during FY2025 having impact of ₹35 crores (net), which largely impacted the Fire, Motor and Misc segments.

v. Expenses (including commission)

	(₹ in crore)		
Particulars	FY2025	FY2024	Growth
Commission	376	644	(41.6%)
Operating expenses related to insurance business	2,132	1,850	15.3%
Other expenses	43	68	(36.4%)
Total expenses	2,551	2,561	(0.4%)

The total expenses are further analysed below:

Commission expenses

	(₹ in crore)		
Particulars	FY2025	FY2024	Growth
Commission paid-Direct	3,363	2,850	18.0%
Commission paid on reinsurance accepted	18	21	(13.5%)
Gross Commission paid	3,381	2,871	17.7%
Less: Commission received from reinsurance ceded	3,005	2,227	34.9%
Commission paid (net)	376	644	(41.6%)

The total expenses increased slightly due to increase in gross commission to source profitable business segments which was partially offset by higher reinsurance commission. The Company's total cost (gross commission + OPEX) to GWP ratio was at 25.7% (23.1% in FY2024). This increase however has been completely offset by the reinsurance commission earned during the year. IRDAI has prescribed norms of Expense of Management as per which the allowable limit is 30% against which the Company was well within the limit at 25.3%.

vi. Underwriting Profit/(Loss), PBT and PAT

Based on the above, the underwriting loss was at ₹77 crore for FY2025 as against an underwriting loss of ₹166 crore for FY2024. The segmental results were as follows:

Particulars	(₹ in crore)	
	FY 2025	FY 2024
Fire	190	236
Marine	(20)	6
Miscellaneous	(247)	(408)
Total	(77)	(166)

During FY2025, Fire segment's profitability was impacted due to competitive intensity on pricing and losses from natural calamities (NAT CAT) while the Marine segment was impacted due to few large claims. The miscellaneous segment profitability improved largely on account of lower loss ratios and higher reinsurance commission.

Profit before tax (PBT) increased to ₹2,445 crore in FY2025 from ₹2,055 crore in FY2024, an increase of 19.0%.

The Profit after tax (PAT) increased to ₹1,832 crore in FY2025 from ₹1,550 crore in FY2024, an increase of 18% due to better investment performance (higher realised gains of ₹475 crore in FY2025 vs ₹384 crore in FY2024) and lower underwriting losses as compared to previous year.

b. Financial condition

The following table sets forth, on the dates indicated, the summarised Balance Sheet.

Particulars	(₹ in crore)	
	At 31 March 2025	At 31 March 2024
Sources of funds		
Equity capital	110	110
Reserves and Surplus	11,902	10,731
Fair value change account	486	632
Total Equity	12,498	11,474
Current liabilities	23,837	20,195
Provisions	4,648	5,149
Total	40,984	36,817
Application of funds		
Investments		
- Shareholders'	9,187	8,053
- Policyholders'	22,542	22,115
Fixed assets	516	480
Deferred tax assets	1	41
Cash & Bank balances	1,386	1,030
Advances & other assets	7,351	5,098
Total	40,984	36,817

Sources of funds

i. Equity capital and reserves

Equity capital

Shareholding pattern and transfer of shares

The shareholding pattern of the Company is as follows:

Particulars	At 31 March 2025		At 31 March 2024	
	No. of shares	Percentage of holding	No. of shares	Percentage of holding
Bajaj Finserv Limited	81,568,165	74%	81,568,165	74%
Allianz SE	28,659,085	26%	28,659,085	26%
Total	110,227,250	100%	110,227,250	100%

There has been no transfer of shares during the year and the shareholding pattern is in accordance with the statutory and regulatory requirements. The share capital stood at ₹110 crore (same as previous year).

Pursuant to approval of the Board of Directors at its meeting held on 17th March 2025, a Share Purchase Agreement has been executed between Allianz SE, Bajaj Finserv Limited and the Company, whereby the Bajaj Group will buy 26% stake of Allianz SE in the Company for a mutually agreed consideration. The acquisition of Allianz's stake will increase the Bajaj Group's ownership in the Company to 100% from the current 74%. The acquisition is subject to regulatory approvals, including approvals from the Competition Commission of India, IRDAI and other customary approvals.

Reserves and surplus

A summary of reserves and surplus is provided in the table below:

Particulars	(₹ in crore)	
	At 31 March 2025	At 31 March 2024
Share premium	167	167
Balance of profit in Profit and Loss account	11,735	10,564
Fair value change account	486	632
Total	12,388	11,363

The increase in Profit and Loss Account balance represents the profit generated during the year net of dividend paid during the year.

Fair value change account represents unrealised gain/(loss) as on the Balance Sheet date on equity, mutual fund, AIF, REITs, ETF investments. Such mark to market treatment of these instruments as on the reporting date is in line with requirements of IRDAI (Preparation of Financial Statements and Auditor's report of Insurance Companies) Regulations, 2024 which require such investments to be reflected at their current fair value in the Balance Sheet and the mark to market adjustment being reflected under "Fair value change account" on the liability side of the Balance Sheet. Movement in fair value change account is a function of performance of these instruments in the portfolio.

The net-worth of the Company grew by 9.0% to ₹12,498 crore at 31 March 2025 up from ₹11,474 crore at 31 March 2024. Excluding, fair value balance, net worth grew by 10.8% to ₹12,012 crore at 31 March 2025 up from ₹10,841 crore at 31 March 2024 despite the dividend payout of ₹661 crore in FY2025.

ii. Current liabilities and provisions

Current liabilities

A summary of current liabilities is provided in the table below:

	(₹ in crore)	
Particulars	At 31 March 2025	At 31 March 2024
Amount pertaining to Policyholders'		
- Unclaimed amount of Policyholders'	33	39
- Policyholders' claims payable	13,828	13,288
- Unallocated premium	971	870
- Premium received in advance	2,538	1,829
- Payable to Policyholders	0	16
Sundry creditors and payables for expenses	603	411
Solatium fund	22	26
Payable to agents (Agents balances)	560	380
Statutory dues and Taxes (including GST) payable	389	369
Balances due to other insurance companies	4,893	2,964
Other liabilities	0	2
Total	23,837	20,195

- (a) The unclaimed amount to policyholder balance is on account of excess collection due to policyholders and cheques issued but not encashed by policyholders / insured. The decrease in the balance is attributable to the efforts made by the Company towards clearing old balances through enriching customer contactability and many more such initiatives.
- (b) Policyholders' claims payable represents amounts payable to the policyholders that are intimated to the Company and are outstanding as a part of the normal claims process or pending due to incomplete documentation from the policyholders or pending investigations or may be under litigation. A large part of the claims outstanding also pertains to (a) estimated liability for claims incurred but not reported ('IBNR') and claims incurred but not enough reported ('IBNER') and (b) Motor Third Party (TP) and other large value claims under litigation. IBNR reserve is a provision for all claims that have occurred prior to the end of the current accounting period but have not been reported to the Company. The IBNR reserve also includes provision for claims IBNER. The said liability (IBNR and IBNER) is determined by Appointed Actuary based on actuarial estimate, based on past reporting trends, derived in accordance with relevant IRDAI regulations and guidance notes issued by the Institute of Actuaries of India.
- (c) Unallocated premium mainly includes amount received toward proposed insurance contract that will be recognised as premium post underwriting or fulfilment of requirements by the customer (outstandings up to 1 year) and other large sums pertaining to float monies kept with the Company by Group policyholders to take care of ongoing additions to the Group policy and monies kept by the Intermediaries for ongoing policy endorsements/enrolments.
- (d) Premium received in advance is held in accordance with the IRDAI guidelines and as per file and use and will be recognised as premium income on the due date of the policy. The advances largely pertain to long-term policies. During FY2025, advance premium balance increased by 39% mainly on account of increase in mix of long-term motor policies mainly of two-wheeler business and it also includes balances pertaining to non-motor long term policies where premium is now required to be recognised on 1/n basis as per new accounting regulation effective from October 2024.
- (e) Payable to policyholders indicates amount due to the policyholder which is under regular process of being disbursed.
- (f) Sundry creditors and payables for expenses represent amounts payable to various service providers towards goods and services availed by the Company along with the provision for the services availed/goods received but bills not received.

- (g) Solatium fund - the Company provides for contribution to Solatium fund at 0.10% of total third-party premium of direct business as per requirements of IRDAI.
- (h) Agents' balances represent amount payable to agents as on the Balance Sheet date. The increase in balance is attributable to higher growth as against previous year and other commission timing arrangements with intermediaries.
- (i) Taxes payable represent tax deducted and payable under various tax rules and regulations, such taxes will be paid in due course within their due dates. Increase largely attributable to GST as liability for March 2025 settled post balance sheet date.
- (j) Balances due to other insurance companies primarily indicates payables to reinsurers under various reinsurance arrangements (₹3,538 crore) largely pertaining to crop insurance & government health, deposits held on reinsurance ceded (₹1,367 crore) largely pertaining to various treaty arrangements and lastly, balances payable to other insurers towards coinsurance contracts (₹-11 crore).
- (k) Other liabilities primarily include bank overdraft as per the books of accounts (no overdraft from bank).

Provisions

A summary of provisions is provided in the table below:

	(₹ in crore)	
Particulars	At 31 March 2025	At 31 March 2024
Reserve for unexpired risk	4,623	5,126
Income tax	2	2
Provision for leave encashment, long term incentive plan and gratuity	24	20
Total	4,648	5,149

Reserve for unexpired risk represents that part of the net premium (i.e., premium, net of reinsurance ceded) which is attributable to, and set aside for subsequent risks to be borne by the Company under contractual obligations on contract period basis or risk period basis, whichever is appropriate, subject to a minimum of 100% in case of Marine Hull business and in case of other lines of business based on net premium written on all unexpired policies at Balance Sheet date by applying 1/365th method on the unexpired period of respective policies.

Company's liability towards leave encashment, long term incentive plan and gratuity is actuarially valued and is as per the requirements of revised Accounting Standard 15 (Revised) on Employee Benefits. The increase is largely attributable to an obligation for leave encashment. The obligation is measured on the basis of independent actuarial valuation using the Projected Unit Credit Method.

Application of funds

i. Investments

A statement of total investments made by the Company is given below:

	(₹ in crore)	
Particulars	At 31 March 2025	At 31 March 2024
Investments		
- Shareholders'	9,187	8,053
- Policyholders'	22,542	22,115
Total	31,729	30,168

Total investments grew by 5.2% from ₹30,168 crore as at 31 March 2024 to ₹31,729 crore as at 31 March 2025. The Company maintains highest quality of assets with a Debt to Equity mix of 85:15 within which 96.3% of the debt portfolio is held in AAA rated and sovereign securities and 87.9% of Equity portfolio is held Nifty 50 scrips and 95.8% in BSE100 stocks.

ii. Fixed Assets

A statement of movement of fixed assets is given below:

	(₹ in crore)	
Particulars	At 31 March 2025	At 31 March 2024
Gross block	826	803
Less: Accumulated depreciation	374	354
Net block	452	449
Add: Capital work in progress	64	31
Net fixed assets	516	480

iii. Deferred Tax asset (net)

Deferred tax assets carried in the books comprise of:

	(₹ in crore)	
Particulars	At 31 March 2025	At 31 March 2024
Deferred tax asset		
Timing difference on account of -		
Reserve for unexpired risks	0	33
Employee Benefits	5	4
Long Term Incentive Plan	17	15
Provision for doubtful debts	1	1
Motor Vehicle Accident / Solatium fund	6	6
Provision for diminution in value of Investments	0	9
Total	30	68
Deferred tax liability		
Timing difference on account of -		
Depreciation as per Section 32 of Income Tax Act, 1961	(28)	(28)
Net deferred tax asset	1	41

iv. Cash, bank, advances & other assets

A summary of current assets, loans and advances is provided in the table below:

	(₹ in crore)	
Particulars	At 31 March 2025	At 31 March 2024
Cash and bank balances	1,386	1,030
Advance tax and TDS	83	72
Income accrued on investments	763	642
Assets held to cover unclaimed funds	39	43
Outstanding premium	2,987	2,324
Dues from entities carrying on insurance business	2,496	1,199
Unsettled investment contract receivable	64	15
GST/Service tax unutilised credit	606	580
Deposits	158	107
Prepayments	71	54
Other advances and receivables	83	63
Total	8,737	6,128

- (a) Cash and bank balances represent amounts collected during the last few days of the financial year and include cheques on hand and cheques deposited but not cleared. The increase mainly pertains to increase in current account balance by ₹453 crore offset by a decrease in short-term deposit by ₹105 crore.
- (b) Advance tax and TDS (net of provisions) indicates advance tax paid, and amounts paid to the Tax Authorities under protest for matters in appeal.
- (c) Income accrued on investments represents interest income accrued but not due as at 31 March 2025. This largely pertains to interest on Government securities and debentures.
- (d) Assets held to cover unclaimed funds are assets segregated for unclaimed policyholders and invested in money market instruments in line with the IRDAI regulations.
- (e) Outstanding premium represents premium income accrued and due. These largely pertain to the Crop and Government health business where monies are due from the Central and State governments.
- (f) Dues from entities carrying on insurance business include dues from coinsurers (₹96 crore) and reinsurers (₹2,400 crore). The increase is largely attributable to reinsurance balances on account of certain treaties executed by the Company in the Motor segment.
- (g) Unsettled investment contract receivable balance pertains to sale of state government securities on 31 Mar 2025 which settled subsequently.
- (h) GST/Service tax unutilised credits represent the credit of GST/service tax available with the Company which can be used to offset the GST/service tax liability of the Company.
- (i) Deposits represent deposits placed for premises taken on lease as well as for leased accommodation for employees. It also includes deposits to service providers for electricity, telephone and other utilities services and margin money placed with CCIL. Increase in balance attributable to deposit towards Motor Vehicle Accident Fund account for insured vehicles ₹27 crore and regional PF commissioner ₹17 crore.
- (j) Prepayments include amounts paid in advance as per contractual terms with vendors for services to be utilised in the future. The increase is attributable to ESOP cost (intrinsic value) paid upfront and amortised over the vesting period.
- (k) Other advances and receivables primarily include advances made in the ordinary course of business for services to be availed in the future. It also includes other tax receivables (paid under protest) and recoverable from agents.

Directors' Report

Your Directors have pleasure in presenting their 25th Annual Report and audited financial statements for the financial year ended on 31 March 2025 (FY2025).

FY2025, was one of the biggest years for elections globally in recent memory with majority of the world's population across 70 countries voting in their respective national elections and democratically electing leaders with hopes to resolve the prolonged geo-political issues. During FY2025, global GDP growth was around 3%, lower than the pre pandemic levels. This growth was driven by a mix of factors, including easing inflationary pressures, robust growth in emerging economies like India, and some recovery in advanced economies. However, significant risks remain, including geopolitical tensions, trade fragmentation, technological disruptions and persistent inflation in some sectors. In FY2026, US tariffs could moderate global economic output by impacting global trade and pose a challenge to export oriented economies. A period of uncertainty could hurt fresh investments and could lead to inflation in some geographies. Efforts to resolve ongoing geopolitical issues have kept commodity prices low. Central Banks are expected to continue to support through monetary easing and thus keeping interest rates and yields low.

The Indian economy has shown remarkable resilience in these times with stability in interest rates, acceptable levels of inflation and securities markets built on strong fundamentals. The size of Indian economy as measured by the gross domestic product (GDP) has doubled over past decade or so, outperforming almost all the major economies in the world, the G7, G20 as well as the BRICS. At the end of FY2025, India's GDP stood at \$ 4.3 trillion, just shy of Japan's \$ 4.4 trillion which is currently the 4th largest economy in the world. Indian economy continued to grow at a healthy rate of around 6.5 % in FY2025. The services sector continued to be driver of growth with a growth of over 7%. On macroeconomic parameters, India is one of the most stable major economies with a strong domestically driven growth, under control fiscal and current account deficits, healthy corporate and banking balance sheets, and low dependence on exports for growth. India is also looking forward to lower interest rates induced by policy rate cuts by the RBI. However, it is not decoupled from global growth cycles and the indirect impact of slowing global demand could adversely impact GDP growth. Currency and financial market volatility would also impact foreign investment flows.

Within the Insurance sector, the significant overhaul of regulatory framework which began in FY2024, continued in FY2025 as well. The Insurance Regulatory and Development Authority of India (IRDAI) issued detailed prescriptions in the form of master circulars towards operationalization of the regulations issued during previous year. This is aimed at bringing more transparency, efficiency and enhance governance standards in the industry, streamline regulations, and prioritize policyholder interests. Existing regulations have been consolidated, minimizing the need for regulatory approvals and enhancing operational efficiency. The Board's involvement in regulatory matters was heightened, fostering robust oversight and decision-making. Governance mechanisms were fortified to uphold transparency and accountability. Crucial steps have been taken to safeguard policyholder interests by revising turnaround times in respect of various policy services, simplifying claim processes and ensuring timely claim settlements. This is a major step in transforming the regulatory framework from a "rule-based" to a "principle-based" approach. While there are operational challenges, there is enhanced focus on expanding insurance coverage to underserved areas by tagging rural obligations to gram panchayat level, and the motor third party obligations requiring insurers to cover uninsured vehicles, aiming to increase the number of insured vehicles. These reforms are expected to foster a more competitive and innovative insurance market, ultimately benefiting consumers through improved service delivery, enhanced product offerings, and greater accessibility.

With effect from October' 2024, IRDAI introduced change in the accounting of premium for long term products (policy duration of more than 12 months). Gross Written Premium (GWP) on all long-term policies are to be recognized over the contract duration (on 1/n basis) which implies that only first year premium is to be recognized as GWP in the year of receipt and the balance in the subsequent years. This mid-year change has an impact on the GWP growth rates with a part of the premium being deferred thereby also impacting the Combined Ratio (COR) and hence also making FY2025 figures not comparable with prior years.

The overall environment for the general and health insurance industry in India in FY2025 was moderate. The motor insurance business witnessed high single digit growth for FY2025. Significant price rise on account of implementation of stricter safety and emission regulations in recent years put pressure on urban demand, but the rural demand was robust during the year and so was the demand for SUVs and emission friendly powertrains. Electric vehicle sales continued to gradually increase, especially in the private car segment backed by innovative launches by major automobile manufacturers, led by two-wheeler and commercial vehicle

(e-buses & e-3W categories). As per the SIAM, the automobile industry grew by about 7% over the previous year. The Private car segment grew by 3.7%, while two-wheeler and commercial vehicle segments grew by 7.7% and 2.8% respectively. Interestingly, for the first time, used car sales in India outgrew new car sales during FY2025, fueled by affordability, showing the changing consumer preferences and impact of online marketplaces and organized resale market for used vehicles.

Health insurance in India (excluding government health schemes) experienced low double digit growth in FY2025, with individual health insurance growing largely supported by price increase. The surge in online platforms and health apps facilitated easier policy purchases and claims processing, contributing to the sector's expansion. Government schemes like Ayushman Bharat continued expanding access for low-income populations. Private insurers focused on customizable plans, wellness benefits, and OPD coverage.

On Commercial lines, Fire portfolio witnessed de-growth largely due to competitive intensity, whereas Engineering and Liability insurance grew relatively faster in FY2025.

Crop insurance, which has emerged as one of the large line of business for the industry in the recent years, saw 9 states adopt cup and cap model. It restricts the overall loss ratio for the season at 110% or 130%, as the case may.

The general insurance industry (Private and Public multiline players) recorded a muted GDP (Gross Direct Premium income) growth of 5.2% during FY2025. The growth rates in gross direct premium in India (Gross written premium less reinsurance accepted) for the industry and for your Company, are shown in the following Table:

Gross direct premium in India – the general insurance industry

(In ₹ Crore)

Particulars	Gross premium			Gross premium ex. Tender driven crop and government health		
	FY2025	FY2024	Growth%	FY2025	FY2024	Growth%
BAGIC	21,417	20,473	4.6%	16,090	14,910	7.9%
Private Sector	162,899	155,090	5.0%	141,744	133,387	6.3%
Public Sector	95,221	90,252	5.5%	86,706	80,622	7.5%
Total (Pvt. + PSU)	258,120	245,343	5.2%	228,450	214,010	6.7%
Standalone Health Insurers (SAHI)	38,436	33,119	16.1%	38,436	33,119	16.1%
Industry Including SAHI	296,555	278,462	6.5%	266,886	247,129	8.0%
Specialised Insurers	11,105	11,183	-0.7%	1,445	1,299	11.2%
Total industry	307,660	289,645	6.2%	268,330	248,427	8.0%

* Source: GI Council figures, IRDAI website and IRDAI.

Your Company's growth was higher than the industry on total gross premium. Excluding the bulky and volatile tender-driven government health and crop insurance segments too, your Company's growth was significantly higher than the market. Your Company recorded a market share of 7.0% for FY2025 as compared to 7.1% in FY2024 (within total industry including specialised insurers).

Share Purchase Agreement between Co-promoters

In line with Allianz SE's long term strategy for India and its expressed intent to exit its existing insurance joint ventures with Bajaj Finserv Limited ('BFS') [i.e. the Company and Bajaj Allianz Life Insurance Company Limited (BALIC)] and further discussions between these Co-promoters, Share Purchase Agreements (SPA) have been executed between Allianz and BFS whereby the Bajaj Group will buy 26% stake of Allianz in the Company and BALIC for a mutually agreed consideration. The acquisition of Allianz's stake will increase Bajaj Group's ownership in the Company and BALIC to 100% from the current 74%, with the stake of BFS expected to increase from 74% to 75.01%. The acquisition is subject to regulatory approvals, including approvals from the Competition Commission of India, IRDAI and other customary approvals and will be in one or more tranches. Both the Co-promoters are fully committed in ensuring a smooth transition considering the interests of policyholders, intermediaries and other stakeholders.

Business update

Your Company's focus continues to be amongst the most profitable general insurers, while remaining focused on growing retail and commercial businesses faster than the market. It seeks to achieve this through a

diversified product mix supported by deep and vast distribution catering to all segments of customers. The product portfolio of your Company includes personal lines of business such as motor insurance, health insurance, home insurance, etc. as well as a host of commercial insurance products like fire, engineering, marine and liability insurance for commercial entities like Corporates, SME's, shops, etc. Your Company also participates in tender-driven businesses like crop insurance and government health schemes, which has an element of volatility in reported gross premiums but, over cycles are expected to be profitable. Motor, property and health insurance are the major focus areas, with approximately 61% of gross premium and a majority of customers coming from these lines during FY2025.

Through robust and prudent underwriting practices, your Company aims to generate positive cash flows through optimal retention of premium, judicious investments and focus on high quality customer service. Your Company continues to be among the most profitable and solvent general insurers vis-a-vis peers in the public and private sectors while delivering premium growth much higher than the industry. Your Company's Combined ratio in FY2025, while impacted by the new accounting regulations, is once again expected to be one of the lowest in the industry, reflecting a sound balance between growth and profitability.

Your Company continues to grow its distribution network, which is already one of the largest and deepest in the industry, through tie ups with banks, NBFCs, brokers, individual multi-line agents, motor insurance service providers (MISP), point of sale persons, web-aggregators and the Company's proprietary channels. Your Company has one of the strongest network of bancassurance partners among all insurers not only in India but globally as well. During FY2025, your Company tied up with 5 new banks and 7 NBFC's / credit co-operative societies, renewed its relationships with almost all the key partners and also secured entry into many automobile brands in two-wheelers, four-wheelers as well as commercial vehicles segments who will function as MISPs. Your Company has also embarked upon the journey to expand its presence in lower-tier towns (tier III and below) via its Geo multi-channel hub-and-spoke initiative that is intended to take the general and health insurance business to semi-urban and rural parts of the country. It opened 56 new offices in such locations apart from several virtual points of presence during FY2025.

Here is the summary of key metrics of your Company's performance during FY2025 as compared to its comparable peers (Private and Public multiline players):

- Premium growth muted at 4.6%, broadly in line with the industry growth of 6.2%, excluding the bulky tender driven businesses of crop and Government health and excluding the impact of the change in accounting policy for long term products the growth was at 11.6% as against the industry growth of 9.4% (private + PSU players).
- Among the highest level of profitability as measured by combined ratio: 102.3%, excluding impact of new accounting regulations at 101.7%.
- Amongst the lowest cost ratios (Cost to GWP) at 25.5%.
- Lowest grievance ratio for 9M FY2025 with comparable peers at 0.78 (grievances to per ten thousand policies issued).

Source: Public Disclosures of insurance companies for 9M FY2025.

Business performance during the year

Your Company's GWP, including reinsurance accepted, during FY2025 was ₹21,583 crore, as compared to ₹20,630 crore during the previous year, a growth of 4.6%. Excluding the bulky tender driven crop and government health insurance and the impact of new accounting change, GWP grew by 11.5% as against industry growth of 9.4%. The Net Earned Premium, which measures the premium retained after reinsurance and reserves for unexpired risks, grew by 7.6% at ₹9,564 crore as against ₹8,884 crore during the previous year. The Combined Ratio for FY2025, as defined in the Master Circular on Actuarial, Finance and Investment Functions of Insurers' issued by the IRDAI, stood at 102.3% (excluding impact of new regulations at 101.7%).

Your Company sold around 4.8 crore policies during FY2025 as compared to about 3.8 crore during the previous financial year. The number of claims reported in FY2025 were 64.7 lakhs as against 59.7 lakhs reported during FY2024.

Investments and investment income

The investment duration of the portfolio is actively monitored, keeping in mind the duration of liabilities, through an Asset Liability Management model as well as aligning the same with the solvency position. Your Company's investment philosophy is based on strong cash generation, backed by prudent investment of surpluses, keeping in mind the obligation to pay claims when they arise.

Investments are predominantly made in high quality instruments, 99% of the fixed income portfolio is held in the highest credit rated securities (Sovereign/AAA or equivalent) & 90% of the total equity investments are held in Nifty 50 index stocks.

During the year, as interest rates remained above 7% p.a. and peaked, the fixed income portfolio duration was increased to 5.2 from 4.1 at the beginning of FY2025 to actively leverage higher yields.

Your Company's investment portfolio remains strong with a high level of liquidity. The assets under management (AUM) as at 31 March 2025 stood at ₹33,115 crore as against ₹31,196 crore as at 31 March 2024, an increase in investible surplus by ₹1,919 crore. The realised investment income (net of impairment) for FY2025 was ₹2,507 crore as against ₹2,231 crore in the previous year.

Profit

Profit before tax (PBT) during FY2025 was ₹2,444 crore as compared to ₹2,055 crore during the previous financial year. The profit after tax (PAT) for FY2025 was ₹1,831 crore as compared to ₹1,550 crore during the previous financial year, a growth of 18.1%.

Summary of financials

Particulars	FY2025	FY2024	% Change
Gross written premium (GWP)	22,134	20,630	7.3%
GWP ex. crop and government health & impact of new accounting regulations	16,807	15,068	11.5%
Net earned premium	9,561	8,884	7.6%
Underwriting results	(78)	(185)	
Profit before tax	2,444	2,055	18.9%
Profit after tax	1,831	1,550	18.1%
Claims ratio	74.6%	73.8%	-0.8%
Combined ratio*	102.3%	99.9%	-2.4%
Combined ratio* excluding impact of new accounting regulations	101.7%	99.9%	-1.8%
Return on average equity	16%	15.2%	0.8%

* Combined ratio is calculated according to the Master Circular on Actuarial, Finance and Investment Functions of Insurers.

Capital, solvency and shareholders' funds

The Shareholders' equity of your Company stood at ₹12,498 crore as at 31 March 2025 as against ₹11,474 crore as at 31 March 2024. Your Company has completed 17 consecutive years since the last capital infusion and continues to be one of the most efficient users of capital in the private sector as measured by the ratio of gross written premiums to share capital and by gross written premiums to shareholders' equity. Your Company has been able to maintain solvency ratio at 325% as at 31 March 2025, which is well above the regulatory requirement of 150%.

Dividend

The Board has not recommend any dividend for FY2025 (previous year ₹60 per equity share of ₹10 (600%), amounting to ₹661.36 crore).

Return on Equity (ROE)

The return on average equity for your Company during FY2025 was 16.0% against 15.2% in the previous year. Excluding the surplus capital, the ROE from the operations would be much higher at over 20%.

Recognition & awards

Your Company continues to stand out as a leader, consistently receiving recognition and accolades across multiple platforms. Company has earned more than 20 prestigious awards and recognitions in FY2025.

Here are some of the key awards our company received during FY2025

- General Insurer of the Year - 2024 Award at the 7th edition of the Dhanam BFSI Summit & Award.
- Best Non-Life Insurer: Large at 17th edition of Mint BFSI Summit & Awards.
- Best General Insurance Company Award at the InsureNext Global Conclave & Awards 2025 by Banking Frontiers.

- Best Motor Insurance Company of the Year at the Times Green Conclave & Awards 2024.
- Best Insurance Company in Sustainability and ESG Reporting at EQ's SuryaCon Mumbai Conference + West India Annual Solar Awards.
- Progressive Places to Work at ET Edge Progressive Place to Work Summit & Award.
- 1 Gold & 2 Bronze Awards for PR Initiatives at the Stakes- PR & Communication Excellence Awards by Agency Reporter.

At the Making India Employable Conference & Awards, Dr. Tapan Singhel, MD & CEO, was honored with the esteemed "CEO of the Year" Award, acknowledging his contributions to the business landscape. Additionally, he received the "CEO of the Year" Award at the IDC Future Enterprise Awards 2024 for India. These accolades not only celebrate his vision and dedication but also reflect the positive impact he has made in shaping the future of Indian enterprises.

Credit rating

Your Company maintained its credit rating of "[ICRA]AAA(Stable)" awarded by ICRA. This is the highest issuer rating.

IRDAI registration

Your Company has paid the requisite annual fees for FY2026 to IRDAI.

Annual return

Pursuant to section 92(3) of the Act, a copy of the Annual Return as at 31 March 2025 is hosted on the Company's website and can be accessed at <https://www.bajajallianz.com/about-us.html>

Material changes and commitments

There have been no material changes or commitments affecting the financial position of the Company, which have occurred between the end of financial year of the Company and the date of this report.

Conservation of energy and technology absorption

Your Company, being an insurance company, does not have any manufacturing activity. The Directors, therefore, have nothing material to report on conservation of energy. However, the Company continues its efforts to implement energy efficient solutions in various spheres of its activities such as:

1. LED lights installed across 222 offices and all new offices are invariably using LEDs only
2. Energy efficient variable refrigerator flow air conditioning system installed at 95 locations
3. Energy efficiency audit conducted at all critical locations across India
4. Electric vehicles chargers installed at the head office
5. Movement sensing lights and air conditioning devices at select offices
6. Installation of sensor-based taps in restrooms.

During the year, an energy audit was conducted for top 21 offices across India, helping to understand the total energy usage, savings, losses and potential conservation through the Energy Performance Index Assessment.

Your Company has also installed a solar unit of 65 Kwh capacity at the head office premises to use renewable energy and conserve electricity. The Company continues to focus on digitalisation of processes, whereby almost 96% of the policies are issued digitally, more than 96% payments are processed digitally and 100% of the agents are onboarded following digital and paperless processes.

Your Company has also made significant efforts to invest in nature-based carbon offsetting solutions, such as tree plantation. In FY2025, over 11,000 trees were planted through agro-forestry and urban forestry models. This initiative not only benefits the environment but also supports the socio-economic fabric of society. Recognizing the importance of Environmental Management Systems (EMS) and Occupational Health & Safety (OH&S), the company is adopting ISO14001 (EMS) and ISO45001 (OH&S) standards for all owned offices across India. This demonstrates your Company's unwavering commitment to sustainability in all aspects of its operations.

Digital transformation

During FY2025, your Company has taken remarkable strides in its digital transformation journey, whereby four major lines of businesses were migrated to the new core policy administration platform. The foundation of the new data platform on cloud was established, providing the much-needed agility and scalability for leveraging business intelligence and faster decision-making. Your Company carried out digital integration with 56 new partners, delivering a total of 468 integrations across 87 new and existing partners.

Throughout the year, your Company introduced several IT enabled tools and services for its customers, partners and employees to enhance service efficiency through adoption of technology. Various platforms were launched, including Salesforce for the Web-sales team to process leads, a portal for micro, small and medium size enterprises (MSME) customers to purchase non-motor products with simplified journeys, Lead Management System (LMS) for banks to generate cattle insurance leads and a Pre-inspection app for real-time cattle inspection, to name a few.

Your Company continued to scale its innovation projects by extending new journeys and services on its AI-powered chatbot, which supported over 19 lakh unique users, providing 24*7 assistance to customers and partners. Your Company also experimented with GenAI, successfully launching several projects to improve efficiency and productivity. Notable projects include "GPT Workbench," a playground to democratize GenAI for employees, and "Bima Buddy," a GenAI-enabled sales assistant for partners.

Foreign exchange earnings and expenditure

Earnings in foreign currency ₹ 144.61 crore

Expenditure in foreign currency ₹ 123.62 crore

Environment Social and Governance (ESG)

Your Company has been proactively embracing Business Responsibility and Sustainability Reporting (BRSR) including voluntary adoption of BRSR Core in line with its commitment for accountability and transparency in respect of sustainability efforts. Your Company continues to report and monitor the Green House Gas (GHG) emissions. The Company also obtains independent limited assurance of BRSR report including GHG emissions which underscores the Company's dedication to environmental accountability.

The ESG Steering Committee reviewed the progress of ESG initiatives and projects identified. Your Company continues to carry out sustainability initiatives pertaining to material topics identified during a comprehensive ESG Materiality Assessment. Your Company is in process of attaining ISO 14001:2015 – Environmental Management Systems and ISO 45001:2018 – Occupational health and safety management systems all of its owned offices which is a testament of the Company's commitment for environmental sustainability and occupational health and safety leading to employee well-being. Your Company continues to enhance employee awareness on ESG, human rights and health & safety through various trainings. Further, as on 31 March 2025, 90% of total eligible assets under management have been deployed in securities with an internal ESG rating of 5 & above (high ESG rated investments).

Remuneration policy

Policy on remuneration of Directors, key managerial personnel and other employees, including criteria for determining qualifications, positive attributes, independence of a Director and other matters provided under section 178(3) of the Act, is placed on the Company's website <https://general.bajajallianz.com/Corp/content/remuneration-policy-other-criteria.pdf>

The policy is directed towards a compensation philosophy and structure that will reward and retain talent and provides for a balance between fixed and incentive pay reflecting short and long-term performance objectives appropriate to the working of the Company and its goals.

Succession planning

Your Company has in place a comprehensive talent management framework and a robust succession planning process to address changes, anticipated or otherwise, in senior management team. Pursuant to the framework, high performing individuals are identified, assessed and mapped against critical roles in the Company. A series of learning and experiential interventions are organised to develop their leadership qualities and skills. The said framework is reviewed periodically.

Risk management policy

The risk management philosophy of your Company, including the development and implementation of a risk management policy that details the identification of potential risks, if any, which, in the opinion of the Board, may threaten the existence of the Company, is provided in the Corporate Governance Report annexed to this report. Further details are also available in the Management Report, which is part of the Company's Annual Report.

Business continuity management

Your Company has established a robust business continuity management policy (BCMP) and a comprehensive business continuity plan (BCP) to effectively address potential business continuity risks. These measures are designed to ensure the resilience of operations, safeguard the market position, and uphold the Company's brand reputation in the face of adverse incidents.

Business Continuity Planning and Execution

Your Company has in place a BCP framework integrated with the Crisis Management Team, which includes regional coordinators and designated stakeholders, ensuring a structured response to incidents. The Company's Disaster Recovery (DR) plan is meticulously crafted, focusing on critical processes and strategies for quick recovery following disruptions. This proactive approach not only minimizes financial repercussions but also ensures uninterrupted customer service and operational continuity.

Disaster Recovery (DR) and IT Resilience

Critical IT applications are prioritized within the Company's DR strategy, with clearly defined Recovery Time Objectives (RTO) and Recovery Point Objectives (RPO). During FY2025, your Company conducted two DR drills in live environment, evaluating the robustness of these systems. The findings were recorded and meticulously reviewed. Additionally, DR servers, essential for critical applications, are integrated within the Security Incident and Event Management (SIEM) system, enhancing capabilities in threat detection, compliance adherence, and security incident management.

Certifications and Compliance

In recognition of your Company's commitment to maintaining high standards in business continuity management, it has achieved ISO 22301:2019 certification, affirming its adherence to international best practices in business continuity.

Information and cyber security

Your Company prioritizes the security of its information assets, employing robust measures to protect against cyber threats. Key assets are secured within protected environments, supported by advanced perimeter and application firewalls. Comprehensive contingency plans are in place for all critical information systems, which are regularly tested to ensure uninterrupted service availability. The security framework includes strong authentication and authorization protocols to grant access exclusively to verified individuals and devices within a secure network. Additionally, the data leakage prevention (DLP) system monitors, detects, and prevents unauthorized data transfers across all communication channels. Continuous 24*7 security and digital risk monitoring form the foundation of the Company's cyber and information security management strategy.

The Company conducts regular risk assessments, including red teaming exercises, vulnerability scans, and penetration testing, to proactively identify and remediate potential security breaches. A structured Information and Cyber Security awareness program is in place, targeting all employees, with specialized training for IT staff and senior management to enhance security vigilance and competence.

In compliance with IRDAI's Guidelines on Information and Cyber Security, your Company conducted annual system audit through a CERT-in empaneled audit firm. The audit covered key areas such as access control, business continuity, supplier relationship security, incident management, cloud security, and system development and maintenance, with no significant concerns identified. Furthermore, in adherence to IRDAI's Guidelines on Insurance E-commerce, the Company's Information Self-Networking Platform (ISNP) for insurance e-commerce activities undergoes an annual audit. This audit assesses the controls, systems, procedures, and safeguards, confirming their effectiveness and robustness.

Corporate Social Responsibility (CSR)

The report on CSR Policy developed and implemented by the Company on CSR initiatives taken during FY2025 pursuant to sections 134 and 135 of the Act is given in annexure to this report. The same provides details of the amount spent on CSR projects during the year. The Company has duly complied with section 135 of the Act read with rules thereunder and the CSR policy of the Company. The Chief Financial Officer has certified that the funds spent during FY2025 for CSR projects have been utilised for the purpose and in the manner approved by the Board.

The Policy including the composition of the CSR Committee is uploaded on the website of the Company <https://www.bajajallianz.com/about-us.html>. The CSR projects approved by the Board for FY2026 will be displayed on the said website.

Number of meetings of the Board

The Board of Directors met six times during the year. Detailed information about dates of meetings and attendance of Directors thereat is given in the Corporate Governance Report annexed to this report.

Directors' responsibility statement

In accordance with section 134(3)(c) of the Act, the Directors state that:

- (a) in the preparation of the annual accounts, the applicable accounting standards have been followed along with proper explanation relating to material departures, if any;
- (b) the Directors have selected such accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of affairs of the Company as at 31 March 2025 and of the profits of the Company for the financial year ended on that date;
- (c) the Directors have taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities;
- (d) the Directors have prepared the annual accounts on a going concern basis;
- (e) the Directors have devised proper systems to ensure compliance with the provisions of all applicable laws and that such systems are adequate and operating effectively.

Performance evaluation of the Board, its Committees and Directors

In accordance with section 134(3)(p) of the Act, a formal annual performance evaluation of the Board, its Committees and the Directors individually has been carried out in the following manner:

- a) As specified by the Nomination and Remuneration Committee pursuant to section 178 of the Act, the evaluation was carried out by the Board of Directors only.
- b) The Company continued use of a secured digital platform for the performance evaluation of the Board, its Committees and individual Directors (except for the Director being evaluated) for the year under review.
- c) A consolidated summary of the ratings given by each of the Directors was then prepared, based on which a report of performance evaluation was prepared by the Chairman in respect of the performance of the Board, its Committees and Directors.
- d) The report of performance evaluation so arrived at was then discussed in the meeting of the Board of Directors. Directors were individually communicated of their respective rating by the Chairman of the Company.
- e) The Nomination and Remuneration Committee reviewed the implementation and compliance of the process of performance evaluation.

Directors and key managerial personnel

During the year under review, the following changes took place in the Board of Directors:

- (a) Pursuant to the IRDAI (Corporate Governance for Insurers) Regulations, 2024 and Master Circular issued thereunder prohibiting persons having attained the age of 75 years from continuing as director of insurance companies after 30 June 2024, Meleveetil Damodaran, Director and Suraj Mehta and Lila

Poonawalla, Independent Directors stepped down from the Board of Directors of the Company with effect from close of business hours on 30 June 2024.

- (b) Jt. Sanjay Kishan Kaul (Retd.) (DIN 10670291) was appointed as Additional Director with effect from 1 July 2024.
- (c) Apurva Diwanji (DIN 00032072) and Sanjiv Sahai (DIN 00860449) were appointed as Additional Directors and Independent Directors for a term of five years from 15 July 2024 to 14 July 2029.
- (d) During FY2025, Jan-Christian Rosemeyer (DIN 10301165), Alternate Director for Renate Wagner, ceased to be the Alternate Director on arrival of Renate Wagner in India, and was subsequently re-appointed as such after her departure from India from time to time. He has ceased to be Alternate Director with effect from 16 March 2025 on arrival of Renate Wagner in India.
- (e) Anami Roy ceased to be Independent Director with effect from close of business hours on 12 March 2025 upon the expiry of the term of office.
- (f) Padmaja Chunduru was appointed as an Additional Director and Independent Director for a term of five years from 17 March 2025 to 16 March 2030.

The Board places on record their sincere appreciation and highest gratitude for invaluable contribution made by Meleveetil Damodaran, Lila Poonawalla, Suraj Mehta and Anami Roy as Directors of the Company.

Ankur Anil Kanwar was appointed as the Chief Financial Officer with effect from 1 February 2025 in place of Ramandeep Singh Sahni, who has joined Bajaj Finserv Limited as the Chief Financial Officer.

The Independent Directors have submitted declarations stating that they meet the criteria of independence as provided in section 149(6) of the Act and have included their name in data bank of independent directors pursuant to the Companies (Appointment and Qualification of Directors) Rules, 2014, as amended. The Board is of the opinion that the Independent Directors are persons of integrity and possess relevant expertise, proficiency and experience.

Pursuant to the provisions of the Act, Sanjiv Bajaj (DIN 00014615), Niraj Bajaj (DIN 00028261) and S Sreenivasan (DIN 03206811), Directors, retire by rotation and being eligible, have offered themselves for re-appointment as Directors at the ensuing 25th AGM. Jt. Sanjay Kishan Kaul (Retd.), Apurva Diwanji, Sanjiv Sahai and Padmaja Chunduru will hold their office as Additional Directors up to the date of the ensuing AGM. The Company has received notices under section 160 of the Act proposing their candidature as Directors at the ensuing AGM. The office of Apurva Diwanji, Sanjiv Sahai and Padmaja Chunduru as Independent Director is subject to approval of the shareholders at the ensuing AGM. Accordingly, resolutions seeking approval of the shareholders for the aforementioned re-appointment / appointment form part of notice convening the 25th AGM. Necessary details regarding their re-appointment / appointment as required under the Act are also given in the aforesaid notice.

Directors & Officers liability insurance policy

The Company has a Directors & Officers liability insurance policy with adequate quantum and coverage of risk, which is reviewed and renewed annually.

Related party transactions

As per section 177 of the Act, omnibus approval of the Audit Committee of the Board of Directors is obtained for the expected related party transactions of the Company at the beginning of every financial year. Related party transactions are placed before the Audit Committee for review and noting on a quarterly basis. Related party transactions entered during the year under review were in the ordinary course of business and on an arm's length basis, thus not requiring prior approval of the Board or the shareholders. During the year, there were no material contracts or arrangements or transactions on an arm's length basis which needed to be disclosed in Form AOC-2 as required under the Act. As per Accounting Standard (AS) 18 on 'Related Party Disclosures', the details of related party transactions entered into by the Company are also included in the notes to the financial statements.

Significant and material orders passed by the regulators or courts

There were no significant and material orders passed by the regulators or courts or tribunals during the year under review impacting the going concern status of your Company and its operations in future.

Internal audit

Your Company continues to have a robust internal audit framework. At the beginning of each financial year, an internal audit plan is approved by the Audit Committee setting forth the frequency and areas of the audits in line with the assessed risks. The audit plan is aimed at evaluation of the efficacy and adequacy of internal control systems and compliance thereof, robustness of internal processes, policies and accounting procedures, compliance with laws and regulations. Based on the reports of internal audit function, process owners undertake preventive and corrective actions in their respective areas. Audit observations along with actions thereon are presented to the Audit Committee.

Your Company recognizes that any internal control framework, no matter how well designed, has inherent limitations and, accordingly, regular audit and review processes are put in place to ensure that such systems are reinforced on an ongoing basis.

Internal financial controls

Your Company continues to have adequate and effective internal financial controls which are commensurate with the nature of its business and the size and complexity of its operations. The internal financial controls are well documented covering essential components of various critical processes which include its design, implementation and maintenance along with periodical internal review of operational effectiveness and sustenance. This ensures orderly and efficient conduct of its business, including adherence to the Company's policies, safeguarding of its assets, prevention of errors, accuracy and completeness of the accounting records and the timely preparation of reliable financial information.

The key components of the internal financial control framework include Entity Level Controls, Process Level Controls and Review Controls. Your Company undergoes independent review of internal controls by a professional firm across functions. During the year under review, the internal financial controls with reference to the financial statements were reviewed and found to be adequate and operating effectively. There is no qualification, reservation, adverse remark or disclaimer made by the joint statutory auditors in their report on internal financial controls.

Particulars of employees

As required by the provisions of Rule 5(2) of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the names and other particulars of the employees are set out in the Annexure to this Report.

Disclosure under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013

Your Company has complied with provisions relating to the constitution of Internal Complaints Committee under the Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013. During the year under review, four complaints were received pursuant to the said Act. Out of these complaints, three complaints have been disposed and investigation in one complaint was under underway as on 31 March 2025.

Corporate governance

A report on Corporate Governance as required under the Corporate Governance Guidelines for insurance companies issued by IRDAI is annexed to this report.

Composition of Committees

These details are provided in the Corporate Governance Report annexed to this report.

Establishment of vigil mechanism

Your Company has established a vigil mechanism in the form of Whistle Blowing Committee for the employees to raise concerns internally about possible irregularities, governance weaknesses, financial reporting issues or other such matters of irregularities. The said vigil mechanism provides adequate measures to safeguard the persons who take recourse to such vigil mechanism and in appropriate cases, the concerned person may approach the Chairperson of the Audit Committee. The Audit Committee oversees the vigil mechanism of the Company.

Disclosures under the Companies Act, 2013 / rules thereunder

- The Company is not required to maintain cost records pursuant to section 148 of the Act read with rules thereunder.
- Section 186 of the Act relating to loans, guarantees and investments, requiring, inter alia, disclosure thereof in the financial statements does not apply to the Company.
- The Company does not have any subsidiary, joint venture or associate company.
- The Company has not accepted any deposits during the year under review.
- Neither any application was made during FY2025, nor any proceeding is pending as at the end of the said financial year under the Insolvency and Bankruptcy Code, 2016.
- Neither any loan was taken from any bank or financial institution, nor any settlement was done with any bank or financial institution during FY2025.

Secretarial Standards

The Company has complied with the applicable Secretarial Standards issued by the Institute of Company Secretaries of India from time to time.

Statutory auditors

KKC & Associates LLP, Chartered Accountants (formerly Khimji Kunverji & Co LLP) (FRN: 105146W/W-100621) and S R Batliboi & Co. LLP, Chartered Accountants (FRN: 301003E / E300005), the joint statutory auditors of the Company, hold office up to conclusion of the 27th and 28th AGM of the Company, respectively.

The Audit Report from the joint statutory auditors does not contain any qualification, reservation or adverse remark or disclaimer.

During the year under review, there was no fraud reported by the joint statutory auditors to the Audit Committee under section 143(12) of the Companies Act, 2013.

Secretarial auditor

Pursuant to section 204 of the Act, the Board has re-appointed Shyamprasad Limaye, Company Secretary in Practice (FCS No. 1587, CP No. 572) to undertake the Secretarial Audit of the Company for FY2025.

A report from the secretarial auditor in the prescribed Form MR-3 is annexed to this Report. The same does not contain any qualification, reservation or adverse remark or disclaimer. During the year under review, there was no fraud reported by the secretarial auditor to the Audit Committee under section 143(12) of the Act.

Appreciation & Acknowledgment

The Board is grateful to the IRDAI and other regulatory authorities for their continued support especially with respect to the developmental efforts of the recent past.

Your Company's performance during the year would not have been possible without the commitment and hard work of its employees, agents and other distributors. In the time of crisis, over the past few years, when priorities were frequently changing, employees and agents rose to the occasion as a team, displaying persistence and passion in delivering results.

The Board takes this opportunity to thank the promoters, Bajaj Finserv Limited and Allianz SE, for providing strategic direction to and guidance in the working of the Company. The Board is also thankful to your Company's policyholders, agents, intermediaries and reinsurers for reposing their unstinted faith in your Company.

For and on behalf of the Board of Directors of
Bajaj Allianz General Insurance Company Limited

Sanjiv Bajaj

Chairman

(DIN 00014615)

Pune, 25 April 2025

Annexure to the Directors' Report**Annual Report on Corporate Social Responsibility Activities****1. Brief outline of Company's CSR Policy**

The Company's Corporate Social Responsibility (CSR) Policy outlines the Company's responsibility as a corporate citizen and lays down the guidelines and mechanism for undertaking activities for welfare and sustainable development of the community at large including healthcare, education, etc. The CSR Policy of the Company outlines the approach and direction given by the Board of Directors of the Company, considering the recommendations of its CSR Committee and guiding principles for selection, implementation, and monitoring of CSR activities as well as formulation of the annual action plan. The Company carries out its CSR activities with the objective of overall National and Community Development considering the legal provisions contained in section 135 and Schedule VII of the Companies Act, 2013 and the rules made thereunder. Focus is also placed on skilling, health and education.

The process for implementation of CSR programs involves identification of programs based on proposals received through various channels, assessment of the project in terms of funding required, overall scope and area of implementation, due diligence of implementation agency and recommendation to the CSR Committee or to the CSR Steering Committee as per delegation by the CSR Committee, as the case may be. If found appropriate, the proposal and amount of expenditure to be incurred on the same is approved within the overall limit approved by the Board. The projects approved by the CSR Steering Committee are reviewed and noted by the CSR Committee.

Annexure-1**Executive Summary of CSR Impact Assessment Reports**

Sr. No.	Implementing Agency (NGO)	Project Name	Duration of the project	Project Amount (₹ Lakh)	Impact Assessment Agency	Impact (in brief)
1	Smile Train India	Gifting smiles	15 May 2022 to 15 August 2023	500	CSRBOX	2000 free and safe reconstructive cleft surgeries were supported in Bilaspur, Raipur, Delhi, Varanasi and Gorakhpur through the program. 95% of respondents reported improved speech post-surgery, highlighting the effectiveness of surgical interventions. 85% of beneficiaries received post-surgery support, ensuring coordination between Smile Train and hospitals for continuity.
2	Yuva Mitra	Sustainable livelihood enhancement of poor and marginalized women through goat rearing	1 August 2019 to 31 March 2023	390	CSRBOX	The project created sustainable livelihood opportunities through Goat rearing for over 2,895 women beneficiaries in 30 villages of Nashik. Through the intervention, a Revolving Fund of INR 50,00,000 was established and 93% of the beneficiaries reported a decrease in veterinary expenses. As a result, 67%, reported a substantial increase in their income, while 29% of the women experienced a slight increase in their income. 79% of the beneficiaries reported improved goat health due to eased access to veterinary services, including timely vaccinations and treatments.
3	The Banyan	Reorienting the Paradigm of Mental Healthcare in Maharashtra- Promoting Social Inclusion	1 March 2019 To 30 September 2022	312	CSRBOX	The Home Again program impacted 60 long stay service mental patients in Ratnagiri and addressed the mental health needs of around 600 Adivasi beneficiaries in Thane. The majority of beneficiaries reported receiving support from Personal Assistants in household management, hygiene, hospital visits, medication, emotional well-being, health monitoring, and meal preparation. 87% of Home Again beneficiaries reported increased independence, showcasing the program's positive impact on their autonomy.

Sr. No.	Implementing Agency (NGO)	Project Name	Duration of the project	Project Amount (₹ Lakh)	Impact Assessment Agency	Impact (in brief)
4	Professional Assistance for Development Action	Promotion of Comprehensive Farm based Livelihoods through Collectives in a Sustainable Manner	1 August 2019 to 31 December 2022	295	CSRBOX	The project helped create sustainable livelihood opportunities for over 14,000 women beneficiaries by integrating improved agricultural practices and livestock development initiatives. The project further strengthened 1910 Self-help groups and 113 village organizations. As a result of these initiatives, 66% reported an increase in income, however, 19% of respondents reported no change, and 15% indicated a decrease in income. These households were not able to sustain their venture.
5	Cancer Patients Aid Association	Support for Pediatric Cancer Patients in Financial Hardships	15 May 2022 to 15 August 2023	100	Think Through Consulting (TTC)	The project provided financial assistance of ₹1 lakh to 136 children with cancer, covering diagnostics and necessary medications. Survival rates among treated patients aligned with national averages (60-70%). 95% of funds were allocated directly to medical treatment and patient support. Doctors and chemists reported that 95% of medicines were provided at discounted rates, making treatment more accessible.

Annexure to the Directors' Report**Report on Corporate Governance**

At Bajaj Allianz General Insurance Company Limited (the Company), Corporate Governance is a framework of practices and processes implemented for attaining the corporate objectives which promotes fairness, transparency, accountability, commitment to values, ethical business conduct and about considering all stakeholders' interests.

This report outlines the compliance of the Company with the Insurance Regulatory and Development Authority of India (IRDAI) (Corporate Governance for Insurers) Regulations, 2024 read with Master Circular issued thereunder (CG Regulations).

As will be seen from this report, the Company's governance practices and disclosures often go well beyond complying with the statutory requirements stipulated in applicable law.

The various elements of the Corporate Governance framework along with relevant details are described below:

Philosophy

Corporate Governance is a reflection of sound and prudent principles entrenched in the Company's values and policies and also embedded in the day-to-day business practices, leading to value driven growth. The commitment of the Company and its promoters to the highest standards of Corporate Governance practices predates the erstwhile Corporate Governance Guidelines of IRDAI. Ethical dealings, transparency, fairness, disclosure and empowered accountability are the main thrust of the working of the Company which help not only in reinforcing the trust and respect of all stakeholders but also achieving sustained business performance.

Key elements of Corporate Governance in the Company include the following:

- Compliance with applicable laws
- Number of Board meetings more than the minimum statutory requirement, including one meeting dedicated to discussing strategy and operating plan
- The Board is composed of directors from diverse backgrounds and with substantial experience and expertise, who provide valuable guidance to the executive management which facilitates (a) achieving the business objectives while ensuring sustainable growth and (b) meeting highest standards of Corporate Governance.
- Planned calendar of Board and Committee meetings for next 12 months which helps the Directors to commit and devote time for the Company and enables participation of all Directors at the meetings
- Independent Directors with outstanding track record and reputation
- Independent Directors have direct access to executive management.
- Pre-Audit Committee meetings of Chairperson of Audit Committee with statutory auditors, internal auditor and members of executive management who are the process owners
- Separate meeting of Independent Directors without presence of Non-Independent Directors or executive management
- Separate meeting of Independent Directors with the statutory auditors without presence of Non-Independent Directors or executive management
- Separate meeting of Independent Directors with executive management without presence of Non-Independent Directors and Managing Director & Chief Executive Officer (MD & CEO)
- Confidential Board evaluation process driven by secure software, where each Board member evaluates the performance of every Director, Committees of the Board, the Chairman of the Board and the Board as a whole
- Familiarisation of the new Board members with the business, operations, risk and governance framework of the Company
- Complete and detailed information provided to Board members in advance to enable them to evaluate matters carefully for meaningful discussions and take informed decisions
- Adoption of key governance policies by the Board which are in line with the best practice
- Approval and periodic review of various policies by the Board and / or Committees

- Regular meetings between the Company Secretaries of group companies in order to share knowledge and the best practices across group companies as well as to arrive at common processes for compliance with regulations
- Transparency with all stakeholders. Following key policies are available on website of the Company for stakeholders:
 - Whistle Blowing policy
 - Policy on Related Party Transactions
 - Anti-Fraud policy
 - Remuneration policy
 - Policy on Prevention of Sexual Harassment (POSH) at Workplace
 - Protection of policyholders' interest policy
 - Corporate social responsibility policy
 - Stewardship policy
 - Responsible and sustainable business conduct policy

Key changes in composition of the Board of Directors, its committees and policy framework

In line with the requirements of CG Regulations and other regulatory developments during the year, requisite changes in composition of the Board of Directors, its Committees and policy framework have been carried out. These changes include the following:

1. Changes in the Board and Committee composition:
 - a. Change in the Board on account of maximum age limit for the Non-executive Directors: Meleveetil Damodaran, Director and Suraj Mehta and Lila Poonawalla, Independent Directors, having attained age of 75 years which is maximum age limit as per CG Regulations, stepped down from the Board of Directors of the Company w.e.f. 30 June 2024. Apurva Diwanji and Sanjiv Sahai were appointed as Additional Directors and Independent Directors w.e.f. 15 July 2024 for a term of five years. Jt. Sanjay Kishan Kaul (Retd) was appointed as Additional Director w.e.f. 1 July 2024.
 - b. Independent Directors to chair the Board Committees: Anup Wadhawan, Independent Director, was appointed as Chairman of Policyholder Protection, Grievance Redressal and Claims Monitoring Committee. Anami Roy, Independent Director was appointed as Chairman of Risk Management Committee and subsequent to his cessation as the Company's Director, Sanjiv Sahai, Independent Director, has taken the Chair of the said Committee. Both these Committees were previously chaired by a non-independent director.
 - c. Change in the terms of reference of committees of the Board enabling enhanced oversight as envisaged by the CG Regulations
 - d. Chairman of the Board not to be a member of the Audit Committee: Sanjiv Bajaj, Chairman of the Board, has stepped down as a member of the Audit Committee.
2. Changes in policy framework and oversight by the Board: During FY2025 the following policies were approved / amended by the Board of Directors pursuant to aforementioned regulatory changes:
 - a. Advertisement Policy and constitution of Advertisement Committee, to ensure adherence with the principles around advertisements to protect the interests of policyholders / prospective customers
 - b. Third Party Administrator Management Policy, to have criteria for monitoring the performance of the Third-Party Administrators, servicing of the customers, turn-around-time, service level parameters, etc.
 - c. Framework for Succession Planning to implement steps for succession planning by identifying and nurturing individuals for taking up key positions.
 - d. Outsourcing Policy to streamline operations, safeguard the interests of the policyholders, and simplify processes while outsourcing the activities of the Company.
 - e. Product Management Policy to align the product offerings with regulatory requirements, manage product life cycles, and ensure that all insurance products meet the necessary standards and

provide value to the customers and constitution of the Product Management Committee for effective implementation of the Company's Product Management Policy

- f. Risk Management policy to address risks holistically and ensure alignment with strategic objectives and cover climate risk management in alignment with sustainability initiatives and regulatory requirements

Board of Directors

The Board of Directors and its Committees play significant role in upholding and furthering the principles of good governance which translate into ethical business practices, transparency and accountability in creating long term stakeholder value and help in building a sustainable business with profitable growth.

The Board comprises of competent, qualified and experienced Directors to drive the strategies in a manner that would sustain growth and protect the interests of all the stakeholders including policyholders. The Directors are selected purely on the basis of merit with no discrimination on race, colour, religion, gender or nationality. The size of the Board as well as qualifications and experience of the Directors is commensurate with scale, nature and complexity of business. All the Directors provide sufficient time and commitment to fulfil their responsibilities.

The Board provides overall direction of the business including policies, strategies and risk management across all the functions. It ensures fair treatment of policyholders and corporate culture with adherence to ethical standards and compliance at all times. The Board is committed to the principle of integrity and transparency in business operations which lays down the foundation for good governance. The Company's policy is to have an appropriate blend of executive, non-executive and independent directors to maintain the independence of the Board and to separate the Board functions of governance and the executive management. The optimum composition of Independent and Non-independent Directors ensures high quality of decisions and benefits all the stakeholders.

Composition of the Board of Directors

As on 31 March 2025, the Board of Directors consisted of thirteen Directors including four Independent Directors and three women Directors. The CEO of the Company, as the Managing Director, is an executive member of the Board of Directors. All other Directors, including the Chairman, are non-executive Directors.

The Managing Director, who is the only executive director, is a professional with vast experience in insurance and is not related to the promoters.

Directors have wide range of skills / expertise / competencies, including, business strategy, financial services and securities market, accountancy and financial management, law, actuarial, banking, insurance and pension governance and public policy, administration, economics, risk management, technology, sales, marketing and customer experience, human resource, etc.

There is a clear separation of the roles and responsibilities of the Chairman and that of the MD & CEO. Sanjiv Bajaj, Non-Executive Director, is the Chairman of the Company. He leads the functioning of the Board to provide direction and focus to the executive management and ensures effective operation of the Board and its Committees. He sets the agenda for Board meetings and ensures effective, constructive and participative discussions and sound decision-making process. The Board is provided accurate, timely and clear information, in particular about the Company's performance and in respect of matters proposed for approval of the Board. Tapan Singhel, MD & CEO, leads the executive management of the Company, and is responsible for the business strategy, performance and day to day management of the Company's operations in line with the direction of the Board and its Committees.

Board Meetings

The calendar of meetings of the Board and Committees for a period of twelve months is fixed well in advance. The Board met six times during FY2025 as compared to the statutory minimum requirement of 4 meetings. One meeting was dedicated to strategy, planning and annual budget. During the year, a special Board meeting was held at Borgo San Felice, Italy, to provide an overview of best practice exchange in Health Insurance and asset management business at Allianz Italy, Allianz Digital Health and Allianz Global Investors. The Board meets once in every quarter to, inter alia, review the Company's quarterly and annual financial results, regulatory matters, risks, business plans and their implementation, solvency margin, changes in senior level employees, etc. The gap between two consecutive board meetings was less than 120 days as required by law.

In case of any matter requiring urgent approval of the Board, the approval is sought through circular resolution wherever permissible as per applicable law.

The Chairman meets the MD & CEO and CFO before the meetings of the Audit Committee and the Board on quarterly basis for review of the financial statements and business performance of the Company.

The Company on an ongoing basis keeps the Directors abreast of the industry and the current environment in which Company operates, group structure, organisational structure, business models, processes and products of the Company, risk metrics, mitigation and management, governing regulations, human resource

development practices, information technology including cyber security, their roles, rights and responsibilities and major developments and updates on the Company, etc. The information provided to the Board is of high quality and wider as compared to the applicable legal requirements. The Independent Directors have expressed their satisfaction on the quality, quantity and timeliness of flow of information between the Company's Management and the Board.

The Board is provided, on a timely basis, detailed agenda papers in advance of the meetings. The agenda items include, inter alia, the following:

- minutes of previous meetings of the Board and Committees,
- business update, plans and budget,
- quarterly / annual financial results,
- re-insurance program,
- grievances
- corporate social responsibility initiatives and impact assessment thereof,
- business continuity management,
- expenses of management,
- commission to insurance intermediaries,
- changes in senior executive management,
- digital initiatives for policyholders, distributors and employees,
- financial condition report,
- investment performance,
- approval / review of company policies,
- formation / reconstitution of Board Committees,
- regulatory updates,
- show cause notice / advisory / orders issued by IRDAI, along with status of regulatory actions such as inspection, audit, etc.

Directors have separate and independent access to officers of the Company.

Familiarisation of the new Directors

During FY2025, the Company has conducted familiarisation sessions for newly inducted Board members which included overview of general and health insurance industry and various aspects of the Company including its business model, organisation structure, composition of the Board and its Committees, internal audit framework, risk management system, governance structure, product suite, operations, IT and IT Security, customer service, analytics, etc.

Independent Directors

The Board has 4 Independent Directors with rich and diverse experience in the relevant fields. The Independent Directors conduct a separate meeting pursuant to the provisions of the Companies Act, 2013 to, inter alia, discuss the following:

- a) Review of the performance of non-independent directors and the Board as a whole;
- b) Review of the performance of the Chairman of the Company; and
- c) Assessment of the quality, quantity and timeliness of flow of information to the Board.

The aforesaid meeting was held on 16 January 2025 in which the Independent Directors have expressed satisfaction on the quantity, quality and timeliness of the information supplied to the Board. Additionally, the Independent Directors also separately met the following without presence of management –

- a) Joint statutory auditors of the Company,
- b) Senior management of the Company,

Committees of the Board of Directors: Constitution & Composition

The Board of Directors has committees consisting of Directors having required expertise and experience. The Committees also invite senior management to its meetings to seek clarification and, thereby improving their effectiveness. Audit Committee, Investment Committee, Nomination and Remuneration Committee, Policyholder Protection, Grievance Redressal and Claims Monitoring Committee and Risk Management Committee, which are mandatorily required under the CG Regulations, have been constituted in accordance with the requirements set out therein. Further, the Company has also formed Corporate Social Responsibility Committee of the Board of Directors as required pursuant to section 135 of the Companies Act, 2013.

Audit Committee

The Audit Committee of the Board of Directors oversees the internal audit function and conducts detailed review of the internal, concurrent, systems and other audit reports including reports of the statutory auditors whereby detailed management responses and action plans are reviewed. The Committee further reviews quarterly financial statements for recommendation to the Board, disclosure processes, legal compliances, functioning of the internal financial control framework and the internal audit department, whistle blower and sexual harassment complaints, regulatory matters, taxation and other material legal proceedings as well as transformation of policy administration system of the Company. The Committee also approves and reviews the related party transactions ensuring that the same are on arm's length basis and in the ordinary course of business. The Committee also reviews independence of statutory auditors and approves availing services other than statutory audit from statutory auditors / their network firms ensuring independence and integrity of audit relationship.

The Committee recommends or approves, as the case may be, the appointment, remuneration and terms of appointment of the auditors including Statutory, Concurrent, Secretarial, Forensic, System Audit and Internal auditors and review, oversee and monitor their independence, performance and effectiveness of audit processes. The Committee reviews the process followed by the management in evaluating potential auditors and recommending shortlisted firm for approval. The Committee also reviews and monitors the auditor's independence and performance and effectiveness of audit process.

The Committee reviews and approves the internal audit plan for the year in advance. The senior management personnel are invited to the meetings of the Committee for providing clarifications on the audit observations, along with the Head of Internal Audit, who presents his report and updates on the audit plan to the Committee at every meeting thereof. The Committee also monitors the progress made in respect of action planned on previous observations. Statutory auditors attend the meetings of the Audit Committee to present their findings and reports.

The Chairperson of the Audit Committee conducts pre-audit committee meeting with the senior management to review the audit observations, action taken reports on previous reports, regulatory issues, whistle blower and sexual harassment complaints, if any. The Chairperson of the Committee also meets the statutory auditors before the Audit Committee meeting to review scope of their audit, observations and addresses areas of concern, if any.

The Committee also reviews the overall management cost of the Company as prescribed under the Insurance Act and IRDAI Regulations.

Anup Wadhawan, Independent Director, is the Chairman of the Audit Committee with Padmaja Chunduru, Apurva Diwanji, Sanjiv Sahai, Independent Directors and Jt. Sanjay Kishan Kaul (Retd.), N Srinivasa Rao and S Sreenivasan, Directors, being the other members thereof. Policyholder Protection, Grievance Redressal and Claims Monitoring Committee

Pursuant to IRDAI's Master Circular on Corporate Governance for Insurers, 2024 dated 22 May 2024 Policyholders' Protection Committee has been redesignated as Policyholder Protection, Grievance Redressal and Claims Monitoring Committee with effect from 28 June 2024.

The Policyholder Protection, Grievance Redressal and Claims Monitoring Committee of the Board of Directors has the responsibility to put in place proper procedures and effective mechanism to address complaints and grievances of policyholders including those arising out of mis selling by intermediaries and to ensure compliance with the statutory requirements relating to servicing of policyholders. It reviews the grievance redressal mechanism and the status of complaints at periodic intervals. The Committee also reviews customer servicing and grievance redressal process including timeframe for policy and claims servicing parameters so that customers are served fairly. Service turnaround times, status of grievances and their resolution, market conduct issues, root cause analysis of complaints, benchmarking with peer group, status of cases in consumer court and ombudsmen, unclaimed amounts, claim settlement and other customer pay-outs, oversight on NatCat claims settlement and compliance with regulatory directives in respect thereof are some of the matters reviewed on a regular basis. The Committee also approves relocation and closure of offices of the Company.

Anup Wadhawan is the Chairman of the Policyholder Protection, Grievance Redressal and Claims Monitoring Committee with Sanjiv Bajaj, Justice Sanjay Kishan Kaul (Retd.) and N Srinivasa Rao, Directors and Tapan Singhel, MD and CEO, being the other members thereof. The Appointed Actuary, Chief Financial Officer, Head of Operations & Customer Experience are also invited for meetings of the Committee. Anant Gupta, an independent professional having extensive knowledge and experience in insurance sector, attends the meetings of the Committee as a customer representative.

The Committee met four times during FY2025. Following table sets out the particulars of attendance of members of the Committee at the aforesaid meetings:

Note: 1. Chairman up to 30 June 2024 & Member from 1 July 2024

Enterprise Risk Management (ERM) framework

Risk objectives

The Company operates in a dynamic environment, influenced by rapidly changing external factors. The ERM framework is strategically designed to ensure the Company's agility in adapting to new regulations and competitive actions, effectively managing both known and emerging risks and opportunities to optimize value creation.

ERM deals with risks and opportunities to create and preserve value. ERM is an ongoing process, effected by people (Board of Directors, Management, Employees, Distributors, Customers, etc.) and technology, which sets strategy across the Company, designed to identify potential events (risks and opportunities) and manage the

risks thereby providing reasonable assurance on the robustness of process and mitigation of threats, whilst the Company endeavours to achieve its business objectives.

The Company is committed towards managing risks in line with its stated risk appetite through a systematic framework which identifies, evaluates, mitigates and monitors risks that could potentially have a material impact / threat on the value of the organisation in addition to achieving its stated business objectives and goals.

The risk management practices are aimed to address one or more of these risk management goals as given below:

- Defining the Company's risk profile / appetite.
- Integrating risk considerations into decision-making processes and fostering a strong risk management culture supported by robust governance.
- Identifying, measuring, monitoring, and controlling risk exposures through effective risk management processes and strategies.
- Developing and monitoring mitigation plans, especially for high-risk items identified via self-assessments, audits, and loss event analyses.
- Ensuring compliance with regulatory requirements and internal policies.
- Managing fraud through both proactive and reactive measures.
- Minimizing reputational risk through regular assessments and case-by-case management.

Risk governance framework

The Company's risk governance framework comprises a Risk Management Committee (RMC) at the board level and an Executive Risk Committee (ERC) at the operational level, supported by a Governance & Compliance Committee (GCC). These bodies ensure the alignment of risk mitigation strategies with the Company's business strategy and oversee the implementation of the risk management framework. The RMC, led by key executives and directors, is responsible for formulating and overseeing the Asset Liability Management strategy and other risk-related policies.

The risk strategy of the Company is to identify current and potential threats, internal and external to the Company over a short and long-term horizon internally and externally. The RMC oversees the functioning of the overall risk management framework of the Company, including risk tolerance limits and implementation of the risk management strategy. The RMC reviews risk profile of the Company for all categories of risk including insurance risk, market risk, credit risk, liquidity risk, operational risk, compliance risk, legal risk, reputation risk, fraud risk, business continuity risk, etc. The RMC has also been vested with the responsibility to formulate, implement, monitor and periodically revise the Asset Liability Management strategy of the Company.

The RMC comprises of Sanjiv Sahai as the Chairman, with Sanjiv Bajaj, Jt. Sanjay Kishan Kaul (Retd.), N Srinivasa Rao, Directors, Tapan Singhel, MD & CEO, Anckur Anil Kanwar, Chief Financial Officer, Gaurav Malhotra, Appointed Actuary and Avez Sayed, Chief Risk Officer being the other members thereof. The heads of risk and investment functions at the Bajaj Finserv Group of companies are also invited to the meetings of the RMC.

The RMC met four times during FY2025. Following table sets out the particulars and attendance of members of the Committee at the aforesaid meetings:

The supervisory level ERC, convened by the Chief Risk Officer, comprises of various Heads of Departments, which have been identified as the owners of key risks within the Company. They are responsible for implementation of risk management activities including risk mitigation plan within their respective vertical/ department. This executive level committee ensures centralised risk monitoring and management. The quorum of the meeting is one-third of the total number of members of the committee. The ERC holds meetings on regular basis generally every quarter and also whenever required and may invite any person to the meeting.

Risk management function works in tandem with the defined three lines model, which enables the organization to appropriately address and manage risks at various levels. Covering major categories of assessable risks, independent of the assessment methodology and quantifiability, the risk management framework encompasses practices relating to identification, assessment, monitoring and mitigation of these risks. The overall risks are divided into risk groups and several risk categories, which are further subdivided into sub-risk categories. While the risk categories remain clearly distinct from each other, at the time of assessment their interdependencies are taken into account.

Key risks and their mitigation

1. Market risk and Asset Liability Management (ALM) risk arises from unexpected losses arising due to changes in market prices or parameters influencing market prices or from changes to the net worth of assets and liabilities in related undertakings driven by market parameters. The risk is mitigated by maintaining a desired mix between debt and equity subject to investment regulations by IRDAI, active asset management based on the ALM output along with asset and liability duration matching which limits impact of interest rate changes.
2. Credit risk or the risk of default of counter parties is sought to be mitigated by investing in securities with minimum acceptable credit rating and reviewing changes in credit ratings. The Company also seeks to deal with financially sound reinsurers.
3. Liquidity risk is monitored on a regular basis to ensure sufficient liquidity is maintained to meet short-term obligations by timing the cash inflows and outflows through cash flow matching and by maintaining a minimum mix of liquid assets.
4. Operational risk is mitigated by a system of internal audit, IFC (Internal Financial Control) framework, risk control assessments and fraud prevention which flags off areas where risks are identified.
5. Insurance / business risk is sought to be mitigated by executing business operating plan and having a risk and reward plan for new business, renewals, expenses, claims ratio and monitor actuals.

6. For System Risks, the Company continues to make investments in IT systems to improve operational efficiency, customer service and decision-making process and to reduce the risk of system failures.
7. For Information & Cyber Security risks, the Company enforces robust information security measures to mitigate cyber threats. The Company utilises advanced firewalls and implements strict access controls to protect key assets. Regular risk assessments, including vulnerability scans and penetration testing, ensure proactive identification and remediation of potential security breaches. The Company's Data Leakage Prevention (DLP) system prevents unauthorized data transfers, enhancing security posture. Compliance with IRDAI guidelines is affirmed through annual audits, demonstrating the effectiveness and robustness of security practices without significant concerns.
8. Data Protection and Data Privacy risks are mitigated through implementation of strict access controls, encrypts sensitive information, and conducts regular security training for employees. Additionally, the Company uses advanced monitoring tools to detect potential privacy breaches, and a Data Breach Response Plan is in place, enabling swift and effective response to any incidents, thus safeguarding data assets and maintaining stakeholder trust.
9. The Company has a Disaster recovery (DR) site in a different seismic zone along with Disaster Recovery Plan (DRP) and Business Continuity Policy with a detailed Business Continuity Plan to mitigate Business Continuity risk.
10. The Company is building more robust Business Continuity Management system by enhancing in-house capabilities and creating more awareness around it.
11. The evolving landscape of Environment, Social & Governance (ESG) related risks has garnered increased awareness among various stakeholders. In response, the Company has voluntarily adopted the Securities and Exchange Board of India's (SEBI) Business Responsibility and Sustainable Reporting (BRSR) framework from FY2023 onwards. As part of enhanced disclosure practices, the Company has incorporated BRSR Core reporting from FY2024 onwards. Furthermore, starting FY2024, the Company is aligning its ESG and BRSR reporting with the Global Reporting Initiative (GRI) standards. In its ongoing ESG and sustainability journey, the Company remains committed to various projects identified through the ESG Materiality & Risk Assessment conducted last year. The assessment of Greenhouse Gas (GHG) emissions has been completed, and independent limited assurance has been obtained for FY2025. The Company has adopted an Environment, Health, and Safety policy, which has been duly complied with during FY2025. Additionally, the Company aims to certify all its owned office premises with ISO 14001 (Environment Management Systems) and ISO 45001 (Occupational Health & Safety) standards by FY2026. Various cross-functional teams and employee resource groups are actively engaged in initiatives determined by the in-house Diversity & Inclusion (D&I) council. The Company continues to focus on reducing its environmental impact through interventions such as renewable energy generation and transitioning services to a paperless mode. An overarching ESG governance structure, incorporating cross-functional representation, is in place to manage the Company's ESG commitments. Moreover, a Climate Risk Management Committee has been established to oversee climate-related updates and agendas.
12. Risk related to Climate Change has been evolving and impact can be seen in terms of floods, droughts, etc. and these have been effectively mitigated through reinsurance arrangements and NATCAT tools.
13. All regulatory risks and other related risks are assessed and monitored continuously at the organizational level and ensure its compliance with respective guidelines.

Elements of Remuneration of MD & Key Management Persons for FY2025

Particulars	(₹ in '000)
	Amount
Basic salary	97,948
Performance bonus, long term incentive plan & joining bonus	34,472

Secretarial Audit Report****[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]**

For the financial year ended 31 March 2025

To,
The Members,
Bajaj Allianz General Insurance Company Limited,
(CIN U66010PN2000PLC015329)
Bajaj Allianz House, Airport Road, Yerawada,
Pune - 411006

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Bajaj Allianz General Insurance Company Limited (hereinafter called as "the Company"). The Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company, books, registers, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorised representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31 March 2025, complied with the applicable statutory provisions listed hereunder and also that the Company has proper Board-processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, registers, papers, minute books, forms and returns filed and other records maintained by the Company for the financial year ended on 31 March 2025, according to the provisions of:

- (a) The Companies Act, 2013 (the Act) and the rules made thereunder;
- (b) Foreign Exchange Management Act, 1999 and the rules and regulations made there under regarding Foreign Direct Investment;
- (c) The Insurance Act, 1938, the Insurance Regulatory and Development Authority Act, 1999 and rules and regulations made thereunder;
- (d) Rules, regulations, guidelines, circulars and notifications issued by the Insurance Regulatory and Development Authority of India (IRDAI) as are applicable to a general insurance company.

The Company is a unlisted public company and subsidiary of a listed company.

I have also examined compliance with the applicable clauses of the Secretarial Standards pursuant to section 118(10) of the Act, issued by the Institute of Company Secretaries of India.

During the period under review the Company has complied with the applicable provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

I further report that the Board of Directors of the Company is duly constituted with proper balance of executive, non-executive and independent directors. The changes in the composition of the Board of Directors that took place during the period under review were carried out in compliance with the provisions of the Act.

Adequate notices were given to all Directors to schedule the Board Meetings, including committees thereof, alongwith agenda and detailed notes on agenda at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting by the directors. The decisions are carried unanimously.

I further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with applicable laws, rules, regulations and guidelines.

I further report that during the audit period there was no event / action having major bearing on the Company's affairs except execution of share purchase agreement between Allianz SE, Bajaj Finserv Limited and the Company, whereby the Bajaj Group will buy 26% stake of Allianz in the Company for a mutually agreed consideration. The acquisition of Allianz's stake, which is subject to regulatory approvals including approvals from the Competition Commission of India, IRDAI and other customary approvals, will increase Bajaj Group's ownership in the Company to 100% from the current 74%.

Management Report for the Financial Year ended 31 March 2025

The Management Report for the financial year ended 31 March 2025 has been prepared in accordance with the Insurance Regulatory and Development Authority ('IRDAI') (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024, and Master Circular issued thereunder.

With respect to the operations of Bajaj Allianz General Insurance Company Limited (the Company) for the year ended 31 March 2025 and results thereof, the Management of the Company confirms and declares that:

1. Certificate of registration

The Company has paid to the IRDAI the annual fees for FY2026 as specified by the IRDAI (Registration, Capital Structure, Transfer of Shares and Amalgamation of Insurers) Regulations, 2024 and Master Circular issued thereunder, and the registration certificate granted by IRDAI is in force as on the date of this report.

2. Statutory liabilities

All dues payable to the statutory authorities have been duly paid except those under disputes where the Company has preferred appeals.

3. Shareholding pattern and transfer of shares

The shareholding pattern is in accordance with the statutory and regulatory requirements and no shares have been transferred during the year.

The shareholding pattern of the Company is as follows:

Particulars	31 March 2025	31 March 2024
Bajaj Finserv Limited	74%	74%
Allianz SE	26%	26%
Total	100%	100%

4. Investments outside India

The Management has not invested any funds of holders of policies in India, directly or indirectly, outside India.

5. Solvency margin

The Company has maintained adequate assets to cover both its liabilities and required solvency margin as prescribed under section 64VA of the Insurance Act, 1938 (amended by the Insurance Laws (Amendment) Act, 2015) and the IRDAI (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024 and Master Circular issued thereunder. The solvency position of the Company is as follows:

Particulars	31 March 2025	31 March 2024
Actual solvency ratio	325%	349%
Required solvency ratio	150%	150%

6. Valuation of assets in the Balance Sheet

The values of all the assets have been reviewed on the date of Balance Sheet and in Management's belief, the assets set forth in the Balance Sheet are shown in the aggregate at amounts not exceeding their realizable or market value, under the several headings - "investments", "agents' balances", "outstanding premiums", "income accrued on investments", "dues from other entities carrying on insurance business, including reinsurers (net)", "cash and bank balances" and several other items specified under "advances recoverable" except debt securities.

At 31 March 2025 the market and book value of these debt investments were as follows:

(₹ '000)

Particulars	Value as per Balance Sheet (Book value)		Market value*	
	31 March 2025	31 March 2024	31 March 2025	31 March 2024
Debt investments	269,668,462	261,937,832	275,682,646	262,449,784

* Market value for government securities is the price obtained from FIMMDA and for debt securities other than government securities is determined using bond valuer from FIMMDA, basis the yield of the security

7. Overall risk exposure and strategy adopted to mitigate the same

The Enterprise Risk Management (ERM) framework of the Company encompasses a robust, proactive, responsible, and balanced enterprise-wide risk management process to support in informed decision making. The Company considers and embeds the Corporate Governance Guidelines and other practices guided by IRDAI from time to time within the overall ERM framework. The Company's ERM also draws upon the ISO 31000:2018 standard which is a world recognised framework and guidelines for risk management. The Company has in place a risk management process which, inter alia, identifies major risks that the Company is exposed to and sets out action plans for mitigation of such risks. The Company has been certified for its Operational Risk Framework process in conformation to the globally recognised ISO 9001:2015 standard that signifies that the processes are benchmarked against international as well as domestic practices and are efficiently implemented within the Company. The Company has in place a BCP framework integrating along with the Crisis Communication and Management Plan. The Company's Disaster Recovery (DR) plan is meticulously crafted, focusing on vital processes and strategies for quick recovery post-disruption. This proactive approach not only limits financial repercussions but also guarantees uninterrupted customer service and operational continuity. In recognition of our commitment to maintaining high standards in business continuity management, our company has achieved ISO 22301:2019 certification, affirming our adherence to international best practices in business continuity. The Company is also making sustainable changes in context to adopt Environmental, Social & Governance (ESG) approach and accordingly also monitors risks associated with the said adoption.

The Company has a multi-layer reinsurance program which seeks to optimize the retention of risk at each policy as well as at the line of business level. The Company's retention of risks varies according to lines of business and is decided after considering relevant factors such as capital and solvency position, available reinsurance capacity and adequacy of reinsurance terms. The reinsurance program of the Company is designed as multi-layer treaties combining proportional reinsurance (where the Company and the reinsurer share the premiums and claims in an agreed proportion) and non-proportional reinsurance. The limits under the treaties are set based on accumulation of risks by location and category, after considering the exposure based on Probable Maximum Loss, where applicable, and the expected frequency of claim events. The Company is exposed to catastrophe risk, which is mitigated by a separate non-proportional reinsurance treaty, which limits the Company's exposure to any single covered event. In addition to these treaties, the Company also purchases, where required, on a case-to-case basis, facultative reinsurance for specific policies, where either treaty limits are inadequate or the risk is not covered by the terms of the reinsurance treaties. The reinsurance program of the Company is filed with the IRDAI and is also approved by the Board.

Risk Governance

The Company has a dedicated and independent risk management department headed by the Chief Risk Officer (CRO) who reports on status of risks to the Executive Risk Management Committee (ERMC) and Risk Management Committee (RMC) of the Board. The Committee meetings allow dedicated evaluation and review of risks and existing strategies to mitigate them. The Company also has established a Governance & Controls Committee (GCC) to promptly address process improvement decisions and support in enhancing business resiliency for embracing change and create opportunities. The RMC advises the Board on the risk exposures and the actions taken to manage the same. The ERMC consisting of various departmental heads and representatives, the Managing Director and Chief Executive Officer (MD & CEO), convened by the Chief Risk Officer, reviews risks as well as the risk processes and procedures within the Board approved Risk Management Policy. These committee meetings both at executive and Board level take place on a quarterly basis. The Company has an independent Internal Audit Department which audits all the operations, offices and functions. Key operational risks and compliances are audited according to an audit plan approved by the Audit Committee of the Board of Directors. The Company has also

established an Internal Financial Control (IFC) framework as per the requirements of the Companies Act, 2013. The Company has documented its internal financial controls considering the essential components of various critical processes, physical and operational. This includes its design, implementation and maintenance along with periodical internal review of operational effectiveness and sustenance, which are commensurate with the nature of its business and the size and complexity of its operations. The Company undergoes review of internal financial controls, across functions, by a specialised third-party professional consultant. Valuation of policy liabilities is independently done by the Actuary and the methodologies are also reviewed by IRDAI apart from the peer-review mechanism.

Risk management process

The Company has adopted the three lines model for fostering proactive and risk-aware culture. Heads and functional teams constitute the first line of defence that actively ensure effectiveness and relevance of the mitigation controls, process improvements and system capabilities in addition to Internal Financial Control mechanism. The second line of defence includes the risk management, compliance and fraud investigation/mitigation team followed by Audit & Assurance teams in the third line of defence.

Risk Management Cycle is applied as base for identification and solution tool that entails:

Operations & Monitoring

- a) Risk Identification
- b) Risk Assessment & Control
- c) Risk Treatment & Management Action Plan
- d) Monitoring & Reviewing
- e) Recording & reporting
- f) Communication & consultation

Controls & Compliance

- a) Standard Operating Procedures
- b) Internal Audit
- c) External Audit
- d) Periodic Risk Management Review

Risk Control Assessments that factor in multiple sources of risk related inputs are conducted periodically to enrich and build risk registers including changes to processes. Risk Review process involves segregating between control types, undertaking control testing for key areas to evaluate mitigation effectiveness, understanding the level of residual risks, examining loss events and assigning Key Risk Indicators towards a comprehensive risk rating mechanism and aggregated risk repository for profiling risks based on likelihood and impact.

The Company follows the Top Risk Assessment (TRA) methodology to identify, measure and assess residual risks along with bottoms-up approach from conducting periodic Risk Control Assessments.

Key risks: As a general (non-life) insurer, the Company is exposed to a variety of risks. The primary risks are that of frequency of claims as measured by the number of claims in relation to number of policies and severity of claims as measured by the average amount per claim. The frequency and severity risks vary according to the lines of business. Key risks for the Company include:

Risks accepted from our customers	Risks from our investments	Risks arising from our business operations
In Non-Life Insurance, majority of products are offered for short period (normally one to three years) exposing the Company to pricing & reserving risks, underwriting (risk selection), concentration of risk, claims experience, risks from lower growth rate for new and renewal business, etc. Product bouquet includes Non-Motor (like Property, Engineering, Marine, Liabilities and other Miscellaneous lines of business), Motor, Health, Crop, Travel, etc. Some of the products like workmen's compensation, third-party motor claims and liability insurance usually have a long tail claims experience and as per court orders, requires providing for funds accordingly to meet the contractual obligations arising from the policies.	Income from investments and safety of such investments are important to the Company's ability to be able to meet its obligations towards claims, expenses, etc. and to also meet shareholders expectations. We hence ensure our investment exposures are managed prudently by the investment team through a pre-approved framework/strategy. Balancing our investment risks and rewards, exposes us to credit default and market risks (interest-rate movements, portfolio value fluctuations and mismatch in assets & liabilities) and Liquidity risks. Liquidity risk is the inability to pay claims as and when they fall due, on account of insufficient funds or investments tied up in illiquid asset class.	Operational risk is the risk of material losses arising from inadequate or failed internal processes, people and systems or external events including legal and regulatory risk. Such Operational failures could impact our ability to effectively service our customers resulting in reputational damage. This includes business continuity management, fraud risks, cybersecurity risk and IT system risk including digital transformation.

The key risks faced by the Company can broadly be categorized as below:

Risk type	Risk response	Mitigations and Management
A. Insurance risk		
- Premium pricing - Reserving - Underwriting - Claims management - Catastrophe - Business mix – acquisition and retention - Capital structure - Solvency - Liquidity	- Channel and Line of Business wise analysis is conducted to monitor business mix. - Various committees like Claim Review Committee, Pricing and Reserving Committees have been set up. - Periodic reserving calculations and assumptions are validated for relevance and accuracy for predicting claims severity and frequency. - Portfolio level insurance is preferred in underwriting corporate programs. - Adequate Actual Solvency Margin over the 150% regulatory requirement is maintained.	- Risk segmentation for identifying profitable segments. - Monitoring key performance indicators / Key Risk Indicators. - Specifying deductibles for high risk. - Tracking concentration and accumulation. - Run Nat Cat models on exposures for different perils. - Stringent policy terms & conditions. - Appropriate treaty and facultative coverage's in Reinsurance program. Adequate Catastrophe covers. - Asset-Liability modelling. - Stress Testing and Sensitivity analysis for liquidity scenarios. - Solvency and Capital Management.

Risk type	Risk response	Mitigations and Management
B. Credit Risk		
• Default • Reinsurance • Recoveries	• Prudent investment strategy to diversify credit risk exposure. • Adequate predictability modelling of future cash inflows and outflows allows us to allocate funds in durations that allow for better return over periods. • Reinsurance decisions based on risk retention appetite and capacity determined from business growth plans.	• A well-diversified investment portfolio and healthy asset quality. • Investment limits and thresholds. • Assets invested in either sovereign or AAA/AA rated instruments. • Reinsurance protection from reinsurers with good credit rating (A- and above). • Credit ratings of counterparties tracked periodically. • ERMC is updated regarding pending receivable beyond 180 days. • Risks are passed to multiple reinsures in order to avoid accumulation of risk.
C. Market Risk		
• Unfavourable movement in • interest rates, currency rates and equity • Volatility in market prices • Reinvestment	• Assets and Liabilities of the Company are well matched based on duration. • Exposure to market risk but the expertise of the investment management team and conservative approach to investments allows the risk to be fairly well managed.	• Investments are made within the regulatory threshold limits supported by adequate system controls. • There is very limited exposure to equity and foreign currency. • Limited exposure to inflation - sensitive liabilities to ensure claims reserve adequacy under high- inflation scenario. (As per policy). • Within equity, majority of holdings are in BSE 100 stocks. • Majority of the investments comprise of fixed interest securities and within that in Government securities. • Adequate liquidity and reserves are maintained. • Asset class diversification is also adopted as a strategy to the extent possible
D. Operational Risk		
• People (including conduct) • Process • Systems • Regulatory • Legal • Reputation • Business resilience • Security – Cyber & Data	• Code of Conduct, whistleblower policy and other internal policies and processes set the tone for high level of governance from our staff. • Continual development of in-house system-based risk tools move us towards an integrated risk management methodology. • To continue to lower operational risk is a priority which allows us to take advantage of latent opportunities whilst curbing preventable losses.	• Dedicated Operational Risk Management framework for continued Enterprise-wide monitoring and response. • Established Operational Risk Management Committee to resolve operational risk related issues. • SOPs are in place to ensure smooth operations. • Mapping of department RCSAs, Operational KRIs and internal Loss Event database for corrective action and preventive treatment. • Incident reporting mechanism is in place and employees are encouraged and trained regarding the same.

Risk type	Risk response	Mitigations and Management
- IT General Controls (ITGC) - Third-Party Frauds - External threats	- Fraud is prevented through the fraud risk management framework that includes fraud analytics model & tracking mechanism to reduce insurance frauds. - All compliance with legal and regulatory related risks are managed through appropriately designed systems and are assessed and monitored continuously at the organizational level to ensure its compliance with respective guidelines. - A strong Information Technology Governance Controls model is in place to address Technology risks, data and information security measures and safety mechanisms against cyber-threat. - Disaster recovery systems and processes are periodically tested for relevance and effectiveness, through recovery drills. - Vendors are selected based on their resiliency to support us in ensuring we meet and exceed customer expectations. - Customer issues are attended promptly through our customer focus channels. - There is a transfer of specific insurable risks to the insurance market for adequate coverage's and optimal premium.	- Event based root cause analysis for design level flaw or operating level failure. - Fraud Strategy encompasses Prevention, Detection, Deterrence, Response and an awareness plan whilst maintaining an ethical culture and conduct code in investigations. - Internal Financial Control process duly audited. - System based triggers for fraud detection and prevention. - Help determine Risk Appetite / tolerance limits to develop "alert systems" for senior management. - Risks rating based on movements and maturity levels for proactive risk management rather than reactive. - Business Continuity Management Systems in place and drills for various scenarios are conducted. Business continuity plan and Crisis Management Plan has been set up. - Fire drills and Disaster recovery drills are carried out periodically. - Offsite disaster recovery center for data backups. - Assessment of counterparties and key vendors to avoid disruption and help them inculcate best internal control practices. - All compliance with legal and regulatory requirements are monitored centrally through a designated compliance function and are assessed and monitored continuously at the organizational level to ensure its compliance with respective regulations. - Teams monitor chatter across various media channels including print, social media etc. to identify any statements / comments etc. which is potentially damaging to our reputation. - Cyber threats are monitored proactively by the Certified Information Systems Officer through use of various tools and consultants.

8. Operations outside of India

The Company does not have operations in any other country.

9. Claims

The settlement time for claims depends on various factors pertinent to respective lines of business, such as cause of loss, the nature of claim, etc. Typically, claims which result in total or partial destruction of assets or records (such as those caused by Acts of God), those where adequate documentation to assess the claims is awaited and those which are the subject matter of judicial processes (such as motor third party liability insurance claims) tend to have longer settlement times, which are beyond the control of the Company.

The Company has internal processes for regular review of claims paid and outstanding. Ageing of claims indicating the trend in average claim settlement time during the preceding five years is given in **Annexure I** and ageing analysis of claims registered and not settled (excluding provision for IBNR / IBNER and claims relating to inward re-insurance from terrorism pool and the Indian Motor Third Party Insurance Pool) is given in **Annexure II** to this Report.

10. Valuation of Investments

As required by IRDAI (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024, and Master circulars issued thereunder, all investments are valued as stated below:

- Debt Securities and Non-convertible Preference Shares: All debt securities including government securities and non-convertible preference shares are considered as 'held to maturity' and accordingly stated at historical cost adjusted for amortization of premium or accretion of discount on constant yield to maturity basis in the Revenue account and Profit and Loss account over the period of maturity/holding.
- Additional Tier 1 (Basel III Compliant) Perpetual Bonds (AT1 Bonds) shall be forming part of Equity. Market valuation of AT1 Bonds are at applicable Market Yield Rates published by any rating agency registered with Securities Exchange Board of India (SEBI).
- Alternative Investment Funds: Alternative investment funds (AIF) are valued at NAV, if available or historical cost less diminution in value of investments.
- Money market instruments (including treasury bills, certificate of deposits, commercial papers and Tri-Party Repo - TREPs) are valued at historical cost and adjusted for amortization of premium or accretion of discount, as may be the case, over the period of maturity/holding on a straight-line basis.
- Equity shares: Listed and actively traded securities are stated at the last quoted closing price on the National Stock Exchange of India Limited (NSE). In case the equity shares are not listed on the NSE, then they are valued on the last quoted closing price on BSE Limited. Unrealized gains or losses are credited / debited to the fair value change account. Unlisted equity shares are stated at historical cost.
- Exchange Traded Funds: ETFs are valued as equity shares. In case the ETF is not traded either on NSE or BSE on any day, latest available NAV as published by the mutual fund is considered for valuation.
- Units of Real Estate Investment Trust (REITs) are stated at fair value being the last quoted price on the NSE. In case any of the REITs is not listed on the NSE, then they are valued on the last quoted closing price on BSE. The price considered for valuation should not be later than 30 days. In case, where quoted price is not available for last 30 days, the REITs shall be valued as per the latest NAV (not more than 6 months old) of the Units published by the trust.
- Mutual Fund Units: Mutual fund units are stated at their Net Asset Value ('NAV') at the Balance Sheet date. Unrealized gains or losses are credited / debited to the fair value change account.
- Unlisted Equity: In case of unlisted equity that are not regularly traded in active markets and which are classified as 'thinly traded' as per the guidelines governing mutual funds for valuation of thinly traded securities laid down by Securities Exchange Board of India (SEBI) are valued at historical cost, subject to provision for diminution in the value, if any, of such investments determined separately for each individual investment.
- Fair Value Change Account: Fair value change account represents unrealized gains or losses in respect of investments in equity securities, ETF's, REIT's, AIF, mutual fund units and AT1 Bonds outstanding at the close of the year. The Balance in the account is considered as a component of Shareholders' funds and Policyholders' funds, as the case may be, in the Balance Sheet but not available for distribution as dividend.

11. Review of asset quality and performance of investments

All investments are made in accordance with the regulatory norms, the Investment Policy and the asset liability management guidelines.

(a) Asset composition

Most of the Company's investments are in fixed income securities, deposits and equities. The fixed income securities are mainly approved Government securities and bonds rated AA and above. The primary aim while investing is to generate adequate return while minimizing risk. The emphasis is also on the liquidity of investments to ensure that the Company meets all its obligations related to Claims and other operations. The Company monitors the cash position on daily basis and seasonal liquidity needs are considered while planning maturities of investments in respect of all assets. Based on the past track record, the Management has reasonable confidence in the quality and expected performance of all the investments.

The asset composition of investment assets of the Company as at 31 March 2025 is as follows:

(₹ '000)

Asset class	Total investments	
	Amount	%
Government securities	14,405	45.4%
Debenture and bonds		
AAA	11,299	35.6%

Total	31,729	100%

The Company has invested in well diversified investment portfolio. Substantial portion of the investments are readily marketable thereby extending good liquidity support.

The Company maintains a strong quality of fixed income portfolio at all points in time. 96% of the fixed income portfolio is held in highest credit rated securities (Sovereign/AAA or equivalent). 88% of the total equity investments are held in Nifty 50 index stocks.

(b) Investment performance

The performance of investments for FY2025 is as follows:

Particular	FY2025		FY2024	
	Book value yields	Market value yields	Book value yields	Market value yields
	8.0%	9.1%	7.7%	10.9%

Notes:

- a) Market Value yields computed as investment income including unrealised gains/losses / monthly average investment.
- b) Book value yields computed as realised investment income / monthly average investment.

12. Payments made to parties in which Directors are interested.

The schedule of payments which have been made to individuals, firms, companies and organizations in which the Directors of the Company are interested is given as **Annexure III**.

13. Management responsibility statement

The Management of the Company certifies that:

- a) The financial statements of the Company have been prepared in accordance with the applicable Accounting Standards and principles and policies with no material departures.
- b) The Management has adopted accounting policies and applied them consistently and made judgments and estimates that are reasonable and prudent so as to give a true and fair view of the state of the affairs of the Company at the end of the financial year and of the operating profit and of the profit of the Company for the year.
- c) The Management has taken proper and sufficient care for the maintenance of adequate accounting records in accordance with the applicable provisions of the Insurance Act, 1938 and Companies Act, 2013 for safeguarding the assets of the Company and for preventing and detecting fraud and other irregularities.
- d) The financial statements have been prepared on a going concern basis.
- e) The Management has set up an internal audit system commensurate with the size and nature of the business and the same was operating effectively throughout the year.

14. All applicable domestic, statutory, regulatory and other laws in India have been complied with to the extent applicable to the Company's business operations.

Report on the audit of the Financial Statements

Opinion

We have audited the accompanying financial statements of Bajaj Allianz General Insurance Company Limited (the 'Company'), which comprise the balance sheet as at March 31, 2025, the Revenue Accounts, the Profit and Loss Account and the Receipts and Payments Account for the year then ended, and the schedules annexed there to, including a summary of significant accounting policies and other explanatory information (herein after collectively referred to as the 'Financial Statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid Financial Statements give the information required by the provisions of the Insurance Act, 1938, as amended (the 'Insurance Act'), the Insurance Regulatory and Development Authority Act, 1999, as amended ('IRDAI Act'), the Insurance Regulatory and Development Authority of India (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024, as amended (the 'IRDAI Financial Statements Regulations'), including master circulars/ orders/directions issued by the IRDAI and the Companies Act, 2013, as amended (the 'Act'), to the extent applicable, in the manner so required, to give a true and fair view in conformity with the Accounting Standards prescribed under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2021, ('AS') and other accounting principles generally accepted in India, as applicable to Insurance companies:

- in the case of the Balance Sheet, of the state of affairs of the Company as at 31 March 2025;
- in the case of the Revenue Accounts, of the Operating Profit for the year ended on that date;
- in the case of the Profit and Loss Account, of the Profit for the year ended on that date; and
- in the case of the Receipts and Payments Account, of the receipts and payments for the year ended on that date.

Basis for Opinion

We conducted our audit on the Financial Statements in accordance with the Standards on Auditing ('SAs') specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the 'Code of Ethics' issued by the Institute of Chartered Accountants of India ('ICAI') together with the ethical requirements that are relevant to our audit of the Financial Statements under the provisions of the Act, and the rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the Financial Statements.

Other Information

The Company's Board of Directors is responsible for the other information. The other information comprises the information included in the Company's annual report but does not include the Financial Statements and our auditors' report thereon. The Other Information is expected to be made available to us after the date of this auditor's report.

Our opinion on the Financial Statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether such other information is materially inconsistent with the Financial Statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance and take appropriate action as applicable under the relevant laws and regulations.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act, with respect to the preparation of these Financial Statements that give a true and fair view of the Balance Sheet, the related Revenue Account, the Profit and Loss Account and Receipts and Payments Account of the Company in accordance with the requirements of the Insurance Act, read with the IRDAI Act, the IRDAI Financial Statement regulations, the regulation, orders/directions issued by the IRDAI in this regard and in accordance with the Accounting Standards specified under section 133 of the Act read with the Companies (Accounting Standards) Rules, 2021, and other accounting principles generally accepted in India, to the extent applicable and in the manner so required. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection of the appropriate accounting software for ensuring compliance with applicable laws and regulations including those related to retention of audit logs; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Financial Statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the Financial Statements, management of the Company and Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is also responsible for overseeing the Company's financial reporting process.

Auditor's responsibilities for the audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the Financial Statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these Financial Statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the Financial Statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to Financial Statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management.
- Conclude on the appropriateness of the management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the Financial Statements, including the disclosures, and whether the Financial Statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Other Matters

The actuarial valuation of liabilities in respect of Claims Incurred But Not Reported (the 'IBNR') and Claims Incurred But Not Enough Reported (the 'IBNER') included under claims outstanding and Premium Deficiency Reserve (the 'PDR') is the responsibility of the Company's Appointed Actuary (the 'Appointed Actuary'). The actuarial valuation of these liabilities as at 31 March 2025, that are estimated using statistical methods as at March 31, 2025 has been duly certified by the Appointed Actuary and in his opinion, the assumptions considered by him for such valuation are in accordance with the guidelines and norms issued by the Insurance Regulatory and Development Authority of India (the 'IRDAI') and the Institute of Actuaries of India in concurrence with the IRDAI. We have relied upon the Company's Appointed Actuary's certificate in this regard for forming our opinion on the financials statements of the Company.

Our opinion is not modified in respect of this matter.

Report on Other Legal and Regulatory Requirements

1. As required by the IRDAI Financial Statement Regulations, we have issued a separate certificate dated April 25, 2025 certifying the matters specified in paragraphs 3 and 4 of Part III of Schedule II of Chapter II to the IRDAI Financial Statement Regulations.
2. As required by the paragraph 1 and 2 of Part III of Schedule II of Chapter II to the IRDA Financial Statements Regulations, read with section 143(3) of the Act, we report, to the extent applicable, that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;
 - (b) In our opinion, proper books of accounts as required by law have been kept by the Company so far as it appears from our examination of those books;
 - (c) As the Company's financial accounting system is centralised and maintained at the registered Head Office, no returns for the purposes of our audit are prepared at the branches and other offices of the Company;
 - (d) The Balance Sheet, the Revenue Account, the Profit and Loss Account, and the Receipts and Payments Account dealt with by this Report are in agreement with the books of account;
 - (e) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under section 133 of the Act, read with the relevant rules thereunder, to the extent not inconsistent with the accounting principles prescribed in the IRDA Financial Statements Regulations, the Insurance Act, the IRDA Act and master circular/orders/directions issued by the IRDAI in this regard;
 - (f) In our opinion and to the best of our information and according to the explanations given to us, investments have been valued in accordance with the provisions of the Insurance Act, the IRDAI Financial Statements Regulations and/or orders/directions issued by the IRDAI in this regard;
 - (g) In our opinion and to the best of our information and according to the explanations given to us, the accounting policies selected by the Company are appropriate and are in compliance with the applicable Accounting Standards specified under section 133 of the Act to the extent they are not inconsistent with the accounting principles as prescribed in the IRDA Financial Statements Regulations and orders/directions issued by the IRDAI in this regard;

- (h) On the basis of the written representations received from the Directors as on March 31, 2025 taken on record by the Board of Directors, none of the Directors is disqualified as on March 31, 2025 from being appointed as a Director in terms of section 164 (2) of the Act;
- (i) With respect to the adequacy of the internal financial controls with reference to Financial Statements of the Company and the operating effectiveness of such controls, refer to our separate Report in 'Annexure A' to this report;
- (j) The remuneration paid by the Company to the directors is in accordance with and within the provisions of section 197 of the Act read with section 34A of the Insurance Act. We also refer note 9 of Schedule 16 to the Financial Statements which details the status of IRDAI approval under section 34A of the Insurance Act. The Ministry of Corporate Affairs has not prescribed other details under section 197(16) which are required to be commented upon by us.
- (k) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations as at 31 March 2025 on its financial position in its Financial Statements – Refer Note 25 of Schedule 16 to the Financial Statements;
 - ii. The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses;
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
 - iv.
 - a) The Management has represented, to best of their knowledge and belief, that no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ('Intermediaries'), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - b) The Management has represented, to best of their knowledge and belief, that no funds have been received by the Company from any person(s) or entity(ies), including foreign entities ('Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries; and
 - c) Based on such audit procedures, that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representation under sub-clause (a) and (b) contain any material misstatement.
 - v. The final dividend paid by the Company during the year in respect of the same declared for the previous year is in accordance with section 123 of the Act to the extent it applies to payment of dividend.

- vi. Based on our examination which included test checks, the Company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software (refer note 41 of Schedule 16 to the Financial Statements). Further, during the course of our audit we did not come across any instance of audit trail feature being tempered with. Additionally, the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Independent Auditors' Certificate

To,
The Members of,
Bajaj Allianz General Insurance Company Limited

Independent Auditors' Certificate as referred to in paragraph 1 of our Report on Other Legal and Regulatory Requirements forming part of the Independent Auditors' Report dated April 25, 2025

1. This certificate is issued in accordance with the terms of our engagement letter dated July 11, 2024, pursuant to the requirements paragraph 3 and 4 of Part III of Schedule II of Chapter II to the Insurance Regulatory and Development Authority of India (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024, (the 'IRDAI Financial Statements Regulations').

Management's Responsibility

2. The Company's Board of Directors is responsible for complying with the provisions of The Insurance Act, 1938 as amended (the 'Insurance Act'), the Insurance Regulatory and Development Authority Act, 1999 (the 'IRDA Act'), the IRDA Financial Statements Regulations, orders/directions/Master circulars issued by the Insurance Regulatory and Development Authority of India (the 'IRDAI') which includes the preparation and maintenance of books of accounts and the Management Report which is consistent with the financial statements This includes collecting, collating and validating data and designing, implementing and monitoring of internal controls suitable for ensuring compliance as aforesaid and applying an appropriate basis of preparation and making estimates and judgments that are reasonable in the circumstances and providing all relevant information to IRDAI.

Independent Auditor's Responsibility

3. Our responsibility for the purpose of this certificate, is to provide reasonable assurance on the matters contained in paragraph 3 and 4 of Part III of Schedule II of Chapter II to the IRDAI Financial Statements Regulations.
4. We have audited the financial statements of the Company for the financial year ended March 31, 2025 on which we have issued an unmodified audit opinion vide our report dated April 25, 2025. Our audit of these financial statements was conducted in accordance with the Standards on Auditing specified under section 143(10) of the Companies Act, 2013 and other applicable authoritative pronouncements issued by the Institute of Chartered Accountants of India ('ICAI'). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.
5. We conducted our examination in accordance with the Guidance Note on Reports or Certificates for Special Purposes (Revised 2016) (the 'Guidance Note') issued by the ICAI in so far as applicable for the purpose of this Certificate, which include the concepts of test checks and materiality. This Guidance Note requires that we comply with the ethical requirements of the Code of Ethics issued by the ICAI.
6. We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) 1, Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

Opinion

7. In accordance with the information, explanations and representations given to us and to the best of our knowledge and belief and based on our joint examination of the books of account and other records maintained by the Company for the year ended March 31, 2025, we certify that:
 - a. We have reviewed the Management Report attached to the financial statements for the year ended March 31, 2025, and on the basis of our review, there is no apparent mistake or material inconsistency with the financial statements;
 - b. Based on information and explanations received, management representations and compliance certificates submitted to the Board of Directors by the officers of the Company charged with compliance, we certify that the Company has complied with the terms and conditions of registration stipulated by the IRDAI;

- c. We have verified:
- the cash balances, to the extent considered necessary by physical verification. Further, we have also relied upon the management's certificate for cash / cheque balances as at March 31, 2025; and
 - Securities relating to the Company's investments as at March 31, 2025, on the basis of certificates / confirmations received from the Custodian and/ or Depository Participants appointed by the Company, as the case may be.
- d. We have been given to understand by the management that the Company is not a trustee of any trust; and
- e. No part of the assets of the Policyholders' Funds has been directly or indirectly applied in contravention to the provisions of the Insurance Act, relating to the application and investments of the Policyholders' Funds.

Restriction on Use

8. This certificate is issued at the request of the Company solely for inclusion in the annual accounts of the Company; issued for the purpose mentioned in paragraph 1 above and is not intended to be and should not be used, referred to or distributed for any other purpose without our prior consent. Accordingly, we do not accept or assume any liability or any duty of care for any other purpose or to any other person to whom this Certificate is shown or into whose hands it may come.

Annexure 'A' to the Independent Auditors' report of even date to the members of Bajaj Allianz General Insurance Company Limited on the Financial Statements for the year ended 31 March 2025

Report on the Internal Financial Controls with reference to the aforesaid Financial Statements under Clause (i) of Sub-section 3 of section 143 of the Companies Act, 2013 ('the Act').

We have audited the internal financial controls with reference to the Financial Statements of Bajaj Allianz General Insurance Company Limited (the 'Company') as at March 31, 2025 in conjunction with our audit of the Financial Statements of the Company for the year ended on that date.

Management's responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor's responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to the Financial Statements based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') and the Standards on Auditing ('SA'), prescribed under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls with reference to the Standalone Financial Statements. Those SAs and the Guidance Note require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to the Financial Statements were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to the Financial Statements and their operating effectiveness. Our audit of internal financial controls with reference to the Financial Statements included obtaining an understanding of internal financial controls with reference to the Financial Statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the Standalone Financial Statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls with reference to the Financial Statements.

Meaning of Internal Financial Controls with reference to the Financial Statements

A company's internal financial controls with reference to the Financial Statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of Financial Statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial controls with reference to the Financial Statements include those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of Financial Statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the Company's assets that could have a material effect on the Financial Statements.

Inherent Limitations of Internal Financial Controls with reference to the Financial Statements

Because of the inherent limitations of internal financial controls with reference to the Financial Statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the Financial Statements to future periods are subject to the risk that the internal

financial controls with reference to the Financial Statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls with reference to the Financial Statements and such internal financial controls with reference to Financial Statements were operating effectively as at March 31, 2025, based on the internal controls over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note issued by the ICAI.

Other Matter

The actuarial valuation of liabilities in respect of Claims Incurred But Not Reported (the 'IBNR'), Claims Incurred But Not Enough Reported (the 'IBNER') included under claims outstanding and Premium Deficiency Reserve (the 'PDR') is the responsibility of the Company's Appointed Actuary (the 'Appointed Actuary'). The actuarial valuation of these liabilities, that are estimated using statistical methods as at March 31, 2025 has been duly certified by the Appointed Actuary and in his opinion, the assumptions considered by him for such valuation are in accordance with the guidelines and norms issued by the Insurance Regulatory and Development Authority of India (the 'IRDAI') and the Institute of Actuaries of India in concurrence with the IRDAI. The said actuarial valuations of liabilities for outstanding claims reserves and the PDR have been relied upon by us as mentioned in 'Other Matters' paragraph in our Audit Report on the financial statements of the Company for the financial year ended March 31, 2025. Accordingly, our opinion on the internal financial controls with reference to financial statements does not include reporting on the adequacy of the design and operating effectiveness of the internal controls over the valuation and accuracy of the aforesaid actuarial liabilities.

Our opinion is not modified in respect of this matter.

SCHEDULE - 16**Significant accounting policies and notes forming part of the financial statements for the year ended 31 March 2025****1. Background**

Bajaj Allianz General Insurance Company Limited ('the Company') was incorporated on 19 September 2000, as a company under the Companies Act, 1956. The Company is registered with Insurance Regulatory and Development Authority of India ('IRDAI') and is in the business of underwriting general insurance policies relating to Fire, Marine and Miscellaneous segments (including Motor, Health, Liabilities, Engineering, Crop etc.) and holds a valid certificate of registration.

Pursuant to approval of the Board of Directors at its meeting held on 17th March 2025, a Share Purchase Agreement has been executed between Allianz SE, Bajaj Finserv Limited and the Company, whereby the Bajaj Group will buy 26% stake of Allianz SE in the Company for a mutually agreed consideration. The acquisition of Allianz's stake will increase the Bajaj Group's ownership in the Company to 100% from the current 74%. The acquisition is subject to regulatory approvals, including approvals from the Competition Commission of India, IRDAI and other customary approvals.

2. Significant accounting policies

The accounting policies set out below have been applied consistently to the periods presented in these financial statements. The management evaluates all newly issued or revised accounting pronouncements on an ongoing basis to ensure due compliance.

2.1 Basis of preparation of Financial Statements

The financial statements are prepared and presented on a going concern basis in accordance with the Generally Accepted Accounting Principles followed in India under the historical cost convention and accrual basis of accounting and comply with applicable accounting standards referred to in Companies Act, 2013 under section 133, as amended from time to time) and in accordance with the statutory requirements of the Insurance Act, 1938 (amended by the Insurance laws (Amendment) Act, 2015), the Insurance Regulatory and Development Authority (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024 ('the Regulations') and orders and directions issued by the IRDAI in this behalf, the Companies Act, 2013 ('the Act') (to the extent applicable) and current practices prevailing in the insurance industry.

The financial statements are presented in Indian rupees rounded off to the nearest lakh.

2.2 Use of Estimates

The preparation of financial statements in conformity with the generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities as of the Balance Sheet date, revenue and expenses for the year ended and disclosure of contingent liabilities as of the Balance Sheet date. The estimates and assumptions used in accompanying financial statements are based upon management's evaluation of the relevant facts and circumstances as of the date of the financial statements. Actual results may differ from the estimates and assumptions used in preparing the accompanying financial statements. Any revision to accounting estimates is recognized prospectively in current and future periods.

2.3 Revenue recognition**i) Premium income**

Premium (net of goods and service tax), including reinstatement premium on direct business and reinsurance accepted, is recorded as income at the commencement of risk and is recognised over the contract period or the period of risk, whichever is appropriate, on a gross basis and for instalment cases, it is recognized on instalment due dates.

In case of long term insurance policies, premium is recognized on a yearly basis as mandated by IRDAI.

Any subsequent revisions to premium, as and when occur, are recognized in the year over the remaining period of risk or contract period, as applicable.

Adjustments to premium income arising on cancellation of policies are recognized in the period in which they are cancelled.

Crop insurance and Government Health premium under government schemes are recognized in accordance with contractual obligations where there is reasonable certainty of its ultimate collectability.

ii) Interest / dividend income

Interest income is recognized on accrual basis and dividend income is recognized when the right to receive the dividend is established.

iii) Premium / discount on purchase of investments

Premium or discount on acquisition, as the case may be, in respect of fixed income securities, is amortized / accreted on constant yield to maturity basis over the period of maturity/holding.

iv) Profit / loss on sale of debt securities

Profit or loss on sale/redemption of debt securities is the difference between the net sale consideration and the amortized cost computed on weighted average basis as on the date of sale.

v) Profit / loss on sale of Equity shares, ETFs, REITs and Mutual fund units

Profit or loss on sale/redemption of equity shares, Exchange Traded Funds (ETFs), preference shares, Real Estate Investment Trusts (REITs) and mutual fund units is the difference between the net sale consideration and the weighted average cost in the books of the Company. Profit or loss on sale/redemption of such securities is recognized on trade/redemption date and includes effects of accumulated fair value changes, as applicable and previously recognized.

vi) Investment income on Alternate Investment Funds (AIFs) and REITs

Investment income on Alternate Investment Funds (AIFs) and Real Estate Investment Trusts (REITs) are recognised as and when declared by respective Fund/Trust.

vii) Commission income from reinsurance ceded

Commission received on reinsurance ceded is recognized as income in the period in which reinsurance premium is ceded. Profit commission under re-insurance treaties, wherever applicable, is recognized in the year of final determination of the profits and as intimated by Reinsurer.

2.4 Reinsurance ceded

Reinsurance premium in respect of proportional reinsurance is ceded at the commencement of the risk over the contract period or the period of risk. Non-proportional reinsurance premium is ceded when incurred and due. Any subsequent revisions to, refunds or cancellations of premiums are recognized in the year in which they occur.

2.5 Reinsurance accepted

Reinsurance inward acceptances are accounted for on the basis of reinsurance slips accepted from the reinsurers.

2.6 Acquisition costs

Acquisition costs, defined as costs that vary with, and are primarily related to, the acquisition of new and renewal insurance contracts viz., commission, rewards and incentives, policy issue expenses etc., are expensed in the year in which they are incurred.

2.7 Premium received in advance

Premium received in advance represents premium received in respect of policies issued during the year, where the risk commences subsequent to the Balance Sheet date.

2.8 Reserve for unexpired risk

Reserve for unexpired risk represents that part of the net premium (i.e., premium, net of reinsurance ceded) which is attributable to, and set aside for subsequent risks to be borne by the Company under contractual obligations on contract period basis or risk period basis, whichever is appropriate, subject to a minimum of 100% in case of Marine Hull business and in case of other lines of business based on net premium written on all unexpired policies at Balance Sheet date by applying 1/365th method on the unexpired period of respective policies.

2.9 Premium deficiency

Premium deficiency is recognized if the ultimate amount of expected net claim costs, related expenses and maintenance costs exceeds the related premium carried forward to the subsequent accounting period as the reserve for unexpired risk. The Company considers maintenance costs as relevant direct costs incurred for ensuring claim handling operations. As per IRDAI circular IRDA/F&A/CIR/FA/126/07/2013, dated 3 July 2013 (Corrigendum to Master Circular IRDA/F&I/CIR/F&A/231/10/2012, dated 5 October 2012), premium deficiency, if any, has been recognized at Segmental Revenue Account Level. The expected claim costs are calculated and duly certified by the Appointed Actuary.

2.10 Claims incurred

Claims are recognized as and when reported. Claims incurred comprises claims paid, change in the outstanding provision of claims and estimated liability for claims incurred but not reported ('IBNR') and claims incurred but not enough reported ('IBNER'). It also includes survey fees, legal expenses and other costs directly attributable to claims.

Claims paid (net of recoveries including salvage retained by the insured and includes interest paid towards claims) are charged to the revenue account when approved for payment. Where salvage is retained by the Company, the recoveries from sale of salvage are recognized at the time of sale.

Provision is made for estimated value of outstanding claims at the Balance Sheet date net of reinsurance, salvage and other recoveries. Such provision is made on the basis of the ultimate amounts that are likely to be paid against each claim, as anticipated and estimated by the management in light of past experience and subsequently modified for changes, as appropriate.

Amounts received/receivable from the reinsurers' and coinsurers', under the terms of the reinsurance and coinsurance arrangements respectively, are recognized together with the recognition of the claim.

2.11 Claims Incurred but not reported and claims incurred but not enough reported

Incurred But Not Reported (IBNR) reserve is a provision for all claims that have occurred prior to the end of the current accounting period but have not been reported to the Company. The IBNR reserve also includes provision for claims Incurred But Not Enough Reported (IBNER). The said liability is determined by Appointed Actuary based on actuarial principles. The actuarial estimate is derived in accordance with relevant IRDAI regulations and guidance note 21 issued by the Institute of Actuaries of India. The Appointed Actuary has certified that the methodology and assumptions used to estimate the liability are appropriate and in accordance with guidelines and norms issued by the Institute of Actuaries of India in concurrence with the IRDAI regulations.

2.12 Operating expenses related to the insurance business

As required by IRDAI (Expenses of Management of Insurers transacting General or Health Insurance Business) Regulations, 2023, the Company has a Board approved policy for allocation and apportionment of expenses of management amongst various business segments. The expenses of management are net of reimbursements and are segregated between those which can be directly attributed to a particular business segment and those which cannot be so attributed. Operating expenses which are directly

attributable to a particular business segment and identifiable as such are allocated directly to that segment. Operating expenses which are not directly identifiable to any business segment, but which are attached to specific functions are apportioned based on the most suitable driver of apportionment (including gross written premium, net written premium, number of policies, etc.) for respective functions. Operating expenses which are not attached to specific functions are apportioned based on the most suitable driver (including gross written premium, net written premium, number of policies, etc.) of apportionment at Company level.

2.13 Income from Investments: Segregation between Policyholders' and Shareholders' funds

Income earned from investments and gains or loss on sale of investments is allocated to Revenue Account and Profit and Loss Account on the basis of actual holding of the investments of the Policyholders and Shareholders as bifurcated according to the IRDAI Circular No. IRDA/F&A/CIR/CPM/056/03/2016 dated 4 April 2016 with effect from 1 October 2016. The income earned from investments, gains or loss on sale of investments and other income are further allocated to the lines of business in proportion of net premium.

2.14 Fixed asset, depreciation and amortization

Tangible fixed assets and depreciation

Tangible fixed assets are stated at cost (including incidental expenses relating to acquisition and installation) less accumulated depreciation. Assets costing up to ₹ Twenty Thousand are depreciated fully in the year of acquisition.

Subsequent expenditure incurred on tangible assets is expensed out except where such expenditure results in an increase in future benefits from the existing assets beyond its previously assessed standard of performance.

In respect of liabilities incurred in acquisition of fixed assets in foreign exchange, the net gain or loss arising on conversion/settlement is charged to the Revenue Account.

Gains or losses arising from de-recognition of fixed assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Revenue Account when the asset is de-recognized.

Depreciation on assets is provided based on straight line method using the rates basis the economic useful life of assets as estimated by the management which reflects the useful life specified in Schedule II of the Companies Act, 2013, as follows:

Nature of assets	Useful Life (in years) as per Management's assessment	Useful Life (in years) as per Schedule II of the Companies Act, 2013
Information technology equipment		
- End user devices, such as, desktops, laptops, etc.	3	3
- Servers and networks	6	6
Vehicles *	8	8
Office equipment	5	5
Furniture & fixtures	10	10
Buildings	60	60
Air conditioner (part of office equipment)	5	5
Electrical fittings (part of furniture & fittings)**	10	10

* Useful life of vehicle allotted to the employees is considered 4 years as per management estimates.

** Lease hold improvements and electrical fittings installed at leased premises are depreciated over the primary period of lease of premises or 5 years, whichever is less.

The useful life of the asset is reviewed by the management at each Balance Sheet date.

Intangible fixed assets and amortization

Intangible fixed assets representing software are recorded at its acquisition price and are amortized over their estimated useful life on a straight-line basis, commencing from the date the assets are available for use. Significant expenditure on improvements to software are capitalized when it is probable that such expenditure will enable the asset to generate future economic benefits in excess of its originally assessed standards of performance and such expenditure can be measured and attributed to the asset reliably. Subsequent expenditures are amortized over the remaining useful life of original software. The management has estimated the useful life for such software as three years except in case of the newly implemented Policy Administration System where the useful life is estimated as ten years (as against the maximum useful life of ten years prescribed under AS 26 for intangible assets).

The useful life of the asset is reviewed by the management at each Balance Sheet date.

The Company provides pro rata depreciation from/to the month in which the asset is acquired or put to use/disposed off as appropriate.

Gains or losses arising from de-recognition of intangible assets are measured as the difference between the net disposal proceeds and the carrying amount of the asset and are recognized in the Revenue Account when the asset is de-recognized.

Capital work in progress and advances

Capital work in progress includes assets not ready for the intended use and are carried at cost, comprising direct cost and related incidental expenses and advances paid for purchase of fixed assets.

Impairment of assets

- i) The carrying amounts of all assets are reviewed by the Company at each Balance Sheet date. If there is any indication of impairment based on internal/external factors, an impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable amount. The recoverable amount is greater of the assets net selling price and value in use. Value in use is the present value of the estimated future cash flows expected to arise from the continuing use of the assets and from its disposal at the end of its useful life. In assessing value in use the estimated future cash flows are discounted to their present value at a rate that reflects current market assessments of the time value of money and the risks specific to the asset, as determined by the management.
- ii) After impairment, depreciation is provided on the revised carrying amount of the asset over its remaining useful life, if any.

2.15 Investments

Investments are made and accounted for in accordance with the Insurance Act, 1938, as amended from time to time including the amendment brought by the Insurance Laws (Amendment) Act, 2015, the Insurance Regulatory and Development Authority of India (Investments) Regulations, 2024 as amended from time to time, Insurance Regulatory and Development Authority (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024 and various other circulars/notifications issued by the IRDAI in this context from time to time.

Investments are recorded on trade date at cost, which includes brokerage, transfer charges, transaction taxes as applicable, etc. and excludes pre-acquisition interest, if any.

Classification:

Investments maturing within twelve months from Balance Sheet date and investments made with the specific intention to dispose off within twelve months from Balance Sheet date are classified as short-term investments. Investments other than short term investments are classified as long-term investments.

The investments funds are segregated into Policyholders' and Shareholders' fund on security level basis in compliance with circular no IRDA/F&A/CIR/CPM/056/03/2016 dated – 4 April 2016. Subsequently, IRDAI issued circular IRDA/F&A/CIR/CPM/010/01/2017 dated – 12 January 2017 to "bifurcate the Policyholders' and Shareholders' funds at the end of each quarter at the "fund level" on "notional basis".

The Company continues to follow the practice of segregating investments into Policyholders' and Shareholders funds at security level on quarterly basis in compliance with circular no IRDA/F&A/CIR/CPM/056/03/2016. The said practice has been communicated to IRDAI.

Debt Securities and Non-convertible Preference Shares

All debt securities (except for Additional Tier 1 (Basel III Compliant) Perpetual Bonds ("AT1 Bonds")) including government securities and non-convertible preference shares are considered as 'held to maturity' and accordingly stated at historical cost adjusted for amortization of premium or accretion of discount on constant yield to maturity basis in the Revenue account and/or Profit and Loss account over the period of maturity/holding.

AT1 Bonds considered to be a part of Equity, are valued at applicable Market Yield Rates published by any rating agency registered with Securities Exchange Board of India (SEBI).

Money market instruments (including treasury bills, certificate of deposits, commercial papers, collateralized borrowing & lending obligation – CBLO and Tri-Party Repo – TREPs) are valued at historical cost and adjusted for amortization of premium or accretion of discount, as may be the case, over the period of maturity/holding on a straight-line basis.

Equity Shares

Listed and actively traded equity shares are stated at the last quoted closing price on the National Stock Exchange of India Limited (NSE). In case the equity shares are not listed on the NSE, then they are valued on the last quoted closing price on BSE Limited. Unrealized gains or losses are credited / debited to the fair value change account.

Unlisted equity shares are stated at historical cost less provision for diminution in value.

Mutual Fund Units

Mutual fund units are stated at their Net Asset Value ('NAV') at the Balance Sheet date, if NAV on balance sheet date is not available, then it's latest available NAV is to be considered. Unrealized gains or losses are credited / debited to the fair value change account.

Exchange Traded Fund (ETF)

ETFs are valued as equity shares. In case the ETF is not traded either on NSE or BSE on any day, latest available NAV as published by the mutual fund is considered for valuation.

Alternate Investment Fund (AIF)

Alternative Investment Funds (AIF) are valued at NAV, if available or historical cost less diminution in value of investments.

Units of Real Estate Investment Trust (REITs)

Units of Real Estate Investment Trust (REITs) are stated at fair value being the last quoted price on the NSE. In case any of the REITs is not listed on the NSE, then they are valued on the last quoted closing price on BSE. The price considered for valuation should not be later than 30 days. In case, where quoted price is not available for last 30 days, the REITs shall be valued as per the latest NAV (not more than 6 months old) of the Units published by the trust.

Unlisted Equity

In case of unlisted equity that are not regularly traded in active markets and which are classified as 'thinly traded' as per the guidelines governing mutual funds for valuation of thinly traded securities laid down by Securities Exchange Board of India (SEBI) are valued at historical cost, subject to provision for diminution in the value, if any, of such investments determined separately for each individual investment.

Fair Value Change Account

Fair value change account represents unrealized gains or losses in respect of investments in equity securities, ETF's, mutual funds, AIF, REIT's and AT1 Bonds outstanding at the close of the year. The balance in the account is considered as a component of Shareholders' funds in the Balance Sheet but not available for distribution as dividend.

Impairment of investment

The Company assesses at each Balance Sheet date whether there is any evidence of impairment of any investments. In case of impairment, the carrying value of such investment is reduced to its fair value and the impairment loss is recognized in the Profit and Loss Account after adjusting it with previously recognized revaluation reserve/fair value change account. However, at the Balance Sheet date if there is any indication that a previously recognized impairment loss no longer exists, then such loss is reversed and the investment is restated to that extent.

2.16 Employee benefits**i) Short term employee benefits**

Employee benefits payable wholly within twelve months of rendering the service are classified as short term employee benefits and are recognized in the period in which the employee renders the related service. These benefits such as salaries, bonuses and other non-monetary benefits are recognised in the period in which employee renders the related services. All short term employee benefits are accounted on undiscounted basis.

ii) Long Term post-employment benefits - defined benefit plan

The gratuity benefit payable to the employees of the Company is as per the provisions of the Payment of Gratuity Act, 1972 or the Company's gratuity plan, whichever is higher. The Company accounts for liability for future gratuity benefits based on independent actuarial valuation under revised Accounting Standard 15 (AS15 Revised) on 'Employee Benefits'. Contributions towards gratuity liability of the Company are made to the Bajaj Allianz General Insurance Company Limited Employees Group Gratuity cum Life Assurance Scheme Trust, which is administered by the Company. The gratuity liability of the Company is actuarially determined at the Balance Sheet date using the 'projected unit credit method'.

The Company contributes towards net liabilities to the Bajaj Allianz General Insurance Company Limited, Employees Group Gratuity cum Life Assurance Scheme. The Company recognizes the net obligation of the Scheme in Balance Sheet as an asset or liability, respectively in accordance with Accounting Standard (AS 15 Revised), 'Employee benefits'. The discount rate used for estimation of liability is based on Government securities yield. Gain or loss arising from change in actuarial assumptions/experience adjustments is recognized in the Revenue Account for the period in which they emerge. Expected long term rate of return on assets has been determined based on historical experience and available market information.

iii) Long Term post-employment benefits - defined contribution plans

Superannuation: The Company has established a defined contribution scheme for superannuation to provide retirement benefits to its employees. This superannuation scheme (Bajaj Auto Employee Superannuation Scheme) has been established along with the Company's promoter group. Contributions to this scheme are made by the Company on an annual basis and charged to the Revenue Account, as applicable. The expenses are booked on an undiscounted basis. The Company has no further obligation beyond the monthly contribution.

Provident fund: Each eligible employee and the Company make contribution at a percentage of the basic salary specified under the Employee Provident Funds and Miscellaneous Provisions Act, 1952. The Company recognizes contributions payable to the Provident fund scheme as an expenditure when the employees render the related service. The Company has no further obligations under the plan beyond its periodic contributions.

National Pension Scheme contributions: For eligible employees, the Company makes contributions to National Pension Scheme. The contributions are charged to the Revenue Account, as relevant, in the year the contributions are made.

Other contributions: The Company makes contributions to Employee Labour Welfare Fund, Employee's State Insurance Corporation and Employee Deposit Linked Insurance Schemes. The contributions are charged to the Profit and Loss and Revenue Account, as relevant, in the year the contributions are made.

iv) Compensated absences

The employee can carry forward a portion of the unutilized accrued compensated absences and utilize it in future service periods or receive cash compensation on termination of employment. The Company records an obligation for such compensated absences in the period in which the employee renders the services that increase this entitlement. The obligation is measured on the basis of independent actuarial valuation using the Projected Unit Credit Method.

v) Long term incentive plan

Liability for the scheme is determined based on actuarial valuation using the projected accrued benefit method which is same as the projected unit credit method in respect of past service.

vi) Employee Stock Option plan (ESOP)

Stock options are granted to eligible employees under Employee Stock Option Scheme 2018 ("ESOP Scheme") as formulated by Bajaj Finserv Limited ("Holding Company"). The scheme is administered through Bajaj Finserv Employee Stock Option Trust ("The Trust"). The mode of settlement of the scheme is through equity shares of the holding company. The options so granted are accounted for based on intrinsic value basis in accordance with the 'Guidance Note on Accounting for Employee Share based Payments', issued by the Institute of Chartered Accountants of India ("ICAI"). Intrinsic value of option is the difference between market price of the underlying stock and the exercise price on the date of grant, which is amortized over the vesting period with a charge to the Revenue Account or Profit & Loss Account. Further, any cost of such options, which is reimbursed to the holding company, is amortized over the vesting period with a charge to the Revenue Account or Profit & Loss Account.

2.17 Foreign currency transactions

In accordance with the requirements of Accounting Standard (AS) 11, "The Effects of Changes in Foreign Exchange Rates", foreign currency transactions are initially recognized in Indian Rupees, by applying the exchange rate between the Indian Rupee and the foreign currency at the date of the transaction.

Subsequent conversion on reporting date of foreign currency monetary items are translated using the exchange rate prevailing at the reporting date. Non-monetary items, which are measured in terms of historical cost denominated in a foreign currency, are reported using the exchange rate at the date of the transaction. Non-monetary items, which are measured at fair value or other similar valuation denominated in a foreign currency, are translated using the exchange rate at the date when such value was determined.

Exchange differences are recognized as income or as expenses in the period in which they arise.

2.18 Operating lease

Leases, where the lessor effectively retains substantially all the risks and rewards of ownership of the leased item, are classified as operating lease. The total lease rentals (including scheduled rental increases) in respect of an asset taken on operating lease are charged to the Revenue Account on a straight line basis over the lease term. Initial direct costs incurred specifically for an operating lease are charged to the Revenue Account.

2.19 Contributions to Terrorism Pool

i) Terrorism pool

In accordance with the requirements of IRDAI, the Company, together with other insurance companies, participated in the Terrorism Pool. This pool is managed by the General Insurance Corporation of India ('GIC'). Amounts collected as terrorism premium in accordance with the requirements of the Tariff Advisory Committee ('TAC') are ceded at 100% of the terrorism premium collected to the Terrorism Pool, subject to conditions and an overall limit of ₹ 200,000 lakh per location/compound.

In accordance with the terms of the agreement, GIC retro cedes, to the Company, terrorism premium to the extent of the share agreed to be borne by the Company in the risk, which is recorded as reinsurance accepted. Such reinsurance accepted is recorded based on quarterly confirmation received from GIC. Accordingly, reinsurance accepted on account of the Terrorism Pool is recorded in accordance with the latest statement received from GIC which is generally one quarter in lag.

The entire amount of reinsurance accepted for the current year on this account, net of claims and expenses, up to the above date, has been carried forward to the subsequent accounting period as 'Unexpired Risk Reserve' for subsequent risks, if any, to be borne by the Company.

2.20 Contributions to Solatium funds/Motor Vehicle Accident Fund

The Company provides for contribution to Solatium fund at 0.10% of total Third Party Premium of direct business as per requirements of IRDAI.

2.21 Income Tax

Tax expense comprises of current and deferred tax. Current income tax is measured at the amount expected to be paid to the tax authorities in accordance with the provisions of the Income Tax Act, 1961. Deferred income tax reflects the impact of current year timing differences between taxable income and accounting income and reversal of timing differences for earlier years. Timing differences are the differences between taxable income and accounting income for a period that originate in one period and are capable of reversal in one or more subsequent periods.

Deferred tax is measured based on the tax rates and the tax laws enacted or substantively enacted at the Balance Sheet date. Deferred tax assets are recognized and carried forward only to the extent that there is a reasonable certainty that sufficient future taxable income will be available against which such deferred tax assets can be realized. If the Company has unabsorbed depreciation or carry forward business losses, deferred tax assets are recognized only if there is virtual certainty supported by convincing evidence that such deferred tax assets can be realized against sufficient future taxable profits.

At each Balance Sheet date, the Company re-assesses unrecognized deferred tax assets. It recognizes previously unrecognized deferred tax assets to the extent that it has become reasonably certain or virtually certain, as the case may be, that sufficient future taxable income will be available against which such deferred tax assets can be realized.

Deferred tax asset (net of the deferred tax liability) is disclosed on the face of the Balance Sheet. The breakup of deferred tax assets and deferred tax liabilities into major components of the respective balances has been disclosed in Schedule 16, note 18.

2.22 Goods and Services Tax (GST)

Goods and Services Tax (GST) collected is considered as a liability against which GST paid for eligible input services, to the extent claimable, is adjusted and the net liability is remitted to the appropriate authority as stipulated. Unutilized GST credits, if any, are carried forward under "Others – Unutilized GST Carried Forward" and disclosed in Schedule 12 for adjustments in subsequent periods and GST liability to be remitted to the appropriate authority is disclosed under "Others- GST Payable" in Schedule 13. GST paid for eligible input services not recoverable by way of credits is recognized in the Revenue Account as expenses under a separate line item in Schedule 4 and Schedule 4(A).

2.23 Provisions, Contingent Liabilities and Contingent Assets

A provision is recognized when an enterprise has a present obligation as a result of a past event and it is probable that an outflow of resources will be required to settle the obligation, in respect of which a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. When there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

Contingent assets are neither recognized nor disclosed in the financial statements.

2.24 Earnings per Share

The basic earnings per share is computed by dividing the net profit in the Profit and Loss Account attributable to the equity shareholders by weighted average number of equity shares outstanding during the reporting year.

Number of equity shares used in computing diluted earnings per share comprises the weighted average number of shares considered for deriving basic earnings per share and also weighted average number of equity shares which would have been issued on the conversion of all dilutive potential shares. In computing diluted earnings per share only potential equity shares that are dilutive are included.

2.25 Cash and cash equivalents

Cash and cash equivalents include cash and cheques in hand, bank balances and other investments (fixed deposits) with original maturity of three months or less.

NOTES TO ACCOUNTS

3. Contingent liabilities

Contingent liabilities not provided for in respect of claims against the Company not acknowledged as debts other than insurance matters –

(₹ in lakh)

5	Lila Poonawalla	Independent Director	3	5	8	13	17	30
6	Anami Roy	Independent Director	15	23	38	12	15	27
7	Anup Wadhawan	Independent Director	15	23	38	10	13	23

The Commission is paid to the Independent Directors after the adoption of audited financial statements by the shareholders at the Annual General Meeting for respective financial year.

None of the Non-Executive and Non-Independent Directors of the Company was paid any remuneration during FY2025.

Disclosures pursuant to IRDAI (Remuneration of Key Managerial Persons of Insurers) Guidelines, 2023

i) Qualitative Disclosures

a) Composition and mandate of the Nomination and Remuneration Committee

During FY2025, the composition of the Nomination and Remuneration Committee has been as follows:

- 1) Apurva Diwanji, Chairman (Independent Director) (Member from 15 July 2024 and Chairman from 17 March 2025)
- 2) Anami Roy (Independent Director) (Member up to 27 June 2024 and Chairman from 28 June 2024 up to 12 March 2025)
- 3) Lila Poonawalla (Independent Director) (Chairperson up to 27 June 2024 & Member up to 30 June 2024)
- 4) Ritu Arora (Non-executive Non-Independent Director) (Up to 16 March 2025)
- 5) Sanjiv Bajaj (Non-executive Non-Independent Director)
- 6) Jt. Sanjay Kishan Kaul (Rtd.) (Non-executive Non-Independent Director) (From 17 March 2025)
- 7) Suraj Mehta (Independent Director) (Up to 30 June 2024)
- 8) Sanjiv Sahai (Independent Director) (From 17 March 2025)
- 9) Anup Wadhawan (Independent Director) (From 15 July 2024)
- 10) S Sreenivasan (Non-executive Non-Independent Director)

The Committee is constituted with responsibility to identify persons who are qualified to become Directors and who may be appointed in senior management in accordance with the criteria laid down, to formulate the criteria for determining qualifications, positive attributes and independence of a Director, review the succession planning framework of the Company, to specify the manner for effective evaluation of performance of the Board, its committees

and individual directors and review its implementation and compliance, recommendation of remuneration policy for Directors, key managerial personnel and other employees, etc. The Committee recommends remuneration of Managing Director & Chief Executive Officer (MD & CEO) for the approval of the Board considering, inter alia, performance of the Company and that of MD & CEO, market benchmarking, etc. The Committee also reviews adherence of remuneration of Key Managerial Personnel (KMP's) to Board approved policy on remuneration of KMPs.

b) Objectives & Key Features of the Remuneration Policy

The objective of the policy is to provide for effective governance of compensation of KMPs to ensure alignment of compensation with prudent risk taking and protection of interest of stakeholders including policyholders. The policy also ensures that the remuneration structure and the quantum payable to the KMPs besides being in compliance with the applicable regulatory requirements should also be competitive in the insurance industry. The said policy sets out all aspects of the remuneration structure of the KMPs of the Company including level and components of remuneration, risk adjustment, claw back, remuneration in case of new appointment and severance pay.

c) Design & Structure of the Remuneration Policy

The remuneration structure consists of fixed remuneration as well as variable remuneration consisting of annual bonus and long-term incentive in the form of stock options of holding company of the Company. The proportion of fixed remuneration in the total remuneration as well as deferment of variable remuneration out of total variable remuneration is reasonable and in adherence to regulatory requirements. Salary levels prevailing amongst other insurance companies and other comparable companies in financial services like NBFCs, banks and mutual funds, etc. are considered. Benchmarking is undertaken periodically in order to arrive at optimum compensation so as to attract and retain the talent. The size and complexity of the Company's business and overall operational set up is also given due consideration.

d) Risks adjustment to and linkage of performance with remuneration

The remuneration process considers the current and future risk factors in terms of setting the targets and evaluation criteria as well. Performance parameters, based on quantitative as well as qualitative risk factors with appropriate weightages, are specified based on annual operating plan and priorities set by the Board each year. It is ensured that the remuneration structure including the performance parameters shall not encourage the KMPs to take inappropriate or excessive risks for their performance based variable pay. Deterioration in the financial performance and other parameters and / or under performance shall lead to contraction in total amount of variable pay which may even be reduced to zero. The Company does not pay any guaranteed bonus. In the event of any fraud and / or matters involving moral turpitude, material and consistent negative trend in the minimum performance parameters in the circumstances mentioned in the policy, the Nomination and Remuneration Committee can consider malus and / or clawback of any paid / unpaid variable remuneration.

10. Premium deficiency

The Company has provided Premium Deficiency Rupees Nil (Previous year – Nil) as per IRDAI regulatory guideline – refer Schedule 16 note 2.9.

11. Rural, Social Sector and Motor Third Party Obligations

i) Rural Obligation

Industry level obligation: As per the Regulations, all general insurers are collectively required to cover minimum 10% of motor vehicles (excluding new vehicles), dwellings, lives (health and personal accident separately) in each of at least 25,000 Gram Panchayats (GP). The said 10% business obligation is to be calculated on the data / information available with the respective authorities. However, in absence of such data being made available to the Insurers, collective attainment of 10%

obligation at industry level cannot be assessed and the same is beyond the control of the Insurer. Whilst this is an industry level issue, the Company has disclosed the actual business carried out by it in the allotted GPs during the financial year.

The Company was allotted 2,522 GPs across Uttar Pradesh (2,340), Jammu & Kashmir (174) and Ladakh (8). The Company has, through its persistent efforts and by leveraging its robust distribution network across these 3 States / Union Territories, underwritten business in all the allotted 2,522 GPs sourcing 33,179 policies during the year. In addition, the Company has underwritten business in 37,584 GPs across the three states / union territories towards achievement of larger objective of Regulations to increase insurance penetration in rural areas. In other states / union territories pan-India, the Company has underwritten business in 155,635 GPs.

Note - The General Insurance Council has made a formal representation to the Insurance Regulatory and Development Authority of India highlighting all the practical challenges involved in adhering to the above referred regulations (Rural, Social and Motor TP) in its current form and sought forbearance with respect to the obligation for the financial year 2024-25 for the general insurance industry at large. A response is awaited from the Regulator on the said representation.

ii) Social Obligation

As per IRDAI (Rural, Social Sector and Motor Third Party Obligations) Regulations, 2024, during current financial year the Company is required to ensure minimum 10% of total lives written by the Company should be from defined social sector. During the year the Company has written 11.5% of total lives written under the social sector.

Particulars	(Count – numbers)
	FY 2025
Total No. of Lives insured in current year	23,707,241
No. of lives insured under social sector as defined	2,743,486
% of lives covered under Social Sector	11.6%

iii) Motor Third Party Obligation

As per the Regulations, insurers are required to ensure minimum 7.5% increase in the number of Goods Carrying Vehicles (GCV), Passenger Carrying Vehicles (PCV) and Tractors (Miscellaneous segment) insured for motor third party liability as compared to previous year. The vehicles considered towards attainment of obligation include the uninsured vehicles, own renewals and renewals of other companies with gap of at least 30 days from expiry of previous policy. New vehicles underwritten by the Company are not considered towards computation of the obligations as per the regulations.

The Motor TP Obligation Achievement of the Company for the FY 2024-25 is as under-

Vehicle Category	Obligation for 1st year following notification of Regulations (Minimum NOP*)	NOP obligation for FY2025 (7.5% increase over FY2024)	Actual NOP FY2025
Goods Carrying Vehicles	5,000	380,281	203,785
Passenger Carrying Vehicles	5,000	437,018	174,216
Tractor	1,000	34,038	13,469
Grand Total		851,337	391,470

*NOP-Number of Policies

In the first financial year following notification of the said Regulations, every insurer has been mandated to underwrite a minimum of 5,000 GCV, 5,000 PCV and 1,000 tractors (Miscellaneous segment). The Company has achieved the said minimum obligation for the first financial year following notification of the said Regulations category wise as can be seen from the following table. However, at an overall level, the Company could achieve an obligation of only 46% across all three categories of vehicles

The Regulations are structured in a manner which made the compliance onerous for the industry due to the following factors-

- New vehicles underwritten by the Company are not allowed to be considered towards the obligations
- For an Insurer to achieve the Motor TP obligation, a substantial number of uninsured vehicles have to be underwritten in a financial year, for which the uninsured vehicle data was to be shared by the IIBI / RTOs with the respective lead insurers of the States. No such information was shared with the Insurers.

Note - The General Insurance Council has made a formal representation to the Insurance Regulatory and Development Authority of India highlighting all the practical challenges involved in adhering to the above referred regulations (Rural, Social and Motor TP) in its current form and sought forbearance with respect to the obligation for the financial year 2024-25 for the general insurance industry at large. A response is awaited from the Regulator on the said representation.

12. Extent of risk written and reinsured based on Gross written premium (excluding excess of loss and catastrophe reinsurance)

Particulars	For the year ended 31 March 2025 % age of business written	For the year ended 31 March 2024 % age of business written
Risk Retained	43%	47%
Risk Insured	57%	53%
Total	100%	100%

13. Contribution to Environment Relief Fund

The Company has collected an amount of ₹ 64.19 lakh (Previous year - ₹ 55.90 lakh) towards Environment Relief Fund from public liability policies. The Company has paid all the funds collected towards Environment Relief Fund up to 31 January 2025 to United India Insurance Company, the implementing agency for the fund. In line with the amendment in the ERF Scheme, 2008, through notifications dated 17 December 2024, the funds collected towards Environment Relief Fund from 1 February 2025 onwards has to be paid to Central Pollution Control Board, the new fund manager for ERF Scheme for 5 years, effective 1 January 2025. Accordingly, liability for the month of February 2025 has been paid to new fund manager. The balance payable amounting to ₹ 15.26 lakh (Previous year ₹ 4.44 lakh) has been disclosed under the head current liabilities in schedule 13.

14. Segmental reporting

The Company's primary reportable segments are business segments, which have been identified in accordance with the Regulations. The operating expenses, income from investments and other income attributable to the business segments are allocated as mentioned in Schedule 16 note numbers 2.12, 2.13 and 21 respectively. Segment revenue and results have been disclosed in the financial statements. Due to inherent complexities, segment assets and liabilities have been identified to the extent possible in the statement annexed (refer Annexure 1) hereto. There are no reportable geographical segments since the Company provides services only to customers in the Indian market or to Indian interests overseas and does not distinguish any reportable regions within India.

15. Related party disclosures

Related party disclosures have been set out in a separate statement annexed (refer Annexure 2) to this schedule as per Accounting Standard 18 'Related Party Disclosures' issued under Companies (Accounting Standards) Rules, 2006.

16. Operating lease payments

The Company's significant leasing arrangements include agreements for official and residential premises. These lease agreements are generally mutually renewal / cancellable by the lessor / lessee. The future minimum lease payments relating to non-cancellable leases are disclosed below:

Particulars	(₹ in lakh)	
	31-Mar-25	31-Mar-24
Payable not later than one year	589	426
Payable later than one year but not later than five years	189	341
Payable later than five years	-	-

- Amount charged to Revenue Accounts in respect of all lease arrangements aggregates ₹ 3,631.72 lakh (Previous year ₹ 3,162.94 lakh).
- There are no transactions in the nature of sub leases.
- The period of agreement is generally for five years and renewable thereafter at the option of the lessee.

17. Earnings per Share ('EPS')

Particulars	(₹ in lakh, Count – numbers)	
	FY 2025	FY 2024
Profit after Tax		
Basic earnings before extra-ordinary items [A] Rupees	183,229	155,033
Basic earnings after extra-ordinary items [B] Rupees	183,229	155,033
Weighted average number of equity shares (par value of ₹ 10 each) [C]	110,227,250	110,227,250
Basic and diluted earnings per share [A/C] Rupees	₹ 166.23	₹ 140.65
Basic and diluted earnings per share after extraordinary items [B/C] Rupees	₹ 166.23	₹ 140.65

As there were no dilutive equity shares or potential equity shares issued, no reconciliation between the denominator used for computation of basic and diluted earnings per share is necessary.

18. Taxation

Direct tax

The deferred tax assets and liabilities, arising due to timing differences have been recognized in the financial statements as under:

Deferred tax asset	(₹ in lakh)	
	31 March 2025	31 March 2024

Solatium fund	590	646
Provision for diminution in value of Investments	-	882
Total	2,952	6,812

	(₹ in lakh)	
	31 March 2025	31 March 2024
Deferred tax asset		
Deferred tax liability		
Timing difference on account of -		
Depreciation as per section 32 of Income Tax Act, 1961	-2,842	-2,756
Net deferred tax asset	110	4,056
Deferred Tax (income) / expense recognized in the Profit and loss account	3,946	-791

19. Employee benefit plans

i) Defined contribution plan

The Company has recognized following amounts in the Revenue and the Profit and Loss account, as relevant, for the year in respect of contribution towards defined contribution plans:

	(₹ in lakh)	
Particulars	31 March 2025	31 March 2024
Provident fund	3,930	3,342
Superannuation scheme	8	8
Employees state insurance corporation	6	19
Labour welfare fund	7	5
Contribution to National Pension Scheme	277	231
Contribution to Employee Deposit Linked Insurance	86	77
Total	4,314	3,683

ii) Defined benefit plan (gratuity)

The Gratuity plan of the Company provides for a lump-sum payment to vested employees at retirement/termination/death or on resignation from employment. The payment is based on employee's last drawn salary and number of years of employment with the Company. The actuarial valuation of gratuity liability of the Company is determined at each Balance Sheet date using projected unit cost method. The Company makes the contribution to an approved gratuity fund which is maintained and managed by Bajaj Allianz Life Insurance Company Limited. The following table shows the amounts recognized in the Balance Sheet.

I. Revenue Account

Net employee benefit expense (recognized in Employee cost)

	(₹ in lakh)	
Particulars	31 March 2025	31 March 2024
Current service cost	1,001	894
Interest cost on defined benefit obligation	664	584
Expected return on plan assets	-617	-462
Net actuarial loss recognized in the year	892	363
Past Service Cost	81	-
Net benefit expense	2,022	1,378
Actual return on plan assets	890	863

II. Balance Sheet

(i) Details of provision for gratuity

(₹ in lakh)

Particulars	31 March 2025	31 March 2024
Defined benefit obligation	12,059	9,795
Fair value of plan assets	-12,103	-9,816
Net liability/(asset) recognized in the Balance Sheet	-44	-21

(ii) Changes in the present value of the defined benefit obligation are as follows:

(₹ in lakh)

Particulars	31 March 2025	31 March 2024
Opening defined benefit obligation	9,795	8,357
Interest cost	664	584
Current service cost	1,001	894
Benefits paid	-648	-804
Actuarial losses/(gains) on obligation	1,166	763
Past Service Cost	81	-
Closing defined benefit obligation	12,059	9,795

(iii) Changes in the fair value of plan assets are as follows:

(₹ in lakh)

Particulars	31 March 2025	31 March 2024
Opening fair value of plan assets	9,816	8,362
Expected return	617	462
Contributions by employer	2,045	1,394
Benefits paid	-648	-804
Actuarial (losses)/gains	273	400
Closing fair value of plan assets	12,103	9,816

The Company expects to contribute ₹ 1,000.00 lakh to gratuity in FY2026.

(iv) The major categories of plan assets as a percentage of the fair value of total plan assets are as follows:

(₹ in lakh)

Particulars	31 March 2025	31 March 2024
Investments with insurer	100	100
Asset allocation:		
Government securities	34	44
Debentures and bonds	57	40
Equity	5	6
Money market instruments	3	10
Others	1	0

(v) The principal assumptions used in determining the benefit obligations for the Company's gratuity plans are shown below:

(in %)

Particulars	31 March 2025	31 March 2024
Discount rate	6.60	7.15
Expected rate of return on assets	7.00	7.00
Increase in compensation cost	9.50	9.50

The estimates of future salary increases, considered in actuarial valuation, takes into account inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

(vi) Experience Adjustments for the current and previous four years are as follows:

(₹ in lakh)

Particulars	31 March 2025	31 March 2024	31 March 2023	31 March 2022	31 March 2021
Defined benefit obligation	12,059	9,795	8,357	7,686	6,154
Plan assets	12,103	9,816	8,362	7,714	6,177
Surplus / (deficit)	44	21	5	28	23
Experience adjustments on plan liabilities	884	786	654	667	193
Experience adjustments on plan assets	273	400	-73	79	-7

iii) Other long-term benefits**Compensated absence**

Liability for compensated absence for employees is determined based on actuarial valuation which has been carried out using the projected accrued benefit method which is same as the projected unit credit method in respect of past service. The assumptions used for valuation are:

Particulars	31 March 2025	31 March 2024
Defined benefit obligation	1,999	1,629
Expenses Recognized in the Profit and Loss Account and Revenue Account During the year	1,968	1,635
Actuarial assumptions used		
Discount rate	6.60%	7.15%
Salary escalation rate*	9.50%	9.50%
Mortality Table	Indian Assured Lives Mortality (2012-14) Ultimate	Indian Assured Lives Mortality (2012-14) Ultimate

* Future salary increase considered in actuarial valuation takes into account inflation, seniority, promotion and other relevant factors such as supply and demand in the employment market.

Long-term incentive plans (LTIP)

Liability for the scheme is determined based on actuarial valuation using the projected accrued benefit method which is same as the projected unit credit method in respect of past service. The assumptions used for valuation are given below. During the year a new tranche of LTIPs was granted to a select population with a differed payout period of three years. During the year a new tranche of LTIPs is granted to a selected population which will be paid within 12 months.

Particulars	31 March 2025	31 March 2024
Defined benefit obligation	364	393
Expense recognized in income statement during the year	35	324
Actuarial assumptions used		
Discount rate	6.55%	7.10%
Attrition rate	5.00%	5.00%

Employee Stock Options Plans

The Company has granted Employee Stock Option 2018-Tranche I ("ESOP 2018"), Employee Stock Option 2018 – Tranche III ("ESOP 2019"), Employee Stock Option 2018 – Tranche IV ("ESOP 2020"), Employee Stock Option 2018 – Tranche VI ("ESOP 2021"), Employee Stock Option 2018 – Tranche VIII ("ESOP 2022"), Employee Stock Option 2018 – Tranche XI ("ESOP 2023") and Employee Stock Option 2018 – Tranche XIII ("ESOP 2024") to its eligible employees. These grants have a graded vesting over three years and the vested options have to be exercised by employees within five years from the date of vesting, subject to the norms prescribed by the Nomination and Remuneration Committee. The mode of settlement of the scheme is through equity shares of the Bajaj Finserv Limited (holding company).

ESOP 2018 and 2019

The intrinsic value of the options issued under ESOP 2018 and 2019 is 'Nil' and accordingly, no expenses are recognized in the books of account.

ESOP 2020, ESOP 2021, ESOP 2022, ESOP 2023 & ESOP 2024

While the intrinsic value of the options granted under ESOP 2020, ESOP 2021, ESOP 2022, ESOP 2023 & ESOP 2024 are also 'Nil', the Company has reimbursed cost of such options to the holding company. This cost is amortised over the vesting period resulting in amortisation charged to Revenue Account / Profit & Loss Account of ₹ 5,295.60 Lakhs (Previous year: ₹ 4,411.44 Lakhs)

During the year FY2023 there was a corporate action on the shares of Bajaj Finserv Ltd. which included a share split and a bonus allotment which translated into a conversion factor of 10 shares for each share / option held. Options data and the related price, as detailed below, accordingly stands revised basis the conversion factor in respect of all years.

Details of each option is as follows:

	ESOP 2024	ESOP 2023	ESOP 2022	ESOP 2021	ESOP 2020	ESOP 2019	ESOP 2018
Particulars	No of options	No of options	No of options	No of options	No of options	No of options	No of options
Date of Grant	26 April 2024	27 April 2023	28 April 2022	28 April 2021	22 May 2020	16 May 2019	19 July 2018
No. of Options Granted	12,98,800	12,69,142	11,32,380	14,92,000	17,66,750	4,52,000	1,66,250
Exercise Price (₹)	1655.55	1334.7	1482.64	1009.14	470.21	745.47	636.57

	FY2024	23	-	-	-	-	-	-	18	5
Total	FY2025	3,261	211	332	231	218	224	220	1,610	215
	FY2024	1,288	183	140	175	152	87	44	501	5

Notes:

- During the previous financial year, a one time re-classification exercise was carried out by the Company pursuant to IRDAI Circular no. IRDAI/Life/CIR/Misc/41/2/2024 dated February 16, 2024 on Unclaimed Amounts. This has resulted in an increase of unclaimed balances during FY2024 due to alignment of the accounting classification in accordance with the revised definition of 'Unclaimed Amounts' as per the above referred circular.
- In addition, IRDAI Circular no. IRDAI/Life/CIR/Misc/41/2/2024 dated February 16, 2024 on Unclaimed Amounts requires insurers to also include in unclaimed balances, sums under litigation towards (a) any dues in litigation under an insurance policy, (b) dues on rival claims or open title claims and (c) dues on account of freezing/blocking of insurance policies by any government agency. The amounts outstanding on account of such litigations as at 31 March 2024 stands at ₹ 2,631.06 lakh and the total unclaimed balances translate to ₹ 3,919.48 lakh. As per IRDAI Master circular no IRDAI/PPGR/CIR/MISC/97/06/2024 dated 19th June 2024 it has now been included in opening balance of the current year FY2025.

As per IRDAI circular no. IRDA/F&A/CIR/Mis/282/11/2020 dated 17 Nov 2020 which required disclosure of the following information on unclaimed amount of policy holders.

Details of Unclaimed Amount & Investment Income:

(₹ in lakh)

Particulars	FY 2025			FY 2024		
	Policy Dues	Income Accrued	Total	Policy Dues	Income Accrued	Total

Less : Amount transferred to SCWF (net of claims paid in respect of amounts transferred earlier)	30	10	39	12	6	18
Closing balance of unclaimed Amount fund	3,016	245	3,261	1,262	26	1,288

25. Pending litigations

The Company's pending litigations comprise of claims against the Company and proceedings pending with various Tax Authorities including Income Tax, Service Tax and Goods and Services Tax (GST). The Company has reviewed all its pending litigations and proceedings and has made adequate provisions, wherever required and disclosed the contingent liabilities, wherever applicable, in its financial statements. The Company does not expect the outcome of these proceedings to have a significant impact on its financial position. (Refer note no.3 of schedule 16 for details on contingent liabilities).

26. Long term contracts

The Company periodically reviews all its long term contracts to assess for any material foreseeable losses. Based on such review, the Company has made adequate provisions for these long term contracts in the books of account as required under any applicable law/accounting standard.

As at 31 March 2025 the Company did not have any outstanding derivative contracts. (Previous year- Nil).

27. Contribution to Investor Education and Protection Fund

For the year ended 31 March 2025, there is no amount that needs to be transferred to the Investor Education and Protection Fund. (Previous year- Nil).

28. Corporate Social Responsibility

During the year, as per provisions of section 135 of Companies Act, 2013 ("the Act"), the Company was required to spend ₹ 3,767.11 lakh (Previous year ₹ 3,576.68 lakh) being 2% of average net profits made during the three immediately preceding financial years in pursuance of its Corporate Social Responsibility Policy. The details of the amount spent on ongoing and other than ongoing projects during the year and amount transferred to unspent CSR account pursuant to section 135 of the Act are given below:

Solvency ratio prescribed by Regulation	1.5	1.5

31. Dividend

At the Annual General Meeting of the Company held on 29 April 2024, Shareholders declared dividend of ₹ 60 per share (Previous year- ₹ 27 per share) on face value of ₹ 10 per equity share (i.e. 600%) for FY2024. The dividend amounts to ₹ 66,136 lakhs (Previous year- ₹ 29,761 lakhs).

32. Encumbrance of Assets

The assets of the Company are free from all encumbrances except to the extent assets or monies are required to be deposited as margin contributions for investment trade obligations of the Company as detailed below:

Assets encumbered with Clearing Corporation of India Limited (CCIL)

The following cash deposit have been placed with CCIL towards margin requirement / default fund for settlement of trades in the securities and Tri-Party Repo segment:

(₹ in lakh)

Particulars	31 March 2025	31 March 2024
Margin Money Deposits	751	751
Default Fund	154	154

Nature of pledge: These deposits can be invoked by CCIL in case of any default by the Company in settlement of trades in securities and Tri-Party Repo segment.

33 Non-performing investments

All investments of the Company are performing investments.

There are no assets subject to restructuring (31 March 2025- Nil) initiated by the company as a result of stress faced by the investee Companies. (Previous Year- Nil).

34 Value of investment contracts where settlement or delivery is pending as at year end is as follows:

(₹ in lakh)

Particulars	31 March 2025	31 March 2024
Purchases where deliveries are pending	Nil	Nil
Sales where receipts are due	6,439	1,485

There are no investment contracts where securities have been sold but payments are overdue at the Balance Sheet date.

35 Provision for Standard assets for debt portfolio

In accordance with the 'Guidelines on Prudential norms for income recognition, Asset classification, Provisioning and other related matters in respect of Debt portfolio' as specified by IRDAI vide the Master Circular dated 11 December 2013 a provision for standard assets at 0.40% of the value of the asset is required. There are no loans in the nature of investments outstanding and hence, no provisioning has been made during the year.

36 Foreign exchange gain/loss

The foreign exchange loss (net) credited to Revenue Account for the year ended 31 March 2025 is ₹ 128.64 lakh (31 March 2024 exchange loss (net) ₹ 48.64 lakh).

37 Disclosures on other work given to auditors

Pursuant to Corporate Governance guidelines issued by IRDAI dated May 18, 2016, the additional works (other than statutory/ internal audit) given to the auditors are detailed below:

(₹ in lakh)

Name of Audit firm	Services rendered	31 March 2025	31 March 2024
S. R. Batliboi & Co. LLP	Other audit fees	23	15
KKC & Associates LLP	Other audit fees	21	24

38 Statement containing names, descriptions, occupations of and directorships held by the persons in charge of management of the business under section 11 (3) of Insurance Act, 1938 (amended by the Insurance Laws (Amendment) Act, 2015)

Name of person in-charge	Tapan Singhel
Designation of person in-charge	Managing Director and Chief Executive Officer
Occupation of person in-charge	Service
Directorships held by person in-charge	Member of the Board of The Indo German Chamber of Commerce
Directorships held by person in-charge	Member of the Board of Institute of Insurance and Risk Management
Directorships held by person in-charge	Member of the Board of Bima Sugam India Federation

39 Long Term Policy Premium Recognition

As per the Master Circular issued by IRDAI (Actuarial, Finance and Investment Functions of Insurers) Regulations, 2024 dated 17 May 2024 and further directives from IRDAI, effective 01 October 2024; recognition of premium for a Long-Term policy, where policy duration exceeds 12 months, is being recognized on 1/n basis where 'n' represents policy duration. Any excess amount collected is being accounted as "Advance Premium". Accordingly, the accounting for long-term policy has been changed effective October 01, 2024 and prior period numbers may not be comparable. The said change has led to deferment of gross written premium by ₹ 55,052 lakhs for the year ended March 31, 2025.

40 Remuneration to MD/CEO/WTG/Other KMP

The Company has disclosed the remuneration to MD/CEO/WTG/Other KMP separately in the Revenue account vide regulation no IRDAI/Reg/10/204/2024 which has been prescribed during the current financial year. The previous year figures have not been reinstated and hence are not comparable.

41 Matter under litigation : Crop insurance claims

The Company had covered farmers in Osmanabad District in Kharif-2020 season under the Pradhan Mantri Fasal Bima Yojana (PMFBY) and had duly paid claims to the farmers based on intimation of claims and surveys done as per PMFBY. Subsequently, Government of Maharashtra on an arbitrary basis advised that losses as per the National Disaster Relief Fund (NDRF) surveys should be considered, which, according to the Company as well as the Government of India, was not in concurrence with the PMFBY. The same became subject matter of litigation via writs, Public Interest Litigation, contempt petition, etc. filed by the Company, farmers and Govt of Maharashtra. The District Collector of Osmanabad, upon disposal of various petitions and writs against the Company, informed that the Company should consider NDRF losses only as reference and pay for entire insured area instead of the actual affected area as per NDRF survey. The Company has challenged the same by filing a separate writ before the Hon'ble Bombay High Court, Aurangabad bench, which stayed the orders of the District Collector of Osmanabad upon deposit of ₹ 15,000 lakh by the Company.

The Hon'ble Supreme Court has also dismissed the said contention of the District Collector of Osmanabad and dismissed the contempt petition filed by the State of Maharashtra and other private petitioners on 19 May 2023 and noted that the Company would be liable to pay total ₹ 37,500 lakh, out of which it has already paid ₹ 30,000 lakh and hence out of ₹ 15,000 lakh deposited with the Hon'ble Bombay High Court, Aurangabad bench, ₹ 7,500 lakh has been duly appropriated and accounted for as payment and consequentially disbursed to the eligible farmers by the State of Maharashtra. Balance ₹ 7,500 lakh would be retained as deposit with the Registry of the High Court awaiting final appropriation in terms of the order to be made in the writ petition filed by the Company. Impact of these claims paid of ₹ 37,500 lakh so far, net of reinsurance, is ₹ 7,500 lakh. The Company has taken an independent legal opinion on this matter and does not expect any incremental liability in the books of account.

In a separate matter, the Company had covered farmers in Osmanabad District in Kharif-2021 season for Soyabean crop. The Company conducted surveys upon intimation of mid-season adversity and localized calamities due to unseasonal rains and paid ₹ 37,460.33 lakh as claims (representing 50% of losses payable as per the PMFBY scheme). As per the PMFBY scheme, crop cutting experiments were conducted in the presence of State Government and local administrative officials and there was no loss of yield as per the inspection. Crop cutting experiment was carried out immediately post the actual harvesting period but the District Collector of Osmanabad has asked the Company to pay remaining 50% losses (i.e. ₹ 37,460.33 lakh, impact net of re-insurance ₹ 7,492.07 lakh) as the crop cutting experiment was not carried out based on the harvest period mentioned in the Government notification. The Company has challenged the same by filing a separate writ before the Hon'ble Bombay High Court, Aurangabad bench, which has stayed the orders of the District Collector of Osmanabad. The Company has taken an independent legal opinion on this matter and does not expect any liability in the books of account.

42 Audit Trail

The accounting software used by the Company to maintain its Books of account have a feature of recording audit trail (edit log) facility and the same has been operated throughout the year for all transactions recorded in the software as also in data base maintained with respect thereto. Additionally, the audit trail for prior year has been preserved by the Company as per statutory requirements for record retention.

43 Update on readiness for IND AS convergence

During the current year Ind AS 117 – Insurance Contract have been notified by the Ministry of Corporate Affairs (MCA). Ind AS (including Ind AS 117) will be applicable to insurance companies once notified by the IRDAI. IRDAI through its communication dated 10th January 2025 have asked insurers to submit proforma financial statements for FY 2023-24 and FY 2024-25 within specified timelines. These proforma financial statements will facilitate the impact assessment of Ind AS on financial statements and will assist in policy choices. The Company has initiated work on convergence, which is summarized as follows:

- Steering and working committee formed having cross functional representation from Finance & Accounts, Actuarial, Technology etc.
- The initial gap and high-level impact assessment for sample of products completed
- Submitted initial Gap Assessment Report to IRDAI covering assessment of decisions, data, system and processes expected to be impacted
- Engaged knowledge, implementation and technology partner
- Initiated implementation activities with the help of the implementation partner
- Quarterly implementation status updates to the Audit Committee and the Board of Directors

44 Ultimate beneficiary

No funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person(s) or entity(ies), including foreign entities ('Intermediaries'), with the understanding, whether recorded in writing or otherwise, that the Intermediaries shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the ultimate beneficiaries. No funds (which are material either individually or in the aggregate) have been received by the Company from any person(s) or entity(ies), including foreign entities ('Funding Parties'), with the understanding, whether recorded in writing or otherwise, that the Company shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the funding party ('Ultimate Beneficiaries') or provide any guarantee, security or the like on behalf of the ultimate beneficiaries.

45 Previous year comparatives

Previous year figures have been re-grouped and reclassified wherever necessary to conform to current period's presentations.

Allianz 

Rooted in Purpose. Growing with Time.

For over a century, our purpose has been our guide – nation building, empowering communities, building trust and creating financial resilience.

As the world transforms, so do we – blending legacy with innovation, experience with agility.

With deep roots and a clear vision, we're not just keeping pace with change – we're shaping it. Because while time moves forward, purpose keeps us grounded and growing.
