35. OTHER INSTRUCTIONS

- i. A person who is not a Member as on the Cut-off Date should treat this Notice for information purposes only. A person whose name is recorded in the register of members or in the register of beneficial owners maintained by the depositories as on the Cut-off Date i.e. **Monday, September 22, 2025** only shall be entitled to avail the facility of remote e-voting or for participation at the AGM and e-voting thereat.
- ii. The voting rights of the Members shall be in proportion to the paid-up value of their shares in the total voting capital of the Company as on the Cut-off Date i.e. **Monday, September 22, 2025**. The total voting capital of the Company for determining the voting rights of members as on Cut-off Date will be 355,656,663 Shares (i.e. including 330,656,663 Equity Shares and 25,000,000 Preference Shares), unless any further changes in the paid up capital until Cut-off Date.

- iii. Due to non-payment of dividend by the Company for two years on 0.01% 2,50,00,000 Non-cumulative Non-convertible Redeemable Preference Shares ("Preference Shares") of face value of ₹ 10/-(Rupees Ten) each, voting rights triggered on the Preference Shares in terms of relevant provisions of the Companies Act, 2013. However, the Company has filed a petition before the Hon'ble National Company Law Tribunal, New Delhi Bench ("NCLT") on June 14, 2019 seeking rectification of Register of Members of the Company by cancellation of said Preference Shares and also sought interim relief with respect to suspension of voting rights and dividend rights attached to the said Preference Shares. The Hon'ble NCLT on September 29, 2021 directed ordering the status quo on the respondents to restrain them from exercising their voting power with the resolution until further order. Further, vide order dated December 16, 2021, it was affirmed by Hon'ble NCLT that interim order will continue. The matter is currently sub-judice. Hence holders of said Preference Shares also will not be entitled to vote on the said resolution.
- iv. In case of any query and/or grievance, in respect of voting by electronic means, Members may refer to the Help & Frequently Asked Questions (FAQs) and E-voting user manual available at the download section of <https://evoting.kfintech.com> (KFin Technologies Website) or contact Ms. Rajitha C – Corporate Registry of KFin Technologies Limited, Selenium Tower B, Plot 31-32, Financial District, Nanakramguda, Serilingampally, Hyderabad – 500 032 at 1800 -309 -4001 (Toll Free) or send email at inward.ris@kfintech.com.
- v. You can also update your mobile number and e-mail id in the user profile details to get e-voting confirmation and which may be used for further communications.

EXPLANATORY STATEMENT

Explanatory Statement pursuant to Section 102 of the Companies Act, 2013 (hereinafter referred to as the "Act")

ITEM NO. 3

Appointment of M/s J C Bhalla & Company, Chartered Accountants (Firm Registration No. 001111N) as Statutory Auditors of the Company

As per Section 139 of the Act, every company shall, at the first annual general meeting, appoint an individual or a firm as an auditor who shall hold office from the conclusion of that meeting till the conclusion of its sixth annual general meeting and thereafter till the conclusion of every sixth meeting. The listed company shall not appoint or re-appoint an audit firm as auditor for more than two terms of five consecutive years.

Further RBI has issued a Circular on 'Guidelines for Appointment of Statutory Central Auditors (SCAs)/ Statutory Auditors (SAs) of Commercial Banks (excluding RRBs), UCBs and NBFCs (including HFCs)' on April 27, 2021 ("**RBI Circular**"). These Guidelines provide necessary instructions for appointment of SCAs/SAs, the number of auditors, their eligibility criteria, tenure and rotation, etc. while ensuring the independence of auditors.

As per above said RBI Circular, an audit firm can be appointed for a continuous period of three years (counted as one tenure) only and shall not be eligible for re-appointment in the same entity for six years (two tenures) after completion of one tenure of three years.

M/s. S. P. Chopra & Co., Chartered Accountants (Firm Registration No. 000346N) previous Statutory Auditors of the Company held the office until conclusion of the 40th AGM held on February 07, 2025. Accordingly, the resolution to appoint M/s Kirtane & Pandit LLP, Chartered Accountants as the new Statutory Auditors of the Company was proposed for approval of shareholders in the said AGM of the Company. The resolution failed to get passed with the requisite majority of votes in favor thereby resulting in a vacancy in the office of statutory auditors.

Accordingly Board of Directors of the Company in their meeting held on February 21, 2025 on recommendation of Audit & Governance Committee proposed the appointment of M/s J C Bhalla & Company, Chartered Accountants (Firm Registration No. 001111N) as statutory auditors of the Company to hold office for a period of three consecutive years commencing from the financial year 2024-25 until the conclusion of the 43rd

Annual General Meeting of the Company to be held in the year 2027 for the approval of shareholders.

Accordingly, shareholders in their Extra-Ordinary General Meeting (EGM) held on April 10, 2025 approved the appointment of statutory auditors for FY 2024-25 effective from the date of approval of shareholders (i.e. April 10, 2025) until the conclusion of 41st AGM and the appointment for subsequent two years i.e. for financial years 2025-26 & 2026-27 until the conclusion of 43rd AGM of the Company to be held in the year 2027 shall become effective upon the approval of shareholders in the ensuing 41st AGM of the Company

In view of above, appointment for remaining period of two years i.e. for financial years 2025-26 & 2026-27 until the conclusion of 43rd AGM of the Company to be held in the year 2027 is being proposed for approval of shareholders in the forthcoming 41st AGM of the Company.

The Board and Audit & Governance Committee have considered various parameters like capability to serve financial services industry in which the Company and its subsidiaries operate, audit experience, market standing of the firm, clientele served, technical knowledge, independence etc., and found M/s J. C. Bhalla & Co., Chartered Accountants to be best suited to handle the scale, diversity and complexity associated with the audit of the standalone and consolidated financial statements of the Company.

M/s J. C. Bhalla & Co., Chartered Accountants (Firm Registration No. 001111N), have conveyed their consent to be appointed as statutory auditors of the Company along with necessary consent/ eligibility certificate / disclosure / confirmation in terms of the Act and RBI Circular, confirming that they are not disqualified to be appointed as Statutory Auditors.

Considering the above, M/s J C Bhalla & Company, Chartered Accountants (Firm Registration No. 001111N), whose appointment for 1st financial year i.e. for financial year 2024-25 became effective upon the shareholders' approval in their extra-ordinary general meeting held on April 10, 2025 until the conclusion of this 41st AGM, be recommended for appointment to hold office for next two years i.e. for financial years 2025-26 & 2026-27 until the conclusion of 43rd AGM of the Company to be held in the year 2027, subject to meeting the eligibility norms as may be prescribed by the RBI or any regulatory authority every year.

Disclosure under Regulation 36(5) of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 is as under:

Particulars	Description
Terms of appointments	M/s J C Bhalla & Company, Chartered Accountants (Firm Registration No. 001111N), whose appointment for 1 st financial year i.e. for financial year 2024-25 became effective upon the shareholders' approval in their extra-ordinary general meeting held on April 10, 2025 until the conclusion of this 41 st AGM, are recommended for appointment to hold office for next two years i.e. for financial years 2025-26 & 2026-27 until the conclusion of 43 rd AGM of the Company to be held in the year 2027, subject to meeting the eligibility norms as may be prescribed by the RBI or any regulatory authority every year.
Proposed statutory audit fees payable to the Statutory Auditors	Fees of ₹ 50 lakhs in aggregate towards the statutory audit and limited review for the period / financial year ending March 31, 2026 which may be increased annually thereafter in commensurate with their scope of work, as per prevailing market practices and as per terms mutually agreed and decided by the Board of Directors upon the recommendation of the Audit & Governance Committee. The above fees will be exclusive of the taxes as applicable and reimbursement of out of pocket, travelling and other expenses, etc. in connection with the audit. Besides the audit services, the Company would also avail the other permitted services from the Statutory Auditors, as may be required from time to time, for which they will remunerated accordingly as per mutually agreed terms and as approved by the Audit Committee and the Board.
Any material change in the fee payable to new auditor from that paid to the outgoing auditor along with the rationale for such change	The same auditors i.e. M/s J C Bhalla & Company, Chartered Accountants (Firm Registration No. 001111N), were paid a statutory audit fee of ₹ 35 lakhs plus taxes and out of pocket expenses incurred in connection with the audit for the FY 2025 The proposed remuneration is commensurate with size and operations of the Company and after considering the comparative quotation, prevalent market conditions and inflation adjustments in the existing remuneration being paid by the Company.
Basis of recommendation and auditor credentials	The recommendations are based on the fulfillment of the eligibility criteria prescribed by RBI guidelines and the Companies Act, 2013.

None of the Directors, Promoters and Key Managerial Personnel of the Company and/or their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out in this Notice.

The Board recommends the resolution as mentioned at item no. 3 above for approval of the Members by way of an **Ordinary Resolution**.

ITEM NO. 4

Pursuant to the provisions of Section 204 of the Act the Board of Directors of the Company had appointed M/s. PI & Associates, a Peer Reviewed Firm of Company Secretaries (FRN P2014UP035400 and Peer Review No. 1498/2021) as Secretarial Auditors of the Company, since the financial year **2014-15**.

Pursuant to recent amendment in Regulation 24A of the Listing Regulations through Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) (Third Amendment) Regulations, 2024, the following additional requirements are required to be complied for appointment of a Secretarial Auditor of the Company:

- Every listed entity must undertake a secretarial audit by a Secretarial Auditor who is a Peer Reviewed Company Secretary
- The Board of Directors shall recommend the appointment or reappointment of a Secretarial Audit Firm as Secretarial Auditor for not more than two terms of five consecutive years.

Any prior association of the individual or the firm as the Secretarial Auditor of the listed entity before 31st March, 2025 shall not be considered for the purpose of calculating the tenure.

- Approval of shareholders at the Annual General Meeting ("AGM") is obtained as to appointment approved by Board of the Company.

As per the aforesaid amendment, M/s. PI & Associates is eligible for appointment as the Secretarial Auditors of the Company for 2 (two) terms of five consecutive years.

The proposed secretarial audit firm is undertaking similar audits of other companies of comparable scale and complexity in the market. Considering their expertise, proficiency in handling secretarial audits of the Company, their capability and domain understanding, the Audit & Governance Committee and the Board of Directors, subject to approval of Members, in their meeting held on August 12, 2025 have approved and recommended the appointment of M/s. PI & Associates, a Peer Reviewed Firm of Company Secretaries in practice, as the Secretarial Auditors of the Company for first term of 5 (five) consecutive years, commencing from the financial year 2025-2026 to financial year 2029-2030.

None of the Directors, Promoters and Key Managerial Personnel of the Company and/or their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out in this Notice.

The Board recommends the resolution as mentioned at item no. 4 above for approval of the Members by way of an **Ordinary Resolution**.

ITEM NO. 5

The members of the Company at their Annual General Meeting held on September 11, 2014 approved by way of a **special resolution** under Section 180(1)(c) of the Companies Act, 2013 to borrow money upto ₹ 3000 Cr. in excess of the company's paid up share capital and free reserves, apart from temporary loans obtained from the company's bankers in the ordinary course of business. Further, the members of the Company on December 16, 2013 approved by way of a **special resolution** through postal ballot under Section 180(1)(a) of the Companies Act, 2013 to hypothecate/mortgage/pledge and/or create charge on all or any immovable and movable properties of the Company both present and future or the whole or substantially the whole of the undertaking(s) of the Company as and when necessary to secure the borrowings upto ₹ 3,000 Cr. from time to time, within the overall ceiling approved by the Members of the Company, in terms of Section 180(1) (c) of the Companies Act, 2013

Since the resolutions were passed long back and now the management has changed, it is prudent to seek approval of shareholders again. As per the need of new management, overall ceiling in excess of the aggregate of the paid up share capital and free reserves and securities premium of the Company within which borrowings can be made and security can be created therefor is being revised from ₹ 3,000 Cr. to ₹ 2,000 Cr. Therefore, the members are proposed to pass a Special Resolution under Section 180(1)(c) and 180(1)(a) and other applicable provisions of the Companies Act, 2013, as set out at Item No. 5 of the Notice, to enable to the Board of Directors to borrow money in excess of the aggregate of the paid up share capital and free reserves and securities premium

of the Company and to hypothecate/mortgage/pledge and/or create charge on all or any immovable and movable properties/assets of the Company both present and future or the whole or substantially the whole of the undertaking(s) of the Company as and when necessary to secure the borrowings from time to time, within the overall ceiling approved by the Members of the Company, in terms of Section 180(1) (c) of the Companies Act, 2013.

Approval of members is being sought to borrow money up to ₹ 2,000 Crores (Rupees two thousand crores) in excess of the aggregate of the paid up share capital and free reserves and securities premium of the Company. As the borrowing limit of Section 180 (1)(c) is sought to be renewed, it is also proposed to seek the consent of the members in terms of Section 180(1)(a) of the Companies Act, 2013 to hypothecate/mortgage/pledge and/or create charge on all or any immovable and movable properties/assets of the Company both present and future or the whole or substantially the whole of the undertaking(s) of the Company as and when necessary to secure the borrowings from time to time, within the overall ceiling approved by the Members of the Company, in terms of Section 180(1) (c) of the Companies Act, 2013.

None of the Directors, Promoters and Key Managerial Personnel of the Company and/or their relatives are, in any way, concerned or interested, financially or otherwise, in the resolution set out in this Notice.

The Board recommends the resolution as mentioned at item no. 5 above for approval of the Members by way of a **Special Resolution**.

ANNUAL REPORT 2024-25

SERVING TODAY, SECURING TOMORROW

Resilience, Responsibility, and Reinvention have defined the journey so far at Religare Enterprises Limited (REL). Backed by the Burman Group and strengthened by a robust governance framework, REL has reinforced its foundation and sharpened its strategic focus across all verticals.

The Company’s businesses, spanning health insurance, retail broking, MSME lending, and affordable housing finance, are professionally managed, technology-enabled, and aligned with India’s long-term growth aspirations.

REL is diligently working to cater to the immediate financial needs of underserved communities through Care Health’s expanding reach, Religare Broking’s digital momentum, RFL’s MSME lending revival, and RHDFCL’s mission-driven affordable housing finance solutions.

By providing comprehensive, tech-enabled health insurance products with over 21,610 empanelled healthcare providers, Care Health Insurance Limited (CHIL) is safeguarding the well-being of millions today. Its strong solvency, growing investment book, and digital-first approach ensure the Company is well-positioned to meet India’s evolving healthcare needs tomorrow.

Religare Broking Limited (RBL) is empowering retail investors through intuitive digital platforms, wide distribution, and a growing suite of financial products. With over 1.1 Million customers and increasing traction in third-party distribution and e-governance services, RBL is delivering value today while building scale and diversification for tomorrow.

With the removal of Corrective Action Plan (CAP) and Fraud Tag, the achievement of a debt-free status, restructured governance, Religare Finvest Limited (RFL) has laid the foundation to re-enter the MSME lending space with purpose and precision. Its renewed focus on MSME clusters reflects a commitment to meet urgent credit needs today and support entrepreneurial resilience in the future.

By offering affordable housing loans to low-income and self-employed individuals across urban and semi-urban India, Religare Housing Development Finance Corporation Limited (RHDFCL) is helping families secure homes today. Its prudent lending practices, digital processes, and deep geographic reach position it to scale responsibly and sustainably in the years ahead.

REL’s vision for FY25, embodied in the theme **“Serving Today, Securing Tomorrow”**, is brought to life through its strategic focus on four enduring pillars: prudence, people, partnership, and purpose, ensuring value that lasts.

CHAIRPERSON'S MESSAGE

With the successful conclusion of the Open Offer in February 2025, Religare Enterprises Limited ("REL") enters an exciting new phase with the Burman Group now formally designated as the Promoter of REL. This transition further strengthens the foundation for building a more resilient and growth-oriented organisation. It brings enhanced governance stability, strategic clarity, and alignment with long-term vision. For our stakeholders, this change signifies a commitment to sustainable growth, improved decision-making processes, and enhanced value creation.

Today, India stands at the cusp of a remarkable economic momentum with GDP growth projected at 6.2% in 2025 and 6.3% in 2026. India is on its course to surpass major economies, propelled by its sustained high-growth trajectory and structural economic resilience. The journey towards becoming the fastest-growing major economy is supplemented by its resilient consumption base, a vibrant and youthful workforce, and policy-led tailwinds that are stimulating investments. Even as global headwinds persist, domestic fundamentals remain strong, driven by surging government and private sector investments, as well as indications of a more accommodative monetary policy environment.

India's economic narrative continues to inspire confidence. Policy initiatives around financial inclusion, the expansion of the digital payments ecosystem, and regulatory clarity in financial services have created an enabling environment that presents substantial opportunities for businesses like ours.

REL has strengthened its leadership and sharpened its strategic direction. The Company's governance framework is

supervised by a reconstituted Board of Directors, further strengthened by the induction of two additional Independent Directors, augmenting efforts for long-term value creation. With strong structural pillars in place, we also have an experienced leadership team that continues to steer REL Group ahead.

Furthermore, the Reserve Bank of India's (RBI) approval of the appointment of Non-Executive, Non-Independent Directors representing the Promoter Group in July 2025 further instils confidence and optimism for all stakeholders. This collective strength enables REL Group to remain agile in capturing emerging market opportunities while maintaining a disciplined approach to risk management and regulatory compliance.

Reassuring Numbers

Coming to the year's performance, our FY25 financial performance reaffirms the robustness and adaptability of our business model and the effectiveness of our strategic direction. Total income of the Company rose to ₹ 7,397 Crore from ₹ 6,299 Crore in FY24, marking a strong year-on-year

“
Our theme – “Serving Today, Securing Tomorrow”, reflects our steadfast commitment to delivering meaningful value to all our stakeholders while laying the groundwork for a stronger, more resilient future. In a world where businesses face constant disruption and rising expectations, we remain focused on sound governance, operational excellence, and proactive risk management.”

growth. This momentum mirrors our agility to capitalise on emerging opportunities and reinforces our position as a well-diversified player in the financial services sector.

CHIL Going Strong and Steady as Ever

Our health insurance business remains India's fastest growing standalone health insurer. In FY25, Care Health Insurance Limited (CHIL) recorded a Gross Written Premium of ₹ 8,562 Crore, marking a 22% year-on-year growth and a robust five-year CAGR of 34%. With a wide network of over 21,610 empanelled healthcare providers and 48 Lakh cumulative claims settled, CHIL has built a strong reputation for customer-centricity and service excellence.

The founding team remains actively engaged in steering the business, supported by a stable management structure, sharp underwriting capabilities, and a balanced multi-channel distribution strategy. CHIL's profitability was undeterred even during the most testing phases of the pandemic. As the health insurance industry undergoes structural expansion, CHIL is well-positioned to scale further, supplemented by technology-led efficiencies and data-driven pricing models.

RBL's Momentum Gathers Pace

India is witnessing a fivefold increase in demat accounts since 2019, signalling a conducive capital market. Religare Broking Limited (RBL), One of India's leading retail non-bank broking franchises is well-equipped to cater to the expanding investor base, backed by a legacy of over 26 years. Offering both full-service and discount broking models, RBL has focused on enhancing digital engagement through platforms like its highly rated "Dynami" trading app.

The Company has also introduced a new 'Wrap Portal' for branches and business partners, along with updated UI/UX designs across its applications to enhance the user experience. With SEBI's ongoing push for greater transparency, the strengthened investor confidence, and the rising demand for products opening up new revenue

avenues, RBL integrates robust risk management and digital-first innovation to expand its market presence.

RFL is Primed for a Strong Business Rollout

Religare Finvest Limited (RFL), our MSME-focused NBFC, continues to build on India's post-COVID recovery, and the growing formalisation of the MSME sector. RFL is well-positioned to cater to the market dynamics through a diversified portfolio comprising working capital loans, secured business loans, and short-term trade finance. Backed by a strong capital base, with a CRAR of 161% and a net worth of ₹ 765 Crore in FY25, RFL caters primarily to customers in Tier 1 and Tier 2 cities. On that note, I am pleased to share that on July 23, 2025, RBI has withdrawn the Corrective Action Plan imposed on RFL in the year 2018. The RBI's decision to withdraw the CAP is based on RFL's compliance with the conditions set forth under the CAP. With the removal of CAP and Fraud Tag, and the attainment of debt-free status in FY24, RFL is now poised to embark on its next phase of growth.

RHDFCL is Poised for More Growth

India's urban population is accelerating, projected at nearly 50% by 2047. This shift is expected to generate strong, long-term demand for affordable housing, especially from low-income groups, which already account for the majority of housing need. Poised to serve this growing need, Religare Housing Development Finance Corporation Limited (RHDFCL) continued to focus its role as an affordable housing finance provider in FY25, with an AUM of ₹ 250 Crore. Focused on serving the LIG and MIG segments across Tier 2 and Tier 3 cities, RHDFCL has maintained a healthy operating profile with a CRAR of over 100% and a collection efficiency of 98% in FY25. The Company has put in place robust risk management systems and is steadily building a strong digital infrastructure to enable seamless onboarding, underwriting, and servicing, as it prepares to meet India's growing housing aspirations.

Strategizing with India's Financial Services Sector Momentum

India's financial services sector is looking at a decisive transformation, with rising income, growing digital adoption, and a strong regulatory push for inclusion and transparency. This serves as a catalyst for us to scale and strengthen our business verticals. Our strategic focus balances growth and sustainability, nurtured by prudent practices, proactive risk management, and selective expansion into high-potential segments. Simultaneously, we remain committed to judicious capital allocation and financial discipline while upholding quality. By strengthening teams, innovating products, and widening reach, we are well-calibrated to seize emerging market opportunities.

Charting New Chapters of Growth

We remain deeply committed to building a customer-centric and values-driven REL that consistently serves the present while securing the promise of tomorrow for our stakeholders. We want to continue building a world-class model organisation that is agile, accountable, respected for its governance, purpose, and valued for its performance.

As we chart new chapters of growth, four strategic pillars – prudence, people, partnership, and purpose – will define our growth roadmap and deliver sustained value to all our stakeholders. Guided by our heartfelt commitment to “Serving Today, Securing Tomorrow,” we are building a stronger, more future-ready Religare.

My sincerest thanks to our shareholders, regulators, lenders, customers, and everyone who continues to believe in our vision and supports us in shaping a stronger Religare.

With Best Regards,

Malay Kumar Sinha

Directors’ Report

To,
The Members,
Religare Enterprises Limited

Your Directors have pleasure in presenting this 41st Annual Report on the business and operations of the Company together with Audited Financial Statements for the financial year ended March 31, 2025.

STATE OF AFFAIRS OF THE COMPANY

The financial year 2024-25 has marked a pivotal transition in the Company’s leadership and corporate governance framework.

During the year, the Open Offer initiated by the New Promoter – Burman Group in September 2023 reached its conclusion. Upon completion of the process in compliance with applicable regulatory/statutory requirements, the Burman Group acquired 25.16% equity stake in the Company, thereby formally assuming the role of Promoter effective from February 18, 2025. This development heralds a new chapter in the Company’s strategic journey. The Burman Group, a respected and established business house, is expected to provide strong foundation for long- term growth by enhancing the Company’s credibility, bringing in general management, capital and expanding access to strategic resources.

The Executive Chairperson of the Company ceased to hold office, signifying a crucial change in the Company’s management structure.

The Company received shareholder approval for the appointment of two additional Independent Directors, both of whom bring extensive industry experience and proven leadership in business management. Their expertise is expected to bring valuable strategic insight and contribute to the Company’s long term growth and stability. Furthermore, post March 31, 2025 Reserve Bank of India (RBI) approved the appointment of three Non-Executive Non-Independent Directors representing the Promoters.

The Company is raising long term capital of approximately ₹ 1,500 crores by way of a preferential issue of warrants convertible into equity shares. This initiative is aimed at supporting the future growth trajectory of the Company and strengthening its financial position to enable strategic investment across subsidiaries. The shareholders have approved the same during their Extraordinary General Meeting (EGM) held on August 8, 2025.

The Board of Directors of the Company commissioned a governance review of REL and its subsidiaries, namely, Religare Finvest Limited and Religare Housing Development Finance Corporation Limited and engaged external consultants to conduct this review. The objective of the governance review is to review the past operating practices, suggest improvements around systems & controls for future implementation and to identify any potential instances of misconduct by certain current and/or ex-employees of the aforementioned companies.

Subsequent to the divestment of entire shareholding by the IFC in the Company resulting in NIL Shareholding, the Articles of Association of the Company was amended by deletion of certain provisions similar to the Shareholders Agreement dated November 05, 2012 entered between the Company and International Finance Corporation Limited (IFC) along with certain other persons. The said amendment was approved by the shareholders of the Company in their EGM held on April 10, 2025

On the operational front, the Company’s subsidiaries continued to demonstrate resilience and progress.

- Care Health Insurance Limited (CHIL), the Company’s Standalone Health Insurance arm, maintained its position as the second largest SAHI. CHIL recorded a Gross Written Premium (GWP) of ₹ 8,56,199 Lakhs for FY25.
- Religare Broking Limited (RBL), delivered exceptional growth in its wealth distribution business. The consolidated revenue increased by 3.6% to ₹ 38,307 Lakhs in FY25, reflecting the strength and scalability of this vertical.
- Religare Finvest Limited (RFL), having resolved its legacy issues, has discharged all outstanding obligations to its lenders and remains debt-free. The Reserve Bank of India (RBI) has removed the Corrective Action Plan (CAP) imposed in 2018, effective July 23, 2025, thereby paving the way for the recommencement of business operations. Additionally, the Hon’ble Delhi High Court on July 22, 2025 ordered to remove “fraud” classification assigned by certain banks in the past.
- Religare Housing Development Finance Corporation Limited (RHDFCL), despite reporting losses during the year, has made positive strides in strengthening its business foundation. RHDFCL has successfully entered into strategic co-lending partnerships with established financial institutions. These collaborations are expected to enhance RHDFCL’s lending capacity, mitigate risk and support its future growth strategy.

These developments underscore the Company’s commitment to transparency, regulatory compliance and value creation for all stakeholders. The Board remains focused on driving sustainable growth, strengthening its core businesses and building a robust and future- ready organization.

(iii) Operating Performance of Businesses

Our Health Insurance business, Care Health Insurance Limited in which REL holds a 62.84% equity stake as on March 31, 2025, registered a GWP of ₹ 8,56,199¹ Lakhs, a growth of 22% over the previous financial year; which reported a Gross Written premium of ₹ 7,02,193 Lakhs. As of March 31, 2025, CHIL has established a Pan-India distribution network of 269 branches. It services over 1,455+ locations across the Country and providing health services through a network of over 21,610 hospitals and healthcare centres. It offers 44 products to cater to varied customer needs. CHIL has a differentiated service offering for corporate businesses, like wellness programs & preventive health check-up, thereby helping in negotiating better premiums and for improved customer stickiness. It follows a multi-channel distribution strategy through individual agents, corporate agents, brokers, bancassurance and online; and its major focus is on retail and SME customers.

¹ GWP of ₹ 8,56,199 Lakhs has been calculated in accordance with the new 1/n accounting method. According to the old accounting method the GWP stands at ₹ 9,22,285 Lakhs.

Our Broking business experienced a mixed financial performance, marked by headwinds in the broking segment and strong growth in other areas i.e. wealth distribution business and e-governance. RBL's ADTO declined by 38% year-on-year to ₹ 9,99,624.06 lakhs in FY25 from ₹ 16,07,034.60 Lakhs in FY24. Consequently, brokerage income decreased by 7.5%, from ₹ 20,217.56 lakhs in FY24 to ₹ 18,709.46 lakhs in FY25.

Amidst the slowdown in the broking business, an exceptional growth is reported by RBL on a consolidated basis in the wealth distribution business, where revenue surged by 86% to ₹ 3,034.13 Lakhs in FY25, up from ₹ 1,631.61 Lakhs in FY24. Expansion was also evident in the e-governance business, where the number of franchisees increased by 20% year-on-year from 43,823 in FY24 to 52,669 in FY25. Broking Client acquisition improved modestly, with 47,691 new customers added in FY25, compared to 45,045 in FY24, reflecting a 6% year-on-year increase.

On a consolidated level—including subsidiaries Religare Commodities Limited and Religare Digital Solutions Limited—total revenue rose by 3.6%, from ₹ 36,974.21 lakhs in FY24 to ₹ 38,306.71 lakhs in FY25, demonstrating steady topline growth despite a softer market backdrop. Consolidated profit after tax and other comprehensive income stood at ₹ 3,066.85 lakhs in FY25, compared to ₹ 3,885.07 lakhs in the previous year, impacted by the cyclical pressures within the broking business while maintaining a healthy profitability level.

In the Lending business, our wholly-owned subsidiary Religare Finvest Limited is registered with RBI as a Non-Banking Financial Company-Investment and Credit Company- Middle Layer (NBFC-ICC-ML). RFL's business is focused on providing loan to Micro, Small & Medium Enterprises (MSMEs) to enable them to enhance their productive capacity and through put. It is amongst the first NBFCs in India to focus on this segment, having started the business in 2008. Currently, RFL has an employee base of over 159 professionals and 9 branches and 3 offices pan India. As on March 31, 2025, SME-Finance constituted over 22% of RFL's lending business. RFL's SME loan book has decreased from ₹ 52,631 Lakhs as on March 31, 2024 to 28,661 Lakhs on March 31, 2025. The Reserve Bank of India (RBI) has removed the Corrective Action Plan (CAP) imposed in 2018, effective July 23, 2025, thereby paving the way for the recommencement of business operations.

On July 22, 2025, the Hon'ble Delhi High Court quashed the fraud classification by 14 lenders against RFL and directed them to ensure its removal from RBI's Central Fraud Registry within two weeks.

RFL's subsidiary, Religare Housing Development Finance Corporation Limited focuses on providing affordable housing finance to low-income segment customers, particularly those engaged in informal sectors, in urban and semi-urban areas of the Country. The total book stands at ₹ 18,707 Lakhs as on March 31, 2025 in accordance with Ind-AS while the total income and PAT after OCI for the financial year were respectively ₹ 3,232 Lakhs and ₹(1,284) Lakhs. The average ticket size for the home loans has been around ₹ 10.68 Lakhs. RHDFCL has a pan India presence with a network of 26 branches. To position itself as a future-ready company, RHDFCL aims to maximize digitization in its processes and is working towards enabling an efficient workforce.

MAJOR EVENTS / UPDATES

1. Conclusion of Open Offer

The Company had received a Public Announcement dated September 25, 2023, regarding an Open Offer to the Public Shareholders of the Company on behalf of M.B. Finmart Private Limited, Puran Associates Private Limited, VIC Enterprises Private Limited, and Milky Investment & Trading Company (collectively referred as the "Acquirers"/"Burman Group"). The offer pertained to the acquisition of up to 9,00,42,541 fully paid-up equity shares of face value of ₹ 10/- each representing 26.00% of the Expanded Voting Share Capital of the Company.

The Open Offer was made in accordance with and pursuant to the Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 including subsequent amendments thereto ("SAST Regulations") and was subject to requisite statutory and regulatory approvals.

The Acquirers obtained approval from Competition Commission of India ("CCI") as detailed in the Press Release dated January 23, 2024.

Subsequently, on July 22, 2024, the Company and its subsidiaries submitted applications to the concerned Regulatory Authorities, including the Reserve Bank of India, seeking approval for the proposed change in shareholding, control, management of the Company and its subsidiaries, as applicable under the Open Offer. Following these submissions, the Company and its subsidiaries secured all necessary regulatory approvals for the change in shareholding / control / management, as applicable. RBI granted approval for the change in control/shareholding on December 09, 2024.

Following the receipt of necessary statutory and regulatory approvals, the Acquirers issued a Letter of Offer (LOF) dated January 18, 2025 to the shareholders of the Company. The LOF outlined the schedule of activities in compliance with the SAST Regulations including the commencement date of the tendering period.

The Committee of Independent Directors ("Committee" / "COID") constituted under Regulation 26(6) of SAST Regulations, issued a written, reasoned recommendations regarding the Open Offer to the shareholders of the Company. This was done in accordance with the Regulation 26(7) of the SAST Regulations.

On February 19, 2025, the Acquirers notified the Company that as part of the Open Offer process, they acquired 231,025 equity shares representing 0.07% of the outstanding paid-up share capital as at the date. Further, pursuant to the completion of acquisition of shares by them under the Open Offer, they had already acquired 13,200,000 Equity Shares, by way of purchase orders executed on January 31, 2024, representing 3.99%, of the outstanding paid up Share Capital as at the date.

The shares were purchased through execution of purchase orders and were transferred from the escrow demat account to the respective Acquirers' account

on February 18, 2025. As, a result of the successful completion of the Open Offer and the consequent Change of Control, the Acquirers have been classified as the Promoter of the Company. As at March 31, 2025, the Promoter held 25.67% stake in the Company.

2. Constitution of Administrative Committee

An Administrative Committee, comprising of Senior Managerial Personnel from the Group, was constituted by the Board of the Company in February 2025. The role of this committee is to oversee and manage the administrative functions of the Company as well as approve certain strategic and financial decisions by majority, till the time a Whole-time Director is appointed.

3. Reconstitution of the Board of Directors

The Board of Directors underwent significant reconstitution during the financial year to align with evolving governance standards and regulatory expectations. Mr. Hamid Ahmed tendered his resignation from the Board effective February 4, 2025. Subsequently, the role of Executive chairperson ceased on February 07, 2025. As part of Board's ongoing commitment to strengthen independent oversight, two Independent Directors – Mr. Rajender Mohan Malla and Mr. Shrikant Shreeniwas Somani were appointed on February 21, 2025. Additionally, the Reserve Bank of India also approved the appointment of three Non-Executive Non-Independent Directors that were nominated by the Promoter Group – Mr. Arjun Lamba, Mr. Gurumurthy Ramanathan and Mr. Suresh Mahalingam on July 08, 2025.

These newly inducted Directors bring a wealth of experience and domain expertise across sectors such as finance, risk management, regulatory affairs and business strategy. Their diverse backgrounds are expected to significantly strengthen the strategic oversight and governance capabilities of REL and its subsidiaries, positioning the Group for sustainable growth and operational excellence.

4. Suspension of MIC Operations

In line with its strategic diversification efforts, the Company acquired MIC an IRDAI registered insurance web aggregator platform, from the Indian Express Group. The acquisition was aimed at strengthening the Company's digital presence in the insurance distribution space.

Due to restrictions under the Open Offer, the Company could not raise funds for MIC through equity capital infusion. To support MIC's interim operations, the Company sanctioned inter corporate loans in January 2024 and 2025.

However, given the continued financial stress and lack of capital support, the Board of REL decided to suspend all

operations of MIC until feasibility of its business model is re-evaluated. These actions reflect the prudent and conservative approach in safeguarding stakeholder interests and ensuring financial discipline across the Group.

5. Preferential Issue

The Board of Directors, at its meeting held on July 11, 2025, approved a proposal to raise long term capital by way of preferential allotment of warrants convertible into equity shares on a private placement basis, from time to time in one or more tranches. Subsequently, at the EGM held on August 08, 2025, the shareholders approved the issuance of warrants. This initiative is aimed at supporting the future growth trajectory of the Company and strengthening its financial position to enable strategic investments across subsidiaries. The Company proposes to issue up 6,38,29,782 convertible warrants at an issue price of ₹ 235 per warrant, aggregating to approximately ₹ 1,500 crores. Each warrant will be convertible into one fully paid-up equity share of face value ₹ 10 each, within a period of 18 months from the date of allotment.

Utilization of Proceeds:

The proceeds from the proposed preferential allotment will be strategically deployed as follows:

- Investment in Health Insurance Subsidiary
- Investment in Broking Subsidiary
- Investment in Housing Finance Subsidiary
- Debt Repayment
- General Corporate Purposes

The proposed preferential issue underscores the commitment demonstrated by Promoter Group and other investors in strengthening the financial position and accelerating value creation for the Company.

6. Revival of Religare Finvest Limited

Removal of Fraud Tag

During the year, significant progress was made in removing the "fraud" classification previously recorded against RFL by certain banks.

On December 18, 2023, the Hon'ble Delhi High Court set aside State Bank of India's (SBI's) action of classifying RFL's account as fraud and directed SBI to take corrective action. SBI subsequently confirmed in January 2024 that the record of RFL as fraud had been removed from the Central Fraud Registry (CFR). Similar confirmations were received from Bank of Maharashtra and Union Bank of India in March, 2024

Further, Central Bank of India informed in July 2024 that it had removed the fraud tag label from its database and communicated the same to RBI for deletion from the CFR. RBI confirmed in August 2024 that the classification had been deactivated and removed from the CFR database.

On July 22, 2025, the Hon'ble Delhi High Court quashed the fraud classification by 14 lenders against RFL and directed them to ensure its removal from RBI's CFR within two weeks.

Removal of Corrective Action Plan by RBI

The RBI, vide its letter dated January 18, 2018, had advised RFL to adhere to the Corrective Action Plan (CAP), which restricted expansion of credit/investment portfolios (except investment in government securities) and prohibited dividend payments. These restrictions were imposed due to past instances of financial mismanagement by the erstwhile promoters, including siphoning off ₹ 2,037 crore through Corporate Loan Book (CLB) transactions, misappropriations of RFL's fixed deposit with Laxmi Vilas Bank (now DBS Bank), and other non-core investments.

RFL subsequently filed the application with RBI for removal of CAP, providing all requisite information, documents and evidence of corrective actions taken.

On September 17, 2024, RBI stated that the request for removal could only be considered after clarity on the Company's management structure, particularly in light of the Open Offer proposal for the parent company, REL. Following completion of Open Offer in February 2025, RFL made further submissions to RBI in March and May 2025 requesting withdrawal of CAP restrictions.

On July 23, 2025, RBI vide its letter no. CO.DOS.SED. No.S3284/07-02-001/2025-2026, confirmed withdrawal of all conditions imposed under CAP with immediate effect. RBI noted RFL's compliance with CAP directives, including change in management and Board composition and permitted resumption of normal business operations.

Way Forward for RFL: A Promising Outlook for 2025-26

For FY 2025-26, RFL will focus on advancing its IT transformation to enhance operational efficiency and customer experience, while building a granular and diversified portfolio to strengthen asset quality. The Company remains committed to an employee first approach, fostering an inclusive and growth oriented workplace. Efforts will be directed towards reinforcing corporate and compliance practices and strengthening enterprise risk management frameworks to ensure sustainable growth and resilience.

7. Composite Scheme of Arrangement

In FY 2022-23, Religare Broking Limited ("RBL" or "the Transferor Company"), a wholly owned subsidiary of the Company, and Religare Digital Solutions Limited ("RDSL" or "the Transferee Company"), wholly owned subsidiary of RBL, approved a Scheme of Arrangement ("the Scheme") under section 230-232 of the Companies Act, 2013. The Scheme inter alia provides for transfer of E-Governance Undertaking of the Transfer or Company to the Transferee Company on a "slump sale" basis, as a going concern with the appointed date for the Scheme is April 01, 2022 in accordance with provisions of the Scheme. Hon'ble NCLT vide order dated June 13, 2025, approved the Scheme of Arrangement between RBL and RDSL, with effect from the Appointed Date, i.e., April 1, 2022, subject to certain conditions as outlined in the Order. The Scheme of Arrangement shall become effective upon compliance with all procedural and statutory formalities and filing of certified true copy of the Hon'ble NCLT Order with the Registrar of Companies ("RoC") and accounting impact thereof will be taken in the accounts accordingly.

Securities and Exchange Board of India (SEBI)

Interim Order cum Show cause notice

The Company received an Interim Order cum Show Cause Notice (REF. WTM/ASB/CFD/CFD-RAC-DCR-1/30516/2024-25 dated June 19, 2024 from SEBI) on June 20, 2024 ("Order cum SCN"). The ex-parte Order cum SCN was issued to the Noticees i.e. the Company and each of its Directors. Para 33 of the Order cum SCN inter alia contained directions, in exercise of the powers conferred under Sections 11(1), 11(4) and 11B(1) read with Section 19 of the SEBI Act, 1992, to furnish within seven days of the date of the order, an undertaking that Noticees

shall apply to the regulatory authorities including RBI on or before July 12, 2024 for all the requisite statutory approvals that are necessary for proceeding with the open offer by the Acquirers (i.e. Burman Group who have made open offer to the shareholders of the Company vide Public Announcement dated September 25, 2023); to take all necessary steps to facilitate the Acquirers to fulfil their obligations under SAST Regulations, 2011; and to forthwith constitute Committee of Independent Directors, in terms of Reg 26(6) of SAST Regulations, 2011, if not already constituted.

In addition, under Para 34 of the Order cum SCN, a show cause notice was issued to the Noticees as to why further action under Section 11, 11(4) and 11B of the SEBI Act, 1992 should not be initiated against the Noticees restraining them from accessing the securities market for a specified period and from associating with any listed company, etc. Pertinently, under Para 35 of the SEBI Order, a time period of 14 days was provided to the Noticees to reply to their objections.

The Order cum SCN alleges that:

the Company has violated provisions of Regulation 26 of SAST Regulations, 2011 and has failed to adhere to the underlying principles governing the SAST Regulations, 2011. Further, Noticee 1 is also alleged to have violated the provisions of Regulations 4(2)(a) and (d) of the LODR Regulations, 2015.

LEGAL UPDATES

- **Petition for rectification of Register of Members of the Company**

Loancore Servicing Solutions Pvt. Ltd had filed a petition before the Hon’ble NCLT, Delhi under Sections 58 and 59 of the Companies Act, 2013 seeking rectification of Register of Members of the Company. The petition was dismissed for default vide order dated November 11, 2022 issued by the Hon’ble NCLT. Subsequently, Loancore filed an application for restoration of the said petition, which was also dismissed on October 18, 2024.

- **Corporate Loan Book**

RFL has an exposure of ₹ 81,468 Lakhs as of March 31, 2025 towards the Corporate Loan Book (“CLB”) after de-recognising 60% CLB basis of upside sharing agreements with secured lenders. RBI had raised concerns regarding the credit worthiness of the borrowers, credit appraisal and loan sanctioning mechanism followed by RFL in respect of this book. The management reviewed the portfolio and the financial reports of respective borrowers to assess the recoverability of the said loans. Based on the maturity dates of the loans, recovery steps were initiated and the financial reports of the borrowers, RFL, on a prudent basis had, made full provision of ₹ 81,468 Lakhs during the previous years against this portfolio.

REL and RFL had initiated insolvency proceedings before the National Company Law Tribunal (‘NCLT’), New Delhi against the concerned borrowers forming a part of the CLB category. Daiichi has sought impleadment and dismissal of petitions. The matter is pending at the stage of admission for completion of pleadings.

Further, RFL’s insolvency petition against one of the borrower i.e. Annies Apparel was withdrawn by RFL as the borrower is already undergoing liquidation in a separate proceeding, wherein RFL’s claim has been accepted by the Court. The Liquidation proceedings are currently ongoing.

RFL also filed criminal complaint before the Economic Offence Wing (‘EOW’), Delhi on December 19, 2018 against the erstwhile promoters and their other associated persons and entities for various criminal actions. An F.I.R. no. [50/2019] was registered under Sections 409, 420 and 120-B of Indian Penal Code, 1860. The matter is pending before the Hon’ble Court for prosecution evidence.

The Zonal Office of Enforcement Directorate (‘ED’) has also registered an enforcement case under the Prevention of Money Laundering Act, bearing ECIR no. 5 of 2019 on the basis of aforementioned F.I.R. The matter is sub-judice.

RFL has recognized ECL / impairment in respect of its entire exposure under the CLB portfolio as of March 31, 2025 and no further financial implications are expected on RFL in this regard.

Religare Comtrade Limited (now merged into REL) had also filed an insolvency petitions against its borrowers. Further, REL filed an insolvency petition against borrower ‘ANR Securities’, before the Hon’ble NCLT, New Delhi. Daiichi has sought impleadment and dismissal of petitions. The matter is pending at the stage of admission for completion of pleadings.

- **Fixed Deposits with Lakshmi Vilas Bank**

As disclosed in the previous year’s reports, RFL had filed a suit in May 2018 before the Hon’ble Delhi High Court for recovery of fixed deposits amounting to ₹ 79,145 Lakhs (excluding ₹ 2,703.39 Lakhs interest accrued and due till the date of original maturity i.e. July 20, 2018) which were allegedly misappropriated/ adjusted by Lakshmi Vilas Bank (LVB) against the loans given to erstwhile promoter group companies in the prior years. RFL filed an application for substitution of LVB with DBS Bank India Limited (DBS) which was allowed. RFL moved another application for amendment of suit under Order 6 Rule 17 which was allowed by the Hon’ble Court vide Order dated December 15, 2023. DBS challenged the said order before the Appellate Court and the Hon’ble Supreme Court, both of which were dismissed. Further, LVB’s

Application u/O-VII R-11 seeking dismissal of plaint was also dismissed vide order dated December 03, 2024. DBS filed a Special Leave Petition against the order, which was also dismissed. The impleadment application of State Bank of India’s “SBI” was allowed by the Delhi High Court. DBS challenged the said order in a Special Leave Petition before the Hon’ble Supreme Court. The Supreme Court has upheld SBI’s impleadment, however it disapproved of the High Court’s observations on merits, considering them to be prejudicial. Notices have been issued to the newly impleaded defendants namely Malvinder Mohan Singh, Shivinder Mohan Singh, RHC Holdings Pvt. Ltd. and Ranchem Pvt. Ltd. The matter is sub-judice.

The ED has suo-moto lodged an ECIR based on the FIR registered by EOW and the same is currently under investigation.

- **Daiichi Sankyo Company Ltd. (“Daiichi”) vs. Malvinder Mohan Singh (MMS) & Ors (Delhi High Court)**

Daiichi Sankyo Company has filed execution proceedings against REL, RCML and RCMIML. These entities have been impleaded as garnishee. Further, in the said execution proceedings, Daiichi has obtained a status quo order on the brand “Religare” by allegedly suppressing the fact that the entire shareholding of M/s Elive Infotech Pvt. Ltd. (“Elive”) has been pledged in favor of RFL as a security for various loans to group companies of RHC. RFL had filed an objection application in the said application. Elive Infotech has filed an application seeking sale of the Religare Trademarks and payment of approx ₹ 323 Crores from REL, citing unauthorized usage of the Religare and allied Trademarks in light of the Brand License Agreement executed with RHC. REL and RFL have filed objections/ replies to Elive’s application.

Furthermore, RFL has filed objections regarding the sale of certain land parcels as mentioned in E.A. 185 of 2022. Daiichi has also filed application seeking a forensic audit of the Religare Group Companies pursuant to the order dated September 22, 2022 passed by Hon’ble Supreme Court. REL and RFL have filed their replies and objected to the same. The matter is sub-judice.

The appeal has been withdrawn by CHIL, and the Securities Appellate Tribunal, Mumbai issued an order dated June 10, 2025, dismissing the appeal as withdrawn.

Although CHIL has withdrawn its appeal, the matter is sub-judice due to an appeal by Dr. Rashmi Saluja against the order.

EQUITY SHARE CAPITAL

The Authorized Share Capital of the Company as on March 31, 2025 was ₹ 9,89,70,50,000 (Rupees Nine Hundred Eighty Nine Crore Seventy Lakh and Fifty Thousand only) divided into 82,77,05,000 (Eighty Two Crore Seventy Seven Lakh Five Thousand only) Equity Shares of ₹ 10 (Rupees Ten only) each aggregating ₹ 8,27,70,50,000 (Rupees Eight Hundred Twenty Seven Crore Seventy Lakh Fifty Thousand only) and 16,20,00,000 (Sixteen Crore Twenty Lakh only) Redeemable Preference Shares of ₹ 10 (Rupees Ten only) each aggregating ₹ 1,62,00,00,000 (Rupees One Hundred Sixty Two Crore only).

During the year under review, the issued, subscribed and paid up equity share capital of the Company was increased from ₹ 3,29,72,11,630/- (Rupees Three Hundred Twenty Nine Crores Seventy Two Lakhs Eleven Thousand Six Hundred and Thirty only) consisting of 32,97,21,163 (Thirty Two Crores Ninety Seven Lakhs Twenty One Thousand One Hundred and Sixty

Three only) equity shares of ₹ 10/- (Rupees Ten only) each to ₹ 330,65,36,630/- (Rupees Three Hundred Thirty Crores Sixty Five Lakhs Thirty Six Thousand Six Hundred and Thirty only) consisting of 33,06,53,663 (Thirty Three Crores Six Lakhs Fifty Three Thousand Six Hundred and Sixty Three only) equity shares of ₹ 10/- (Rupees Ten only) each.

The issued, subscribed and paid up equity share capital as on March 31, 2025 is ₹ 330,65,36,630/- (Rupees Three Hundred Thirty Crores Sixty-Five Lakhs Thirty-Six Thousand Six Hundred and Thirty only).

Post March 31, 2025 and till the date of this report, the Company allotted 3000 Equity Shares of face value of ₹ 10/- each at exercise price of ₹ 39.55 each pursuant to exercise of stock options granted under the Religare Enterprises Limited Employee Stock Option Plan 2019.

Pursuant to the said allotment, the issued, subscribed and paid up equity capital of the Company stands increased from ₹ 330,65,36,630/- divided into 33,06,53,663 equity shares of ₹ 10/- each to ₹ 330,65,66,630/- divided into 33,06,56,663 equity shares of ₹ 10/- each.

PREFERENCE SHARE CAPITAL

The Company has two types of Preference Shares outstanding as on date comprising 15 lakhs 13.66% Cumulative Non-Convertible Redeemable Preference Shares of ₹ 10/- each issued in 2008 (2008 Preference Shares) and 2.5 crores 0.01% Non-Cumulative Non-Convertible Redeemable Preference Shares of ₹ 10/- each issued in 2016 (2016 Preference Shares).

The Company did not redeem the 2008 Preference Shares on due date of October 31, 2018 with Redemption value amounting at ₹ 4,190.28 Lakhs basis the interim application filed in the matter of Daiichi Sankyo Company Limited vs. Malvinder Mohan Singh & Others before the Hon'ble High Court of Delhi disputing its liability as garnishee and praying among other reliefs for the stay of redemption pending the outcome of investigations into the affairs of the Company and its subsidiaries already initiated by SEBI and SFIO. The Company has been served with warrants of attachment as Garnishee, which is being contested / challenged. Further, the Company has also filed a criminal complaint before the Economic Offences Wing, Delhi Police for various offences under the Indian Penal Code, 1860 w.r.t transactions relating to issuance and redemption of said Preference Shares.

Further, due to non-payment of dividend by the Company continuously for two years on 2016 Preference Shares, voting rights triggered on these Preference Shares in terms of relevant provisions of the Act. The Company has also not paid dividend on 2008 Preference Shares but the Company has a letter dated August 20, 2012 from then holder of these 2008 preference shares irrevocably and unconditionally waiving off the voting

rights on 2008 Preference Shares. The Company has not redeemed aforesaid 2016 Preference Shares with redemption value amounting ₹ 4,212.75 Lakhs due for redemption on August 30, 2021 and which is outstanding as of March 31, 2025.

The Company has filed the petition before the Hon'ble National Company Law Tribunal, New Delhi Bench seeking rectification of Register of Members of the Company by cancellation of 2016.

Preference Shares and any other appropriate reliefs, including interim relief with respect to freezing of voting rights and dividend rights attached to the said 2016 Preference Shares. The Hon'ble NCLT on September 29, 2021 directed ordering the status quo on the respondents to restrain them from exercising their voting power with the resolution until the further order. Further, vide order dated December 16, 2021, it was affirmed by Hon'ble Tribunal that interim order will continue. The matter is sub-judice.

The Company on prudent basis had created a provision of ₹ 2,941.67 Lakhs towards the potential interest liability from the redemption date till March 31, 2023 on aforesaid Preference Shares. However, based on its re-assessment of the facts of the matter and as advised by the legal experts as at March 31, 2023, the Company is of the view that there will be no contractual or legal obligation on the Company to pay any compensation/interest in lieu of the unredeemed Preference Shares or on its redemption value irrespective of what may be the final outcome of the matters regarding the payment of total redemption value of ₹ 8,403.03 lakhs which are presently sub-judice. Accordingly, the provision created towards contingency of ₹ 2,941.67 lakhs was reversed during the year ended March 31, 2023. However, the provision towards the redemption value has been continued on prudent / conservative basis.

AUDITORS

As per the 'Guidelines for Appointment of Statutory Central Auditors (SCAs)/ Statutory Auditors (SAs) of Commercial Banks (excluding RRBs), UCBs and NBFCs (including HFCs)' on April 27, 2021 issued by RBI ("RBI Guidelines"), statutory auditors of the Company cannot be appointed for a term more than three continuous years.

M/s. S. P. Chopra & Co., Chartered Accountants (Firm Registration No. 000346N) previous Statutory Auditors of the Company held the office until conclusion of the 40th AGM held on February 07, 2025. Accordingly, the resolution to appoint M/s Kirtane & Pandit LLP, Chartered Accountants as the new Statutory Auditors of the Company was proposed for approval in the said AGM of the Company. The resolution failed to get passed with the requisite majority of votes in favor thereby resulting in a vacancy in the office of auditors.

Accordingly Board of Directors of the Company in their meeting held on February 21, 2025 on recommendation of Audit & Governance Committee proposed the appointment of M/s J C Bhalla & Company, Chartered Accountants (Firm Registration No. 001111N) as statutory auditors of the Company to hold office for a period of three consecutive years commencing from the financial year 2024-25 until the conclusion of the 43rd Annual General Meeting of the Company to be held in the year 2027 for the approval of shareholders.

Accordingly, shareholders in their Extra-Ordinary General Meeting (EGM) held on April 10, 2025 approved the appointment of statutory auditors for FY 2024-25 effective from the date of approval of shareholders in their EGM dated April 10, 2025 until the conclusion of 41st AGM and the appointment for subsequent two years i.e. for financial years 2025-26 & 2026-27 until the conclusion of 43rd AGM of the Company to be held in the year 2027 shall become effective upon the approval of shareholders in the ensuing 41st AGM of the Company

In view of above, appointment for remaining period of two years i.e. for financial years 2025-26 & 2026-27 until the conclusion of 43rd AGM of the Company to be held in the year 2027 is being proposed for approval of shareholders in the forthcoming 41st AGM of the Company.

The Board and Audit & Governance Committee have considered various parameters like capability to serve financial services industry in which the Company and its subsidiaries operate, audit experience, market standing of the firm, clientele served, technical knowledge, independence etc., and found M/s J. C. Bhalla & Co., Chartered Accountants to be best suited to handle the scale, diversity and complexity associated with the audit of the standalone and consolidated financial statements of the Company.

M/s J. C. Bhalla & Co., Chartered Accountants (Firm Registration No. 001111N), have conveyed their consent to be appointed as statutory auditors of the Company along with necessary consent/ eligibility certificate / disclosure / confirmation in terms of the Act and RBI Circular, confirming that they are not disqualified to be appointed as Statutory Auditors.

Therefore, members are requested to consider and approve the appointment of M/s J. C. Bhalla & Co., Chartered Accountants as Statutory Auditors of the Company as per the Resolution forming part of the forthcoming AGM.

AUDITORS' REPORT

The Reports given by the Auditor on the financial statements of the Company form part of the Annual Report. There is no qualification in the Auditors Report on the standalone and consolidated financial statements for the financial year ended March 31, 2025 and hence, no explanation is required thereon.

SECRETARIAL AUDITORS’ REPORT

As per provisions of Section 204 of the Act, M/s P I & Associates were the Secretarial Auditor of the Company to conduct the Secretarial Audit for the financial year ended March 31, 2025. The Secretarial Audit Report in the form MR-3 for the financial year ended March 31, 2025, is annexed to this Report. Qualifications in report of the Secretarial Auditor and management responses thereto are given below:-

S. No.	Auditors remarks	Management response
1	That Dr. Rashmi Saluja, Whole-Time Director (‘WTD’) and Mr. Nitin Aggarwal, Group Chief Financial Officer (‘CFO’) of the Company ceased to hold office as such w.e.f. February 07, 2025, and November 12, 2024 respectively and the resultant vacancies remain unfilled as on the date of this report. Following the cessation of Dr. Rashmi Saluja as a Whole-Time Director w.e.f February 07, 2025, the Board of Directors does not have any other executive director and the said vacancy has not filled-up within the time period stipulated under LODR. Further, Mr. Mallikarjun Goda, Chief Compliance Officer resigned from the office w.e.f January 13, 2025 and since then, vacancy has not been filled in by the Board of Directors as on date of this report.	The KMP/SMP hirings were on hold due to the pending approval from Regulators for change in management [i.e. approval for appointment of directors nominated by new promoters i.e. Burman Group on the Board of the Company]. Upon the receipt of RBI approval on July 08, 2025 and consequent reconstitution of Board, there has been progress in hirings of vacant KMPs/SMPs positions. Position of CFO has been filled on August 12, 2025. Position of Executive Director and Chief Compliance Officer shall be filled in due course.
2	That the Asset-Liability Management Committee (ALCO) of the Company is not in compliance with the RBI Master Direction – Core Investment Companies (Reserve Bank) Directions, 2016, as it is not headed by a CEO, MD, or Executive Director, following the resignation of Dr. Rashmi Saluja w.e.f. February 07, 2025.	As explained in Point no. 1, after the reconstitution of Board of the Company, there has been progress hiring and position of Executive Director shall be filled in due course.
3	That the outcome of the Board Meeting held on November 12, 2024, for consideration of financial results, was submitted to BSE Limited with a delay of 4 minutes from the conclusion of the meeting.	The results were published on one stock exchange, namely, NSE, and accordingly were disseminated to public, within the stipulated time period. Since the results were approved and declared after the closure of market hours and having published and disseminated to public within the stipulated time period through the one stock exchange i.e. NSE therefore the mentioned delay in submission of results with another stock exchange, namely, BSE could not have made significant impact on investors’ sentiment. The response on matter was submitted to BSE and accordingly no penalty /adverse action thereafter has been levied/taken by BSE.
4	The Company made an application to the Reserve Bank of India (RBI) for the appointment of Mr. Rakesh Asthana as a Whole-Time Director on November 17, 2023, which was rejected by RBI vide letter dated May 15, 2024 for which the disclosure to the Stock Exchange was made on October 24, 2024, resulting in a delay of 161 days from the date of RBI communication.	The disclosure was missed due to oversight. The Management of the Company thereafter took all necessary steps to avoid such instances in future.

Further, the secretarial audit reports of material subsidiary(ies) of the Company in FY 2024-25 is annexed to this Annual Report.

Pursuant to the provisions of Regulation 24A of SEBI Listing Regulations and Section 204 of the Act read with the Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, the Audit & Governance Committee and the Board of Directors of the Company, have approved and recommended for approval of the Members, the appointment of M/s. P I & Associates, Practicing Company Secretaries as the Secretarial Auditor of the Company for a term of five consecutive years from FY 2025-26 to FY 2029-30.

RISK MANAGEMENT

Risk Governance is an essential aspect of the strategy of the Company intended at identification, assessment and mitigation of the potential risks that could affect the Company’s operations, financial performance, sustainability and reputation. The Board of Directors of the Company are responsible for ensuring oversight of the risk management policies & procedures and has constituted a Group Risk Management Committee (GRMC), which is responsible to frame, implement, monitor and periodically review the effectiveness of the risk management plan and make appropriate modifications as and when necessary. GRMC’s role has been aligned to requirements of the Companies Act,

2013, SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, RBI Master Directions for Core Investment Companies and other applicable regulatory requirements. Process has been laid down to periodically apprise the GRMC about prevalent risks and corrective plans adopted by the respective group entities to mitigate the identified risks.

The Company is as a Core Investment Company. As an investment holding company, the management function includes oversight of risk function prevalent to the Company and its key operating subsidiaries. The Company has a comprehensive Risk Management framework and overarching Risk Management Policy, which has been adopted by each of the key operating subsidiaries while formulating their Risk Management Policy. Risk Management Policy of the Company identifies the key risks which are applicable to the Company. Risk Management Policy is aimed at identification, assessment, mitigation, monitoring and reporting of identifiable risks and documenting of each identified risk along with the mitigation plan. Respective functional head and/ or risk management department of key operating subsidiaries are responsible for implementation of the Risk Management system and maintenance of record of risk and mitigation plan in Risk & Control Matrix (RCMs) for their respective functional areas, which are updated and tested periodically. Therefore, the risk governance and framework defines the risk management approach including risk identification, documentation testing and reporting on a periodical basis. The framework has different risk parameters, which help in identification of risks and their classification as High, Medium and Low categories based on likelihood, impact and velocity in various risk types such as operational, financial, compliance and reputation risk. Qualitative and quantitative assessment is done to determine the likelihood and impact of identified risks, which are ultimately plotted on a matrix based on their severity and probability.

Reviews and reporting of risk environment and performance is conducted on a quarterly basis. The testing and evaluation of control environment around Risk Management is integrated and aligned with the quarterly internal audit process. The GRMC of the Company and respective Risk Management Committee/ Board of Directors of its key operating subsidiaries reviews the risk management policy on a periodic basis. Further, adequacy of design and operating effectiveness of key processes and controls, as documented in the risk and control matrices, are tested and a consolidated dashboard of Risk and Control review results across the Company and its key operating subsidiaries are presented to the GRMC and Audit & Governance Committee of the Board on a quarterly basis. Further, to enable oversight of the Risk management function prevalent at each of the key operating subsidiaries, the management team of each key operating subsidiaries make presentation on key risk types, as defined in the respective Risk Management Policy, to the GRMC of the Company on a quarterly basis.

Financial reporting and fraud risks are duly considered in the risk management framework. Risks are mapped with controls and Risk management framework is revisited and revised based on prevailing practice and relevance.

Therefore, the Company has implemented a formal risk management policy and framework to ensure that a comprehensive risk management process is in place at all times, including appropriate board and senior management oversight and the process take into account appropriate steps to comply with applicable regulatory rules, regulations, principles and guidelines and to ensure the adequacy of relevant risk reporting to the Committees and Board.

INTERNAL FINANCIAL CONTROLS AND INTERNAL CONTROL SYSTEM

The Company and its subsidiaries have Internal Control Systems, commensurate with the size, scale and complexity of its operations. The Internal Controls of the Company & its subsidiaries encompasses the policies, standard operating procedure manuals, approval/authorization matrix, circulars/ guidelines, and risk & control matrices for ensuring the orderly and efficient conduct of its business & support functions, adherence to these policies & procedures, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and timely preparation of reliable financial information during the process of financial reporting. Such detailed controls ensure productive and effective use of resources to the extent that the assets are safe-guarded, transactions are duly approved, registered and adequately reported and checks and balances ensure consistency and reliability of accounting data.

Company is a registered with RBI as a CIC and is exposed to various risks as stated in the Risk Management Policy of the Company and its key operating subsidiaries. The Company and its subsidiaries have adequate control environment for identification, assessment, monitoring, mitigation and reporting of applicable risks on a periodical basis through

an effective Risk Management Framework that has been developed encompassing all the key business and support functions. Mitigation plans and controls are documented for each identified risk in the form of policies & standard operating procedures and Risk & Control Matrices (RCM). Risks/controls documented in the RCMs are mapped to each of the financial statement line items (FSLI) and financial assertions to ensure comprehensiveness of internal financial controls and mitigation plans. The Company has prepared separate RCMs for Process Level Controls (PLC) and Entity Level Controls (ELC). Similarly, Information Technology controls relating to Information Security, Cyber Security and Other Information Technology General Controls (ITGC) have also been identified, assessed and documented, which are updated periodically.

The Company and its key operating subsidiaries have a robust mechanism to ensure an ongoing review of systems, policies, processes and procedures to contain and mitigate risk that arise from time to time. The Company and its key operating subsidiaries have satisfactory system of periodical monitoring and reporting of internal financial controls. Key policies and procedures including the RCMs designed to provide reasonable assurance are monitored and updated on a periodical basis. Management ensures that controls as designed are operating effectively and that lapses are identified and remedied in a timely manner. The monitoring activities are carried out through Control Self-Assessment (CSA) mechanism integrated with the internal audit function, whereby key risks and controls are reviewed on a quarterly basis and dashboard containing results of evaluation of Test of Design (TOD) and Test of Operating Effectiveness (TOE) relating to the Company and its key operating subsidiaries are presented to the Audit and Governance Committee and Group Risk Management Committee (GRMC) of the Company.

The Company and its key operating subsidiaries have an elaborate quarterly internal audit policy and framework as approved by the respective Audit & Governance Committees of the Board. The scope, authority and structure of the Internal Audit function has been defined in the comprehensive Internal Audit Policy. The Company also conducts Information System and Cyber Security Audit on a yearly basis and the report is presented to the Audit and Governance Committee of the Board. Information System Security controls enable the Company to keep a check on technology-related risks and also improve business efficiency and distribution capabilities.

The Internal Audit Team evaluates the efficacy and adequacy of the internal control system and internal financial controls in the Company, its compliance with operating systems, accounting procedures, policies and regulatory requirements at key locations of the Company. Based on the integrated report of internal audit function and IFC, process owners undertake corrective action in their respective areas and thereby strengthen the internal controls. Significant internal

audit observations (rated high and medium risk) and corrective actions thereon, along with IFC dashboard, are presented to the Audit and Governance Committee of the Board on periodical basis. The Internal Audit also assesses opportunities for improvement in business processes, systems and controls, provides recommendations, designed to add value to the organization and follow up the implementation of corrective actions. The Audit and Governance Committee of the Board reviews and evaluates adequacy and effectiveness of the Company’s internal control environment, provides their inputs, if any, to improve the quality of audit and assurance standards and monitors the implementation of audit recommendations across the relevant functional areas to continuously strengthen the internal control framework.

Therefore, the Board has laid down Internal Financial Controls to be followed by the Company and such that Internal Financial Controls are adequate and operating effectively during the financial year.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2025

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Religare Enterprises Limited
L74899DL1984PLC146935

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Religare Enterprises Limited (hereinafter called “the Company” or “REL”)**. The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon for the financial year ended on March 31, 2025 (“**Audit Period**”). Further, equity shares of the Company are listed on BSE Limited and National Stock Exchange of India Limited. Further, the Company is also registered with the Reserve Bank of India (“**RBI**”) as a Core Investment Company (“**CIC**”).

Limitation of the Auditors

- (i) Based on our verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the Company has, during the Audit Period, complied with the statutory provisions listed hereunder; and
- (ii) Based on the management representation, confirmation and explanation wherever required by us, the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

Auditors Responsibility

- (i) Our responsibility is to express the opinion on the compliance with the applicable laws and maintenance of records based on audit. We conducted our audit in accordance with the Guidance Note on Secretarial Audit (“**Guidance Note**”) and Auditing Standards issued by the Institute of Company Secretaries of India (“**ICSI**”). The Guidance Note and Auditing Standards require that we comply with statutory and regulatory requirements and also that we plan and perform the audit so as to obtain reasonable assurance about compliance with applicable laws and maintenance of records.

- (ii) Due to the inherent limitations of an audit including internal, financial and operating controls, there is an unavoidable risk that some misstatements or material non-compliances may not be detected, even though the audit is properly planned and performed in accordance with the Standards.
- (iii) Our audit involves performing procedures to obtain audit evidence about the adequacy of compliance mechanism exist in the Company to assess any material weakness and testing and evaluating the design and operating effectiveness of compliance mechanism based upon the assessed risk. The procedures selected depend upon the auditor’s judgement, including assessment of the risk of material non-compliance whether due to error or fraud.
- (iv) We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s Board-processes and compliance-mechanism.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Audit Period, according to the provisions of:

- (i) The Companies Act, 2013 (‘the Act’) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and Overseas Direct Investment;
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI Act’): –
 - a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 (hereinafter referred to as ‘**SAST Regulations**’);

- b. The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
- c. The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018;
- d. The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021;
- e. The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021; (**Not applicable during the review period**)
- f. The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with clients; (**Not Applicable**)
- g. The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; (**Not applicable during the review period**)
- h. The Securities and Exchange Board of India (Buy-back of Securities) Regulations, 2018; (**Not applicable during the review period**) and
- i. The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 (hereinafter referred to as ‘**Listing Regulations/ LODR**’).

Based upon the Management Representation wherever required from the Company, we further report that there are adequate systems and processes in the Company commensurate with the size and operations of the Company to monitor and ensure compliance with the following pertinent laws, rules, regulations and guidelines as specifically applicable to the Company: –

- a. The Reserve Bank of India Act, 1934 to the extent it is applicable to CIC and
- b. Core Investment Companies (Reserve Bank) Directions, 2016 (“**CIC Directions**”).

We have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by the ICSI wherein the Company is generally complying with the standards; and

- (ii) The Listing Agreements entered into by the Company with the Stock Exchange(s) and Listing Regulations.

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. as mentioned above.

We further report that:

- (i) The Board of Directors of the Company was duly constituted with the proper balance of one (1) Executive Director(s) and four (4) Non- Executive Independent Directors till February 07, 2025. Post which, there have been only Non- Executive Directors in the Company as on date of this report. The following changes took place in the composition of the Board of Directors during the Audit period till March 31, 2025:
 - a) That Mr. Hamid Ahmed resigned from the directorship of the Company (as Independent Director) with effect from February 04, 2025.
 - b) That Dr. Rashmi Saluja ceased to hold office as Whole-Time Director and also as a Director of the Company with effect from February 07, 2025, pursuant to non-approval of her reappointment by the shareholders at the at the 40th Annual General Meeting held on February 07, 2025.
 - c) That Mr. Rajender Mohan Malla and Mr. Shrikant Shreeniwas Somani were appointed as Additional Directors (designated as Independent Directors) w.ef. February 21, 2025.
- (ii) Further, the composition of all statutory committees was also in compliance with the Act and applicable Rules and Regulations.
- (iii) Adequate notice was given to all directors to schedule the Board Meetings and Statutory Committee Meetings. Agenda and detailed notes on agenda were sent at least seven days in advance except for meeting(s) which held at shorter notice and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting
- (iv) The majority of decisions were carried through and dissent of the concerned director was captured in the Minutes Book.

We further report that in our opinion, the Company has, in all material respects, adequate systems and processes commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations, and guidelines.

During the audit period, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above except to the extent as mentioned below: –

- i. That Dr. Rashmi Saluja, Whole-Time Director ('WTD') and Mr. Nitin Aggarwal, Group Chief Financial Officer ('CFO') of the Company ceased to hold office as such w.e.f. February 07, 2025, and November 12, 2024 respectively and the resultant vacancies remain unfilled as on the date of this report. Following the cessation of Dr. Rashmi Saluja as a Whole-Time Director w.e.f. February 07, 2025, the Board of Directors does not have any other executive director and the said vacancy has not filled-up within the time period stipulated under LODR. Further, Mr. Mallikarjun Goda, Chief Compliance Officer resigned from the office w.e.f. January 13, 2025 and since then, vacancy has not been filled in by the Board of Directors as on date of this report.
- ii. That the Asset-Liability Management Committee (ALCO) of the Company is not in compliance with the RBI Master Direction – Core Investment Companies (Reserve Bank) Directions, 2016, as it is not headed by a CEO, MD, or Executive Director, following the resignation of Dr. Rashmi Saluja w.e.f. February 07, 2025.
- iii. That the outcome of the Board Meeting held on November 12, 2024, for consideration of financial results, was submitted to BSE Limited with a delay of 4 minutes from the conclusion of the meeting.
- iv. The Company made an application to the Reserve Bank of India (RBI) for the appointment of Mr. Rakesh Asthana as a Whole-Time Director on November 17, 2023, which was rejected by RBI vide letter dated May 15, 2024 for which the disclosure to the Stock Exchange was made on October 24, 2024, resulting in a delay of 161 days from the date of RBI communication.

Matters of Emphasis:

The Registrar of Companies, NCT of Delhi & Haryana, pursuant to the order dated August 22, 2024, granted the Company an extension of three months, up to December 31, 2024, for holding its 40th Annual General Meeting (AGM) for the financial year ended March 31, 2024. The Company accordingly issued a notice to its shareholders convening the AGM on December 31, 2024. However, pursuant to the interim ex-parte stay granted by the Hon'ble High Court of Madhya Pradesh, Jabalpur Bench, on December 18, 2024, in Writ Petition No. 40618/2024 (Vijayant Mishra vs. RBI & Others), the Company was restrained from conducting the AGM. The said stay was vacated on January 9, 2025, whereupon the Company issued a fresh notice and held the AGM on February 7, 2025. While the AGM was held beyond the extended timeline, such delay was solely due to the directions of the Hon'ble High Court. Accordingly, we have not formed any adverse opinion on this matter.

We further report that during the audit period and thereafter, the following events have occurred in the Company having major bearing on the Company's affairs:

- i. That the Company received a Public Announcement dated September 25, 2023, in respect of an open offer by the Burman Group [i.e., M.B. Finmart Private Limited ("Acquirer 1"), Puran Associates Private Limited ("Acquirer 2"), VIC Enterprises Private Limited ("Acquirer 3"), and Milky Investment & Trading Company ("Acquirer 4") (hereinafter referred to as the "Acquirers")] for the acquisition of up to 90,042,541 fully paid-up equity shares of face value ₹ 10 each from the public shareholders of the Company, representing 26.00% of the Expanded Voting Share Capital. In connection with the open offer, the Securities and Exchange Board of India ("SEBI") issued an Interim Order cum Show Cause Notice dated June 19, 2024 ("SCN cum Order") to the Company and its Directors, directing them to file the requisite statutory approvals necessary to proceed with the open offer. Pursuant to the same, the Company duly submitted the necessary applications to the respective authorities, and the Reserve Bank of India ("RBI") granted its conditional approval for the proposed change in control vide letter dated December 9, 2024, subject to the fulfilment of certain stipulated conditions.

- ii. Subsequently, the Acquirers issued the Letter of Offer dated January 18, 2025, to the public shareholders of the Company, informing them of the commencement of the tendering period from January 27, 2025 to February 13, 2025. The Acquirers, vide their intimation dated February 19, 2025, informed that their shareholding in the Company had increased to 8,32,01,819 equity shares, representing 25.16% of the outstanding paid-up equity share capital of the Company as on February 18, 2025, resulting in a change in control. Consequent to the change in control, the Acquirers have been classified as the Promoters of the Company.
- iii. REL has not redeemed 15 Lakhs preference shares which were due for redemption on October 31, 2018, having a redemption value of ₹ 4,190.28 Lakhs basis the interim application filed in the matter of Daiichi Sankyo Company Limited vs. Malvinder Mohan Singh & Others before the Hon'ble High Court of Delhi disputing its liability as garnishee and praying among other reliefs for the stay of redemption pending the outcome of investigations into the affairs of the Company and its subsidiaries already initiated by SEBI and SFIO. The Company has been served with warrants of attachment as Garnishee, which is being contested/challenged. Further, Daiichi had filed an application demanding the forensic audit of Religare Group Companies in terms of order dated September 22, 2022 passed by Hon'ble SC in the matter of Oscar Investments. REL and RFL have filed their replies and objected to the same. Matter is pending before the Court. Company has also filed a criminal complaint before the Economic Offences Wing, Delhi Police for various offences under the Indian Penal Code, 1860 w.r.t transactions relating to issuance and redemption of said Preference Shares. The matter is sub-judice as on the date of this report.
- iv. REL has not redeemed 250 Lakhs preference shares which had become due for redemption on August 30, 2021 having the redemption value of ₹ 4,212.75 Lakhs. As REL has also filed a petition with Hon'ble NCLT, Delhi seeking rectification of Register of Members of the Company, alleging the transaction to be a fraudulent one and has sought cancellation of preference shares along with stay on voting rights in the interim. On September 29, 2021, the Hon'ble NCLT directed ordering the status quo on the respondents to restrain them from exercising their

voting power with the resolution, until the further orders. Further, vide order dated December 16, 2021, it was affirmed by Hon'ble NCLT that interim order will continue. The matter is sub-judice as on the date of this report.

- v. That the Board of Directors approved the appointment of Mr. Abhay Kumar Agarwal, Mr. Arjun Lamba, Mr. Gurumurthy Ramanathan, and Mr. Suresh Mahalingam as Non-Executive, Non-Independent Directors, subject to approval of the shareholders and the Reserve Bank of India (RBI). The appointments were approved by the shareholders on April 10, 2025. Subsequently, the RBI, vide its letter dated July 08, 2025 (Ref. No. S2718/18-12-062/2025-2026), granted approval for the appointment of three directors out of four proposed namely Mr. Arjun Lamba, Mr. Gurumurthy Ramanathan, and Mr. Suresh Mahalingam.
- vi. That pursuant to the Board approval dated July 11, 2025, the Company is proposing to issue up to 6,38,29,782 (Six Crore Thirty Eight Lakh Twenty Nine Thousand Seven Hundred Eighty Two) warrants, each convertible into or exchangeable for one fully paid-up equity share of face value ₹ 10/- (Rupees Ten only), by way of preferential allotment for which shareholders' approval has been obtained at the meeting held on August 08, 2025.

SECRETARIAL AUDIT REPORT

FOR THE FINANCIAL YEAR ENDED MARCH 31, 2025

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule 9 of the Companies (Appointment and Remuneration Personnel) Rules, 2014]

To,
The Members,
Care Health Insurance Limited
(U66000DL2007PLC161503)

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Care Health Insurance Limited (**hereinafter called “the Company”**). The Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon for the financial year ended on March 31, 2025 (**“Audit Period”**). The Company is governed mainly under the provisions of the Insurance Act, 1938 and the Insurance Regulatory and Development Authority Act, 1999 (**“Insurance Laws”**) and under the Companies Act, 2013 and rules framed thereunder where there is no inconsistency with the Insurance Laws.

Limitation of the Auditors

- (i) Based on our verification of the Company’s books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the Company has, during the Audit Period, complied with the statutory provisions listed hereunder; and
- (ii) Based on the management representation, confirmation and explanation wherever required by us, the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

Auditors Responsibility

- (i) Our responsibility is to express the opinion on the compliance with the applicable laws and maintenance of records based on audit. We conducted our audit in accordance with the Guidance Note on Secretarial Audit (**“Guidance Note”**) and Auditing Standards issued by the Institute of Company Secretaries of India (**“ICSI”**). The Guidance Note and Auditing Standards require that we comply with statutory and regulatory requirements and also that we plan and perform the audit so as to obtain

reasonable assurance about compliance with applicable laws and maintenance of records.

- (ii) Due to the inherent limitations of an audit including internal, financial and operating controls, there is an unavoidable risk that some misstatements or material non-compliances may not be detected, even though the audit is properly planned and performed in accordance with the Standards.
- (iii) Our audit involves performing procedures to obtain audit evidence about the adequacy of compliance mechanism exist in the Company to assess any material weakness, and testing and evaluating the design and operating effectiveness of compliance mechanism based upon the assessed risk. The procedures selected depend upon the auditor’s judgement, including assessment of the risk of material non-compliance whether due to error or fraud.
- (iv) We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s Board processes and compliance-mechanism.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Audit Period, according to the provisions of:

- (i) The Companies Act, 2013(‘the Act’) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the rules made thereunder; (**Not applicable to the Company during the audit period**)
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and Overseas Direct Investment; (**Not applicable to the Company during the audit period**)
- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 (‘SEBI Act’): -

a. The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (Not applicable)	(a) Insurance Act, 1938 and extant Rules & Regulation framed under Insurance Regulatory and Development Authority Act, 1999 ("IRDAI") to the extent as below:

To,
The Members,
Religare Finvest Limited
(U74999DL1995PLC064132)

We have conducted the Secretarial Audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by Religare Finvest Limited (hereinafter called “the Company/ RFL”). The Secretarial Audit was conducted in a manner that provided us with a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon for the financial year ended on March 31, 2025 (“Audit Period”).

The Company is primarily engaged in the lending business and registered with the Reserve Bank of India (“RBI”) as a Systemically Important Non-Deposit taking Non-Banking Financial Company (NBFC- ND-SI) and Middle layer NBFC under Master Direction – Reserve Bank of India (Non-Banking Financial Company – Scale Based Regulation) Directions, 2023 dated 19th Oct 2023. The Company also holds the certificate/ registration as (i) distribution of mutual fund products from Association of Mutual Funds in India (AMFI) (ii) Depository Participant with CDSL.

Limitation of the Auditors

- (i) Based on our verification of the Company’s books, papers, minute books, forms, and returns filed, and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of Secretarial Audit, we hereby report that in our opinion, the Company has, during the Audit Period, complied with the statutory provisions listed hereunder; and
- (ii) Based on the management representation, confirmation and explanation wherever required by us, the Company has proper Board-processes and compliance-mechanism in place to the extent, in the manner and subject to the reporting made hereinafter.

Auditors Responsibility

- (i) Our responsibility is to express the opinion on compliance with the applicable laws and maintenance of records based on audit. We conducted our audit in accordance with the Guidance Note on

Secretarial Audit (“Guidance Note”) and Auditing Standards issued by the Institute of Company Secretaries of India (“ICSI”). The Guidance Note and Auditing Standards require that we comply with statutory and regulatory requirements and also that we plan and perform the audit so as to obtain reasonable assurance about compliance with applicable laws and maintenance of records.

- (ii) Due to the inherent limitations of an audit including internal, financial and operating controls, there is an unavoidable risk that some misstatements or material non-compliances may not be detected, even though the audit is properly planned and performed in accordance with the Standards.
- (iii) Our audit involves performing procedures to obtain audit evidence about the adequacy of compliance mechanism exist in the Company to assess any material weakness and testing and evaluating the design and operating effectiveness of compliance mechanism based upon the assessed risk. The procedures selected depend upon the auditor’s judgement, including assessment of the risk of material non-compliance whether due to error or fraud.
- (iv) We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s Board processes and compliance mechanism.

We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company for the Audit Period, according to the provisions of:

- (i) The Companies Act, 2013 (‘the Act’) and the rules made thereunder;
- (ii) The Securities Contracts (Regulation) Act, 1956 (‘SCRA’) and the rules made thereunder;
- (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment and Overseas Direct Investment and External Commercial Borrowings; (Not applicable to the Company during the audit period)

- (v) The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'): -
- The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; **(Not applicable)**
 - The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015; **(Not applicable)**
 - The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; **(Not applicable)**
 - The Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021; **(Not applicable)**
 - The Securities and Exchange Board of India (Issue and Listing of Non-Convertible Securities) Regulations, 2021; **(Not applicable)**

 - The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2021; **(Not applicable)**
 - The Securities and Exchange Board of India (Buy - back of Securities) Regulations, 2018; **(Not applicable)**; and
 - The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 **(Not applicable)**.
- (vi) Based upon the Management Representation wherever required from the Company and the audit report as made available to us of the respective auditors appointed under any specific Law/ Regulations, we further report that subject to the observations mentioned hereinafter, there are systems and processes to monitor and ensure compliance with the following laws, rules, regulations and guidelines as specifically applicable to the Company:-
- The Reserve Bank of India Act, 1934 (RBI Act, 1934) to the extent it is applicable to NBFC;
 - RBI Master Direction - Reserve Bank of India (Non-Banking Financial Company - Scale Based Regulation) Directions, 2023; ("NBFC Directions")

- RBI Master Directions - KYC Directions, 2016;
- RBI's Master Directions-Information Technology Governance, Risk, Controls and Assurance practices, 2023;
- RBI's Master Directions - Fraud Risk Management, 2024;
- RBI's Master Directions - Treatment of Willful Defaulters and Large Defaulters, 2024
- RBI's Master Directions - Filing of Supervisory Returns, 2024;

It is further reported that with respect to the compliance of other general laws, we have relied on the representation made by the Company and its officers for system and mechanism framed by the Company for compliances under general laws (including Labour Laws, Tax Laws, etc.).

We have also examined compliance with the applicable clauses of the following:

- Secretarial Standards issued by the ICSI wherein the Company is generally complying with the standards; and
- The Listing Agreements entered into by the Company with the Stock Exchange(s) and Listing Regulations. **(Not Applicable)**

During the period under review, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. as mentioned hereinabove except to the extent as mentioned below:

- That there was no Designated Director in the Company to ensure compliance with Prevention of Money-Laundering Act, 2002, post change in designation of Dr. Rashmi Saluja from Managing Director to Non-Executive Director of the Company (w.e.f. September 06, 2024).

We further report that:

- The Board of Directors of the Company was duly constituted with the proper balance of one (1) Executive Director(s) and three (3) Independent Directors till September 05, 2024. Post which, there were only Non-Executives Directors in the Company. The following changes took place in the composition of the Board of Directors during the Audit period:
 - Mr. Ravindra Kumar Srivastava was appointed as Independent Director of the Company with effect from October 28, 2024.

- Mr. Hamid Ahmed resigned from the Directorship of the Company (as Independent Director) with effect from February 07, 2025.
 - Mr. Ravindra Kumar Srivastava resigned from the Directorship of the Company (as Independent Director) with effect from March 01, 2025.
 - Dr. Rashmi Saluja was removed from the Company as Non-Executive Non-Independent Director with effect from March 25, 2025.
 - Mr. Anil Prasad Verma was appointed as Additional Non-Executive Independent Director of the Company with effect from March 29, 2025.
- Further, the composition of all statutory committees was also in compliance with the Act and applicable Rules and Regulations.
 - Adequate notice is given to all Directors to schedule the Board meetings. Agenda and detailed notes on the agenda were sent at least seven days in advance except that of few Board and Committee Meetings which were held at shorter notice in compliance with the applicable statutory requirements, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.
 - The majority of decisions were carried through and dissent of the concerned director was captured in the Minutes Book.

We further report that in our opinion, the Company has, in all material respects, adequate systems and processes commensurate with the size and operations of the company to monitor and ensure compliance with applicable laws, rules, regulations, and guidelines.

We further report that during the audit period the following events have occurred in the Company having major bearing on the Company's affairs in pursuance of the above-referred laws, rules, regulations, guidelines, standards, etc. referred to above that:

- RBI vide its letter no. CO.DOS.SED.No.S3284/07-02-001/2025-2026 dated July 23, 2025, informed the Company on the withdrawal of conditions imposed under Corrective Action Plan.

RBI noted Company's compliance towards adherence to the CAP conditions including change in management and directors of the Company and in view of the same, decided to withdraw the conditions imposed under CAP with immediate effect.

- SEBI vide its order dated June 19, 2024, directed the holding company, Religare Enterprise Limited ("REL"), and its directors to take all requisite approval (including that of its subsidiaries) on or before July 12, 2024, to facilitate acquirer to fulfil their obligations. The acquisition of shares of REL would be indirect acquisition of RFL which in turn would amount to change in control of the latter. Therefore, RFL submitted an application for change in control before RBI vide email dated July 22, 2024, and post Audit Period on May 23, 2025, RBI has approved the application.
- The Company has an exposure of ₹ 81,468.01 lakhs as at March 31, 2025, towards the Corporate Loan Book ("CLB") Category recoverable (after de-recognizing 60% CLB). RBI had raised concerns in the past about the creditworthiness of the borrowers, credit appraisal and loan sanctioning mechanism followed by the Company in respect of such loan book. The management reviewed the portfolio and the financial reports of such borrowers to determine the respective recoverability of the said loans. Based on the maturity dates of the loans, recovery steps instituted and the financial reports of the borrowers, the Company had, on a prudent basis, made a full provision of ₹ 81,468.01 lakhs against this above-mentioned portfolio in previous periods. The Company had initiated insolvency proceedings before the National Company Law Tribunal ("NCLT") against the concerned borrowers forming a part of the CLB category. Daiichi has sought impleadment as a Financial Creditor. The matter is pending at the stage of admission hearing and is next listed on August 01, 2025.
- In December 2016, the Company subscribed to NCDs amounting to ₹ 20,000 lakhs of a corporate entity named OSPL, backed by the SREI group. Due to default in repayment of these NCDs, the Company filed a case against OSPL under the Insolvency and Bankruptcy Code ("IBC") before the Hon'ble NCLT Kolkata, which subsequently issued a liquidation order. As there were no realizable assets or properties available, the liquidator filed a dissolution application, which was allowed by the Tribunal in its order dated March 19, 2024. The amount has been written off in the Company's books of accounts.

Further, RFL has preferred an application, in a Company petition titled "SREI Limited v. Predicate Consultants Private Limited" already pending at NCLT, Kolkata, against the Impugned Notice dated November 25, 2023, wherein the Liquidator of Predicate Consultants called for bidders of the shares of BRNL which were originally pledged with RFL by OSPL. Vide Order dated June 24, 2024, Interim prayer of RFL has been allowed and the stay has been granted on the sale of BRNL shares till the next date of hearing. The matter is pending at the stage of Final Arguments and is next listed on July 25, 2025.

v. RFL has initiated legal proceedings to recover ₹ 79,145 lakhs related to misappropriated fixed deposits with erstwhile LVB (now DBS). Key Developments include (i) Hon’ble High court permitted substitution of DBS Bank (March 29, 2022) and impleadment of RHC Holdings Pvt. Ltd. And other additional defendants (December 15, 2023); (ii) DBS’s application for plaint dismissal was rejected (December 3, 2024); and (iii) SBI was impleaded as a party (February 13, 2025), which the Supreme Court upheld. The matter is pending with Hon’ble Delhi High Court, and the next date of hearing is scheduled on August 07, 2025.

During the financial year 2022-23 the company has de-recognized the above assets by ₹ 55,924.09 lakhs. The Company had recognized a 100% provision against the balance outstanding amount of ₹ 25,924.09 lakhs in the previous financial year.

vi. Fortis Healthcare Limited has filed a recovery suit for ₹ 49,414 lakhs with Hon’ble Delhi High Court against Best Healthcare Pvt. Ltd. and others, including RFL, based on the SEBI Order dated October 17, 2018, and its confirmatory order dated March 19, 2019. Subsequently, the Securities Appellate Tribunal (SAT), through its order dated January 29, 2020, quashed both SEBI orders.

RFL has filed an application seeking dismissal of the suit as infructuous qua RFL. The matter is scheduled for further arguments on RFL’s dismissal application on July 24, 2025.

vii. RFL filed a complaint for cheating, misappropriation, forgery, criminal breach of trust, and criminal conspiracy against Strategic Credit Capital Pvt. Ltd (“**SCCPL**”), its associated entities, and related individuals. This stemmed from a 2015 assignment transaction where SCCPL issued a forged Standby Letter of Credit and failed to adhere to the assignment terms. Additionally, RFL provided an unpaid loan of ₹ 22,187.5 lakhs to an associate company, PCSPL. In 2017, Mohnish Makkar, who controlled SCCPL, acknowledged a joint liability of ₹ 79,367 lakhs, which was also unpaid. An FIR was registered on December 22, 2020, and a charge sheet was filed on August 30, 2022 before the Ld. CMM, South-East, Saket Court. However, Ld. CMM passed some Orders which are challenged by State before Sessions Court, by way of Revision as well as the company before the Delhi High Court. Matter is pending before the Courts.

viii. RFL filed insolvency petitions under the Insolvency and Bankruptcy Code against SCCPL and PCSPL. RFL, having purchased a ₹ 4,000 lakhs loan from Nishu Finlease Pvt. Ltd., issued a recall notice to SCCPL, which failed to repay. The petition under Section 7 of IBC was dismissed by NCLT Delhi on November 25, 2022. RFL’s appeal was also dismissed on April 27, 2023, on account of limitation. RFL thereafter filed a Special Leave Petition “SLP” before Hon’ble Supreme Court of India against the said order passed by the NCLAT. Notice was issued by way of publication and SLP was thereafter allowed directing NCLAT to consider the Appeal on its merits. NCLAT has considered the Appeal afresh and has issued Notice to Respondent. Matter is pending before NCLAT and is next listed on August 25, 2025 for consideration.

ix. That Strategic Credit Capital Private Limited (“**SCCPL**”) & Participation Finance & Holdings (India) Private Limited (“**PFH**”) filed a commercial civil suit before the Delhi High Court against LVB, naming RFL and other entities as parties. They seek relief, including direction regarding the Company’s fixed deposits with LVB. RFL also has filed for rejection of the plaint under Order VII Rule 11 and a CRPC Section 340 application against SCCPL for fabricating documents. The matter is currently sub-judice. Additionally, Loancore filed a substitution on behalf of SCCPL, by way of assignment deed and RFL has responded. However, Court considered that there is no appearance on behalf of any of the Plaintiffs, since long. Accordingly suit has been dismissed.

Management Discussion and Analysis

Economic Outlook Global Economy

In 2024, the global economy experienced moderate growth amid persistent inflationary pressures, geopolitical instability and tightening financial conditions. The year was marked by significant elections in advanced and emerging economies, introducing policy uncertainty and shaping market sentiments.

Monetary policy remained a focal point, with central banks in key economies, particularly the U.S. Federal Reserve and the European Central Bank, maintaining cautious interest rate strategies in response to stubborn core inflation and mixed labour market signals. Meanwhile, global trade continued to face headwinds from ongoing supply chain disruptions, rising protectionism and unresolved trade tensions, particularly between major economies like the U.S. and China.

Despite a globally tighter monetary environment, corporate liquidity conditions remained stable. Financial institutions continued to maintain healthy balance sheets, and businesses, particularly in advanced economies, benefited from strong cash positions, improved working capital cycles and access to alternative financing channels such as private credit and capital markets.

Additionally, proactive communication from central banks and gradual policy normalisation helped maintain investor confidence and ensured credit flows to productive sectors remained largely uninterrupted. The stability in funding conditions proved crucial for sustaining business continuity and investment activity through a complex macroeconomic environment.

Meanwhile, technological innovations remained a key driver of productivity. Looking ahead, the global economy in 2025 is projected to expand at a modest but stable rate of approximately 2.8%, according to estimates by the IMF and the World Bank. While inflation is expected to ease further, marking a continuation of the downward trend from its peak, the pace of decline may vary.

Indian Economy

India's economy achieved a real GDP growth of 6.5% in FY25, maintaining its position as the world's fastest-growing major economy despite global geopolitical tensions and trade uncertainties, driven primarily by domestic demand.

Private consumption expenditure expanded 7.3% at constant prices, boosted by a significant rural consumption rebound. Improved agricultural incomes and enhanced rural purchasing power created a broad-based recovery, with steady urban spending patterns supporting overall economic activity throughout the year.

The industrial sector grew an estimated 6.2% for FY25, building on 6.0% growth in the first half. Manufacturing remained stable despite weakened export demand and competitive trade policies from major partners. Production-Linked Incentive (PLI) schemes enhanced industrial competitiveness and facilitated integration into global value chains. Services remained the primary growth engine, driven by robust IT and financial services exports alongside a meaningful recovery in tourism and hospitality.

Meanwhile, agriculture emerged as a stabilising force, contributing to GDP growth while maintaining food security and price stability. The sector's resilience provided a foundation for rural consumption recovery and sustained domestic demand during external uncertainty.

Furthermore, successful inflation management through coordinated monetary policy and supply-side measures marked the year, with the Reserve Bank of India's (RBI) strategic approach enabling headline inflation to align with the 4% medium-term target, creating conducive conditions for sustained growth. In FY25, the Reserve Bank of India reported varied outcomes for the banking sector. Credit growth stayed strong, but deposit growth lagged, while the RBI's balance sheet saw substantial expansion. Public sector banks reported a record cumulative profit of ₹ 1.78 Lakh Crore for FY25, marking a 26% increase from ₹ 1.41 Lakh Crore in the previous fiscal year. In contrast, private-sector banks experienced a sharper decline in loan growth, with overall growth slowing to 11.1% from 15.3% the year before.

Non-Banking Finance Companies (NBFCs) outperformed commercial banks in credit growth during FY25, achieving a robust 20% increase compared to the banking sector's 12%. The total net advances for NBFCs also rose by 20% year-on-year to ₹ 24.5 Lakh Crore, expanding the overall balance sheet size of the NBFC industry to ₹ 28.2 Lakh Crore, a 20% rise from the previous fiscal year. Total borrowings by NBFCs surged by 22% to ₹ 19.9 Lakh Crore, indicating heightened funding activity to support their growing operations.

Additionally, the financial inclusion index showed positive growth across all segments for FY25, reaching 67% compared to 64.2% in FY24, reflecting ongoing improvements in financial accessibility and economic participation across India, underscoring the resilience and dynamism of the Indian economy amid evolving financial landscape.

Industry Overview India's Financial Services Sector Undergoing Rapid Growth

Non-Banking Financial Companies (NBFCs) have become integral to India's financial services sector. Serving sectors from retail to infrastructure, they are increasingly competing with banks in the retail consumer segment by offering faster loan approvals, efficient disbursements, diversified products, and strengthening their position through technology adoption and user-friendly digital platforms.

NBFCs posted strong credit growth during the year, outpacing the banking sector (12%) with a growth rate of 20%. Lending, particularly to MSMEs, is gaining traction as the formalisation of the sector and rising credit demand open new frontiers for growth. It is widely acknowledged that MSME lending, reinforced with advanced analytics and risk management strategies, could be a long-term profit engine. However, volatilities like rising costs are likely to persist, reinforcing the need for financial institutions to revisit their operating models. The broader outlook for the financial services sector is marked by the strongest levels of profitability, capital adequacy, and asset quality in over a decade.

Health Insurance

The insurance sector, alongside banking and mutual funds, has been expanding rapidly, emerging as a key pillar of the financial ecosystem. Broking services, driven by rising digital adoption and strong regulatory support, are also witnessing strong momentum. India's insurance sector, comprising 57 insurers (24 life and 33 non-life), has grown at a 17% CAGR over the past two decades and is projected to reach \$ 222 Billion by FY26,

driven by rising awareness, regulatory reforms, and increased private sector participation. Technological advancements, particularly in AI and Robotic Process Automation (RPA), are transforming the sector, with bots streamlining policy servicing and claims management to deliver faster, more personalised customer experiences.

Furthermore, the IRDAI continues to push its "Insurance for All by 2047" agenda, addressing systemic challenges and enabling growth. In FY25, while overall premium growth moderated, non-life insurance premiums crossed ₹ 3 Lakh Crore, supported by regulatory thrust, Insurtech adoption, and rapid digitalisation.

Overall, India's health insurance sector is undergoing a structural transformation. It remains the largest contributor within the non-life segment. Health insurance premiums surpassed ₹ 1 Lakh Crore in the first 10 months of FY25, reflecting a 10% increase over ₹ 90,785 Crore collected during the same period last year. However, this growth rate is slower than the 20% rise seen in FY24. Despite deceleration following the implementation of the 1/n rule, standalone health insurers (SAHIs) continued to outperform the broader health insurance market.

Retail Broking

India's capital markets witnessed a notable increase in retail participation in FY25, with the addition of over 84 Lakh new active demat accounts on the National Stock Exchange (NSE), an annual growth of 20.5%. The total number of active demat accounts peaked at 5.02 Crore in January 2025, before experiencing a marginal decline over the subsequent two months amid heightened market volatility.

The surge in investor activity reflects key structural trends, with more young, digitally native investors emerging from Tier II, III, and IV cities, supported by greater financial literacy, seamless onboarding, and user-friendly digital platforms. The BSE's StAR MF platform processed 50.6 Million monthly transactions in H1 FY25, up from 30 Million a year earlier. Another notable shift is the rising participation of women, with one in every four new investors in FY25 being female, underscoring greater financial inclusion and broader demographic engagement.

Retail investor participation post-COVID-19 accelerated due to simplified digital onboarding, favourable market sentiment, and reduced trading costs. In addition, investors are increasingly accessing the markets through indirect avenues such as mutual funds, Portfolio Management Services (PMS), and Alternative Investment Funds (AIFs).

Furthermore, regulatory bodies such as the Securities and Exchange Board of India (SEBI), along with stock exchanges, clearing corporations, brokers, and registrars, have played a critical role in enhancing market accessibility and transparency. SEBI’s collaborative policymaking and sustained focus on market stability and investor protection have further strengthened investor confidence.

MSME Lending

MSME lending in India has gained strong momentum, with NBFCs leading the growth by outperforming banks. Their funding profile is shifting as some rely more on bank borrowings while larger players tap public deposits and alternative funding sources, alongside expanding loan portfolios in personal loans and vehicle financing.

According to the Reserve Bank of India’s Financial Stability Report (FSR), the share of stressed assets in the microfinance portfolio of NBFCs (including NBFC-MFIs) rose to 5.9% in March 2025 from 3.9% in September 2024. The NBFC sector continues to exhibit resilience, supplemented by improving asset quality, robust capital adequacy levels maintained above 22%, and sustained profitability. For NBFCs focused on Micro-LAP (Loan Against Property), the outlook remains promising, with expanding branch networks, accelerating digital transformation, co-lending partnerships, and sustained access to equity capital.

The Indian MSME sector, with 63 Million enterprises, is emerging as a key growth engine of the economy through its significant GDP and export contribution. Formalisation is accelerating with the Udyam Assist Platform and the rising Udyam registrations, which jumped to 6.2 Crore in March 2025 from 2.5 Crore a year earlier. Lending trends show a shift towards higher-ticket loans amid stress in the small-ticket segment.

The sector is also witnessing growth in women-led enterprises and sustainability initiatives, while continued formalisation and digital lending adoption are expected to help bridge the credit gap. Credit to the MSME sector crossed ₹ 40 Trillion as of March 2025, marking a strong 20% year-on-year growth, primarily attributed to strengthened priority sector lending norms, focused government initiatives, and greater digital adoption. Since its launch in April 2015, the Pradhan Mantri Mudra Yojana (PMMY) has sanctioned over 52 Crore loans worth ₹ 32.61 Lakh Crore, playing a key role in promoting entrepreneurship across the country.

Housing Finance

India’s housing finance market is expected to grow at a CAGR of 15–16%, driven by improved affordability, increasing urbanisation, a rise in nuclear families, premiumisation in housing demand, and supportive government programmes like “Housing for All.” The retail housing segment remains the primary growth driver, while wholesale lending has expanded cautiously. Housing Finance Companies (HFCs) improved asset quality with gross NPAs declining to 2.2% in March 2024 from 4.3% in March 2022, supported by retail loan growth, successful capital raising, and a strong capital structure.

The RBI defines affordable housing as properties priced up to ₹ 65 Lakh in metros and ₹ 40 Lakh in non-metros, with size limits of 60 sq. m and 90 sq. m, respectively. With urbanisation projected to reach 40% by 2030, affordable housing will be crucial in bridging the urban-rural divide and supporting migration to Tier-II and Tier-III cities. According to the Elara report, titled “Past its Prime”, the affordable housing finance companies (AHFCs) market projected a robust 35–45% AUM growth during FY15–24. The current market size is at ₹ 13 Lakh Crore, with the first quarter displaying an uptick in credit cost. This is attributed to seasonality and slow growth during the quarter. As per the report, the AUM growth of AHFCs is likely to settle at 20–25% during FY25–28.

Business Overview

About REL

Religare Enterprises Limited (“REL” or “the Company”) is a Core Investment Company (CIC) registered with the Reserve Bank of India (RBI). It serves as the listed holding company for the Group’s subsidiaries operating across diverse financial services.

Following the conclusion of the Open Offer, the Burman Group has been designated as the promoter of the Company. Their association is expected to contribute significantly to the Company’s stability, value creation, and future growth trajectory.

Key Subsidiaries and Their Operational Performance

Care Health Insurance Limited (CHIL)

Care Health Insurance Limited (CHIL), 62.84% owned by REL, is one of India’s leading Standalone Health Insurers (SAHI). It is currently the second-largest SAHI holding a market share of 6.9%. It was the only SAHI to remain profitable even during COVID-19, attributed to its strong business metrics driving profitability. It has a network of over 21,610 healthcare providers, 269 branches, and 3,60,000+ agents.

Further, CHIL’s comprehensive product portfolio, comprising 44 products, includes individual, group, travel, fixed benefit and indemnity categories, catering to various customer needs. It provides differentiated services for corporate businesses, such as wellness programmes and preventive health check-ups, helping to negotiate higher premiums and enhance customer retention. Employing a multi-channel distribution strategy through agencies, brokers, corporate agents, online platforms and bancassurance, CHIL primarily focuses on retail and SME customers. The Company continues to invest in digital solutions for its customers, partners, and employees. As a SAHI, CHIL operated across three segments – personal accident insurance, health insurance, and travel insurance.

Opportunities

The Indian health insurance market is growing, registering a market size of ₹ 1,27,277 Crore in FY25, an Increase of 9.1% from the previous year. Among health insurance service providers in India, public sector institutions hold a market share of 35.9%, private Insurers have a 33.9% market share, and SAHI accounts for 30.2% of the market. However, in terms of retail GDP, SAHI had the largest share at 57.6% in FY25. Having invested in people, processes, alliances, technology, and customer services, CHIL is well-positioned to serve and grow within the structural growth narrative of the insurance sector in India, particularly in the health Insurance sector.

Religare Broking Limited (RBL)

Religare Broking Limited (RBL), a wholly owned subsidiary of REL. Under retail broking, RBL has more than 1,400+ points of presence spanning 400+ towns and cities across the length and breadth of India, serving over 1.1 Million unique customers. RBL's distribution strategy entails a judicious combination of its own branches and a strong network of franchisees that help extend RBL's presence.

The Company offers a comprehensive suite of broking services, including both full-service and discount broking models, catering to a wide spectrum of investors.

RBL provides multi-platform trading options, including branch, web, mobile app and Call and trade, to enhance customer convenience and accessibility. Additionally, the retail broking business has Bancinvest partnerships with various banks, such as Bank of Maharashtra, Dhanlaxmi Bank Limited, Karur Vysya Bank Limited, Saraswat Bank, South Indian Bank Limited, Tamilnad Mercantile Bank Limited, and Union Bank of India, and continues to expand its Bancinvest partnerships.

RBL operates the following segments:

- **Retail Equity Broking and Depository Services:** The retail equity broking business is operated by RBL. RBL is registered as a stock and commodity broker with the Securities and Exchange Board of India (SEBI). RBL is also a member of the National Stock Exchange of India Limited (NSE), Bombay Stock Exchange Limited (BSE), Metropolitan Stock Exchange of India Limited (MSE), National Commodity & Derivatives Exchange Ltd. (NCDEX), and Multi Commodity Exchange of India Ltd. (MCX). Additionally, RBL is a depository participant with National Security Depository Limited (NSDL) and Central Depository Services (India) Limited (CDSL), ensuring smooth settlement of clients' delivery-based transactions.

- **Retail Commodity Broking:** Commodity broking provides a platform for exchange-based trading of futures and options in various agricultural products, bullion, metals, and oil and gas to producers, end-users, and intermediaries who are exposed to price risks in these commodities, to lock in future prices and thereby hedge their exposures. RBL is a member of the National Commodity & Derivatives Exchange Ltd. (NCDEX) and Multi Commodity Exchange of India Ltd (MCX).
- **Retail Currency Broking:** Trading in currency futures and options allows clients to hedge the capital and trading exposures they may have in currencies other than the Indian Rupee. These products are offered by RBL as a member of the currency segment on NSE and BSE. Currently, the exchanges permit futures trading in four currency pairs: US Dollar-Indian Rupee, Euro-Indian Rupee, Pound Sterling-Indian Rupee, and Japanese Yen-Indian Rupee, and options trading in the US Dollar-Indian Rupee pair.

Ancillary Services

Under the e-governance business, RBL provides and facilitates a variety of government services, financial inclusion services, citizen e-services, and other ancillary and allied services, including but not limited to Permanent Account Number (PAN) issuance, Tax Deduction and Collection Account Number (TAN, e-TDS returns, business correspondent for banking services, Bharat Bill Payment Systems (BBPS) and recharges, ticketing for airlines, railways, buses, and tourism through online and offline platforms, Digital Signature Certificate and Token (DSC) services, and a Central Record Keeping Agency Facilitation Centre (CRA-FC). RBL's extensive franchisee network spans across India, catering to the needs of retail customers.

Additionally, RBL is registered with the Association of Mutual Funds in India (AMFI) for mutual fund distribution, the Insurance Regulatory Authority of India (IRDAI) as a corporate agent for the sale of insurance policies, and the Pension Fund Regulatory and Development Authority (PFRDA) to act as a Point of Presence (PoP) for registering applicants under the National Pension Scheme. RBL is also registered with the Securities and Exchange Board of India (SEBI) to act as a Registrar to an Issue and Share Transfer Agent.

Operational Performance

Segmental Revenue (FY25)

Region-wise branches (FY25)

RBL's performance in FY25 continued to reflect steady operational progress, backed by its strong risk management architecture. The Company served 5.2 Crore customers through its PAN services, commanding a 19% market share in this segment. In the broking segment, the total customer base reached 1.1 Million, with the number of active clients rising to ₹ 2.1 Lakh in FY25 from ₹ 1.47 Lakh in the previous year, a 43% year-on-year increase.

In FY25, the broking business experienced a mixed financial performance, marked by headwinds in the broking segment and strong growth in other areas, i.e., wealth distribution business and e-governance. The first half of the year benefited from favourable market conditions. However, the second half was significantly impacted by stressed liquidity in the business, regulatory disruptions, including SEBI's circular on derivative trading, continued foreign institutional investor (FII) outflows, and persistent negative market sentiment.

RBL Average Daily Turnover (ADTO) declined by 38% year-on-year to ₹ 9,996.24 Crore in FY25 from ₹ 16,070.35 Crore in FY24. Consequently, brokerage income decreased by 7.5%, from ₹ 202.18 Crores in FY24 to ₹ 187.09 Crore in FY25.

At the same time, amidst the slowdown in the broking business, RBL reported an exceptional growth on a consolidated basis in the wealth distribution business, where revenue surged by 86% to ₹ 30.34 Crore in FY25, up from ₹ 16.32 Crore in FY24. This performance underscores RBL's successful strategy of diversifying its business model and expanding its suite of financial products. Expansion was also evident in the e-governance business, where the number of franchisees increased by 20% year-on-year from 43,823 in FY24 to 52,669 in FY25. Broking client acquisition improved modestly, with 47,691 new customers added in FY25, compared to 45,045 in FY24, reflecting a 6% year-on-year increase.

On a consolidated level, including subsidiaries Religare Commodities Limited and Religare Digital Solutions Limited, total revenue rose by 3.6%, from ₹ 369.74 Crore in FY24 to ₹ 383.07 Crore in FY25, demonstrating steady topline growth despite a softer market backdrop. Consolidated PAT and other comprehensive income stood at ₹ 30.67 Crore in FY25, compared to ₹ 38.85 Crore in the previous year, impacted by the cyclical pressures within the broking business while maintaining a healthy profitability level.

Looking ahead, Religare Broking Limited is focused on broadening its product suite, investment services, and financial inclusion. These efforts aim to build a more resilient, diversified revenue base and support long-term sustainable growth. Early results are encouraging, particularly the significant rise in distribution income, signalling positive momentum in the Company's transformation strategy.

Opportunities

- Rising Retail Participation:** Retail investor base is expanding rapidly, driven by financial awareness and access to mobile trading platforms, especially from Tier 2 and Tier 3 cities.
- Service Diversification:** Broking firms are expanding into wealth management, PMS, mutual funds, and financial advisory services to reduce reliance on pure brokerage income and deepen client relationships.
- Regulatory Support and Formalisation:** SEBI's reforms are formalising the industry, boosting transparency and investor confidence, and benefiting organised players with strong compliance and governance frameworks.
- Technological Advancements:** AI, analytics, and automation are enhancing personalised advisory, trading efficiency, and operational scalability, reducing costs and improving client engagement across digital platforms.

Threats

- Intensifying Competition:** Rising fintech entrants are compressing margins, forcing traditional players to either cut fees or significantly upgrade offerings to retain clients.
- Overdependence on Market Cycles:** The broking business remains vulnerable to market volatility; bearish trends or prolonged corrections can reduce trading volumes and client activity significantly.
- Technology & Cybersecurity Risks:** As platforms digitise, the threat of data breaches, system outages, and cyberattacks increases, potentially damaging reputation and client trust.

Optimistic Growth Prospects

While the performance of REL's broking business in FY25 was mixed, impacted by both external market conditions and internal factors, growth prospects for FY26 remain optimistic. Emerging opportunities in the wealth distribution space, coupled with improved interest earnings from the margin trade financing book and sustained expansion in the e-governance vertical, will contribute significantly to RBL's growth.

Moreover, India's favourable demographic profile and the ongoing trend of retail inclusion provide strong long-term visibility for the business. However, to fully capitalise on these opportunities, it is imperative that the Company continuously upgrade its infrastructure and enhance its product offerings.

RBL is committed to expanding its client base, strengthening e-governance services, growing its affiliate network, and delivering a comprehensive suite of financial products tailored to meet the evolving needs of its customers throughout their financial journey. These strategic priorities position the company well to capture the evolving market dynamics and drive sustainable growth in the years ahead.

Religare Finvest Limited (RFL)

Religare Finvest Limited (RFL), a wholly owned subsidiary of Religare Enterprises Limited (REL), is registered with the Reserve Bank of India (RBI) as a Non-Banking Financial Company Investment and Credit Company Middle Layer (NBFC-ICC-ML). RFL primarily focuses on providing debt capital to support their capacity expansion and business growth.

Established in 2008, RFL was among the first NBFCs in India to specialise in lending. By 2016, it had scaled significantly, achieving a peak loan book of over ₹ 16,000 Crore, positioning itself as one of the country's leading SME financing platforms. It primarily serves Tier II and Tier III customers. With the removal of CAP and Fraud Tag and the achievement of a debt-free status in FY24, RFL is well-positioned to accelerate its growth journey.

The product offerings include:

- Working Capital Loans
- Secured Business Expansion Loans
- Short-Term Trade Finance

~360 Active Customers

Operational Performance

In FY25, RFL maintained its position as an MSME-focused NBFC with an AUM of approximately ₹ 1,284 Crore. The lending portfolio remained well-diversified, covering customers from over 80 industries. Asset quality improved, with Net Non-Performing Assets (NNPA) declining to 0.8% from 1.4% in FY24. The Company remained well-capitalised, reporting a CRAR of 161% and a net worth of ₹ 763.9 Crore. Collection efficiency stood at 91% in FY25, compared to 98% in FY24 and 96% in FY23. RFL continued to focus strategically on MSME clusters, with a wide presence of 12 branches across seven states.

Risks

- Stringent Regulatory Compliance:** With a tougher regulatory stance, the risk-taking capability of NBFCs is shrinking rapidly, adversely affecting the regulatory arbitrage between banks and non-banking entities. Adhering to increasingly complex regulatory requirements can be burdensome for NBFCs, and this has led to a manifold increase in compliance costs.
- Intensified Competition:** Competition from banks, fintech startups, and other financial institutions is intensifying. While larger NBFCs maintain their positions, smaller ones often struggle to compete against well-established companies due to capital constraints, resource limitations, and challenges in scaling operations effectively.
- Credit Risk:** Managing credit risk is a critical challenge for NBFCs. The ability to accurately assess the creditworthiness of new to credit borrowers is essential to prevent defaults and maintain profitability.
- Technological Risks:** The increasing reliance on technology exposes NBFCs to cybersecurity threats and operational risks. Investing in robust IT infrastructure and security measures is crucial to protect their operations and customer data at the same time scale up the operations.
- Non-Performing Assets:** High levels of NPAs can negatively impact NBFCs; profitability, strain their liquidity, and hinder their ability to extend fresh credit.
- Liquidity Risk and Funding Constraints:** Liquidity risk is the greatest challenge to NBFCs, particularly during times of economic slowdown or financial crisis. Given that funding for most NBFCs comes largely from market borrowings, any disruption in funding sources, such as tightening of credit markets, can lead to a squeeze on liquidity.

Opportunities

- Digital Transformation:** Continued investment in digital technologies and the adoption of digital tools can help NBFCs improve efficiency, reduce costs, and enhance the customer experience, making financial services more accessible and efficient.
- Niche Markets:** Focusing on niche market segments can provide NBFCs with a competitive advantage. By specialising in specific areas, such as microfinance, housing finance, NBFCs can build expertise and cater to the unique needs of their target customers.
- Strategic Partnerships:** Collaborating with other financial institutions, technology providers, and government agencies can create new opportunities for NBFCs to expand their reach and offer innovative products and services. Through partnerships with fintech companies, NBFCs can augment their service offerings and leverage modern technologies, such as blockchain, big data analytics, and AI, to further refine credit scoring, risk management, and loan disbursement processes.
- Co-lending:** Co-lending helps share risks and rewards, making funds available to the ultimate beneficiaries at competitive pricing due to the lower cost of funds from banks. At the same time, it helps reach borrowers who have hitherto not been accessed by banks due to a lack of credit history, thereby creating a win-win situation for banks and NBFCs.

Religare Housing Development Finance Corporation Limited (RHDFCL)

Religare Housing Development Finance Corporation Limited (RHDFCL) is a non-public deposit-taking Housing Finance Company (HFC) registered with the National Housing Bank (NHB) under Section 29A of the National Housing Bank Act, 1987. Presently, RFL holds 87.5% of RHDFCL's shareholding, with the remaining 12.5% owned by the Maharishi Housing Development Trust. RHDFCL provides housing finance to low-

income segment customers, offering home purchase, home construction, and home improvement loans. These loans cater primarily to individuals in both the formal and informal sectors across urban and semi-urban India. The Company is committed to making affordable housing accessible to all Indians, thereby enabling them to build secure and sustainable futures.

To position itself as a future-ready company, RHDFCL aims to maximise digitisation in its processes and maintain an efficient workforce. RHDFCL's key focus aligns with the Government's "Housing for All" initiative. It extends credit facilities for affordable housing to the Economically Weaker Sections (EWS), Lower Income Group (LIG), and Medium Income Group (MIG) segments of the population. RHDFCL prioritises housing finance proposals that emphasise providing affordable loans to low-income earners and first-time homebuyers, particularly those who are self-employed in small, unregistered enterprises or work for small companies.

The Company employs robust credit assessment processes to make well-informed lending decisions and capitalise on opportunities. Customer-centricity is a key focus, and RHDFCL follows a "Closer to Customer" strategy to enhance its outreach. Its strong digital system, which spans from customer onboarding to collections, provides an overall advantage over traditional players. By prioritising customer needs and adopting a customer-centric approach, RHDFCL aims to deliver better services and meet the requirements of its target market.

Lending Portfolio (AUM):	
70.4% Home Loans	29.6% Loan Against Property

Operational Performance

As of March 31, 2025, RHDFCL maintained a Capital Adequacy Ratio of 140.09%, indicating a well-capitalised and strong regulatory capital base. The Asset Under Management (AUM) of RHDFCL was approximately ₹ 250 Crore. The average ticket size for home loans provided by RHDFCL was ₹ 10.73 Lakh, with all loans backed by residential properties as collateral. Additionally, 100% of fresh business was directed towards retail lending.

The Gross NPA and Net NPA ratios were 3.6% and 2.7% of the Net Advances, respectively. RHDFCL reported a Total Income of ₹ 32.32 Crore and a Profit/(Loss) After Tax of ₹ (12.67) Crore for the financial year.

The challenges in resource raising, combined with run-off and portfolio sales, have led to a reduction in the loan book size. This, in turn, has caused a simultaneous decline in income. Fixed operational costs have remained at minimal level, with the expectation of resolving parent company's legacy issues and achieving future business growth. Despite the challenges in raising funds, the Company had sufficient equity and regulatory capital.

From FY18 until March 31, 2025, RHDFCL has repaid liabilities amounting to ₹ 1,108.28 Crore (principal of ₹ 831.60 Crore and interest of ₹ 276.68 Crore). Presently, RHDFCL is in active discussions with various financial institutions to mobilise additional borrowings. The Company's sales and distribution, risk management, and operations have been robust and capable of scaling up lending operations in a phased manner. As the liability lines build up in the future, the Company is business-ready to approach the market aggressively and expand the loan book.

During FY25, RHDFCL served around 3,200 customers across India and maintained ~3,500 live accounts. The Company remained well-capitalised with a CRAR of over 100% and recorded a collection efficiency of 99% for the year. RHDFCL is present in nine states through 26 branches.

Key Developments

- Credit Ratings:** As of March 31, 2025, RHDFCL had a rating of CARE BB+ (Stable) assigned to long-term bank lines of ₹ 500 Crore by Care Ratings Limited, [ICRA]BB (Stable)/[ICRA] A4 assigned to long-term/short-term bank lines of ₹ 400 Crore by ICRA Ratings, and IVR BBB- (Stable) assigned to proposed Non-Convertible Debentures of ₹ 100 Crore by Infomerics Ratings.

During the current financial year, ICRA Ratings and Care Ratings have upgraded long-term/short-term bank lines ratings to [ICRA]BBB- (Stable)/[ICRA]A3 and long-term bank lines rating to CARE BBB- (Stable), respectively. These upgrades are on account of favourable developments at Religare Group, following the classification of the Burman Group (promoter family of Dabur India Limited) as promoters of Religare Enterprises Limited (REL) – the ultimate parent of RHDFCL, and strengthening of the board composition of REL – both of which augur well for the Group's credit profile.

The ratings also factor in RHDFCL's comfortable capitalisation profile for its current scale of operations, nil gearing, adequate liquidity, and the stated intent from the Religare Group to support RHDFCL.

- Co-Lending:** To augment its business, the Company has established co-lending tie-ups with reputed HFCs/NBFCs like DMI Housing Finance Pvt. Limited and Singularity Creditworld Private Limited, enabling better cost of funds, high yields, credit sharing, and reach. These partnerships aimed at enhancing access to financing for homebuyers. Under this arrangement, RHDFCL sources and co-originates the loans with the co-lender, with only a 20% share in the total sanctioned loan.

Risks

The competitive landscape is a threat, with banks and non-banking finance institutions intensifying their focus on affordable housing finance. This competition pressures interest rates and margins, necessitating innovation in products and services. Additionally, regulatory changes and market fluctuations can create uncertainty, impacting profitability and operational stability. Housing market volatility, especially in Tier 2 and Tier 3 cities, and cybersecurity risks from technological advancements also pose challenges.

Opportunities

The Indian home loan industry is poised for significant growth, driven by rapid urbanisation, increased mortgage penetration, and government initiatives promoting affordable housing. As more people move to urban areas seeking better opportunities, the demand for housing surges, while the young population in India presents a large potential customer base for home loans. Government efforts, such as substantial budget allocations for new and stalled projects, create favourable conditions for first-time homebuyers.

Additionally, the rise of women borrowers is a key trend, with their participation in the workforce boosting India’s economic growth. CIBIL projects that women borrowers will grow at a 19% CAGR over the next five years, with the convenience of instant approvals and digital loan processes making online borrowing more appealing. Furthermore, digital lending programs targeting unbanked locations enhance financial inclusion, providing access to credit for those in remote or rural areas traditionally underserved by banks.

Risk Management

Risk Management & Internal Control Systems and Their Adequacy

Risk Governance is an essential aspect of the strategy of the Company intended at identification, assessment and mitigation of the potential risks that could affect the Company’s operations, financial performance, sustainability, and reputation. The Board of Directors of the Company is responsible for ensuring oversight of the risk management

policies and procedures, and has constituted a Group Risk Management Committee (GRMC), which is responsible for framing, implement, monitor and periodically review the effectiveness of the risk management plan and make appropriate modifications as and when necessary. GRMC’s role has been aligned with the requirements of the Companies Act, 2013, SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, RBI Master Directions on Core Investment Companies and other applicable regulatory requirements. A process has been laid down to periodically apprise the GRMC about prevalent risks and corrective plans adopted by the respective group entities to mitigate the identified risks.

The Company is a registered NBFC and core investment company. As an investment holding company, the management function includes oversight of risk function prevalent in the Company and its key operating subsidiaries. The Company has a comprehensive risk management framework and overarching Risk Management Policy, which have been adopted by each of the key operating subsidiaries while formulating their Risk Management Policy. The Risk Management Policy of the Company identifies the key risks, which are applicable to the Company. It is aimed at identification, assessment, mitigation, monitoring, and reporting of identifiable risks and documentation of each identified risk along with their mitigation plan. The respective functional head and/or risk management department of key operating subsidiaries is responsible for the implementation of the risk management system and the maintenance of records of risk and mitigation plan in Risk & Control Matrix (RCMs) for their respective functional areas, which are updated and tested periodically. Therefore, the risk governance and framework defines the risk management approach including risk documentation, testing and reporting on a periodical basis. The framework has different risk parameters, which help in the identification of risks and their classification as High, Medium and Low categories based on likelihood, impact and velocity in various risk types such as operational, financial, compliance and reputation risk. Qualitative and quantitative assessment is done to determine the likelihood and impact of identified risks, which are ultimately plotted on a matrix based on their severity and probability.

Reviews and reporting of the risk environment and performance is conducted on a quarterly basis. The testing and evaluation of the control environment around risk management are integrated and aligned with the quarterly internal audit process. The GRMC of the Company and the respective Risk Management Committee / Board of Directors of its key operating subsidiaries reviews the risk management policy at least on an annual basis. Further, the adequacy of the design and operating effectiveness of key processes and controls, as documented in the Risk and Control matrices, are tested and a consolidated dashboard of Risk and Control review results across the Company and its key operating subsidiaries are

presented to the GRMC and Audit and Governance Committee of the Board on a quarterly basis. Further, to enable oversight of the risk management function prevalent at each of the key operating subsidiaries, the management team of each key operating subsidiaries makes presentation on key risk types, as defined in the respective Risk Management Policy, to the GRMC of the Company on a quarterly basis. Financial reporting and fraud risks are duly considered in the risk management framework. Risks are mapped with controls and the Risk management framework is revisited and revised based on prevailing practice and relevance.

The Company and its subsidiaries have an Internal Control System, commensurate with the size, scale and complexity of its operations. The Internal Controls of the Company and its subsidiaries encompasses the policies, standard operating procedure manuals, approval/authorisation matrix, circulars/ guidelines, and risk & control matrices for ensuring the orderly and efficient conduct of its business and support functions, adherence to these policies & procedures, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and timely preparation of reliable financial information during the process of financial reporting. Such detailed controls ensure productive and effective use of resources to the extent that the assets are safeguarded, transactions are duly approved, registered and adequately reported and checks and balances ensure consistency and reliability of accounting data.

The Company is a registered NBFC (CIC) and is exposed to various risks as stated in the Risk Management Policy of the Company and its key operating subsidiaries. The Company and its subsidiaries have an adequate control environment for identification, assessment, monitoring, mitigation and reporting of applicable risks on a periodical basis through an effective Risk Management Framework that has been developed encompassing all the key business and support functions. Mitigation plans and controls are documented for each identified risk in the form of policies and standard operating procedures and risk and control matrices (RCM). Risks/controls documented in the RCMs are mapped to each of the financial statement line items (FSLI) and financial assertions to ensure of internal financial controls and mitigation plans. The Company has prepared separate RCMs for Process Level Controls (PLC) and Entity Level Controls (ELC). Similarly, information technology controls relating to Information Security, Cyber Security and Other Information Technology General Controls (ITGC) have also been identified, assessed and documented, which are updated periodically.

The Company and its key operating subsidiaries have a robust mechanism to ensure an ongoing review of systems, policies, processes and procedures to contain and mitigate risk that arise from time to time. The Company and its key operating subsidiaries have a satisfactory system of periodical

monitoring and reporting of internal financial controls. Key policies and procedures including the RCMs designed to provide reasonable assurance are monitored and updated on a periodical basis. Management ensures that controls as designed are operating effectively and that lapses are identified and remedied in a timely manner. The monitoring activities are carried out through a Control Self-Assessment (CSA) mechanism integrated with the internal audit function, whereby key risks and controls are reviewed on a quarterly basis and a dashboard containing results of evaluation of Test of Design (TOD) and Test of Operating Effectiveness (TOE) relating to the Company and its key operating subsidiaries are presented to the Audit and Governance Committee and Group Risk Management Committee (GRMC) of the Company.

The Company and its key operating subsidiaries have an elaborate quarterly internal audit policy and framework as approved by the respective Audit and Governance Committees of the Board. The scope, authority and structure of the Internal Audit function have been defined in the comprehensive Internal Audit Policy. The Company also conducts an Information System and Cyber Security Audit on a yearly basis and the report is presented to the Audit and Governance Committee of the Board. Information System Security controls enable the Company to keep a check on technology-related risks and also improve business efficiency and distribution capabilities.

The Internal Audit Team evaluates the efficacy and adequacy of the internal control system and internal financial controls in the Company, its compliance with operating systems, accounting procedures, policies and regulatory requirements at key locations of the Company. Based on the integrated report of the internal audit function and IFC, process owners undertake corrective action in their respective areas and thereby strengthen the internal controls. Significant internal audit observations (rated high and medium risk) and corrective actions thereon, along with the IFC dashboard, are presented to the Audit and Governance Committee of the Board on a periodical basis. The Internal Auditors also assess opportunities for improvement in business processes, systems and controls, provides recommendations, designed to add

value to the organisation and follow up the implementation of corrective actions. The Audit and Governance Committee of the Board reviews and evaluates the adequacy and effectiveness of the Company’s internal control environment, provides their inputs, if any, to improve the quality of audit and assurance standards and monitors the implementation of audit recommendations across the relevant functional areas to continuously strengthen the internal control framework. Therefore, the Board has laid down Internal Financial Controls to be followed by the Company and ensured that such Internal Financial Controls are adequate and were operating effectively during the financial year.

D. POLICIES ON APPOINTMENT & REMUNERATION OF DIRECTORS AND KEY MANAGERIAL PERSONNEL AND OTHER EMPLOYEES

Remuneration Policies:

The Company has following policies in place relating to the appointment and remuneration for the Directors, Key Managerial Personnel, Senior Management Personnel and other employees as recommended by the Nomination and Remuneration Committee (“NRC”) and approved by the Board:

1. Employee’s Remuneration Policy

Employee’s Remuneration Policy is framed as per requirement of Sections 178 and 203 of the Companies Act, 2013 (“Act”) read with applicable Regulations under the Act and intended to ensure fairness in the remuneration process of existing and new Employees’ of the Company.

This policy is applicable to the Company and regulates the remuneration of existing and new Employees’ of the Company based on the applicable laws and regulations.

The policy can be accessed at https://docs.religare.com/pdf/Employees_Remuneration_Policy_June_22.pdf.

2. Director’s Appointment & Fit and Proper Policy

The Board of Directors of the Company has adopted Director’s Appointment & Fit and Proper Policy with regard to ascertaining the Fit and Proper criteria of Directors at the time of their appointment / re-appointment and to ensure that the Board is diversified and comprises of an ideal combination of executive and non-executive directors, including independent directors, with diverse backgrounds on continuing basis.

Diversity in the composition of the Board of Directors has become essential in view of the increasing emphasis on Corporate Governance, need for addressing concerns of diverse stakeholders and the necessity for managing risks in the business effectively. A Board comprised of appropriately qualified and skilled people, with a broad range of experience relevant to the business, is important for effective corporate governance and sustained commercial success of a company.

This policy is applicable to the Company and ensures that the Directors of the Company who are responsible for steering the affairs of the Company are fit and proper, besides having the necessary qualifications.

The policy can be accessed at https://docs.religare.com/pdf/Director_Fit_and_Proper_Policy_Nov022023.pdf.

3. Director’s Remuneration Policy

Director’s Remuneration Policy is framed as per requirement of Sections 134, 178 and Schedule IV of the Act read with applicable Regulations under the Act and the SEBI Listing Regulations with an objective to have a Board with diverse background and experience in areas that are relevant for the Company, to ensure fairness in the remuneration process of the Directors of the Company and at the same time to attract and retain the best suitable talent on the Board of the Company.

Remuneration of Executive Directors

Remuneration of Executive Directors is decided by the Board based on recommendation of NRC within the ceiling fixed by the Shareholders and permissible under the Act and other relevant laws and regulations. The Company did not have any Executive Director on its Board as on March 31, 2025.

However, during the year under review there was only one Executive Director (designated as Executive Chairperson) on the Board of the Company, namely, Dr. Rashmi Saluja (DIN: 01715298) who ceased to be director and consequentially as the executive chairperson of the company, effective from 07 February 2025.

Remuneration paid to the Executive Director during the year ended March 31, 2025 and the disclosures as per the requirement of Schedule V of the Act and SEBI Listing Regulations are as follows:

(Amount in ₹)								
Name and Designation of the Director	Salary & Allowances	Guaranteed/ Retention Bonus	Performance Bonus	Commission	Accommodation, Car & Other Perquisite	Retiral Benefits	Total	Stock Options*
Dr. Rashmi Saluja, Executive Chairperson	6.56 Cr	–	6.05 Cr	–	1.39 Cr	–	14 Cr	Nil

*During the financial year ended March 31, 2025, no grant of Employees Stock option was made to Dr. Rashmi Saluja.

During the year under review, Dr. Rashmi Saluja exercised 1,65,000 stock options out of the earlier tranche of 30,00,000 stock options granted to her in the FY 2022-23 (with vesting period of 3 year and exercisable as per the terms of the Employees Stock Option Plan 2019 (Scheme)) under the said Scheme. Accordingly, in addition to aforementioned remuneration, perquisite component of ₹ 2.03 Cr. arising pursuant to exercise of these stock options, also forms part of her remuneration for the FY 2024-25.

During the year under review, the Insurance Regulatory and Development Authority of India (IRDAI) vide its Order Number IRDAI/F&I/ORD/MISC/106/7/2024 dated July 23, 2024, has, inter-alia, directed the Care Health Insurance Limited (CHIL), a material subsidiary of the Company:

- To buyback 75,69,685 shares of CHIL allotted to Dr. Rashmi Saluja, upon exercise of stock options granted to her under the extant ESOP Scheme of CHIL, at the same price per share as the exercise price of said stock options (i.e., ₹ 45.32 per share);
- To cancel and revoke all stock options granted to Dr Rashmi Saluja that remain unexercised/and/or unvested as on the date of the order;
- That no further grant and/ or allotment shall be made to Dr. Rashmi Saluja.

Further, CHIL had filed an appeal before the Securities Appellate Tribunal (SAT). The said appeal has been withdrawn by CHIL during the current quarter and dismissed as withdrawn by SAT vide its order dated June 20, 2025. Although CHIL withdrawn its appeal, the matter is sub-judice due to appeal by Dr. Rashmi Saluja against the order.

Dr. Rashmi Saluja was re- appointed as Executive Chairperson of the Company, subject to liable to retire by rotation, for a period of 5 (five) years from the date of re-appointment i.e. February 26, 2023. The services can

be terminated by either party by giving 90 days’ notice in writing. Dr. Saluja, retiring by rotation and being eligible for re-appointment, was proposed for re-appointment in 40th Annual General Meeting (AGM) of the Company held on February 07, 2025. The resolution for said re-appointment did not secure the requisite votes in favor during the voting by shareholders and was declared not to have been passed in the 40th AGM. Accordingly, Dr. Saluja ceased from Directorship and consequentially as the Executive Chairpersonship w.e.f. February 07, 2025. There was no separate provision for payment of severance fees as on March 31, 2025.

Remuneration of Non-Executive Directors

Non-Executive Directors including Independent Directors do not have any pecuniary relationship or transactions with the Company. They are paid only the sitting fees for attending the meetings of the Board of Directors and Committees within the limits as prescribed under the Act. Independent Directors were paid sitting fees of ₹ 1,00,000/- per meeting for attending Board, Audit & Governance Committee and Group Risk Management Committee meetings and the sitting fees payable to Non – Executive Non-Independent Directors was ₹ 25,000/- per meeting for attending the Board, Audit & Governance Committee and Group Risk Management Committee meetings. Sitting fees amount paid to the Independent Directors for the Nomination & Remuneration Committee, Asset Liability Management Committee, Stakeholders Relationship Committee, Corporate Social Responsibility & ESG Committee, Investment, Borrowing & Share Allotment Committee, IT Strategy Committee and Committee of Independent Directors meetings was ₹ 20,000/- per meeting and to Non-Executive Non-Independent Directors sitting fees payable was ₹ 10,000/- per meeting. However, during the year, Board of Directors of the Company in their meeting held on March 27, 2025 approved downward revision in sitting fees payable to Non- Executive Directors w.e.f March 27, 2025. Details of revised sitting fees are as follows:-

Category of Director	Sitting Fees for Board Meeting:	Sitting Fees for the meetings of: Audit & Governance Committee Group Risk Management Committee	Sitting Fees for the meetings of other Committees:
Non-Executive Non Independent Director	₹ 12,500/- per meeting	₹ 12,500/- per meeting	₹ 5000/- per meeting

³Appointed as Non-Executive Independent Director w.e.f. February 21, 2025.

None of the Independent Directors holds any shares or convertible instruments i.e. which are convertible into equity shares of the Company as on March 31, 2025.

Apart from receiving sitting fees, no Non-Executive Director including Independent Directors received any fixed component & performance linked incentives from the Company during the period under review.

Further, there were no other pecuniary relationships or transactions of the Non-Executive Directors vis-à-vis the Company during the year under review other than the payment of sitting fees for attending meetings of the Board and its Committees. The Company has not granted any stock options to any of its Non-Executive Independent Directors.

Employee Stock Options Schemes

Nomination and Remuneration Committee of the Board of Directors of the Company, inter-alia, administers and monitors the Employees' Stock Option Schemes of the Company in accordance with the Securities and Exchange Board of India (Share Based Employee Benefits and Sweat Equity) Regulations, 2021 ("SEBI SBEB Regulations").

All the contract/arrangements/transactions entered into with Related Parties as per the Act and Regulation 23 of the SEBI Listing Regulations during the Financial Year 2024–25 were in ordinary course of business and on an arm’s length basis and do not attract provisions of Section 188 of the Act. All the related party transactions which were required to be approved by Audit & Governance Committee were approved by the Committee and the approval of only those members of Committee who were independent directors was considered. Further, there was no materially significant related party transaction which required shareholder’s approval and was required to be disclosed quarterly along with the compliance report on Corporate Governance.

The required statements / disclosures with respect to the related party transactions are placed before the Audit & Governance Committee on regular basis. Suitable disclosures so required in accordance with the Indian Accounting Standards (Ind-AS) as notified under Section 133 of the Act have been made in notes to the Financial Statements.

Further, the Company has not entered into any transaction of material nature with the Directors or the management, their subsidiaries or relatives etc. that may have any potential conflict with the interest of the Company. The related party transactions are entered into based on considerations of various business exigencies, such as synergy in operations, and the Company’s long term strategy for investments, profitability, legal requirements, liquidity and capital resources of subsidiaries, associates and group companies.

The Related Party Transactions policy of the Company is posted on the website of the Company & can be accessed through the link https://docs.religare.com/pdf/4.-Religare-RPT-Policy_Feb-032025.pdf. The said policy is reviewed by the Board of Directors of the Company periodically not later than every three years.

Further, the Company has submitted a report on all related party transactions entered into by the Company on consolidated basis on half yearly periodicity as per the format prescribed to NSE and BSE within prescribed timeline. The said reports have also been posted on the Company’s website and can be accessed at <https://www.religare.com/stock-exchange-announcements>.

(ii) Disclosure of accounting treatment in preparation of Financial Statements

Accordingly, the financial statements for the financial year ended March 31, 2025 together with the comparative reporting period have been prepared in accordance with the recognition and measurement principals as laid down in Ind-AS.

The significant accounting policies which are consistently applied have been set out in the Notes to the financial statements.

(iii) Management Discussion and Analysis Report

The Management Discussion and Analysis report forms part of the Annual Report.

(iv) Details of non-compliance by the Company, penalties, strictures imposed by stock exchange(s) or the board or any statutory authority, on any matter related to capital markets

Neither any penalty nor any stricture has been imposed by SEBI or any other Statutory Authority on any matter relating to capital markets, during the last three years except as mentioned herein below:

1. In the matter of investigation of the Company/REL initiated by SEBI in February 2018, the Company and its subsidiary RFL have cooperated in the aforesaid investigation and have provided the requisite information / documents from time to time and made necessary submissions with SEBI. SEBI vide its Order dated November 12, 2020 has issued directions to initiate adjudication proceedings under appropriate legal provisions against certain entities mentioned in the said Order. Thereafter, the Company received the Show Cause Notice dated November 17, 2020 for alleged violation of provisions of Section 12A (a) (b) & (c) of the SEBI Act, 1992 (“SEBI Act”) and Regulations 3(b), 3(c) & 3(d), 4(1), 4(2)(f), and 4(2)(r) of the SEBI (PFUTP) Regulations, 2003 as well as clauses 32 and 36 of the Listing Agreement, Clause 49(l)(C)(1)(a) & 49(l)(C)(1)(d) of the Listing Agreement [post circular dated April 17,2014] read with Regulation 103 of SEBI Listing Regulations and Section 21 of the Securities Contract (Regulation) Act, 1956; Regulations 4(1)(a), 4(1)(b), 4(1)(c), 4(1)(d), 4(1)(g), 4(1)(h), 4(1)(i), 4(1)(j), 30(1), and 48 of SEBI Listing Regulations.

REL was called upon to show cause as to why appropriate directions, as deemed fit, under Sections 11B (1) and 11(4) read with section 11(1) of SEBI Act and Section 12A(1) of SCRA Act, 1956 should not be issued against it. REL was further called upon to show cause as to why appropriate directions for imposing penalty under Sections 11(4A) and 11B (2) read with Section 15HA and 15HB of SEBI Act and section 12A (2) read with Section 23E of the SCRA Act, 1956 and SEBI (Procedure for Holding Inquiry and Imposing Penalties) Rules, 1995 and Securities Contract (Regulation) (Procedure for holding inquiry and imposing penalties) Rules, 2005 should not be issued against REL.

The Company along with its subsidiary RFL submitted the joint settlement application with SEBI in accordance with provisions of SEBI (Settlement Proceedings) Regulations, 2018 on March 31, 2021. The Company has paid the settlement amount of ₹ 5,41,80,000/- (Rupees Five Crore Forty One Lakh and Eighty Thousand only) and RFL paid the settlement amount of ₹ 5,08,95,000/- (Rupees Five Crore Eight Lakh and Ninety Five Thousand only)

pursuant to Direction of SEBI for settlement of the matter. The Settlement Order is received in the matter on May 31, 2022 disposing the adjudication proceedings initiated against REL & RFL vide Show Cause Notice dated November 17, 2020.

Further, SEBI has passed the final order dated July 28, 2022 in the aforesaid matter and directed REL & RFL to continue to pursue the measures, which have already been put into motion, to recover the amount due along with interest from the erstwhile promoters of REL. None of the entities penalized in this final order is part of Religare group at present.

2. Religare Enterprises Limited (the Company) received the Interim Order cum Show Cause Notice REF. WTM/ ASB/CFD/CFD–RAC–DCR–1/30516/2024–25 dated June 19, 2024 from SEBI on June 20, 2024 (“Order cum SCN”). The Order cum SCN was issued to the noticees i.e. the Company and each of its Directors. The Order cum SCN inter alia contains directions under Para 33 in exercise of the powers conferred under Sections 11(1), 11(4) and 11B(1) read with Section 19 of the SEBI Act, 1992 to furnish within seven days of the date of the order, an undertaking that Noticees shall apply to the regulatory authorities including RBI on or before July 12, 2024 for all the requisite statutory approvals that are necessary for proceeding with the open offer by the Acquirers (i.e. Burman Group who have made open offer to the shareholders of the Company vide Public Announcement dated September 25, 2023) and take all necessary steps to facilitate the Acquirers to fulfil their obligations under SAST Regulations, 2011 and to forthwith constitute Committee of Independent Directors, in terms of Reg 26(6) of SAST Regulations, 2011, if not already constituted.

In addition, under Para 34 a show cause notice was issued to the Noticees as to why further action under Section 11, 11(4) and 11B of the SEBI Act, 1992 should not be initiated against the Noticees restraining them from accessing the securities market for a specified period and from associating with any listed company, etc. Pertinently, under Para 35 of the SEBI Order, a time period of 14 days was provided to the Noticees to reply their objections.

The Order cum SCN alleges that:-

- the Company has violated provisions of Regulation 26 of SAST Regulations, 2011 and has failed to adhere to the underlying principles governing the SAST Regulations, 2011. Further, Noticee 1 is also alleged to have violated the provisions of Regulations 4(2)(a) and (d) of the LODR Regulations, 2015.

- Noticees 2 to 7 who are directors of the Company responsible for the affairs of the Company and therefore for the contraventions done by the Company. Further, Noticees 2 to 7 have also allegedly violated the provisions of Regulation 4(2)(f) of the LODR Regulations, 2015.

The Company and its directors (herein after “Appellants”) preferred an appeal before the Securities Appellate Tribunal (“SAT”), Mumbai against the Order cum SCN. Upon hearing of the matter on July 10, 2024, the SAT has passed an Order dated July 10, 2024.

The relevant excerpts of the SAT Order are as under:

- The Appellants were granted time till July 22, 2024 to file the necessary application to the Regulatory Authorities including Reserve Bank of India (“RBI”), without prejudice to the rights and contentions including in the appeal, in order to comply with the directions contained in the SCN cum Order. Accordingly Appellant filed the requisite applications with the concerned regulators;
- Directions contained in para 35 of the SCN cum Order requiring Appellants to file the reply / objection to the SCN cum Order have been stayed.

Further, replies by SEBI and the Acquirers have also been filed in the Appeal.

In the meantime the Appellant i.e. the Company moved a praeceipe with SAT seeking leave to withdraw the appeal with liberty to approach SEBI for any appropriate direction within two weeks. SAT vide its order dated July 25, 2025 disposed of the matter by granting the leave to withdraw the appeal.

Further, the Company has filed an application with SEBI praying the SEBI to:

- Take on record the compliance and remedial measures undertaken by the Company following the issuance of the SCN, including timely submission of undertakings and regulatory applications, and confirm discharge of the Company from the SCN and related proceedings;
- Take appropriate action against Noticee No. 2 i.e. erstwhile Executive Chairperson of the Company, namely, Dr. Rashmi Saluja, as SEBI may deem appropriate.

3. The Company on November 02, 2023 had submitted a disclosure to stock exchanges for appointment of Mr. Rakesh Asthaana as Additional Director (to be designated as Whole Time Director) subject to approval of the Reserve Bank of India (“RBI”). RBI vide its order dated May 15, 2024 refused the approval for the appointment of Mr. Rakesh Asthaana as a director on the Board of the Company. The disclosure regarding the RBI communication was disclosed by the Company to stock exchanges on October 24, 2024, which the stock exchanges observed that disclosure was made with delay beyond the timeline prescribed in Regulation 30 of SEBI Listing Regulations, after the exchange intervention.

Viewing this non-compliance seriously, BSE and NSE have warned and advised the Company to be careful in future, exercise due caution and initiate corrective steps to avoid recurrence of such lapses so as to ensure due compliance with the applicable provisions of SEBI LODR Regulations and SEBI Circulars; and that any aberration in future will be viewed seriously and appropriate action would be initiated

4. Except as disclosed in secretarial audit report (MR-3), Annual Secretarial Compliance Report and Compliance certificate from practicing company secretary regarding compliance of conditions of corporate governance annexed to Annual Report, there was no instance of non-compliance during the year under review.

(v) Details of Compliance with mandatory requirements

Voting Rights accrued on the Preference Share Capital

The Company has two types of Preference shares outstanding as on date comprising 15 lakh 13.66% Cumulative Non-Convertible Redeemable Preference Shares of ₹ 10/- each issued in 2008 (2008 Preference Shares) and 2.5 crore 0.01% Non-Cumulative Non-Convertible Redeemable Preference Shares of ₹ 10/- each issued in 2016 (2016 Preference Shares). Due to non-payment of dividend by the Company continuously for two years on 2016 Preference Shares, voting rights triggered on these Preference Shares in terms of relevant provisions of the Act.

However, the Company has filed petition before the Hon’ble National Company Law Tribunal, New Delhi Bench on June 14, 2019 seeking rectification of Register of Members of the Company by cancellation of 2016 Preference Shares and any other appropriate reliefs, including interim relief with respect to freezing of voting rights and dividend rights attached to the said 2016 Preference Shares. In the matter, the Hon’ble NCLT on September 29, 2021 directed ordering the status quo on the respondents to restrain them from exercising their voting power with the resolution until the further order. Further, vide order dated December 16, 2021, it was affirmed by Hon’ble Tribunal that interim order will continue. The matter is currently sub-judice.

The said application / petition were filed by the Company basis certain facts discovered by the new Management relating to irregularity / illegality in issuance of said Preference Shares. The Company has also made a complaint with the Economic Offences Wing of the Delhi Police in March 2019 against Promoters and others for various offences under the Indian Penal Code, 1860 including the offences of cheating, criminal breach of trust, criminal misappropriation, forgery, forgery for the purposes of cheating and criminal conspiracy w.r.t transactions relating to issuance and redemption of Preference Shares in the Company.

#Shares means equity shares

*Though, the Company holds 100% equity share capital in Religare Capital Markets Limited (“RCML”), in the present scenario controlling through voting rights of RCML is not there with the Company. Besides this, the tripartite agreement entered, in financial year 2011-12, between REL, RCML and RHC Holding Private Limited (“RHCHPL”), an erstwhile promoter group company for providing financial support to RCML by RHCHPL (by subscribing preference Shares of RCML), severe long-term restrictions and significant restrictive covenants on major decision making at RCML were imposed by the holder of preference shares. Accordingly in view of the above, the financial statements of RCML and its subsidiaries have been excluded from the consolidated financial statements of the Company w.e.f. October 01, 2011, in accordance with applicable accounting standards. The Company has already provided fully for the entire investment made by it into RCML in previous years.

27. Overview of the entity’s material responsible business conduct issues

Please indicate material responsible business conduct and sustainability issues pertaining to environmental and social matters that present a risk or an opportunity to your business, rationale for identifying the same, approach to adapt or mitigate the risk, as per the following format:

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
1	Resource Management	O	By adopting responsible resource management practices, REL can conduct its activities in a manner that blends financial prosperity with environmental consciousness and social responsibility. Through careful management of resources like waste reduction, water conservation, and energy efficiency, the Company will not only cut costs significantly but also strengthen its business practices in a sustainable manner	-	Positive: By optimising resource usage, REL minimises waste disposal costs and conserves resources, resulting in long-term cost savings. In reducing its operational energy footprint, optimising consumption and managing resources responsibly, the Company not only induces cost savings but enhances its brand reputation. This, in turn, strengthens the positioning of its subsidiaries, attracting environmentally conscious customers and investors and potentially increasing market share and profitability across the group.
2	Branding and Reputation	O	Branding and reputation are key to REL and provide the Company an opportunity to enhance customer loyalty, build confidence in the market, and gain competitive edge for subsidiaries. As the Company focuses on improving its brand image, it will be able to further solidify its position as a sustainable organisation, drawing in the attention of investors, socially responsible customers (for Company subsidiaries) and ESG rating agencies.	-	Positive: By promoting a strong brand and corporate reputation, REL enhances stakeholder trust and supports its subsidiaries in expanding their market presence and revenue potential. Good branding and reputation enable REL to enhance its market share and earn greater revenue.
3	Diversity, Equity, and Inclusion (DEI)	O	It is pertinent for REL to tap into the vast potential of diversity and inclusion to improve its overall performance and boost innovation. A workforce that is socially, culturally and economically diverse not only aids with attracting and retaining talent but is also critical in enhancing brand reputation. By prioritising a diverse workforce, REL enhances its market outreach, connecting with more varied customer segments.	-	Positive: DEI can help enhance REL’s overall group performance through enhanced employee productivity, satisfaction and retention across its subsidiaries.

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
4	Human Capital Development	R/O	Risk: Being in competitive financial services, human capital is the most valued asset for the Company. Hence, the challenge of attracting and retaining skilled employees is most pertinent for the continued growth and success of the Company. Opportunity: Human Capital Development presents itself as an opportunity for REL since an investment of resources in this direction can further enhance employee productivity and efficiency. Furthermore, a workforce that is consistently provided with the requisite trainings is bound to be more adaptable to changing business environment. This is critical with respect to employees being prepared to face any challenges in the future.	REL is committed to the continuous upskilling and re-skilling of its employees. Health and safety training is delivered through health and wellness webinars, featuring esteemed experts in their respective fields. Similarly, skill development training sessions are conducted regularly to ensure professional growth. The Company also conducts periodic performance reviews and feedback sessions to boost employee morale and enhance job satisfaction.	Negative: Proactive talent management programs are crucial to lower recruitment and training costs. Appropriate skill development of the workforce is critical in minimising errors and associated costs. These measures collectively enhance REL’s operational efficiency. Positive: REL can enhance its efficiency through the retention of a highly skilled and experienced workforce leading to reduced cost. Managers support employee development by exposing them to new domains, cross-functional initiatives, and complex assignments in collaboration with professional firms. These experiences broaden knowledge and deepen technical expertise. Additionally, curated training programs enhance efficiency and workplace performance.
5	Financial Inclusion	O	Investment companies such as REL can bolster entrepreneurship, foster job growth, and stimulate economic advancement in marginalized communities through investments in financial inclusion endeavours. Such investments not only yield financial returns but also deliver substantial social benefits, meeting the rising desire for socially responsible investment options. Underserved communities often exist in growing markets with promising prospects. Investing in financial inclusion prospects in these areas also opens new paths for growth and expands investment horizons geographically.	-	Positive: Financial inclusion presents several opportunities before REL such as enhanced brand reputation and access to untapped markets which help diversify revenue streams.
6	Sustainable and Responsible Financing	O	By taking sustainability and ESG factors into account while making investment decisions, REL can generate extra revenue streams through innovative sustainable financial products offered through subsidiary entities. Furthermore, sustainable and responsible financing initiatives can improve transparency and accountability and strengthen relationships with all relevant stakeholders. This can help REL better assess and manage risks associated with ESG.	-	Positive: REL can benefit immensely from sustainable and responsible financing since the consideration of ESG factors can optimise financing in companies with potential ESG risks.

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
7	Regulatory Compliance and Risk Management	R/O	Risk: Businesses must adhere to a diverse array of laws and regulations across local, national and global jurisdictions. Regulatory compliance aids REL in recognising, evaluating and mitigating an array of risks spanning legal, financial, operational, and reputational realms. Demonstrating a robust record of compliance can draw in investors and collaborators, fostering heightened confidence and allegiance. Opportunity: Regulatory compliance and risk management builds trust with stakeholders. By adhering to regulations, REL can protect its reputation and financial stability. Moreover, proactive risk management enables the Company to identify potential threats and mitigate them before they escalate, ensuring operational continuity.	REL has implemented adequate internal controls systems to ensure adherence to applicable laws, rules and regulations, which are commensurate with the size, scale and complexity of its operations. Internal controls of the Company encompass documented policies, standard operating procedures, approval/authorization matrix, circulars and risk & control matrices for ensuring the systematic and efficient conduct of its business & support functions, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and timely preparation of reliable financial information for the stakeholders.	Negative: By not complying with regulatory standards, REL may have to face expensive interruptions to business operations. Fines or penalties may also be levied on account of non-compliance. Positive: Adherence to regulations aids companies in avoiding penalties and maintaining a good standing with regulatory bodies, which further translates into financial savings. Additionally, effective risk management helps in identifying and mitigating potential threats, reducing the likelihood of disruptions and associated costs. These subsequently lead to enhanced reputation and access to capital.
8	Corporate Governance	R/O	Risk: Compliance with ethical standards protects companies from legal sanctions, fines and penalties, as well as reputational damage, business interruptions, and a loss of trust. Opportunity: Companies stand to benefit immensely from strong corporate governance since possessing robust governance frameworks exhibit superior management, transparency and resilience against mismanagement, thereby potentially increasing shareholder value and lowering investment risk.	A robust system for whistleblowing and addressing grievances has been established alongside creating awareness and imparting periodic trainings to internal stakeholders on ethical business practices. Adequate internal controls are in place to ensure monitoring and adherence to applicable compliances.	Negative: Corporate governance is critical to efficient business functioning today. Non-compliances may lead to financial penalties, fines and reputational damage. Positive: Responsible corporate governance measures bolster investor confidence and trust, attracting a larger investor base and fostering long-term shareholder value. Additionally, robust corporate governance practices lead to better decision-making, strategic planning, and operational efficiency, ultimately driving improved financial performance.

S. No.	Material issue identified	Indicate whether risk or opportunity (R/O)	Rationale for identifying the risk / opportunity	In case of risk, approach to adapt or mitigate.	Financial implications of the risk or opportunity (Indicate positive or negative implications)
9	Cybersecurity and Data Privacy	R	As a Company with multiple subsidiaries, it is pertinent for REL to protect employee and any other confidential data. Additionally, since the Company's subsidiaries deal with customer/client data, prioritising cybersecurity and data privacy aids REL to manage cyber risks and safeguard sensitive data.	REL has implemented robust information security systems and protocols to oversee the handling of sensitive customer data. Employees are also educated on privacy policies and information security protocols governing the proper access, usage, and disclosure of personal data. REL has also established an IT Strategy committee to oversee upgrades and strategic initiatives, besides periodically conducting information security audits.	Negative: Data breaches and cyber-attacks may result in substantial financial losses. These losses may include direct costs such as incident response, legal fees, regulatory fines, and compensation for affected parties. Indirect costs may also arise from reputational damage, loss of customer trust, and decreased market value.
10	Responsible Investment	R/O	Risk: Investing holds potential for growth and profit, yet it carries diverse risks that core investment firms such as REL must prudently address to safeguard their capital and attain investment goals. The outcomes of investments are unpredictable, with no assured returns. Economic downturns, disruptions in industries, or unforeseen occurrences can detrimentally affect investment values. Additionally, alterations in regulations might influence the profitability of specific investments or introduce new compliance obligations. Opportunity: REL can achieve substantial growth by selecting high-quality investments and managing risks effectively.	In navigating investment complexities, REL adopts a diversified approach. By spreading investments across various assets, REL mitigates risks associated with economic shifts, industry disruptions, or regulatory changes. This strategy ensures resilience in the face of uncertainties, safeguarding REL's capital and investment objectives.	Negative: Underperforming investments or losses can directly impact REL's profitability, potentially eroding its reputation and undermining client trust. Regulatory violations can also tarnish REL's reputation, eroding investor confidence and potentially leading to client withdrawals or reluctance to engage with the firm. Additionally, market volatility, currency fluctuations, and interest rate changes can compound the challenges of managing investments, making it more difficult for REL to achieve its financial objectives and maintain investor trust. Positive: By selecting high-quality investments and managing risks adeptly, REL can potentially increase profitability. Consistent positive returns can enhance REL's reputation, attracting investors while retaining existing ones. Diversification across different asset classes and geographies can mitigate risks and contribute to more stable portfolio performance. Moreover, staying informed about market trends and innovative investment strategies can create opportunities for long-term growth.

3. Accessibility of workplaces

Are the premises/offices accessible to differently abled employees as per the requirements of the Rights of Persons with Disabilities Act, 2016? If not, whether any steps are being taken by the entity in this regard.

Yes. REL has implemented measures to ensure that its offices are accessible to all, featuring ramps that facilitate easy entry for individuals with varying physical abilities. The Company places a strong emphasis on inclusivity in the design of its offices and premises. Discrimination based on disability is staunchly opposed, underscoring REL’s commitment to fostering a diverse and inclusive workforce.

4. Does the entity have an equal opportunity policy as per the Rights of Persons with Disabilities Act, 2016? If so, provide a web-link to the policy.

Yes, REL has implemented an Equal Employment Opportunity Policy to uphold its commitment to providing equal employment opportunities for all and prohibiting discrimination and harassment based on race, colour, religion, age, nationality, disability, genetics, citizenship, sexual orientation, gender identity, or any other characteristic protected by law. The policy explicitly states that appropriate provisions are made available for employees to enable them to work effectively and that “no opportunity is denied to persons with disabilities merely on the grounds of disability (as per the Disabilities Act, 2016).”

The policy is a part of the HR Manual and is available internally to all employees.

5. Return to work and retention rates of permanent employees that took parental leave.

Gender	Permanent employees		Permanent Workers

Leadership Indicators

1. **Does the entity extend any life insurance or any compensatory package in the event of death of (A) Employees (Y/N) (B) Workers (Y/N)?**
a. **Employees (Yes/No):** Yes, at REL, the goal is to provide term-life insurance to all permanent employees, ensuring coverage in the event of an unexpected death during their employment. If an unforeseen death occurs while in service, employees are covered up to a maximum sum insured, which is twice their CTC, rounded to the nearest lakh in INR. Depending on their grade, employees may need to undergo a medical examination by the insurer to activate the policy.
b. **Workers (Yes/No):** No, REL does not have any workers.
2. **Provide the measures undertaken by the entity to ensure that statutory dues have been deducted and deposited by the value chain partners.**

REL undertakes proactive measures to ensure that its value chain partners duly deduct and deposit all statutory dues. Discrepancies in GST deposits made by value chain partners are identified through a systematic reconciliation of GST returns with the Electronic Credit Register (ECR). In addition, REL conducts monthly verification of Provident Fund (PF) and Employees' State Insurance Corporation (ESIC) challans submitted by value chain partners to maintain regulatory compliance.

PRINCIPLE 4- BUSINESSES SHOULD RESPECT THE INTERESTS OF AND BE RESPONSIVE TO ALL ITS STAKEHOLDERS

Essential Indicators

1. Describe the processes for identifying key stakeholder groups of the entity.

REL firmly believes that stakeholders play a crucial role in achieving sustainable organisational growth. Stakeholders offer essential insights and feedback that can shape business decisions, ensuring alignment of Company strategies with the interests of those impacted by its operations.

The process begins with identifying and categorizing key stakeholders based on their roles and the substantial influence they wield over the Company, or vice versa. Once stakeholders are identified and prioritized, channels for engagement are established and shared with internal teams. This facilitates meaningful interaction with stakeholders to understand their needs and concerns, and to devise strategies for managing and mitigating potential risks or adverse impacts.

At REL, the aim is to create enduring value for all stakeholders by contributing to a better, sustainable future and the Company takes proactive measures to address stakeholder needs and concerns, mitigate risks, and foster lasting relationships.

2. List stakeholder groups identified as key for your entity and the frequency of engagement with each stakeholder group.

Stakeholders Group	Whether identified as Vulnerable & Marginalized Group (Yes/No)	Channels of communication (Email, SMS, Newspaper, Pamphlets, Advertisement, Community Meetings, Notice Board, Website), Others	Frequency of engagement (Annually/ Half yearly/ Quarterly / others – please specify)	Purpose and scope of engagement including key topics and concerns raised during such engagement
Shareholders	No	Multiple channels– physical and digital including quarterly/half yearly/ annual returns / filings, press releases and various communications through stock exchanges etc.	Others–Frequent and need based	To inform about the performance, major developments and other relevant updates regarding the Company and its subsidiaries from time to time.
Government and regulators	No	Multiple channels– physical and digital	Others– Need Based	To provide timely information as asked, timely returns filing, recommendations/ feedback on draft policies, representations before regulators and associations for advancement and improvement of financial services industry in India
Employees	No	Multiple channels– physical and digital	Others– Need based and as per the requirement	To create a thriving, safe and inclusive workplace for its employees and providing ample opportunities for professional development and growth.
Suppliers and partners	No	Multiple channels– physical and digital	Others– Frequent and need based	To help increase reach and enhance business
Industry Associations	No	Multiple channels– physical and digital	Others– Need based	To shape the regulatory landscape and promote sustainability through the transfer of knowledge

Leadership Indicators

1. Provide the processes for consultation between stakeholders and the Board on economic, environmental, and social topics or if consultation is delegated, how is feedback from such consultations provided to the Board.

The management of the Company routinely engages with its primary stakeholders, providing updates to the Board as needed.

2. Whether stakeholder consultation is used to support the identification and management of environmental, and social topics (Yes / No). If so, provide details of instances as to how the inputs received from stakeholders on these topics were incorporated into policies and activities of the entity.

Yes, stakeholder consultation offers a variety of perspectives and insights, which enhances the quality and effectiveness of decision-making. Such consultations help identify potential challenges and opportunities that might not be apparent internally. Furthermore, engaging with stakeholders lead to stronger partnerships and collaborations, facilitating joint problem-solving and fostering a sense of shared purpose and commitment. It is in this regard that a risk assessment is conducted on periodical basis in consultation with key process owners and on the basis of such consultation ESG risks and relevant mitigation controls existing in the company are documented in the Entity Level Control Matrix, which are tested and reported to Audit Committee and GRMC Committee of the Company on a periodical basis.

The identification of material topics enables REL to prioritize issues critical to its long-term success and sustainability and formulate strategies accordingly. This ensures efficient resource allocation to areas with the greatest impact. Materiality assessments also reveal potential risks and opportunities associated with environmental, social, and governance (ESG) factors, enabling organisations to remain responsive to stakeholder expectations. By focusing on key material topics, Companies can make more informed and effective choices, leading to better outcomes and avoiding dilution of efforts on less critical issues.

Keeping these factors into consideration, REL has conducted a Risk Assessment process in collaboration with its internal stakeholders. In today’s dynamic environment, the Company plans to build on this foundation by engaging in further stakeholder consultations and conducting in-depth research to identify the most relevant ESG issues as it continues moving forward in its ESG journey.

4. Do you have a focal point (Individual/ Committee) responsible for addressing human rights impacts or issues caused or contributed to by the business? (Yes/No)

Yes, the Company has assigned its Group Head of HR with the responsibility for addressing human rights impacts or issues attributable to the business.

5. Describe the internal mechanisms in place to redress grievances related to human rights issues.

REL has implemented a Human Rights policy aimed at fostering socio-economic empowerment through inclusive growth. The policy establishes a comprehensive framework to ensure that all employees and associates are treated with respect and dignity. It encompasses a set of principles guiding the Company’s business practices upholding human rights, preventing violations, and abstaining from any involvement in human rights abuses. REL strives to promote the universal recognition of fundamental human rights and the widespread implementation of this policy. Addressing grievances promptly and in a culturally appropriate manner is a core commitment. The Company tries to ensure positive legal compliance with all applicable legal and constitutional laws and considers interaction with relevant stakeholders on human rights concerns as an important practice. REL is committed to ensuring that no unlawful practices are followed that violate the dignity and the basic human rights of its employees and associates and prohibits all forms of child/forced labour and human trafficking. The Company aims to create a safe and healthy workplace and respects the right of all workers to form and join a trade union of their choice without fear of intimidation or reprisal, in accordance with national law. REL also maintains a firm stance with respect to prohibition of any contribution to armed conflict or human rights abuses in conflict-affected and high-risk areas.

The Group Head of Human Resources is responsible for investigating and resolving employee concerns, responding appropriately, and taking corrective measures in case of violations. No reprisal or retaliatory action can be taken against any employee for raising concerns under this policy. REL’s guiding principle is to uphold the highest standards, particularly in cases where national laws differ from international human rights norms. During conflicts, the Company aims to adhere to national law, while seeking ways to respect international human rights to the greatest extent possible.

6. Number of complaints on the following made by employees and workers:

10. Briefly describe the waste management practices adopted in your establishments. Describe the strategy adopted by your company to reduce usage of hazardous and toxic chemicals in your products and processes and the practices adopted to manage such wastes.

The implementation of effective waste management practices is crucial for REL. Resource management and waste and effluent management remain key focus areas for the Company. By adopting responsible resource management practices, REL can establish a business model that integrates financial prosperity with environmental awareness and social responsibility.

Through initiatives such as waste reduction, REL minimizes waste disposal costs and conserves resources, resulting in long-term cost savings. Furthermore, office waste is collected centrally and then transferred to a waste management agency.

11. If the entity has operations/offices in/around ecologically sensitive areas (such as national parks, wildlife sanctuaries, biosphere reserves, wetlands, biodiversity hotspots, forests, coastal regulation zones etc.) where environmental approvals / clearances are required, please specify details.

5. Does the entity have a business continuity and disaster management plan? Give details in 100 words/ web link.

Yes, the Company has a duly documented business continuity and disaster management plan to manage any untoward incident and at the organizational level. The Company has documented Risk Control Matrices (RCMs), which categorize controls as either preventive or detective in relation to risk. Assessing and documenting risks are integral parts of the business planning and evaluation process. Identifying specific control activities at the process level is crucial for implementing effective detective or preventive controls that address associated risks. These controls undergo further scrutiny as part of ongoing monitoring activities. The Business Continuity Plan emphasizes operational readiness from alternative locations and supports REL's mandate on Business Continuity Management (BCM), aimed at enhancing the company's resilience. As a Core Investment Company, REL does not engage in direct business operations, so its IT service continuity plan / business continuity plan primarily focuses on managing its information technology framework, including information and communication systems, in case of any catastrophe. REL takes a comprehensive approach to IT service continuity, incorporating multiple layers of protection.

Specific conditions such as network outages, blackouts, external factors like terrorist attacks, civil unrest, natural disasters (such as earthquakes, fires, floods), or other catastrophic events serve as triggers for activating the Business Continuity Plan (BCP). The purpose of this BCP is to outline the necessary steps to maintain IT services at REL in the event of a major incident.

Independent Auditor’s Report

TO THE MEMBERS OF RELIGARE ENTERPRISES LIMITED

Report on the Audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of Religare Enterprises Limited (the “**Parent Company**” or “**Holding Company**”) and its Subsidiaries, Step Down Subsidiaries and Joint Venture (the Parent Company/Holding Company and its Subsidiaries, Step Down Subsidiaries and Joint Venture, together referred to as “**the Group**”) which comprise the Consolidated Balance Sheet as at March 31, 2025, and the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows for the year ended on that date and notes to the consolidated financial statements, including a summary of material accounting policies and other explanatory information (**hereinafter referred to as the “consolidated financial statements”**).

In our opinion and to the best of our information and according to the explanations given to us and based on the consideration of reports of other auditors on separate financial statements and other financial information of the subsidiaries and step-down subsidiaries, the aforesaid Consolidated financial statements give the information required by the Companies Act, 2013 (“**the Act**”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended (“**Ind AS**”) and other accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2025, of consolidated profit and other comprehensive income, consolidated changes in equity and its consolidated cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the consolidated financial statements in accordance with the Standards on Auditing (“**SAs**”) specified under Section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“**the ICAI**”) together with the ethical requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance

with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence obtained by us and other auditors in terms of their reports referred to in paragraph 3 of “Other Matter” paragraph below, is sufficient and appropriate to provide a basis for our opinion.

Emphasis of Matter

- 1. We draw attention to Note 47(a)(III) to the consolidated financial statements, which describes ongoing income tax litigations and related tax demands.
- 2. We draw attention to Note 2.2 C to the consolidated financial statements, regarding non-consolidation of financial statements of Religare Capital Markets Limited (RCML), due to management’s assessment of non-existence of control through voting rights and existence of significant restrictive covenants on major decision making at RCML.

Our opinion on the consolidated financial statements is not modified in respect of the above matters.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period.

We have determined that there are no key audit matters to communicate in our report.

Information other than the Consolidated Financial Statements and Auditor’s Report thereon

The Holding Company’s Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board’s Report including Annexures to Board’s Report, Business Responsibility and Sustainability Report and Corporate Governance Report, but does not include the consolidated financial statements, standalone financial statements and our auditor’s report thereon. The other information is expected to be made available to us after the date of this auditor’s report.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information,

consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information identified above, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company’s Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance including other comprehensive income, consolidated changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (“Ind AS”) notified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the Companies included in the Group are responsible for assessing the ability of their respective Company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the respective Board of Directors either intends to liquidate their respective Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the Companies included in the Group are responsible for overseeing the financial reporting process of their respective Company.

Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Holding Company and its subsidiary and step-down subsidiary companies, has adequate internal financial controls system in place and the operating effectiveness of such controls;
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the management;
- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group to continue as a going concern;

If we conclude that a material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Group to cease to continue as a going concern;

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation;
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of the Holding Company included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in:

- (i) planning the scope of our audit work and in evaluating the results of our work; and
- (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company regarding other matter, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matter that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances,

we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication. We have determined that there are no key audit matters to be communicated in our report.

Other Matter

1. The audit of comparative financial statements of the Group for the year ended March 31, 2024 was conducted by M/s S.P. Chopra & Co., Chartered Accountants, the previous auditors of the Company, whose reports dated May 21, 2024, expressed an unmodified opinion on those audited consolidated financial statements. Accordingly, we JC Bhalla & Co., Chartered Accountants, do not express any opinion on the figures reported in the financial statements for the year ended March 31, 2024.
2. The estimate of Claims Incurred but Not Reported (IBNR) and Claims Incurred but Not Enough Reported (IBNER) in respect of Care Health Insurance Limited (CHIL), a subsidiary company engaged in the business of insurance, have been certified by the CHIL's Appointed Actuary. The Appointed Actuary has certified to CHIL that the assumptions used for such estimation are appropriate and are in accordance with the requirements of relevant regulations issued by Insurance Regulatory and Development Authority of India ("IRDAI") and Actuarial Society of India in concurrence with IRDAI.
3. We did not audit the financial statements of six subsidiaries (including three wholly – owned subsidiaries and three step down subsidiaries), whose financial statements reflect total revenues of ₹ 7,39,865.62 lakhs, net profit after tax of ₹ 20,283.73 lakhs, total comprehensive income of ₹ 27,125.74 lakhs and cash inflows (net) of ₹ 9,920.56 lakhs, for the year ended March 31, 2025, and total assets of ₹ 11,44,720.66 lakhs as at March 31, 2025, as considered in these consolidated financial statements. These financial statements have been audited by other auditors whose reports have been furnished to us by the Holding Company's Management and our opinion on the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of these subsidiaries / step down subsidiaries and our report in terms of sub-section (3) of Section 143 of the Act including report on Other Information in so far as it relates to the aforesaid subsidiaries and step-down subsidiaries is based solely on the report of the other auditors.

4. These consolidated financial statements do not include the financial information / statements of 'IBOF Investment Management Private Limited', the Joint Venture, for which neither audited nor management certified accounts for the financial year ended March 31, 2025 were available with the Holding Company for the consolidation purposes. However, since the Holding Company has fully impaired its investment in the said Joint Venture and does not have any further obligation over and above the cost of the

investment, in view of the Management, there is no impact thereof on these consolidated financial statements.

Our opinion on the consolidated financial statements, and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements

1. With respect to the matters specified in paragraphs 3(xxi) and 4 of the Companies (Auditor's Report) Order, 2020 ("CARO") issued by the Central Government in terms of Section 143(11) of the Act, to be included in the Auditor's Report, according to the information and explanations given to us, and based on our audit and on consideration of reports of the other auditors on separate financial statements of the subsidiaries and step-down subsidiaries as stated in 'Other Matter' paragraph, we report that there are no qualifications or adverse remarks in these CARO reports, except to the extent stated herein below:

 - b. In our opinion, proper books of account as required by law maintained by the subsidiaries and step-down subsidiaries including relevant records relating to preparation of the aforesaid Consolidated Financial Statements have been kept so far as it appears from our examination of those books and the reports of the other auditors, except for the matters stated in the paragraph (h) (vi) below on reporting under Rule 11(g);
 - c. The Consolidated Balance Sheet, the Consolidated Statement of Profit and Loss including Other Comprehensive Income, Consolidated Statement of Changes in Equity and the Consolidated Statement of Cash Flows dealt with by this Report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements;
 - d. In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time;
 - e. On the basis of the written representations received from the directors of the Holding Company as on March 31, 2025 taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiary and step-down subsidiary companies, none of the directors of the Group companies is disqualified as on March 31, 2025 from being appointed as a director in terms of 164 (2) of the Act;
 - f. With respect to the adequacy of the internal financial controls over financial reporting and the operating effectiveness of such controls, refer to our separate Report in "Annexure A" which is based on the auditors' reports of the Holding Company and its subsidiary and step-down subsidiary companies;
 - g. In our opinion and based on the consideration of reports of other statutory auditors of the subsidiaries and step-down subsidiaries, the managerial remuneration for the year ended March 31, 2025 has been paid / provided by the Holding Company, its subsidiaries and step-down subsidiaries to their directors, wherever applicable, in accordance with the provisions of section 197 read with Schedule V to the Act;
 - h. With respect to the other matter to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries and step-down subsidiaries noted in 'Other Matter' paragraph:
 - i. The Group has disclosed the impact of pending litigations on its financial position in its consolidated financial statements in Note No 7.2, 9.1, 24.1, 47 and 57(p);
 - ii. The Holding Company and its subsidiaries and step-down subsidiaries has not entered into any long-term contracts including long- term derivative contracts.
 - iii. There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Holding Company and its subsidiary and step-down subsidiary companies;
 - iv. (a) The respective Management of the Holding Company and its subsidiaries and step-down subsidiaries, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Holding Company or any of such subsidiaries and step-down subsidiaries to or in any other person or entity, including foreign entity ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Holding Company or any of such subsidiaries and step-down subsidiaries ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (b) The respective Management of the Holding Company and its subsidiaries and step-down subsidiaries, whose financial statements have been audited under the Act, have represented to us that, to the best of their knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Holding Company or any of such subsidiaries and step-down subsidiaries from any person or entity, including foreign entity ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the Holding Company or any of such subsidiaries and step-down subsidiaries shall, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
 - (c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances performed by us on the Holding Company and its subsidiaries and step-down subsidiaries, whose financial statements have been audited under the Act, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
 - v. The Holding Company or its subsidiaries and step-down subsidiaries have not declared or paid any dividend during the year and has not proposed final dividend for the year;
 - vi. Based on our examination which included test checks and that performed by the respective auditors of the subsidiaries and step-down subsidiaries, the Holding Company and its subsidiaries and step-down subsidiaries has used an accounting software(s) for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same have operated throughout the year for all relevant transactions recorded in the software except in case of Holding company, in a subsidiary i.e. Religare Broking Limited and one step down subsidiary i.e. Religare Housing Development Finance Corporation Limited where certain components of audit trail were not operating due to system limitations, as described in Note 44(VIII) to the consolidated financial statements. Further, during the course of our audit we and the auditors of subsidiaries and step-down subsidiaries did not come across any instance of audit trail feature being tampered with. The audit trail has been preserved by the Group as per the statutory requirements for the record retention.

Annexure- ‘A’ to The Independent Auditor’s Report

(Referred to in paragraph 1(f) under ‘Report on Other Legal and Regulatory Requirements’ section of our report to the Members of Religare Enterprises Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of sub-section 3 of Section 143 of the Companies Act, 2013 (the “Act”)

We have audited the internal financial control of Religare Enterprises Limited (the “Parent Company” or “Holding Company”) and its Subsidiaries, Step Down Subsidiaries and Joint Venture together referred to as “the Group”) for the year ended March 31, 2025 in conjunction with our audit of the consolidated financial statement of the group for the year ended as on that date.

Management’s and Board of Directors’ Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding Company and its subsidiary and step-down subsidiary companies, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial reporting criteria established by the respective Companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (the “ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the internal control with reference to financial statements of the Holding Company and its subsidiary and step-down subsidiary companies based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by the ICAI and the Standards on Auditing, prescribed under Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain Section 143(10) of the Act, to the extent applicable to an audit of internal financial controls. Those Standards and the reasonable assurance about whether adequate internal control with reference to consolidated financial statements was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to consolidated financial statements and their operating effectiveness. Our audit of internal financial controls with reference to consolidated financial statements included obtaining an understanding of internal financial controls with reference to consolidated financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system with reference to financial statements of the Holding Company and its subsidiary and step-down subsidiary companies.

Meaning of Internal Financial Controls with reference to the consolidated financial statements

A company’s internal financial control with reference to consolidated financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of consolidated financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control with reference to consolidated financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of consolidated financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the consolidated financial statements.

Inherent Limitations of Internal Financial Controls with reference to the consolidated financial statements

Because of the inherent limitations of internal financial controls with reference to the consolidated financial statements, including the possibility of collusion or improper management

override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to the consolidated financial statements to future periods are subject to the risk that the internal financial control with reference to the consolidated financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the Holding Company and its subsidiary and step-down subsidiary companies in all material respects have an adequate internal financial controls system with reference to the consolidated financial statements and such internal financial controls with reference to the consolidated financial statements were operating effectively as at March 31, 2025, based on the criteria for internal financial control with reference to the consolidated financial statements established by the respective companies considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the ICAI.

Other Matter

1. The accompanying consolidated financial statements include the financial statements of six subsidiaries (including three wholly owned subsidiaries) and three step-down subsidiaries, which have been audited by other auditors. The reports of these other auditors have been furnished to us by the Management of the Holding Company. Our report on the adequacy and operating effectiveness of internal financial controls over financial reporting for the Group, in so far as it relates to the internal financial controls of these subsidiaries and

step-down subsidiaries, is based solely on the reports of the other auditors and the further information and explanations provided to us by the Management of the Holding Company, and the procedures performed by us.

2. The consolidated financial statements do not include the financial information / statements of ‘IBOF Investment Management Private Limited (IBOF)’, the Joint Venture, for which neither audited nor management certified accounts for the financial year ended March 31, 2025 were available with the Holding Company for the consolidation purposes and hence we are not able to express an opinion on the internal financial controls of IBOF.
3. The estimate of Claims Incurred but Not Reported (IBNR) and Claims Incurred but Not Enough Reported (IBNER) in respect of Care Health Insurance Limited (CHIL), a subsidiary engaged in the business of insurance, has been certified by the Appointed Actuary of CHIL. Our report on the adequacy and operating effectiveness of internal financial controls over financial reporting does not express any opinion on the adequacy and operating effectiveness of the internal controls over the quantum and accuracy of the aforesaid liabilities.

Our opinion on the consolidated financial statements is not modified in respect of the above matters.

2 BASIS OF PREPARATION AND PRINCIPLES OF CONSOLIDATION

For abbreviations used to refer to the components entities throughout the financials, refer Note 2.2 (B)

2.1 BASIS OF PREPARATION AND PRESENTATION

(i) Statement of Compliance

These consolidated financial statements have been prepared and presented in accordance with Indian Accounting Standards (“Ind AS”) notified under Section 133 of the Companies Act, 2013 (“the Act”) read with the Companies (Indian Accounting Standards) Rules, 2015 and related amendments as notified from time to time, other relevant provisions of the Act, NBFC Directions and CIC Directions.

(ii) Basis of Measurement

The financial statements have been prepared on a historical cost basis and on an accrual basis, except for fair value through other comprehensive income (“FVOCI”) instruments, other financial assets held for trading and financial assets and liabilities designated at fair value through profit or loss (“FVTPL”), all of which have been measured at fair value. Further, the carrying values of recognised assets and liabilities that are hedged items in fair value hedges, and otherwise carried at amortised cost, are adjusted to record changes in fair value attributable to the risks that are being hedged.

Consolidated Accounting Policies

for the Year ended March 31, 2025

(iii) Functional and Presentation Currency

Items included in the consolidated financial statements are measured using the currency of the primary economic environment in which the Group operates (“the functional currency”). The financial statements are presented in Indian National Rupee (“INR” or “₹”), which is the Group’s functional and presentation currency. All amounts have been rounded to Lakhs up to two decimals, unless otherwise indicated.

Due to rounding off, the numbers presented may not add up precisely to the totals and percentages may not precisely reflect the absolute figures.

(iv) Use of Judgements and Estimates

In preparation of the consolidated financial statements in conformity with Ind AS requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, the disclosures of contingent liabilities and contingent assets as at the date of financial statements, income and expenses during the period. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an on-going basis. Revisions to estimates are recognised in the period in which the estimates are revised and in any future periods affected.

The management believes that the estimates used in preparation of financial statements are prudent and reasonable. Information about estimates and critical judgments made in applying accounting policies that have the most significant effect on the amounts recognized in the consolidated financial statements are as follows:

Impairment Testing of Non-Financial Assets:

Impairment exists when the recoverable amount of the asset or the cash generating unit to which these pertain is less than the carrying value. The recoverable amount of the asset or the cash generating units is higher of value-in-use and fair value less cost of disposal. The calculation of value in use of a cash generating unit involves use of significant estimates and assumptions which includes turnover, growth rates and net margins used to calculate projected future cash flows, risk-adjusted discount rate, future economic and market conditions.

Provisions and Other Contingent Liabilities:

“The Group operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration and regulatory investigations and proceedings in the ordinary course of the Group’s businesses.

When the Group can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Group records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Group takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgement is required to conclude on these estimates.

Defined Benefit Plans and Compensated Absences:

The cost of the defined benefit plans, compensated absences and the present value of the defined benefit obligations are based on actuarial valuation using the projected unit credit method. An actuarial valuation involves making various assumptions that may differ from actual developments in the future. These include the determination of the discount rate, future salary increases and mortality rates. Due to the complexities involved in the valuation and its long-term nature, a defined benefit obligation is highly sensitive to changes in these assumptions. All assumptions are reviewed at each reporting date.

Income Taxes and Deferred Taxes:

Income Tax: The tax jurisdictions for the Group is India. Significant judgments are involved in determining the provision for income taxes including judgment on whether tax positions are probable of being sustained in tax assessments. A tax assessment can involve complex issues, which can only be resolved over extended time periods.

Consolidated Accounting Policies

for the Year ended March 31, 2025

Deferred Tax: Deferred tax is recorded on temporary differences between the tax bases of assets and liabilities and their carrying amounts, at the rates that have been enacted or substantively enacted at the reporting date. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable profits during the periods in which those temporary differences and tax loss carry-forwards become deductible. The Group considers the expected reversal of deferred tax liabilities and projected future taxable income in making this assessment. The amount of the deferred tax assets considered realizable, however, could be reduced in the near term if estimates of future taxable income during the carry-forward period are reduced.

The extent to which the Holding Company can control the timing of reversal of deferred tax liability on undistributed profits of its subsidiaries requires judgement. Further details of the deferred taxes is disclosed at Note 12.

Impairment of Financial Asset / Expected Credit Losses ("ECL") on Financial Assets:

The measurement of impairment losses across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk including Group's internal credit. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Group's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Also refer Notes 3(k) and 7.12.

Fair Value Measurement of Financial Instruments:

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from

observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgments and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility. For further details about determination of fair value please see Notes 3(l) and 48.

Business Model Assessment:

Classification and measurement of financial assets depends on the results of the solely payments of principal and interest ("SPPI") and the business model test. The Group determines the business model at a level that reflects how group of financial assets are managed together to achieve a particular business objective. This assessment includes judgment reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Group monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Group's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

Business combination:

In accounting for business combinations, judgment is required in identifying whether an identifiable intangible asset is to be recorded separately from goodwill. Additionally, estimating the acquisition date fair value of the identifiable assets (including useful life estimates) and liabilities acquired, and contingent consideration assumed involves management judgment.

These measurements are based on information available at the acquisition date and are based on expectations and assumptions that have been deemed reasonable by management. Changes in these judgments, estimates, and assumptions can materially affect the results of operations.

Consolidated Accounting Policies

for the Year ended March 31, 2025

Effective Interest Rate ("EIR") method

The Group's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges). This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.

(v) The Group presents its balance sheet in order of liquidity. An analysis regarding recovery or settlement within 12 months after the reporting date and more than 12 months after the reporting date is presented in Note 43.

(vi) Impairment Reserve

Impairment reserve, created by the non banking financials companies of the Group, as stipulated by the Reserve Bank of India ("RBI") (Refer Note 27.4(xiii)), is rolled up to the consolidated financials after elimination of the inter-companies transactions.

(vii) Recent Pronouncements

Ministry of Corporate Affairs ("MCA") notifies new standard or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has:

→ **Amended Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Group w.e.f. April 1, 2024**

The Group has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

→ **Notified Ind AS – 117 Insurance Contracts**

MCA had earlier notified Ind AS 117, Insurance Contracts, vide notification dated August 12, 2024. Ind AS 117 superseded interim insurance standard Ind AS 104 Insurance Contracts and was effective for annual reporting periods beginning on or after April 1, 2024. Subsequently, the MCA notified the

Companies (Indian Accounting Standards) Third Amendment Rules, 2024 ('relief amendment'), to address challenges that were expected to be faced by the insurers/ insurance companies in complying with the complex reporting requirements. As per the notification, the insurers or insurance companies may provide their financial statements prepared in accordance with Ind AS 104 to their parent, investor, or venturer for preparation consolidated financial statements by the parent/ investor/ venturer, until the Insurance Regulatory and Development Authority ("IRDA") notifies Ind AS 117. Additionally, Ind AS 104 has been reissued for use by the insurers or insurance companies. As per IRDA Ind AS 117 is applicable from the April 1, 2027. The Group will adopt it from their applicability date.

2.2 PRINCIPLES OF CONSOLIDATION

A. The consolidated financial statements relate to the Company and its Subsidiaries, Step Down Subsidiaries, Associates and Joint venture. The consolidated financial statements have been prepared on the following basis:

(i) The Company determines the basis of control in line with the requirements of Ind AS-110, 'Consolidated Financial Statements'. The entities considered in consolidation are controlled by the Group.

The Group controls an entity when the Parent / Holding Company has the power over the entity, it is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

(ii) The financial statements of subsidiaries are included in the consolidated financial statements from the date on which control commences until the date on which control ceases. The Group re-assesses whether or not it controls an entity if facts and circumstances indicate that there are changes in control.

(iii) The financial statements of the Holding Company and its controlled entities are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes and expenses, after eliminating intra-group balances and intra-group transactions in full.

Consolidated Accounting Policies

for the Year ended March 31, 2025

- (iv) The consolidated financial statements are prepared by adopting uniform accounting policies for like transactions and other events in similar circumstances and are presented, to the extent possible, in the same manner as the Holding Company's separate financial statements.
- (v) Financial statement of subsidiaries used for the purpose of Consolidation are drawn up to the same reporting date as that of the Company.
- (vi) The difference between the proceeds from disposal of investment in subsidiaries and the carrying amount of its assets less liabilities as on the date of disposal is recognised in the Consolidated Statement of Profit and Loss being the profit or loss on disposal of investment in subsidiary.
- (vii) Non-controlling interests in the net assets (excluding goodwill) of consolidated subsidiaries are identified separately from the Company's equity. The interest of non-controlling shareholders may be initially measured either at fair value or at the non-controlling interest's proportionate share of the fair value of the acquiree's identifiable net assets. The choice of measurement basis is made on an acquisition to acquisition basis. Subsequent to acquisition, the carrying amount of non controlling interest is the amount of those interests at initial recognition plus the non-controlling interest's share of subsequent changes in equity. Total comprehensive income is attributed to non-controlling interests even if it results in the non-controlling interest having a deficit balance.
- (viii) Equity accounted investees are entities in respect of which, the Company has significant influence, but not control, over the financial and operating policies. Generally, associates and joint venture

companies come under this category. Investments in such entities are accounted for using the equity method (equity accounted investees) and are initially recognized at cost. The carrying amount of investment is increased/ decreased to recognize investors' share of profit or loss of the investee after the acquisition date post eliminating unrealized profits and losses resulting from transactions between the Company and its equity accounted entities to the extent of its share, through its Consolidated Statement of Profit and Loss, to the extent such change is attributable to the equity accounted entities' Statement of Profit and Loss and through its reserves for the balance based on available information.

- (ix) As per Ind AS – 111, 'Joint Arrangements', when all the parties, or a group of the parties, considered collectively, are able to direct the activities that significantly affect the returns of the arrangement (i.e. the relevant activities), the parties control the arrangement collectively. After concluding that all the parties, or a group of the parties, control the arrangement collectively, an entity shall assess whether it has joint control of the arrangement. Joint control exists only when decisions about the relevant activities require the unanimous consent of the parties that collectively control the arrangement.
- (x) In case, foreign subsidiaries have a functional currency other than Indian Rupees, revenue items are consolidated at the average rate prevailing during the month. All assets and liabilities are converted at rates prevailing at the reporting date. Any exchange difference arising on consolidation is recognised in the 'Foreign Currency Translation Reserve ("FCTR")'. When a foreign subsidiary is disposed of, the relevant amount recognized in FCTR is transferred to the Consolidated Statement of Profit or Loss as part of the profit or loss on disposal.

*The consolidated financial statements, does not include the financial information / statements of 'IBOF Investment Management Private Limited', the Joint Venture, for which financial statements for the financial year ended March 31, 2025 were not available with the Company for the consolidation purposes. However, since the Company has fully impaired its investment in the said Joint Venture and does not have any further obligation over and above the cost of the investment. Hence, there is no impact thereof on these consolidated financial statements.

- B.1 RCF is a not-for-profit company (licensed under Section 8(1) of the Companies Act, 2013) incorporated on February 04, 2022 to promote and implement the Corporate Social Responsibility agenda in the field of community development initiatives. The effective holding attributable to owners / equity shareholders of the Company comes to 96.94%.
- C. Though the Company has investment in the equity shares of 'Religare Capital Markets Limited ("RCML")', however, the right to exercise control through voting rights is not available with the Company. Besides this, in terms of the tripartite agreement between the Company, RCML and 'RHC Holding Private Limited', severe long term restrictions

and significant restrictive covenants have been imposed on major decision making at RCML, by the holders of preference shares in RCML. Considering the same, the financial statements of RCML and its subsidiaries have not been considered in the consolidated financial statements of the Company, in accordance with the applicable Indian Accounting Standards. The Company has fully impaired the value of its investment in RCML. The net worth of the RCML as per the last audited financial statements as at March 31, 2017 was negative by ₹ 61,971.95 Lakhs, and thereafter, the financial statements/results of RCML are not available with the Company. There is a contingent liability of ₹ 4,077.50 lakhs towards uncalled equity shares capital of RCML. Also refer note 57(n).

3 MATERIAL ACCOUNTING POLICY INFORMATION

(a) Property, plant and equipment (“PPE”)

Freehold lands are carried at historical cost. Other items of property, plant and equipment are measured at historical cost, less accumulated depreciation and accumulated impairment losses, if any. Cost comprises the purchase price and any attributable cost of bringing the asset to its location and working condition for its intended use, including relevant borrowing costs and any expected costs of decommissioning. If significant parts of an item of PPE have different useful lives, then they are accounted for as separate items (major components) of PPE.

Subsequent costs are included in the PPE’s carrying value or recognised as separate asset only when, it is probable that the economic benefits associated with the item will flow to the Group in future periods and the cost of the item can be measured reliably. Expenditure, incurred after the PPE have been put into operations, such as repairs and maintenance expenses are charged to the Statement of Profit and Loss during the period in which they are incurred.

Depreciation on tangible fixed assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013 or the rates based on the useful life of the asset as estimated by the Management taking into account the nature of the asset, the estimated usage of the asset, the operating conditions of the asset, past history of replacement, anticipated technological changes, manufacturers warranties and maintenance support, etc. which has a significant impact on the useful life of an asset. The estimated useful lives are, as follows:

Asset Description	Useful life and rates specified in Schedule II of Companies Act, 2013		Useful life and rates considered by the Group	
	Useful Life of Asset (In year)	Depreciation Rate (%)	Useful Life of Asset (In year)	Depreciation Rate (%)
Office Equipments	5	20%	2 to 5	20% to 50%
Server and Networks	6	16.67%	5 to 6	16.67% to 20%
Laptop, Desktop etc.	3	33.33%	3	33.33%
Electrical Installation & Equipments	10	10%	5 to 10	10% to 20%
Furniture and Fixtures	10	10%	5 to 10	10% to 20%
Car	8	12.50%	5 to 8	12.5% to 20%
Right-of-Use Assets*	Lease Period		Lease Period	
Leasehold Improvement**	Lease Period		Lease Period	

* Company’ Right-of-Use Assets mainly consist of office premises, motor vehicles and office equipments and are amortized over the lease period. Also refer Note 3(j)(i).

** Leasehold Improvements are amortized over the primary lease period, which corresponds with the useful lives of the assets.

An item of PPE is de-recognised upon disposal or when no future economic benefits are expected to arise from the continued use of the assets. Any gain or loss, arising on the disposal or retirement of an item of PPE, is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in Statement of Profit and Loss.

Capital work-in-progress includes cost of property, plant and equipment under installation / under development as at the balance sheet date. Advances paid towards the acquisition of property, plant and equipment outstanding at each balance sheet date is classified as capital advances under ‘Other Non-Financial Assets’.

(b) Depreciation

Depreciation is the systematic allocation of the depreciable amount of an asset over its useful life. Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Land is not depreciated.

Consolidated Accounting Policies

for the Year ended March 31, 2025

Individual assets costing up to ₹ 5,000 are fully depreciated in the year in which they are acquired.

Depreciation is provided for on a pro-rata basis on the assets acquired, sold or disposed off during the year.

Useful life of the part of PPE which is significant to the total cost of PPE, has been separately assessed and depreciation has been provided accordingly.

The estimated useful lives, residual values and the depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

(c) Intangible Assets

Intangible assets acquired by the Group are measured at cost. Subsequent to initial recognition, the assets are measured at cost, less accumulated amortisation and accumulated impairment losses, if any.

Subsequent expenditures are capitalized only when they increase the future economic benefits embodied in the specific asset to which they relate.

An item of intangible asset is derecognised when no future economic benefit are expected to arise from the continued use of the asset or upon disposal. Any gain or loss on disposal of an item of intangible assets is recognised in the Statement of Profit and Loss.

Computer software which is not an Integral part of the related hardware is classified as an intangible asset and is being amortised over the estimated useful life. The estimated useful lives of Intangible assets are 3 to 6 years.

Advances paid towards the acquisition/development of software outstanding at each balance sheet date is classified as capital advances under ‘Other Non-Financial Assets’ and the cost of assets not put to use before such date are disclosed under ‘Intangible Assets Under Development’.

(d) Amortisation

Intangible assets with a finite useful life are amortised on a straight line basis over their estimated useful lives. The amortisation period are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly.

(e) Goodwill

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities assumed.

Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired and is arrived at cost less accumulated impairment losses.

Impairment

Cash generating units to which goodwill is allocated are tested for impairment annually at each balance sheet date, or more frequently when there is an indication that the unit may be impaired. If the recoverable amount of the cash generating unit is less than the carrying amount of the unit, the impairment loss is allocated first to reduce the carrying amount of any goodwill allocated to that unit and then to the other assets of the unit pro rata on the basis of carrying amount of each asset in the unit. Goodwill impairment loss recognized is not reversed in subsequent period.

Disposed of

Where goodwill has been allocated to a cash-generating unit and part of the operation within that unit is disposed of, the goodwill associated with the disposed operation is included in the carrying amount of the operation when determining the gain or loss on disposal. Goodwill disposed in these circumstances is measured based on the relative values of the disposed operation and the portion of the cash-generating unit retained.

(f) Earnings per Share (“EPS”)

The basic earnings per share is computed by dividing the net profit / loss attributable to the equity shareholders for the year by the weighted average number of equity shares outstanding during the reporting year. Diluted earnings per share reflect the potential dilution that could occur if securities or other contracts to issue equity shares were exercised or converted during the year. Diluted earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares and dilutive potential equity shares outstanding during the year. In considering whether potential equity shares are dilutive or anti-dilutive, each issue or series of potential equity shares is considered separately rather than in aggregate.

Consolidated Accounting Policies

for the Year ended March 31, 2025

In computing dilutive earnings per share, only potential equity shares that are dilutive are considered.

(g) Taxes on Income

Current Tax

- (i) The income tax expense or credit for the year is the tax payable on the current year's taxable income in accordance with the applicable income tax rates for each jurisdiction adjusted to unused tax losses.
- (ii) The tax rates and tax laws used to compute amount are those that are enacted, or substantively enacted, by the reporting date in the countries where the Group operates and generates taxable income. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.
- (iii) Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.
- (iv) Current tax assets and current tax liabilities are offset where the entity has a legally enforceable right to set off the recognised amounts; and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current tax for current and prior periods shall, to the extent unpaid, be recognised as a liability. If the amount already paid in respect of current and prior periods exceeds the amount due for those periods, the excess shall be recognised as an asset.

Deferred Tax

- (v) Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.
- (vi) Deferred tax liabilities are recognised for all taxable temporary differences, except deferred tax liability arising from:
 - The initial recognition of goodwill; or

- The initial recognition of an asset or liability in a transaction which is not a business combination and at the time of the transaction, affects neither accounting profit nor taxable profit (tax loss); or
 - The temporary differences between the carrying amount and tax bases on investments in subsidiaries, branches and associates, and interests in joint arrangements where the Group is able to control the timing of the reversal of the temporary difference; and it is probable that the temporary difference will not reverse in the foreseeable future.
- (vii) A deferred tax asset shall be recognised for all deductible temporary differences to the extent that it is probable that taxable profit will be available against which the deductible temporary difference can be utilised, except deferred tax assets arising from:
- The initial recognition of an asset or liability in a transaction that is not a business combination; and at the time of the transaction, affects neither accounting profit nor taxable profit (tax loss); or
 - The temporary differences between the carrying amount and tax bases on investments in subsidiaries, branches and associates, and interests in joint arrangements where it is not probable that the temporary difference will reverse in the foreseeable future; and taxable profit will be available against which the temporary difference can be utilised.

A deferred tax asset shall be recognised for the carry forward of unused tax losses and unused tax credits to the extent that it is probable that future taxable profit will be available against which the unused tax losses and unused tax credits can be utilised.

- (viii) Deferred tax assets and liabilities shall be measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.
- (ix) Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to

Consolidated Accounting Policies

for the Year ended March 31, 2025

the underlying transaction either in OCI or directly in equity.

- (x) Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.
- (xi) The Group company dealing in housing finance continues to create the deferred tax liability on 'Special Reserve' created and maintained under section 36(1)(viii) of the Income Tax Act, 1961.

(h) Repossessed Assets held for sale

Assets acquired in satisfaction of debts are disclosed in the balance sheet at outstanding principal loan amount or market value (as per valuation reports) whichever is lower. In case the market value of assets acquired is lower than the outstanding principal loan amount, difference is charged to the Statement of Profit and Loss. In case the market value of assets acquired cannot be determined, assets are recognised at a nominal value.

The outstanding overdue interest, other charges and interest from the date of settlement till the disposal of such assets are accounted on realization basis. Any money realized over and above the principal outstanding in either of these categories such as interest or other charges etc. are booked under the respective heads of the Statement of Profit and Loss. Further, if on disposal of these assets, the sale proceeds are higher than the loan amount (including outstanding overdue interest, other charges and interest from the date of settlement till the disposal of such assets), then the Group refunds the excess amount to the customers, unless agreed otherwise at the time of acquiring assets in satisfaction of debts with the customers.

(i) Inventories

The inventories are valued at cost or net realizable value whichever is lower. Cost of inventories include all other costs incurred in bringing the inventories to their present location and condition. Cost of purchase of inventory is determined after deducting rebates and discounts. Net realizable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

(j) Leases

At inception of a contract, the Group assesses whether a contract is, or contains a lease. A contract is, or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Group uses the definition of a lease in Ind AS 116.

(i) Group as a lessee:

At commencement or on modification of a contract that contains a lease component, the Group allocates the consideration in the contract to each lease component on the basis of its relative standalone prices. However, for leases of property, the Group has elected not to separate non – lease components and account for the lease and non – lease components as a single lease component.

The Group recognizes a right – of – use asset and a lease liability at the lease commencement date. The right- of – use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right- of – use asset is subsequently depreciated using the straight – line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Group by the end of the lease term or the cost of the right – of – use asset reflects that the Group will exercise a purchase option. In that case the right – of – use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right – of – use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Group's incremental borrowing rate as the discount rate.

Consolidated Accounting Policies

for the Year ended March 31, 2025

The Group determines its incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustments to reflect the terms of the lease and type of the asset leased.

Lease payment included in the measurement of lease liability comprise the following:

Fixed payments, including in – substance fixed payments;

Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;

Amounts expected to be payable under a residual value guarantee; and

The exercise price under a purchase option that the Group is reasonably certain to exercise, lease payments in an optional renewal period if the Group is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Group is reasonably certain not to terminate early.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, if the Group changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in – substance fixed lease payment.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right – of – use asset, or is recorded in profit or loss if the carrying amount of the right – of – use asset has been reduced to zero.

The Group presents right – of – use assets that do not meet the definition of investment property in 'Property, Plant and Equipment' and lease liabilities under the head 'Other Financial Liabilities'.

Short – term leases and leases of low value assets

The Group has elected not to recognize right – of – use assets and lease liabilities for leases of low – value assets and short – term leases. The Company recognizes the

lease payments associated with these leases as an expense on a straight – line basis over the lease term.

(ii) Group as a lessor:

A lessor is an entity that provides the right to use an underlying asset for a period of time in exchange for a consideration. The Group, in cases, where it is a lessor, classify each of its leases as either a finance lease or an operating lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to the ownership of an underlying asset. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to the ownership of an underlying asset.

Finance Lease

At the commencement date of the lease, the Group recognizes assets held under a finance lease in its balance sheet and present them as a receivable at an amount equal to the net investment in the lease. Thereafter, the Group recognizes finance income over the lease term, based on a pattern reflecting a constant periodic rate of return on the lessor's net investment in the lease.

Operating Lease

The Group recognizes lease payments from operating leases as income either on a straight-line basis or another systematic basis if that systematic basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished.

(k) Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity.

(i) Initial recognition and measurement

A financial asset or a financial liability is recognised in its balance sheet when the Group becomes party to the contractual provisions of the instrument.

Financial assets and financial liabilities are initially measured at fair value, except for trade receivables. Transaction costs, that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss), are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

Consolidated Accounting Policies

for the Year ended March 31, 2025

Transaction costs, directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss, are recognised immediately in the Statement of Profit and Loss.

Regular way purchase and sale of financial assets are recognised at trade date (i.e. the date when an entity commits to purchase or sell an asset). Regular way purchase or sale is a purchase or sale of a financial asset under a contract whose terms require delivery of the asset within the time frame established generally by regulation or convention in the marketplace concerned.

Trade receivables, do not contain a significant financing component in accordance with Ind AS 115, are initially measured at their transaction price.

When the transaction price of the financial instrument differs from the fair value at origination and the fair value is evidenced by a quoted price in an active market or for an identical asset or liability or is based on a valuation technique using only inputs observable in market transactions, the Group recognises the difference between the transaction price and fair value as a gain or loss, in net gain/loss on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is deferred and is only recognised in the Statement of Profit and Loss when the inputs become observable, or when the instrument is derecognised.

(ii) Classification and Subsequent Measurement

(A) Financial Assets

(A)(1) Debt Instruments

The Group classifies debt instruments based their subsequent measurements that depends on the Group's business model for managing the financial assets and the contractual cash flow characteristics of the financial asset. There are three measurement categories into which the Group classifies its debt instruments:

• **Amortised Cost:** Asset is measured at amortised cost if both of the following conditions are met:

- (i) the financial asset is held within a business model whose, objective is to hold financial assets in order to collect contractual cash flows, and

- (ii) the contractual terms of the financial asset give rise on specified dates to cash flows, that are solely payments of principal and interest ("SPPI") on the principal amount outstanding.

• **Fair Value Through Other Comprehensive Income ("FVTOCI"):** Asset is measured at FVTOCI if both of the following conditions are met:

- (i) the financial asset is held within a business model, whose objective is achieved by both collecting contractual cash flows and selling financial assets, and
- (ii) the contractual terms of the financial asset give rise on specified dates to cash flows, that are solely payments of principal and interest on the principal amount outstanding.

• **Fair Value Through Profit or Loss ("FVTPL"):** Asset is measured at FVTPL unless it is measured at amortised cost or at FVTOCI.

(A)(2) Equity Instruments

All equity investments are measured at fair value. Equity instruments, which are held for trading, are classified as at FVTPL. For equity instruments other than held for trading, the Group has not exercised irrevocable option to recognise in other comprehensive income subsequent changes in the fair value. Such classification is determined on an instrument-by-instrument basis. The Company has accounted for its investment in Subsidiaries at cost. The investments in associates and joint ventures are accounted using equity method as per Ind AS 28, Investments in Associates and Joint Ventures.

(A)(3) Derivatives

Derivatives recorded at fair value through profit or loss.

Impairment of Financial Assets / Expected Credit Losses ("ECL")

The Group applies the expected credit loss model for recognizing impairment loss on financial assets measured at amortised cost, debt instruments, trade receivables and other financial assets. Expected

Consolidated Accounting Policies

for the Year ended March 31, 2025

Credit Loss ("ECL") is the difference between the contractual cash flows and the cash flows that the entity expects to receive, discounted using the effective interest rate.

Simplified Approach

The Group follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Group to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Group uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated for changes in the forward-looking estimates.

Stages Approach

For recognition of impairment loss on other financial assets and risk exposure, the Group determines that whether there has been a significant increase in the credit risk since initial recognition. If credit risk has not increased significantly, 12-Months ECL ("12mECL") is used to provide for impairment loss. However, if credit risk is increased significantly, Life Time ECL ("LTECL") is used. If, in a subsequent period, credit quality of the instrument improves such that there is no longer a significant increase in credit risk since initial recognition, the Group revert to recognising impairment loss allowance based on 12-months ECL.

To mitigate its credit risks on financial assets, the Group seeks to use collateral, where possible. The collateral comes in various forms, such as cash, securities, letters of credit/guarantees, real estate, receivables, inventories, other non-financial assets and credit enhancements such as netting agreements. Collateral, unless repossessed, is not recorded on the Group's balance sheet. However, the fair value of collateral affects the calculation of ECLs.

It is generally assessed, at a minimum, at inception and re-assessed on a quarterly basis. To the

extent possible, the Company uses active market data for valuing financial assets held as collateral. Other financial assets which do not have readily determinable market values are valued using models. Non-financial collateral, such as real estate, is valued by the Company's appointed valuers.

The Group has established a policy to perform an assessment, at the end of each reporting period, of whether a financial instrument's credit risk has increased significantly since initial recognition, by considering the change in the risk of default occurring over the remaining life of the financial instrument. The Group does the assessment of significant increase in credit risk at a borrower level. If a borrower has various facilities having different past due status, then the highest days past due ("DPD") is considered to be applicable for all the facilities of that borrower.

The Group calculates ECL based on total loans receivable (including accrued interest) which are divided into segments based upon the industry in which the customer is operating.

The mechanics of the ECL calculations are outlined below and the key elements are, as follows:

PD - The Probability of Default ("PD") is an estimate of the likelihood of default over a given time horizon.

EAD - The Exposure at Default ("EAD") is an estimate of the exposure at a reporting date, taking into account repayments of principal and interest, whether scheduled by contract or otherwise and accrued interest from missed repayments. The EAD is sum total of outstanding principal and accrued interest, if any, on the reporting date.

LGD - The Loss Given Default ("LGD") is an estimate of the loss arising in case where a default occurs at a given time. It is based on the difference between the contractual cash flows due and those that the lender would expect to receive, including from the realisation of any collateral. It is usually expressed as a percentage of the EAD.

The maximum period for which the credit losses are determined is the contractual life of a financial instrument unless the Company has the legal right to call it earlier.

Consolidated Accounting Policies

for the Year ended March 31, 2025

Based on the above process, the Group categorises its loans into Stage 1, Stage 2, Stage 3, as described below:

Stage 1: The 12m ECL represents expected credit loss from default events on a financial instrument that are possible within the 12 months from the reporting date. These expected 12 months default probabilities are applied to the Exposure at Defaults ("EAD") and multiplied by the expected Loss Given Defaults ("LGD") and discounted by an approximation to the Rete of Interest ("ROI") as at reporting date.

Stage 2: When a loan has shown a significant increase in credit risk since origination, the Group records an allowance for the LTECL. The mechanism is similar to that explained above, but the Probability of Default ("PD") and LGD are estimated over the lifetime of the instrument. The expected cash shortfalls are discounted by an approximation to the ROI as at reporting date.

Stage 3: For loans considered credit impaired, the Group recognises the lifetime expected credit losses for these loans. The method is similar to that for Stage 2.

Purchased or Originated Credit Impaired ("POCI"): The newly recognised loans are classified as Stage 1 for ECL measurement purposes, unless the new loan is deemed to be POCI. For POCI financial assets, the Group only recognises the cumulative changes in LTECL since initial recognition in the loss allowance.

POCI assets are financial assets that are credit impaired on initial recognition. POCI assets are recorded at fair value at original recognition and interest income is subsequently recognised based on a credit-adjusted EIR. ECLs are only recognised or released to the extent that there is a subsequent change in the expected credit losses.

However, as per circular NHB / DRS / Policy Circular No-88 / 89 / 2017-18, Housing Finance Companies ("HFC") are required to follow the extant direction on Prudential Norms, including on assets classification, provisioning etc. issued by the National Housing Bank ("NHB").

In its ECL models, the Group relies on a broad range of forward looking information as economic inputs, such as: GDP growth. The inputs and models used for calculating ECLs may not always capture all characteristics of the market at the date of the financial statements. To reflect this, qualitative adjustments or overlays are occasionally made as temporary adjustments when such differences are significantly material.

Write-offs

The Group directly reduces the gross carrying amount of a financial asset when it has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof. A write-off constitutes a derecognition event.

Any subsequent recoveries are credited in the Statement of Profit and Loss.

(B) Financial Liabilities and Equity

Debt and equity instruments, issued by the Group, are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

(B)(1) Equity

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments issued by the Group are recognised at the proceeds received, net of direct issue costs.

(B)(2) Financial Liabilities

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts and financial guarantee contracts.

The measurement of financial liabilities depends on their classification, as described below:

(B)(2)(i) Financial Liabilities at FVTPL

Financial liabilities at FVTPL include financial liabilities held for trading and financial liabilities designated upon initial recognition as at FVTPL. Financial liabilities are classified as held for trading, if they are incurred for the purpose of repurchasing in the near term. This category also includes derivative

Consolidated Accounting Policies

for the Year ended March 31, 2025

financial instruments entered into by the Group that are not designated as hedging instruments in hedge relationships as defined by Ind AS 109. Separated embedded derivatives are also classified as held for trading, unless they are designated as effective hedging instruments.

Financial liabilities, designated upon initial recognition at FVTPL, are designated as such at the initial date of recognition, and only if the criteria in Ind AS 109 are satisfied.

(B)(2)(ii) Loans and Borrowings

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost using the Effective Interest Rate ("EIR") method. Gains and losses are recognised in the Statement of Profit and Loss when the liabilities are derecognised as well as through the EIR amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the EIR. The EIR amortisation is included as finance costs in the Statement of Profit and Loss.

Preference shares that are compulsorily redeemable on a specific date, are classified as liabilities. The dividend on that preference shares are recognised in the Statement of Profit and Loss as finance cost.

(B)(2)(iii) Financial guarantees and undrawn loan commitments

Financial guarantees are initially recognised in the financial statements at fair value, being the premium/deemed premium received. The premium/deemed premium is recognised in the statement of profit and loss on a straight line basis over the life of the guarantee.

Subsequent to initial recognition, the Group's liability under each guarantee is measured at the higher of the ECL on guarantee and amount initially recognised less cumulative amortisation recognised in the Statement of Profit and Loss.

The nominal contractual value of undrawn loan commitments, where the loan agreed to be provided is on market terms, are reported as contingent liabilities in the financial statements.

(B)(2)(iv) Borrowing costs attributable to the qualifying assets

Borrowing costs that are directly attributable to the acquisition, construction or production of a qualifying asset form part of the cost of that asset.

(iii) Derecognition

(A) Financial Assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is derecognised when:

The rights to receive cash flows from the financial asset have expired, or

It retains the rights to the cash flows, but has assumed an obligation to pay the received cash flows in full without material delay to a third party under a 'pass-through' arrangement; and either (a) Group has transferred substantially all the risks and rewards of the asset or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of the Group's continuing involvement, in which case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration the Group could be required to pay.

If continuing involvement takes the form of a written or purchased option (or both) on the transferred asset, the continuing involvement is measured at the value the Group would be required to pay upon repurchase. In the case of a written put option on an asset that is measured at fair value, the extent of the entity's continuing involvement is limited to the lower of the fair value of the transferred asset and the option exercise price.

Consolidated Accounting Policies

for the Year ended March 31, 2025

(B) Financial Liabilities

Financial liabilities are derecognized when these are extinguished, that is when the obligation is discharged, cancelled or has expired. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in the Statement of Profit and Loss.

(iv) Reclassification of Financial Instruments

The Group does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Group acquires, disposes of, or terminates a business line. Financial liabilities are never reclassified.

(v) Offsetting Financial Instruments

Financial assets and financial liabilities are generally reported gross in the balance sheet. Financial assets and financial liabilities are offset and the net amount presented in the balance sheet where there is a legally enforceable right to set off the amounts and there is intention to settle them on a net basis or to realise the asset and settle the liability simultaneously.

(vi) Effective Interest Rate Method

Under Ind AS 109 interest income and expenses are recorded using the Effective Interest Rate ("EIR") method for all financial instruments measured at amortised cost, debt instrument measured at FVOCI and debt instruments designated at FVTPL. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset.

The EIR (and therefore, the amortised cost of the asset or liabilities) is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR. The Group recognises interest income and expenses using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loan. Hence, it recognises the effect of potentially different interest rates charged at

various stages, and other characteristics of the product life cycle (including prepayments, penalty interest and charges).

If expectations regarding the cash flows on the financial asset or liabilities are revised for reasons other than credit risk, the adjustment is booked as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income / expense. The adjustment is subsequently amortised through Interest income / expense in the statement of profit and loss.

(I) Determination of fair value

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Group.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities (for which fair value is measured or disclosed in the financial statements) are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Consolidated Accounting Policies

for the Year ended March 31, 2025

Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities.

Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable

Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Group estimates the value of its own credit from market observable data, such as secondary prices for its traded debt and the credit spread on credit default swaps and traded debts on itself.

The Group evaluates the levelling at each reporting period on an instrument-by-instrument basis and reclassifies instruments when necessary based on the facts at the end of the reporting period. Refer Note 48.

(m) Revenue recognition

Revenue is recognised to the extent that it is probable that the economic benefit will flow to the Group and the revenue can be reliably measured.

- (i) **Insurance Premium Income:** Premium (Net of Goods and Service Tax) is recognized as income over the contract period or period of risk, on the commencement of risk. In case of government scheme / policy, the premium is recognized to the extent of certainty of its realization. Any subsequent revisions to premium and adjustments on cancellation of policies are recognized in the year / period in which they occur. The Net Premium Written (Net of Reinsurance ceded) is adjusted / netted of by the amount of movement of Unearned Premium Reserve to arrive at the net premium earned. The premium on insurance policies issued on instalment basis is recognized as and when the instalment premium is received subject to above principles. Premium collected (NetofGST) for a Long-Term policy (policy duration exceeding 12 months) sold

on or after 1st Oct 2024, is recognized on a yearly basis at the commencement of risk on 1/n basis where ‘n’ denotes the policy duration in years.

Reinsurance Premium Ceded: Insurance premium on ceding of the risk is recognized in the period in which the risk commences in accordance with reinsurance arrangements with the reinsurers. Any subsequent revision to premium ceded is recognized in the period of such revision. Adjustment to reinsurance premium arising on cancellation of policies is recognized in the period in which they are cancelled. Premium on excess of loss reinsurance cover is accounted as premium ceded as per the reinsurance arrangements.

Reinsurance Acceptance: The results of a reinsurance accepted are accounted as per the last available statement of accounts/confirmation from reinsurers.

- (ii) **Income From Reinsurance Ceded:** Commission on reinsurance ceded is adjusted / netted off from commission expense in the period of ceding the risk.

Profit Commission under reinsurance treaties, wherever applicable, is recognized as income in the year of final determination of profits and combined with commission on reinsurance ceded.

- (iii) **Dividend Income:** It is recognised when the Group’s right to receive the payment has been established.

- (iv) **Interest Income:** Interest income on financial instruments are recorded using the effective interest rate (“EIR”) to the gross carrying amount of financial assets other than credit-impaired assets. EIR is the rate that exactly discounts the estimated future cash payments or receipts through the expected life of the financial instrument to the gross carrying amount of the financial asset.

When a financial asset becomes credit-impaired interest income is calculated by applying the EIR to the net amortised cost of the financial asset subject to availability of security and management estimate regarding recoverability. If the financial assets cures and is no longer credit-impaired, the Group reverts to calculating interest income on a gross basis.

Interest income is recognised in the consolidated statement of profit and loss for FVTOCI debt

Consolidated Accounting Policies

for the Year ended March 31, 2025

instruments. Other changes in fair value of FVTOCI financial assets are recognised in other comprehensive income. When the investment is disposed of, the cumulative gain or loss previously accumulated in reserves is transferred to the consolidated statement of profit and loss.

Interest income is recognised in the consolidated statement of profit and loss for FVTPL debt instruments.

- (v) **Net Gain / Loss on Fair value Changes:** Any differences between the fair values of financial assets classified as fair value through the profit or loss, held by the Group on the balance sheet date is recognised as an unrealised gain / loss. In cases there is a net gain in the aggregate, the same is recognised as income and if there is a net loss the same is disclosed as expenses.
- (vi) **Broking Income:** Revenue from broking activities are accounted on the trade date of transaction.
- (vii) **Delayed Payment Charges / Interest Income From Delayed Payments:** Delayed Payment Charge is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable, where there is no uncertainty regarding the realisation.
- (viii) **Interest income on Margin Trade Financing (MTF):** Interest income on MTF is recognised on a time proportion basis taking into account the amount outstanding and the rate applicable, where there is no uncertainty regarding the realisation.

- (ix) **Income from depository operation** except for Annual Maintenance Charges (“AMC”) is accounted for on accrual basis. AMC are recognised on time basis over the period of contract.

- (x) **Income from direct assignment:** Gains arising out of direct assignment transactions comprise the difference between the interest on the loan portfolio and the applicable rate at which the direct assignment is entered into with the assignee, also known as the right of excess interest spread (“EIS”). The future EIS basis the scheduled cash flows on execution of the transaction, discounted at the applicable rate entered into with the assignee is

recorded upfront in the statement of profit and loss. EIS evaluated and adjusted for ECL and expected prepayment.

- (xi) Commission earned from distribution of financial products is recognised, when the amount and right to receive is ascertained.

- (xii) Referral commission earned is recognised, when the amount and right to receive is ascertained.

- (xiii) Revenue from E-Governance Services [Except Digital Signature Certificate (“DSC”) with and without USB token] is recognized at point in time when acknowledgement is issued by the Branch. Sales of DSC Token with or without USB are recognised on transfer of significant risks and rewards of ownership to the buyer as per the terms of contract, and no uncertainty exists regarding the amount of consideration that will be derived from sales of DSC.

- (xiv) Revenue from other e-governance services (like Ticketing Services, Business Correspondent for banking services, Domestic Money Transfer (“DMT”), Micro ATM (“MATM”), Aadhaar Enabled Payment Services (“AEPS”), Bharat Bill Payment Systems (“BBPS”) and Recharges etc.) are recognised on the date of transaction.

- (xv) Revenue from National Pension System (“NPS”) towards initial subscriber registration, contribution upload charges and other transaction charges are booked on receipt basis.

- (xvi) Revenue excludes Goods and Service Tax (“GST”), Service Tax, Value Added Tax (“VAT”) and Securities Transaction Tax (“STT”), as applicable.

(n) Unearned Premium Reserve (“UPR”) / Unexpired Risk Reserve (“URR”)

Unearned Premium Reserve represents that part of the net written insurance premium (i.e. premium, net of reinsurance ceded) which is attributable to, and set aside for subsequent risks to be borne by CHIL (the health insurance company of the Group) under contractual obligations on contract period basis or risk period basis, whichever is appropriate, and is created at 50% of the net written premium of preceding twelve months as at the Balance Sheet date.

Consolidated Accounting Policies

for the Year ended March 31, 2025

(o) Claims (under health insurance business - CHIL)

Claims are recognized as and when reported. Claims are recorded in the Revenue Account, net of claims recoverable from reinsurers / co-insurers to the extent there is a reasonable certainty of realization. These estimates are progressively revalued on the availability of further information. Estimated liability in respect of claims is provided for, based on the intimations received up to the year end, information / estimates provided by the insured / surveyors / Third Party Administrators ("TPA") and judgment based on the past experience and other applicable laws and practices.

Claims Incurred but not reported ("IBNR") represent that amount of claims that may have been incurred prior to the end of the current accounting year but have not been reported or claimed. The IBNR provision also includes provision, if any, required for claims Incurred but not enough reported ("IBNER"). IBNR and IBNER liabilities are provided based on actuarial principles and certified annually by the Appointed Actuary of the Company. The methodology and assumptions on the basis of which the liability has been determined has also been certified by the Appointed Actuary to be appropriate, in accordance with guidelines and norms issued by the Institute of Actuaries of India and in concurrence with the IRDA.

Claims incurred represents claims paid, estimated liability for outstanding claims made following a loss occurrence reported and estimated liability for Claims Incurred but not reported and Claims Incurred but not enough reported. It also includes specific claims settlement costs such as survey / legal / TPA fees and other directly attributable costs.

(p) Impairment of non-financial assets

The Group assesses, at each reporting date, using external and internal sources, whether there is an indication that a non-financial asset may be impaired and also whether there is an indication of reversal of impairment loss recognised in the previous period(s). If any indication exists, or when annual impairment testing for an asset is required, the Group determines the recoverable amount and impairment loss is recognised when the carrying value of an asset exceeds its recoverable amount.

The recoverable amount is determined:

- in the case of an individual asset, at the higher of the asset's fair value less cost of sell and value in use; and

- in the case of cash generating unit (a group of assets that generates identified, independent cash flows) at the higher of the cash generating unit's fair value less cost to sell and value in use.

In assessing value in use, estimated future cash flows are discounted to their present value using a pre-tax discount rate that effects current market assessments of the time value of money and the risks specific to that asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

An impairment loss for an asset is reversed, if and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognized, the carrying amount of an asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss being recognized for the asset in prior year(s).

(q) Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks, cash on hand and short-term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

For the purposes of the cash flow statement, where bank overdrafts which are repayable on demand form an integral part of the Group companies' cash management, bank overdrafts are included as a component of cash and cash equivalents. In the consolidated balance sheet, bank overdrafts are presented under borrowings.

(r) Business combination

Business combinations are accounted for using the acquisition accounting method as at the date of the acquisition, which is the date at which control is transferred to the Group/Company. The consideration transferred in the acquisition and the identifiable assets acquired and liabilities assumed are recognised at fair values on their acquisition date. Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred and the amount recognised for non-controlling interests, and any previous interest held, over the net identifiable assets acquired and liabilities

Consolidated Accounting Policies

for the Year ended March 31, 2025

assumed. The Group recognises any non-controlling interest in the acquired entity on an acquisition-by-acquisition basis either at fair value or at the non-controlling interest's proportionate share of the acquired entity's net identifiable assets. Consideration transferred does not include amounts related to settlement of pre-existing relationships. Such amounts are recognised in the Statement of Profit and Loss.

Transaction costs are expensed as incurred, other than those incurred in relation to the issue of debt or equity securities. Any contingent consideration payable is measured at fair value at the acquisition date. Subsequent changes in the fair value of contingent consideration are recognised in the Statement of Profit and Loss.

(s) Foreign currency transactions and translation

(i) Transactions and balances

Initial recognition: Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions.

Conversion: Monetary assets and liabilities denominated in foreign currency, which are outstanding as at the reporting date, are translated at the reporting date at the closing exchange rate and the resultant exchange differences are recognised in the Statement of Profit and Loss.

Non-monetary assets and liabilities denominated in foreign currency and measured at historical cost are translated at the exchange rate prevalent at the date of recognition.

Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

(ii) Foreign operations

For the purpose of presenting consolidated financial statements, the assets and liabilities of the Group's foreign operations that have a functional currency other than Indian rupees are translated into Indian rupees using exchange rates prevailing at the reporting date. Income and expense items are translated at the average exchange rates for the month.

Exchange differences arising, if any, are recognised in other comprehensive income and held in foreign currency translation reserve ("FCTR"), a component of equity,

except to the extent that the translation difference is allocated to non-controlling interest. When a foreign operation is disposed of, the relevant amount recognised in FCTR is transferred to the consolidated statement of profit and loss as part of the profit or loss on disposal. Goodwill and fair value adjustments arising on the acquisition of a foreign operation are treated as assets and liabilities of the foreign operation and translated at the exchange rate prevailing at the reporting date.

(t) Retirement and other employee benefits

Short Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits. These benefits include salaries and wages, performance incentives and short term compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is recognised as an expense during the year. Benefits such as salaries and wages, etc. and the expected cost of the bonus / ex-gratia are recognised in the year in which the employees render the related service.

Post Employment Employee Benefits

(i) Defined Contribution Schemes

Retirement benefit in the form of provident fund is a defined contribution scheme. The Group has no obligation, other than the contribution payable to the provident fund. The Group recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset.

Few Group companies make contributions towards National Pension Scheme ("NPS") which is a defined contribution retirement benefit plans for employees who have opted for the contribution towards NPS. The Group companies also makes contribution towards Employee State Insurance Scheme ("ESIC") which is a contributory scheme providing medical, sickness, maternity, and disability benefits to the insured

Consolidated Accounting Policies

for the Year ended March 31, 2025

employees under the Employees State Insurance Act, 1948 in respect of qualifying employees. The Group's contributions to defined contribution plans are recognised in the statement of profit and loss in the financial year to which it relates.

(ii) **Defined Benefit Schemes**

The Group companies operate defined benefit gratuity plan in India, which requires contributions to be made to a separately administered fund.

The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method.

Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through Other Comprehensive Income ("OCI") in the year in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Group recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Group recognises the following changes in the net defined benefit obligation as an expense in the statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

Other Long-Term Employee Benefits

Compensated Absences

The employees of the Group are entitled to the leave benefits as per the policies of the Group entities. The liability for compensated absences is accrued based on the actuarial valuation as at the balance sheet date conducted by an independent actuary. The net present value of the Group obligations are determined based on the Projected Unit Credit Method at the end of each year.

Share Based Payments

Employees of the Group receive remuneration in the form of share-based payments in consideration of the services rendered. Under the equity settled share based payment, the fair value on the grant date of the awards given to employees is recognised as 'employee benefit expenses' with a corresponding increase in equity over the vesting period. At the end of each reporting period, apart from the non market vesting condition, the expense is reviewed and adjusted to reflect changes to the level of options expected to vest. When the options are exercised, the Group issues fresh equity shares.

For cash-settled share based payments, the fair value of the amount payable to employees is recognised as 'employee benefit expenses' with a corresponding increase in liabilities, over the period of non market vesting conditions getting fulfilled. The liability is remeasured at each reporting period up to, and including the settlement date, with changes in fair value recognised in employee benefits expenses.

(u) **Provisions, Contingent liabilities and Contingent assets**

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past

Consolidated Accounting Policies

for the Year ended March 31, 2025

event, it is probable that the Group will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are determined by discounting the expected future cash flows to net present value using an appropriate pre-tax discount rate that reflects current market assessments of the time value of money and, where appropriate, the risks specific to the liability.

A present obligation that arises from past events, where it is either not probable that an outflow of resources will be required to settle or a reliable estimate of the amount cannot be made, is disclosed as a contingent liability. Contingent liabilities are also disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Group.

Claims against the Group, where the possibility of any outflow of resources in settlement is remote, are not disclosed as contingent liabilities.

Contingent liabilities are recognised only when there is a possible obligation arising from past events, due to occurrence or non-occurrence of one or more uncertain future events, not wholly within the control of the Group, or where any present obligation cannot be measured in terms of future outflow of resources, or where a reliable estimate of the obligation cannot be made. Obligation are assessed on an ongoing basis and only those having a largely probable outflow of resources are provided for.

Contingent assets are not recognised in the financial statements since this may result in the recognition of

income that may never be realised. However, when the realisation of income is virtually certain, then the related asset is not a contingent asset and is recognised.

(v) **Dividends on ordinary shares**

The Group recognises a liability to make cash or non-cash distributions to equity shares holders when the distribution is authorised and the distribution is no longer at the discretion of the Group. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Non-cash distributions are measured at the fair value of the assets to be distributed with fair value re-measurement recognised directly in equity.

Upon distribution of non-cash assets, any difference between the carrying amount of the liability and the carrying amount of the assets distributed is recognised in the statement of profit and loss.

(w) **UNALLOCATED PREMIUM**

Unallocated Premium, in health insurance business, includes insurance premium deposits and insurance premium which has been received but for which risk has not been commenced.

(x) **PREMIUMS RECEIVED IN ADVANCE**

Premiums Received in Advance, in health insurance business, is the insurance premium, where the period of inception of the cover sought is clearly outside the accounting period.

7.1 Secured Loans given by RFL and RHDFCL are secured by property, plant & equipment, vehicles, receivables, tradable listed / unlisted securities held by the Group companies in their depositories accounts, fixed deposits and balances maintained in debt service reserve accounts by respective borrowers or by way of pledge of shares held in the depository account of the clients for which Power of Attorneys are held by RFL; or by direct pledge of shares by the client in favour of the Group companies. Housing and Non-Housing (Loan against property) loans are secured by equitable mortgage of Properties.

Secured Loans given by RBL (i.e. Margin Trading Facilities (“MTF”)) is a funding facility extended to its customers in capital market. MTF is secured by collaterals by pledge of securities.

7.2 RFL holds an exposure of ₹ 81,468.01 Lakhs towards its Corporate Loan Book (“CLB”) portfolio, after derecognizing 60% of the CLB as disclosed in Note 9.1. RFL has initiated insolvency proceedings against the relevant borrowers under the CLB portfolio before the National Company Law Tribunal (“NCLT”), where admission is currently pending except in one case. The matter is scheduled for hearing on May 28, 2025.

RFL had recognized a 100% provision against the outstanding CLB portfolio in prior periods and accordingly, no further financial impact is expected from this portfolio.

7.3 During the year 2024–2025, RHDFCL has received nil towards Interest Subsidy and nil processing fees under Pradhan Mantri Awas Yojana (“PMAY”)– Credit Linked Subsidy Scheme (“CLSS”) through National Housing Bank (“NHB”)(March 31, 2024: Nil).

7.4 The Company had filed a petition under Section 7 of Insolvency and Bankruptcy Code, 2016 against ANR Securities Private Limited on October 09, 2018 for recovery of outstanding gross loan amount (including interest) of ₹ 8,139.66 Lakhs. The matter is sub-judice. As the Loan is unsecured and in view of the management there are very low probability of its recovery, the loan had been written off during the year 2022–23, however, the litigation process will be continued for recovery of the claim filed.

7.5 The Company had filed a petition under Section 7 of Insolvency and Bankruptcy Code, 2016 against Ligare Aviation Limited on January 18, 2021 for recovery of outstanding loan amount ₹ 587.27 Lakhs. The matter is sub-judice. As the Loan was unsecured and in view of the management there are very low probability of its recovery, the loan had been written off during the year 2022–23, however, the litigation process will be continued for recovery of the claim filed.

7.6 During the year 2024–25 ₹ 64.17 Lakhs (March 31, 2024: ₹ 60.50 Lakhs) disbursed by RHDFCL as processing fee and other charges along with loan disbursement, have been regrouped from housing loan to non-housing loan.

7.7 For the current year 2024–25, RHDFCL has not detected any loan account /case (March 31, 2024: Nil) as fraudulent. As on balance sheet date, RHDFCL has identified 8 fraudulent loan accounts, 6 were reported on May 4, 2018 and 2 were reported on December 31, 2019 to NHB. No recovery was made during the current year 2024–25.

Notes forming part of the Consolidated Financial Statements

8.2 RFL subscribed to Non-Convertible Debentures ("NCD") of OSPL Infradeal Private Limited ("OSPL"), an entity backed by SREI group, of ₹ 20,000 Lakhs in December, 2016. Due to default in making repayment of such NCD, RFL filed a case against it under Insolvency and Bankruptcy Code ("IBC") before the Hon'ble NCLT Kolkata, who issued liquidation order. However, as per the liquidator there are no realizable assets or properties available with such party and therefore the liquidator filed dissolution application, which has been allowed by the Tribunal wide order dated March 19, 2024. RFL has taken written off the same in the books of accounts during last financial year.

8.3 During the current year 2024–25, RHDFCL has entered into transactions with RARC Trusts (Special Purpose Vehicle) wherein it has sold its certain NPAs to Trusts. These transactions have been carried out in compliance with the applicable RBI norms for securitization and the Trusts have issued Security Receipts ("SRs") to RHDFCL in settlement of these NPAs. Under Ind AS, the SRs issued by the Trust full-fill the criteria for a financial asset, and accordingly, RHDFCL had derecognized the NPA loan receivables and had recognized SRs as investments in its books of accounts.

As per RBI Master Directions – Reserve Bank of India (Transfer of Loan Exposures) Directions ("MD-TLE"), 2021 dated September 24, 2021 (updated on December 05, 2022), RBI has advised for provisioning in respect of investment in Security Receipt ("SRs"). Accordingly, RHDFCL is carrying a investment value ₹ 281.54 Lakhs (Net of provisions of ₹ 309.41 Lakhs on ₹ 590.95 Lakhs) as on March 31, 2025 in respect of two separate transactions with RARC Trust (Special Purpose Vehicle) in terms of clause 77A of the aforesaid MD-TLE. Further, balance provision of ₹ 181.91 Lakhs shall be provided in the books of accounts over the remaining period, as per applicable guidelines.

* Considering the status of security deposit receivables of ₹ 134.06 Lakhs from the property owners, the chances of recovery of these amounts are remote, hence the same has been written off during the year ended March 31, 2024.

** ₹ 59.70 Lakhs (March 31, 2024: ₹ 59.70 Lakhs) which has been fully impaired has been pending for more than three years. The amount ₹ 312.43 Lakhs recoverable from a related party viz. Religare Capital Market Limited ("RCML") has been written off during current year. (Refer Note 54)

9.1 RFL had filed a suit before the Hon'ble High Court of Delhi for recovery of its Fixed Deposits ("FDRs") of ₹ 79,145 Lakhs (excluding interest accrued and due of ₹ 2,703.39 Lakhs till the date of original maturity i.e. July 20, 2018) misappropriated by the Laxmi Vilas Bank ("LVB"). The Hon'ble Court had passed interim Orders that 'status of FDR lying with LVB be maintained as unencumbered and be not encashed, however, still LVB encashed the FDRs without any authorisation from RFL in this regard. RFL had also filed an application in the Hon'ble Court for substitution of LVB with DBS Bank India Limited ("DBS") consequent upon LVB's merger with DBS, which had been accepted by the Hon'ble Court on March 29, 2022. RFL's application under Order I Rule 10 read with Order VI Rule 17 of CPC for impleadment of RHC Holdings Private Limited, and other Defendants in the suit and for amendment of suit accordingly, was allowed by the Court in favour of RFL vide order dated December 15, 2023. Application under Order VII rule 11, filed by DBS for Dismissal of Complaint, has been dismissed by the Court vide Order dated December 03, 2024 Vide Order dated December 06, 2024. Impleadment Application of SCCPL & Participation Finance Holding ("PFH") has been dismissed for non-prosecution. Also, Arguments have been heard on SBI's Impleadment Application and Order has been reserved on the same. Further, notice has been issued upon the newly impleaded Defendants No. 2 to 5. Accordingly, matter is next listed on August 07, 2025.

Further, RFL had also filed a complaint against LVB and others on May 15, 2019 with EOW. The EOW, Delhi has registered FIR against LVB and Ors. for committing offence of criminal breach of trust and criminal conspiracy. The EOW had filed its charge sheet and supplementary charge sheet upon which cognizance was taken by the Hon'ble Court of CMM. Compliance of Sec. 207 CrPC has been completed. The matter is on stage of consideration of Charge, however, the Investigation Officer has informed the Hon'ble Court that another supplementary Charge Sheet is to be filed soon. The matter is next listed on May 28, 2025. Further, the Hon'ble Supreme Court vide judgment dated September 11, 2023 quashed the criminal proceeding qua DBS Bank only. The matter is sub-judice. These FDRs amounting to ₹ 55,924 Lakhs had been shared / adjusted under OTS during the previous year as detailed in the above para, and balance FDRs of ₹ 25,924.09 Lakhs, considering that the same are under litigation, and are no longer highly liquid i.e. readily convertible in cash, were classified as Other Financial Assets, in accordance with the applicable accounting standards.

(Amount in ₹ Lakhs, unless otherwise stated)

As RFL has the legal contractual rights on these fixed deposits, and considering the developments in the case particularly filing of FIR, its cognizance by the Hon'ble Court, acceptance of the substitution of Defendant i.e. DBS in place of LVB, and based on the legal opinion, the misappropriation of these fixed deposits by LVB is unlawful and untenable, and the same are considered to be good for recovery by the management of REL and RFL, and the said view of the management was also substantiated with the acceptance and consideration of the same as part of the upfront consideration under OTS as detailed in Note 57(v). To be prudent, on conservative basis and as advised by RBI in the process of removal of CAP as detailed in Note 57(w), the management had considered the provision against these balance FDRs of ₹ 25,924.09 Lakhs (net of ₹ 55,924.00 Lakhs shared / adjusted under OTS) during the previous year ended March 31, 2024, however, there is no change in the stand of the management of REL and RFL as compared to the earlier period/s and management is strongly hopeful of its full recovery.

9.2 It includes the amounts of ₹ 145.73 Lakhs (March 31, 2024: ₹ 145.25 Lakhs) which were debited by the exchange directly from Exchange Dues Account or Settlement Bank Account in relation to lost Investor Grievances ("IG") /arbitration cases filed by the clients of RBL. RBL has already filed cases / appeals challenging the impugned order / award. The said amount debited /withheld as security or deposit in relation to lost IG/arbitration cases. The amount shall be released by the exchange to the client or to RBL depending upon the final outcome of the legal case / appeals. As a matter of prudence, RBL recognized provisions of ₹ 145.73 Lakhs (March 31, 2024: ₹ 145.25 Lakhs) against these withheld / debited amounts by the exchange.

27.4 The Description of the nature and purpose of each reserve within other equity are as follows:

(i) Securities Premium

This Reserve represents the premium on issue of shares and can be utilised in accordance with the provisions of the Companies Act, 2013.

(ii) Capital Redemption Reserve ("CRR")

The Company has recognised Capital Redemption Reserve on redemption of Non-Convertible Redeemable Preference Shares from its retained earnings. The amount in Capital Redemption Reserve is equal to nominal amount of the Non-Convertible Redeemable Preference Shares redeemed. The Company may issue fully paid up bonus shares to its members out of the capital redemption reserve account.

(iii) Capital Reserve arising out of Composite Scheme of Arrangement

Pursuant to the terms of approved scheme of arrangement, the investment held by the Company in transferor entities and related provision for diminution stand cancelled; the difference between book value of investments and face value of shares has been credited to Capital Reserve.

(iv) Capital Reserve on Consolidation

This reserves created during business combination for the gain on bargain purchase.

(v) General Reserve

This Reserve is created by an appropriation from one component of other equity (generally Retained Earnings) to another, not being an item of Other Comprehensive Income. The same can be utilised by the Company in accordance with the provisions of the Companies Act, 2013.

(vi) Statutory Reserve

NBFC companies of the Group need to transfer a part of profit to this reserve as per Prudential Norms of RBI / NHB. No appropriation of any sum from the reserve fund shall be made by the NBFC except for the purpose as may be specified by the RBI / NHB from time to time.

(vii) Short / (Excess) Payment for Shares in Subsidiaries Post Getting Control

It reports the excess amount paid, over face value of the shares, by the Company to acquire the equity shares of its subsidiary from the non-controlling interest share holders.

(viii) Reserve on Forfeiture of Share Warrant

The Company obtained an In-Principle approval under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 from National Stock Exchange of India and BSE Limited ("the Exchanges") for issue and allotment of 175,224,258 convertible warrants of ₹ 52.30 each exercisable into equal number of Equity Shares of ₹ 10 each of the Company on preferential basis. Pursuant to shareholder approval dated March 19, 2018, the Company issued and allotted 111,497,714 convertible warrant each on preferential basis under the provision of chapter VII of Securities Exchanges Board of India (Issue of Capital and disclosure requirement) Regulation 2009, as amended ("ICDR Regulations") and section 62 and 42 of the Companies Act 2013. As these warrant holders could not exercise their preferential right for conversion of convertible warrant into equity share, hence the unutilised advance share warrant money received has been forfeited. The unutilised amount of ₹ 4,161.12 Lakhs has been credited to this Capital Reserve.

(ix) Share Options Outstanding Account

The Share Option Outstanding account has been created in accordance with the approved Employee Stock Option Scheme.

Future cash outflows in respect of (a) and (c) above, are determinable only on receipt of judgments / decisions pending with various forums / authorities. The Group is of the opinion that above demands or claims are not sustainable and expects to succeed in its appeals. The management believes that the ultimate outcome of these proceedings will not have a material adverse effect on the Group’s financial position and results of operations.

^A(i) It includes financial and other guarantees issued by the banks for and on behalf of RBL to stock exchanges, clearing corporations and others. These are issued against 50% to 100% cash collateral in the form of Fixed Deposits.

(ii) The Company has given a corporate guarantee to banks on behalf of RBL amounting to ₹ 33,000 Lakhs (March 31, 2024: ₹ 34,500 Lakhs) against various credit facilities. As on March 31, 2025, a sum of ₹ 20,600 Lakhs (March 31, 2024: ₹ 24,700 Lakhs) was outstanding towards the said credit facility.

^B Out of this ₹ 6,013.49 Lakhs (March 31, 2024: ₹ 6,013.49 Lakhs), in RFL has been adjusted with tax refunds due to RFL and the same is considered as taxes paid in protest.

^C Includes penalty of ₹ 102.32 Lakhs (March 31, 2024: ₹ 102.32 Lakhs) levied by the Commissioner of Central Excise in RBL. The said penalty is contingent upon base tax demand adjudicated by the Tax Authority. Currently the matter is pending with CESAT.

^D Amount paid under protest ₹ 21.46 Lakhs (March 31, 2024: ₹ 21.46 Lakhs) by Religare Broking Limited (“RBL”), a wholly owned subsidiary of the Company.

^E CHIL had granted in earlier year 22,711,327 Employees Stock Options (“ESOPs”) to its former Non-Executive Chairperson Dr. Rashmi Saluja in her capacity as an employee of the Company as per its ESOPs Scheme, of which 7,569,685 ESOPs have been exercised by her on October 04, 2023. The Insurance Regulatory and Development Authority of India (“IRDAI”), vide its Order dated July 23, 2024, has imposed a penalty of ₹ 100 Lakhs on CHIL and issued directions to cause a buyback of 7,569,685 shares which have already allotted to Dr. Rashmi Saluja at the price at which they were allotted i.e. at ₹ 45.32 per share, and also cancel and revoke the stock options which remains unexercised and/or unvested as on the date of the Order. CHIL has filed an appeal in this matter before Hon’ble Securities Appellate Tribunal, Mumbai (“SAT”), where the directions passed by IRDAI have been stayed till December 20, 2024 (since than further stayed upto July 17 and July 18, 2025) subject to deposit of 50% of the penalty and restriction / status quo on the vested and unvested / unexercised ESOPs, which CHIL has complied with. The penalty of ₹ 100 Lakhs imposed by IRDAI has been considered as contingent liability and ₹ 50 Lakhs i.e. 50% of the penalty deposited with IRDAI has been included under ‘Other Non-Financial Assets’. The Company has sent a request for withdrawal of the appeal to registrar od SAT on May 19, 2025 in the matter of IRDAI order dated July 23, 2024 which is pending with the SAT. As the matter is sub-judice, there is no further impact thereof on the financial statements.

Notes:

(I) In accordance with the approval for payment of Brand License Fees granted by the Audit Committee and the Board of Directors in their respective meetings held on December 8, 2016 and December 10, 2016 respectively, the Company during the year ended March 31, 2017, had entered into an agreement for payment of Brand License Fees to RHC Holding Private Limited (“RHC”) for a period of 6 years effective April 01, 2016 for usage of the “Religare” trademark/brand. During the year ended March 31, 2018, RHC has assigned the trade mark “Religare” and its logo to Elive Infotech Private Limited (“assignee” / “Elive”). Further, Elive has waived the right to receive the brand license fee from REL or its subsidiaries/affiliates till the time interest on loans availed by the group companies of Elive and RHC from Religare Finvest Limited is serviced. In the suit titled SCCPL & Another vs. LVB & Others having no. CS(COMM) 633/2018 pending before the Hon’ble Delhi High Court, SCCPL had claimed ownership of “Religare Brand” by way of an Assignment Deed allegedly executed in its favour by RHC and Elive. The Hon’ble Delhi High Court vide its order date February 22, 2018 passed an order to maintain status quo regarding the Religare Trademark. RHC and Elive have filed an application under Section 340 Cr.P.C against SCCPL for willfully knowing, deliberately making false statements and submitting forged documents. Loancore Servicing Solutions Limited has filed substitution on behalf of SCCPL by way of assignment deed. Further, Daiichi has also obtained a status quo order on the brand “Religare” by suppressing the fact that the entire shareholding of RHC Holdings Private Limited in M/s Elive Infotech Private Limited had been pledged in favour of RFL as a security for various loans to the group companies of RHC Holdings Private Limited and RFL had filed objection application in the said proceedings.

(II) Fortis Healthcare Limited has filed a recovery suit for ₹ 49,414 Lakhs with Hon’ble Delhi High Court against Best Healthcare Private Limited and others, including RFL, based on the SEBI Order dated October 17, 2018, and its confirmatory order dated March 19, 2019. Subsequently, the Securities Appellate Tribunal (“SAT”), through its order dated January 29, 2020, quashed both SEBI orders.

RFL has filed an application, seeking dismissal of the suit as infructuous qua RFL.

The matter is scheduled for further arguments on RFL’s dismissal application on July 24, 2025.

(III) (a) The REL’s / Company’s Income Tax Return (“ITR”) filed for the Assessment Year 2016-17 was picked up for assessment proceedings u/s 143(3) of the Income Tax Act, 1961 (“IT Act”) and the Income Tax Department (“ITD”) vide its final assessment order on March 31, 2021 has made an aggregate disallowance amounting to ₹ 124,942 Lakhs (including the disallowance of capital loss of RCML pursuant to reduction of share capital aggregating to ₹ 84,427 Lakhs). Further, ITD has raised a demand aggregating to ₹ 20,451 Lakhs (including interest u/s 234B and 234C of the IT Act of ₹ 7,642 Lakhs) after setting- off advance tax and TDS for the subject year. Subsequently, the AO has passed a rectification order dated February 14, 2023 and May 15, 2023 u/s 154 r.w.s. 143(3) of the IT Act and reduced the disallowance to ₹ 124,935 Lakhs and reduced the demand to ₹ 16,412 Lakhs. Further, against the disallowances made by the Assessing Officer (“AO”) in the final assessment order, the Company has filed an appeal before the Income Tax Appellant Tribunal (“ITAT”) on April 19, 2021. Consequent to the appeal filed by the Company, the Hon’ble ITAT vide its order dated September 21, 2023 has adjudicated the matter. The order of ITAT has following impacts:

(i) Out of the aggregate disallowances of ₹ 124,935 Lakhs made in the rectified assessment order, on additions aggregating to ₹ 40,508 Lakhs, the ITAT has granted relief to the Company. Pursuant to the order of ITAT, the Company has also filed an appeal effect application before the AO on October 13, 2023 to give effect to the order passed by the ITAT. Basis the appeal effect application, the demand of ₹ 16,412 Lakhs shall reduce to ₹ 1,259 Lakhs. The Company has made provision for tax of ₹ 1,259 Lakhs during the financial year ended March 31, 2025.

(ii) The ITAT has confirmed the disallowance of short term and long term losses aggregating ₹ 84,427 Lakhs, claimed in the subject Assessment Year on write off of investment made in preference shares of a subsidiary. Against this issue upheld by the ITAT, the Company has filed an appeal before Delhi High Court on January 17, 2024, which has been duly admitted by the Delhi High Court on April 29, 2024. Now the matter is pending for adjudication before Delhi High Court. Further, ITD has also filed an appeal before Delhi High Court on the grounds which were allowed by the ITAT to the Company and the said appeal is pending at admission stage.

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2025

(Amount in ₹ Lakhs, unless otherwise stated)

- (b) The Company's assessment proceeding was initiated u/s 143(3) of the IT Act for Assessment Year 2017-18 and the Assessing Officer ("AO") has passed a final assessment order on January 24, 2022 confirming all the disallowances / additions, aggregating to ₹ 94,746 Lakhs, proposed in the draft assessment order dated March 31, 2021 and raised a demand of ₹ 13,996 Lakhs (including interest u/s 234B of the IT Act of ₹ 4,940 Lakhs) after setting- off advance tax and TDS for the subject year.

Against the said order passed by the ITD, the Company has taken following actions:

- (i) The Company has filed an appeal before the Income Tax Appellant Tribunal ("ITAT") against the disallowances made by the income tax department on February 17, 2022, which is pending for adjudication before ITAT.
- (ii) The Company had filed stay application before ITAT for stay of demand on February 17, 2022 and the Hon'ble ITAT considering the facts of the present matter has granted interim stay on the operation of recovery of demand.

- (c) The Company received a VAT assessment order on 21.03.2020 pertaining to FY 2015-16 in Religare Comtrade Limited (now merged with the Company w.e.f appointed date 01.04.2019). The demand involved is ₹ 319.77 lakhs which includes base tax of ₹ 165.96 lakhs interest of ₹ 114.51 lakhs and penalty of ₹ 39.30 lakhs. The issue involved is largely on account of ITC disallowance of opening VAT credit balance being carried forward from earlier years FY 2013-14 and FY 2014-15. The appeal for FY 2013-14 and FY 2014-15 has already been decided in favour of the Company. An appeal dated 23.07.2020 has been filed before Dy. Commissioner of Commercial Tax (Appeals-1) against the aforesaid VAT assessment order of FY 2015-16 which is currently pending for adjudication.

CHIL is contesting demand amounting to ₹ 19,870.68 lakhs and CHIL's management is of the view that the demand may not be sustainable. CHIL's management believes that the ultimate outcome of these proceedings will not have any material adverse effect on CHIL's financial position and results of its operations. CHIL does not expect any reimbursement in respect of these contingent liabilities, and it is not practicable to estimate the timing of cash outflows, if any, in respect of these matters, pending resolution of the arbitration / appellant proceedings.

RBL received an order dated April 30, 2025 from the GST Appellate authority, Mumbai pertaining to the financial year 2018-19. As per the order, the appellate authority has partially set aside the earlier demand and has revised the total demand amount from ₹ 12.70 lakhs to ₹ 6.75 lakhs.

- (IV) RFL is involved in ongoing income tax litigation for Assessment Year 2012-13, 2016-17 and 2017-18, with total demand aggregating to ₹ 30,341 Lakhs against which appeal are pending before Commissioner of Income Tax (Appeals).

(b) Fair Valuation Measurement Hierarchy

The table below provides an analysis of financial instruments that are measured subsequent to initial recognition at fair value. The different levels have been defined as follows:

Level 1: This level of hierarchy includes financial assets that are measured by reference to quoted prices (unadjusted) in active markets for identical assets or liabilities. This category consists of quoted equity shares, quoted corporate debt instruments and the mutual fund units valued using the closing Net Asset Value("NAV").

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2025

(Amount in ₹ Lakhs, unless otherwise stated)

Level 2: This level of hierarchy includes financial assets and liabilities, measured using inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e; as prices) or indirectly (i.e., derived from prices).

Level 3: This level of hierarchy includes financial assets and liabilities measured using inputs that are not based on observable market data (unobservable inputs). Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The following table presents fair value of hierarchy of assets and liabilities measured at fair value on a recurring basis:

(c) Movements in Level-3 Financial Instruments Measured at Fair Value

The following table shows the reconciliation of the opening and closing amounts of Level 3 financial assets and liabilities measured at fair value. Transfers from Level 3 to Level 2 occur when the market for some securities became more liquid, which eliminates the need for the previously required significant unobservable valuation inputs. Since the transfer, these instruments have been valued using valuation models incorporating observable market inputs. Transfers into Level 3 reflect changes in market conditions as a result of which instruments become less liquid. Therefore, the Group requires significant unobservable inputs to calculate their fair value.

(d) Valuation Techniques

Debt Securities

The Group uses active market prices when available, or other observable inputs to estimate the corresponding fair value. Municipal bonds and bonds issued by financial institutions are generally Level 1 and corporate bonds are generally Level 2.

Mutual Funds

The fair values of investments in mutual fund units is based on the net asset value ('NAV') as stated by the issuers of these mutual fund units in the published statements as at Balance Sheet date. NAV represents the price at which the issuer will issue further units of mutual fund and the price at which issuers will redeem such units from the investors. Such instruments are generally Level 1.

Equity Instruments

Equity instruments actively traded on public stock exchanges with readily available active prices on a regular basis are classified as Level 1. Equity instruments in non-listed entities included investment in private equity funds are initially recognised at transaction price and re-measured (to the extent information is available) and valued on a case-by-case and classified as Level 3.

(f) Valuation methodologies of financial instruments not measured at fair value

Below are the methodologies and assumptions used to determine fair values for the above financial instruments which are not recorded and measured at fair value in the Group's financial statements. These fair values were calculated for disclosure purposes only. The below methodologies and assumptions relate only to the instruments in the above tables and, as such, may differ from the techniques explained in Point (d) above.

Short Term Financial Assets and Liabilities

For financial assets and financial liabilities that have a short-term maturity (less than twelve months), the carrying amounts, which are net of impairment, are a reasonable approximation of their fair value. Such instruments include: cash and cash equivalents, trade receivables, balances other than cash and cash equivalents, trade payables and other liabilities. Such amounts have been classified as Level 3 on the basis that no adjustments have been made to the balances as at balance sheet.

49. Information about segments:

- The Group's operating segments are established on the basis of those components of the Group that are evaluated regularly by the Executive Committee (the 'Chief Operating Decision Maker' as defined in Ind AS 108 - 'Operating Segments'), in deciding how to allocate resources and in assessing performance. These have been identified taking into account nature of products and services, the differing risks and returns and the internal business reporting systems.
- The Group's primary business comprises of 'Investment and Financing (Interest on Loans) Activities', 'Broking in securities and commodities', 'E-Governance' and 'Health Insurance'. The business segments have been identified considering the nature of services, the differing risks and returns, the organization structure and the internal financial reporting system.
- As per Indian Accounting Standard 108 - Operating Segments, the Group has reported segment information on consolidated basis including businesses conducted through its subsidiaries.
- Segment revenue, results, assets and liabilities have been accounted for on the basis of their relationship to the operating activities of the segment and amounts allocated on a reasonable basis.
- Revenue and expenses directly attributable to segments are reported under each reportable segment. Expenses incurred on behalf of other segments and not directly identifiable to each reportable segment have been allocated to each segment on the basis of associated revenues of each segment. All other expenses which are not attributable or allocable to segments have been disclosed as unallocable expenses.
- Assets and liabilities that are directly attributable to segments are disclosed under each reportable segment. Common assets have been allocated to each segment on the basis of associated revenues of each segment. Common liabilities have been allocated to each segment on the basis of total segment expense. All other assets and liabilities are disclosed as unallocable.

If the segment result of a segment includes interest or dividend income, its segment assets include the related receivables, loans, investments, or other interest or dividend generating assets.

If the segment result of a segment includes interest expense, its segment liabilities include the related interest-bearing liabilities.
- The accounting policies adopted for segment reporting are in conformity with the accounting policies adopted by the Group. Revenue and expenses, which relate to the Group as a whole and are not allocable to segments on a reasonable basis, have been included under "Unallocated expenses/income". Segment Assets and Segment Liabilities represent

(Amount in ₹ Lakhs, unless otherwise stated)

Assets and Liabilities in respective segments. Investments, tax related assets and other assets and liabilities that cannot be allocated to a segment on reasonable basis have been disclosed as “Unallocable”.

- (viii) Inter-segment revenue have been accounted for based on the transaction price agreed to between segments which is primarily market based.
- (ix) As part of additional information reporting, revenues are attributed to Geographic areas based on the location of the subsidiaries, step-down subsidiaries and joint venture.

For options outstanding, the exercise price ranges between ₹ 10 to ₹ 45.32 and weighted average remaining contractual life of these grants ranges between 6 to 11 years.

The weighted average price of options exercised during the year ended on March 31, 2025 is ₹ 28.95 (March 31, 2024: ₹ 38.82).

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2025

(Amount in ₹ Lakhs, unless otherwise stated)

CHIL follows the intrinsic method for computing the compensation cost, for options granted under the scheme(s). The difference between the fair value and the grant price, being the compensation cost is recognized as deferred stock option expense and is charged to Profit and Loss Account on straight line basis over the vesting period of options.

Had the CHIL followed fair value method based on Black-Scholes model valuing its options, compensation cost for the year ended would have been higher by ₹ 542 Lakhs (March 31, 2024: ₹ 1,432 Lakhs) and the profit after tax would have been lower by ₹ 401 Lakhs (March 31, 2024: ₹ 1,060 Lakhs) and the CHIL’s basic and diluted earnings per share would have been ₹ 1.55 (March 31, 2024: ₹ 3.08.49) and ₹ 1.55 (March 31, 2024: ₹ 3.08) respectively.

Phantom Stocks:

During the financial year 2023-24, 2,445,715 Phantom Stocks were granted to Key managerial persons (“KMP”). Out of these stocks 337,904 stocks were cancelled during FY 2024-25. As on March 31, 2025, 2,107,811 phantom stocks are outstanding which will be vested in equal proportion annually over 3 years from the grant date and will be settled in cash at the time of exercise of rights by KMP’s (Including MD and CEO) as per the terms and conditions of Phantom Stocks Plan.

CHIL follows intrinsic value method for computing the cost of Phantom Stocks. Accordingly, the difference between the grant price and fair market value of CHIL’s equity shares as on March 31, 2025 has been recognised in the books of accounts to be amortised over the vesting period. Amount recognised during the FY is ₹ 764.63 Lakhs (March 31, 2024: ₹ 18.83 Lakhs).

53 Retirement Benefit Plan

(i) Defined Contribution Plan

Contribution toward provident fund plan for all employees is made to regulatory authorities, where the Group has no further obligations. Such benefits are classified as Defined Contribution Scheme as the Group does not carry any legal or constructive obligations to pay further contributions apart from the contributions made on monthly basis which are charged to the Statement of Profit and Loss account as incurred.

(ii) Defined Benefits Plan

The Group has defined benefit gratuity plans in India (funded). The Group's defined benefit gratuity plan is a final salary plan for India employees, which requires contributions to be made to separately administered fund. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age. Each fund has the form of a trust and it is governed by the Board of Trustees, which consists of an equal number of employer and employee representatives. The Board of Trustees is responsible for the administration of the plan assets and for the definition of the investment strategy.

Each year, the Board of Trustees reviews the level of funding in the India gratuity plan. Such a review includes the asset-liability matching strategy and investment risk management policy. This includes employing the use of annuities and longevity swaps to manage the risks. The Board of Trustees decides its contribution based on the results of this annual review. The Board of Trustees aim to keep annual contributions relatively stable at a level such that no plan deficits (based on valuation performed) will arise.

(iii) Other Benefits

The employees of the Group are entitled leave benefits as per the policy of the Group. The liability for compensated absences is accrued based on the actuarial valuation as at the balance sheet date conducted by an independent actuary. The net present value of the Group's obligation is determined based on the Projected Unit Credit Method ("CUPM") at the end of each year.

Sensitivity Analysis

The sensitivity analysis below has been determined based on reasonably possible change of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant. These sensitivities show the hypothetical impact of a change in each of the listed assumptions in isolation. While each of these sensitivities holds all other assumptions constant, in practice such assumptions rarely change in isolation and the asset value changes may offset the impact to some extent. For presenting the sensitivities, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the Defined Benefit Obligation presented above. There was no change in the methods and assumptions used in the preparation of sensitivity analysis from previous year.

Impact on defined benefits obligations	Gratuity	
	As at March 31, 2025	As at March 31, 2024
Discount Rate		
Increase by 0.5%	(35.88)	(37.75)
Decrease by 0.5%	37.28	39.33
Future salary increases		
Increase by 0.5%	36.93	39.42
Decrease by 0.5%	(35.87)	(38.17)

Risk Analysis

The Group is exposed to a number of risks in the defined benefit plans. Most significance risk pertaining to defined benefits plans and management estimation of the impact of these risks are as follows:

Salary Growth Rate

The present value of defined benefit plans liability is calculated by reference to the future salaries of plan participates. Salary increase considered @ 7%. As such, an increase in the salary of the plan participants will increase the plan’s liability.

Demographic Risk

This is the risk of variability of results due to systematic nature of decrements that include mortality,, withdrawal, disability and retirement. The effect of these decrements on the defined obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. it is important not to overstate withdrawals because in the financial analysis the retirement benefit of short career employee typically costs less per year as compared to long service employee.

Interest rate risks

The defined benefit obligation uses a discount rate based on government bonds. If bonds yields fall, the defined benefit obligation will tend to increase.

55 Financial Risk Management

The Group business activities are exposed to a variety of financial risks, namely liquidity risk, market risks, credit risk and operational risk. The Board of Directors ("Board") of the respective Group companies has the overall responsibility for establishing and governing the risk management framework. The Board has constituted a Risk Management Committee, which is responsible for the development of the risk strategy and implementing principles, frameworks, policies and limits. The Risk Management Committee is responsible for managing risk decisions and monitoring risk levels and reports to the Board.

The Risk Management Unit is responsible for implementing and maintaining risk related procedures to ensure an independent control process is maintained. This unit works closely with and reports to the Risk Management Committee, to ensure that procedures are compliant with the overall framework.

The Risk Management Unit along with independent functions Compliance, FCU, Technical Teams is responsible for monitoring compliance with risk principles, policies and limits across the Group. The Group companies have their own unit which is responsible for the control of risks, including monitoring the actual risk of exposures against authorised limits and the assessment of risks of new products and structured transactions. It is the Group's policy that this unit also ensures the complete capture of risks in its risk measurement and reporting systems. The Group's policy also requires that exceptions are reported periodically, where necessary, to the Risk Management Committee, and the relevant actions are taken to address exceptions and any areas of weakness.

Treasury is responsible for managing its assets and liabilities and the overall financial structure. It is also primarily responsible for the funding and liquidity risks of the Group.

The Group risk management policies are established to identify and analyse the risks faced by the Group, to set and monitor appropriate risk limits and controls, periodically review the changes in market conditions and reflect the changes in the policy accordingly. The key risks and mitigating actions are also placed before the Audit Committee of the Company.

It is the Group's policy to ensure that a robust risk awareness is embedded in its organisational risk culture. Employees are expected to take ownership and be accountable for the risks the Group is exposed to that they decide to take on. The Group's continuous training and development emphasises that employees are made aware of the Group's risk appetite and they are supported in their roles and responsibilities to monitor and keep their exposure to risk within the Group's / Company's risk appetite limits. Compliance breaches and internal audit findings are important elements of employees' annual ratings and remuneration reviews. Group also has in place 'Staff Accountability Policy' which is to monitor the employees performance.

The Group's principal financial liabilities comprise of borrowings, trade and other payables. The main purpose of these financial liabilities is to finance the Group's operations. The Group's principal financial assets include loans given, trade and other receivables, investments and cash and cash equivalents that arises directly from its operations.

(A) Liquidity Risk

Liquidity risk arises where the Group is unable to meet its obligations as and when they arise. Liquidity risk may be measured at a structural level and cash flow level. Treasury monitors rolling forecasts of the Group's cash flow position and ensures that the Group is able to meet its financial obligation at all times including contingencies. The Group aims to maintain the level of its cash and cash equivalents, short term liquid assets in bank deposits and liquid mutual funds at an amount in excess of expected cash outflow on financial liabilities.

In NBFC companies to manage structural liquidity level, the Asset Liability Management Policy ("ALM Policy") envisages adherence to certain key ratios and gap limits in normal business and under stressed market conditions and to manage liquidity risk at cash flow level, the ALM Policy envisages adherence to certain gap limits based on dynamic liquidity

forecasts. Maintaining an optimal balance sheet structure and cash flow patterns shall be the cornerstone of the liquidity risk management strategy. Please refer Note 43 for maturity pattern of certain items of Assets and Liabilities at group level.

(B) Market Risk

Market risk is the risk of loss of future earnings, to fair values or to future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments including investments, foreign currency receivables, payables and borrowings.

The Group's exposure to market risk is a function of loans given, investment and borrowing activities and revenue generating in foreign currencies. The objective of market risk management is to avoid excessive exposure of the Group's earnings and equity to losses.

The Group size and operations result in it being exposed to the following market risks that arise from its use of financial instruments:

(i) Price Risk, Insurance Risk, Product Risk and Prepayment Risk

The Group is mainly exposed to the price risk due to its investment in debt securities, government securities, mutual funds, etc. The price risk arises due to uncertainties about the future market values of these investments.

As at March 31, 2025, the investments in such instruments amounts to ₹ 853,832 Lakhs (March 31, 2024: ₹ 648,731 Lakhs). These are exposed to price risk.

The Group has laid policies and guidelines which it adheres to in order to minimise pricing risk arising from investments. One of the major group company is in the business of providing health insurance where investments are subject to the rules stipulated by IRDAI.

w.r.t. health insurance business:

Insurance risk refers to inherent uncertainties as to the occurrence, bad portfolio, amount and timing of insurance liabilities. Product risk is the risk associated from developing and distributing new products. This includes the risk that the product features do not conform to regulatory requirements, are not supported by the system and / or the product terms and conditions are not transparent or misleading for the customers. The pricing risk results where the products are either not profitable or the pricing is uncompetitive or unfair. It also results when assumptions with respect to liabilities / claims, costs and returns associated with the sale of a product are inaccurately estimated. To mitigate this the same is constantly reviewed by appointed actuary who suggests changes in price in case of these risk.

Subsidiary also defines underwriting guidelines for each product including the non medical limits for different age categories.

w.r.t. NBFC:

Prepayment risk is the risk that the Group will incur a financial loss because its customers and counterparties repay or request repayment earlier or later than expected, such as fixed rate mortgages when interest rates fall.

The NBFC companies use regression models to project the impact of varying levels of prepayment on its net interest income. The model makes a distinction between the different reasons for repayment (e.g., relocation, refinancing and renegotiation) and takes into account the effect of any prepayment penalties. The model is back tested against actual outcomes.

(ii) Foreign Exchange Risk

Foreign exchange risk is the risk of impact related to fair value or future cash flows of an exposure in foreign currency, which fluctuate due to changes in foreign exchange rates.

The Group’s exposure to the risk of changes in foreign exchange rates relates to foreign currency vendor payments. Foreign currency exposure of the Group is not significant considering the size and nature of business. ”

(iii) Interest Rate Risk

The Group is exposed to interest rate risk which is likely to arise due to a fundamental duration mismatch of assets and liabilities, on account of short term gap between disbursements and raising the matching liability. Additionally, mismatches between floating and fixed assets and liabilities are expected to enhance interest rate risk. Since the Group relies on bank finance for funding and it finds its difficult to pass the revision in base rates by banks to customers immediately, general increase in interest rates is likely to affect the NIMs of the NBFC companies. Containing duration mismatches and maintaining an equitable mix of fixed – floating assets and liabilities shall be the cornerstone of interest rate risk management strategy.

(C) Credit Risk

Credit risk is the risk that the Group will incur a loss because its customers or counterparties fail to discharge their contractual obligations. The Group manages and controls credit risk by setting limits on the amount of risk it is willing to accept for individual counterparties and for geographical and industry concentrations and by monitoring exposures in relation to such limits.

In NBFC companies of the Group, credit risk is monitored by the credit risk department of the respective company’s independent Risk Management Unit. It is their responsibility to review and manage credit risk, including environmental and social risk for all types of counterparties. Credit risk consists of line credit risk managers who are responsible for their business lines and manage specific portfolios and experts who support both the line credit risk manager, as well as the business with tools like credit risk systems, policies, models and reporting.

NBFC companies has established a credit quality review process to provide early identification of possible changes in the creditworthiness of counterparties, including regular collateral revisions. Counterparty limits are established by the use of a credit risk classification system, which assigns each counterparty a risk rating. Risk ratings are subject to regular revision. The credit quality review process aims to allow the Group to assess the potential loss as a result of the risks to which it is exposed and take corrective actions.

In a broking company of the Group, Margin Trading Facilities (“MTF”) is a funding facility extended to its customers in capital market. MTF is secured by collaterals by pledge of securities. To the extent MTF is not covered by sufficient collateral and customer fails to meet the minimum margin/margin call/interest servicing it is considered as due/default. Such cases are provided for as per the broking company’s provisioning norms.

(D) Operational Risk

Operational risk is the risk of loss arising through fraud, unauthorized activities, error, omission, inefficiency, systems failure or from external events. It is inherent to every business organization and covers a wide spectrum of issues. The terms error, omission and inefficiency includes process failures, systems / machine failures and human error. Operational risk also includes Compliance and distribution risks.

The Group cannot expect to eliminate all operational risks, but it endeavours to manage these risks through a control framework and by monitoring and responding to potential risks. Controls include effective segregation of duties, access, authorisation and reconciliation procedures, staff education and assessment processes, such as the use of internal audit. Further, grievance and customers complaints are reviewed on periodic basis.

(E) Strategic Business Risk

Strategic risks are basically those risk which are typically managed by the top management group and are tactical in nature such as continue or discontinue a product line, scaling up or down the business, major investment decision, key borrowings, mergers or acquisitions etc.

(F) Reputational Risk

The Company is also exposed to reputation risk arising from failures in governance, business strategy and process, regulatory-compliance and legal risk. These risks are generally covered under Operational risks. Reputational risk is the risk of potential damage to the Group due to deterioration of its reputation. The reputation of the Group may suffer as a result of its failure to comply with laws, regulations, rules, reporting requirements, standards and codes of conduct applicable to its activities, rather than compliance with the internal limits or procedures. Proactive measures to minimize the risk of losing reputation could be a sound risk management framework, good corporate governance high level ethics and integrity, rigorous anti money laundering procedures, good business practices and reporting of all breaches which lead to reputational risk to the attention of senior management and the board.

Management of subsidiaries and support functions of the Company should take into consideration above basic risk categorization and devise their own risk cum control matrix for each of the product line, segment, business and operations.

56 Capital Management

The Group’s objectives when managing capital are to:

safeguard their ability to continue as going concern, so that they can continue to provide returns for shareholders and benefits for other stakeholders;

maintain an optimal capital structure to reduce the cost of capital;

ensure compliances with regulatory capital requirements; and

maintain strong credit ratings and healthy capital ratios in order to support its business.

In order to maintain and adjust the capital structure the Group issues new shares and / or sells assets to reduce debts.

For the purposes of the different companies’ capital management, capital includes issued capital, share premium and all other equity reserves attributable to the equity holders.

Consistent with other in industries, the Group companies monitor capital on the basis of different gearing ratios. Further, most of the Group companies are regulated entities and it is necessary that they have sufficient capital and / or net worth to meet the regulatory requirements. All regulated companies ensure adherence to regulatory requirements with a safety margin.

- (iv) Debenture holders of NCD series 30, 32, 35 and 36 (having the overdue outstanding of ₹ 9,539.46 Lakhs) who were not part of OTS, had accepted the settlement offer of RFL during the current year. As per the terms of the settlement, the settlement amounts aggregating to ₹ 9,533.60 Lakhs (net of TDS of ₹ 5.86 Lakhs) had been paid in full.
- (v) In earlier years, 18 lenders had classified RFL’s account as fraud under RBI’s Central Fraud Registry. RFL challenged SBI’s classification before the Hon’ble Delhi High Court, which ruled in RFL’s favor on December 18, 2023. On the basis of above-mentioned court order, SBI, UBI, BOM and CBI have removed RFL from the database of Central Fraud Registry. In respect of other lenders (excluding ICICI), a writ petition has been filed by the company on May 02, 2024 which is pending for adjudication. In respect of ICICI Bank, RFL is in the process of taking necessary action for removal of Fraud tag.
- (vi) As detailed above, RFL in its revival journey had repaid / settled the debts of all its lenders, and now it is a debt free Company with no subsisting default.
- (v) Corrective Action Plan (“CAP”) on Religare Finvest Limited

Due to significant losses arising from siphoning and misappropriation of funds by erstwhile promoters of REL, RBI imposed a Corrective Action Plan (“CAP”) on RFL, vide letter dated January 18, 2018, restricting expansion of credit / investment portfolios (except in Government Securities) and payment of dividend.

Following OTS completion, RFL requested RBI for removal of CAP restrictions on July 12, 2023, with additional submissions made as directed. On September 17, 2024, RBI deferred the decision pending clarity on RFL’s management structure post an open offer for the Company. Post-open offer closure in February, 2025, RFL renewed its request on March 24, 2025, and awaits RBI’s response.

The management is hopeful that CAP will be removed by RBI in near future and accordingly financial statements of RFL have been prepared on a going concern basis.

Notes forming part of the Consolidated Financial Statements

for the year ended March 31, 2025

(Amount in ₹ Lakhs, unless otherwise stated)

(w) Considering the implementation of OTS with lenders (Refer Note 57(u), the corrective measures as advised by RBI being taken (Refer Note 57(v), ongoing improvements in its financial position and performance, and positive net worth achieved, the RFL is hopeful that the CAP will be removed by RBI in near future and accordingly the financial results of RFL have been prepared on Going Concern Basis. Further, though it has a positive impact on the value of the investment of the Company in RFL, however, as the RFL is still under CAP, the Company considering the principle of prudence has not reversed the impairment on its investment in RFL.

58 The Enforcement Directorate (“ED”) during the financial year has conducted searches at the premises of then Executive Chairperson and three officials (two of them has resigned) of the Company / Group in connection with complaint of an investor file at Mumbai. Also, Mumbai police on the Complaint of ED has registered a First Information Report (“FIR”) against then Executive Chairperson and two officials (since resigned) of the Company alleging their involvement in a motivated / unsupported complaint filed by a shareholder of the Company in Mumbai. There has been no impact of these matters on the Company / Group and its financial position / performance and results.

59 Previous Year’s Figures

Previous year’s figures have been regrouped, re-arranged and reclassified wherever necessary to conform to the current year’s classification.

Independent Auditor’s Report

TO THE MEMBERS OF ‘RELIGARE ENTERPRISES LIMITED’ ON STANDALONE FINANCIAL STATEMENTS

Opinion

We have audited the accompanying standalone financial statements of Religare Enterprises Limited (the “Company”), which comprise the Standalone Balance Sheet as at March 31, 2025, the Standalone Statement of Profit and Loss (including Other Comprehensive Loss), the Standalone Statement of Changes in Equity, the Standalone Statement of Cash Flows for the year then ended, and notes to the standalone financial statements including a summary of the material accounting policies and other explanatory information (hereinafter referred to as the “standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 (the “Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025 and its loss, total comprehensive loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (“SA” s) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (“ICAI”) together with the ethical requirements that are relevant to our audit of the Standalone Financial Statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the Standalone Financial Statements.

Emphasis of Matter

We draw attention to Note 35.2 and 35.3 to the Standalone Financial Statements, which describes ongoing income tax litigations and related tax demands.

Our opinion on the Standalone Financial Statements is not modified in respect of the above matter.

Key Audit Matter

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period.

We have determined that there are no key audit matters to communicate in our report.

Information other than the Standalone Financial Statements and Auditor’s Report Thereon

The Company’s Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Company’s Annual Report particularly with respect to Management Discussions and Analysis, Board’s Report including Annexures to Board’s Report, Business responsibility report and Corporate Governance report but does not include the standalone financial statements and our auditor’s report thereon. The other information is expected to be made available to us after the date of this auditor’s report.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information identified above when it becomes available and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during our audit or otherwise appears to be materially misstated.

When we read the Annual Report, if we conclude that there is a material misstatement therein, we are required to report that fact to those charged with governance.

Responsibilities of Management and those charged with Governance for the Standalone Financial Statements

The Company’s Board of Directors is responsible for the matters stated in Section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance including other comprehensive income, changes in equity and cash flows of the Company in accordance

with the accounting principles generally accepted in India, including the Indian Accounting Standards (“Ind AS”) notified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, and RBI Regulations, as amended from time to time.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, the Board of Directors is responsible for assessing the Company’s ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company’s financial reporting process.

Auditor’s Responsibilities for the audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements are free from material misstatement, whether due to fraud or error, and to issue an auditor’s report that includes our opinion. Reasonable assurance is a high level of assurance but is not guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is

higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3) (i) of the Companies Act, 2013, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management’s use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. If we conclude that material uncertainty exists, we are required to draw attention in our auditor’s report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor’s report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor’s report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication. We have determined that there are no key audit matters to be communicated in our report.

Other Matter

The audit of comparative financial statements of the Company for the year ended March 31, 2024 was conducted by M/s S.P. Chopra & Co., Chartered Accountants, the previous auditors of the Company, whose reports dated May 21, 2024, expressed an unmodified opinion on those audited standalone financial statements. Accordingly, we JC Bhalla & Co., Chartered Accountants, do not express any opinion on the figures reported in the financial statements for the year ended March 31, 2024.

Report on Other Legal and Regulatory Requirements

1. As required by ‘the Companies (Auditor’s Report) Order, 2020’ (“the Order”), issued by the Central Government of India in terms of sub-section (11) of Section 143 of the Act, we give in the Annexure- ‘A’, a statement on the matters specified in paragraph 3 and 4 of the Order.
2. As required by Section 143(3) of the Act, we report that:

a. we have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit;

b. in our opinion, proper books of account as required by law have been kept by the Company so far as appears from our examination of those books except for the matters stated in paragraph (h) (vi) below on reporting under Rule 11(g);

c. the Standalone Balance Sheet, the Standalone Statement of Profit and Loss (including Other Comprehensive Loss), Standalone Statement of Changes in Equity and the Standalone Statement of Cash Flows dealt with by this Report are in agreement with the books of account;

d. in our opinion, the aforesaid standalone financial statements comply with the Indian Accounting Standards (“Ind AS”) notified under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended from time to time;
- e. on the basis of the written representations received from the directors and taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025, from being appointed as a director in terms of Section 164 (2) of the Act;

f. with respect to the adequacy of the internal financial controls with reference to standalone financial statements of the Company and the operating effectiveness of such controls, refer to our separate report in Annexure- B’;

g. in our opinion, the remuneration paid by the Company to its Director is in accordance with the provisions of Section 197 read with Schedule V of the Act; and

h. with respect to the other matters to be included in the Auditor’s Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us:

i. The Company has disclosed the impact of pending litigations on its financial position in its standalone financial statements – Refer note 35, 51 (c) and 51 (o) to the standalone financial statements.

ii. The Company has not entered any long-term contracts including derivative contracts.

iii. There has been no amount required to be transferred to the Investor Education and Protection Fund by the Company.

iv. (a) The Management has represented that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the Company to or in any other person or entity, including foreign entity (“Intermediaries”), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Company (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;
- (b) The Management has represented, that, to the best of its knowledge and belief, no funds (which are material either individually or in the aggregate) have been received by the Company from any person or entity, including foreign entity (“Funding Parties”), with the understanding, whether recorded in writing or otherwise, that the Company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party (“Ultimate Beneficiaries”) or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries;

(c) Based on the audit procedures that have been considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (i) and (ii) of Rule 11(e), as provided under (a) and (b) above, contain any material misstatement.
- v. No dividend was declared or paid during the year; hence, the said clause is not applicable.

vi. Based on our examination, which included test checks, the Company has used accounting software for maintaining its books of account for the financial year ended March 31, 2025 which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software except in certain components of audit trail were not operating due to system limitations, as described in note 51 (q) to the standalone financial statements. Further, during our audit, we did not come across any instance of the audit trail being tampered with and the audit trail has been preserved by the Company as per the statutory requirements for record retention.

Annexure- ‘A’ to The Independent Auditor’s Report

(Referred to in paragraph 1 under ‘Report on Other Legal and Regulatory Requirements section of the independent auditor’s report of even date on the standalone financial statements of Religare Enterprises Limited for the year ended March 31, 2025)

- (i) In respect of the Company’s Property, plant and equipment, Intangible assets, and right of use assets.

a. (A) The Company has maintained proper records showing full details, including quantitative details and situation of Property, plant and equipment and relevant details of Right of use assets.

(B) The Company has maintained proper records showing full particulars of the Intangible assets.
- b. According to the information and explanations given to us and on the basis of our examination of the records of the Company, the Company has a regular program of physical verification of its Property, Plant and Equipment by which all property, plant and equipment are verified over the period of three years. In our opinion, this periodicity of physical verification is reasonable having regard to the size of the Company and the nature of its assets. No discrepancies were noted on such verification.
- c. The title deeds of immovable properties (other than properties where the Company is the lessee and the lease agreements are duly executed in favour of the lessee) disclosed in note 15 to the financial statements are not held in the name of the Company. Title deed of the immovable Property, in the nature of freehold land & buildings, as indicated in the below-mentioned case which was acquired pursuant to a Scheme of Amalgamation approved by the National Company Law Tribunal’s (NCLT).

engaged in lending/granting of the loans and investing in the Subsidiaries and others:
- e. According to the information and explanations given to us and based on our examination of the records of the Company, no proceedings have been initiated during the year or are pending against the Company as at March 31, 2025, for holding any benami property under the Benami Transactions (Prohibition) Act, 1988 (45 of 1988) and rules made thereunder, as amended.

(a) As the company is NBFC and as part of its business activities is engaged in lending/granting of the loans, hence reporting under this clause is not applicable.

(b) According to the information and explanations given to us and based on the audit procedures conducted by us, in our opinion the guarantees provided, and the loan, given during the year and the terms and conditions of the grant of loans and guarantees provided during the year are, primarily, not prejudicial to the interest of the Company except a loan amounting to ₹ 141 lakhs given to one of the subsidiary companies has been written off during the year.

(c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, in the case of loans given, in our opinion the repayment of the principal and payment of interest has been stipulated, and the repayments or receipts have been regular. Further, the Company has not given any advance in the nature of loan to any party during the year.
- (ii) (a) The Company’s business does not involve inventories, hence reporting under clause 3(ii)(a) of the Order is not applicable.

(b) The Company has not been sanctioned any working capital limit, at any point of time during the year, from banks or financial institutions based on security of current assets and hence reporting under clause 3(ii)(b) of the Order is not applicable.
- (iii) The Company is a NBFC registered as Core Investment Company, under Section 45–IA of the Reserve Bank of India Act, 1934, and as a part of its business activities, is

- (d) According to the information and explanations given to us and on the basis of our examination of the records of the Company, there is no overdue amount for more than ninety days in respect of loans given. Further, the Company has not given any advances in the nature of loans to any party during the year.

(e) As the Company is a NBFC registered as Core Investment Company, hence reporting under this clause is not applicable.

(f) According to the information and explanations given to us and based on our examination of the records, the Company has not granted any loans, and advances in the nature of loans, either repayable on demand or without specifying the terms of repayment, hence reporting under this clause is not applicable.
- (iv) According to the information and explanations given to us, and on the basis of our examination of the records, the Company has complied with the provisions of Section 185 and 186 of the Act in respect of the loans granted, investment made and guarantees, and security provided, as applicable.

b. According to the information and explanations given to us, and the records of the Company examined by us, there are no dues in respect of any statutory dues referred to in sub-clause (a) above which have not been deposited on account of any dispute except for the following:

(ix) (a) Based on the audit procedures and according to the information and explanations given to us, the Company has not defaulted in repayment of loans or other borrowings or in the payment of interest to the lenders from whom such loans or borrowings have been borrowed.

(b) Based on the audit procedures and according to the information and explanations given to us, the Company has not been declared a willful defaulter by any bank or financial institution or other lender.

(c) The Company has not raised any term loan during the year. Hence, reporting under this clause is not applicable.
- (v) The Company has not accepted any deposit or amounts which are deemed to be deposits. Hence reporting under clause 3(v) of the Order is not applicable.

(vi) The maintenance of cost records has not been specified by the Central Government of India under sub-section (1) of Section 148 of the Act for any of the business activities carried out by the Company. Hence reporting under clause 3(vi) of the Order is not applicable.

(vii) In respect of statutory dues:

a. According to the information and explanations given to us and the records of the Company examined by us, in our opinion the Company is generally regular in depositing undisputed statutory dues including Goods and Service Tax, provident fund, employees’ state insurance, income tax, sales-tax, service tax, duty of customs, duty of excise, value added tax, cess and other statutory dues as applicable with the appropriate authorities. According to the information and explanations given to us, no undisputed amounts payable in respect of the aforesaid dues were outstanding as at March 31, 2025, for a period of more than six months from the date they became payable.

(d) Based on an overall examination of the financial statements of the Company, the Company has used funds raised on short-term basis for repayment of loans amounting up-to ₹ 4,253.22 lakhs. (e) Based on the audit procedures and according to the information and explanations given to us, the Company has not taken any funds from any entity or person on account of or to meet the obligations of its subsidiaries or associate or joint venture, hence reporting under this clause is not applicable. (f) Based on the audit procedures and according to the information and explanations given to us, the Company has not raised any loan during the year on the pledge of securities held in its subsidiaries, associates and joint ventures. (x) (a) The Company during the year has neither raised funds by way of initial public offer nor further public offer (including debt instruments), hence reporting under this clause is not applicable. (b) According to the information and explanations given to us and based on our examination of the records of the Company, the Company has not made any preferential allotment or private placement of shares or convertible debentures (fully, partially or optionally convertible) during the year, hence reporting under this clause is not applicable. (xi) (a) Based on the audit procedures and according to the information and explanations given to us, no fraud by the Company or no material fraud on the Company has been noticed or reported during the year. (b) No report under sub-section (12) of Section 143 of the Act has been filed in Form ADT-4 as prescribed under rule 13 of Companies (Audit and Auditors) Rules, 2014, as amended, with the Central Government, during the year and up to the date of this report. (c) According to the information and explanations given to us and based on our examination of the records of the Company, no whistle blower complaint was received by the Company during the year. (xii) The Company is not a Nidhi Company, hence reporting under clauses 3(xii)(a) to 3(xii)(c) is not applicable.	(xiii) According to the information and explanations given to us and based on our examination of the records of the Company, transactions with the related parties are in compliance with Section 177 and 188 of the Act, where applicable. The details of such transactions have been disclosed in the financial statements, as required by Ind AS 24 – Related Party Disclosures. (xiv) (a) In our opinion and based on our examination, the Company has an adequate internal audit system commensurate with the size and the nature of its business. (b) We have considered the internal audit reports for the year under audit, issued to the Company during the year, in determining the nature, timing and extent of our audit procedures. (xv) In our opinion and according to the information and explanations given to us, the Company has not entered any non-cash transactions with Directors or persons connected with them. (xvi) (a) The Company is required to and has been registered under section 45-IA of the Reserve Bank of India Act, 1934 as a Core Investment Company. (b) The Company is conducting its activities as Non-Deposit Taking Systemically Important Core Investment Company (“CIC-ND-SI”) vide Certificate No. N-14.03222 dated June 03, 2014, issued by the Reserve Bank of India. (c) The Company is a Core Investment Company (CIC) as defined in the regulations made by RBI, and it has continued to fulfil the criteria of CIC as stipulated by RBI. (d) As informed and in our view, there is no other Core Investment Company within the Group of the Company. (xvii) The Company has incurred cash losses of ₹ 3,405.86 lakhs during the current financial year and of ₹ 5,296.59 lakhs during the immediately preceding financial year. (xviii) There has been no resignation of the statutory auditors of the Company during the year. The previous auditors, S.P. Chopra & Co., after completing their tenure as statutory auditors, has issued the limited review report up to the quarter and nine months ended December 31, 2024, due to the non-appointment of statutory auditors in the subsequent General Meeting.	(xix) On the basis of the financial ratios as disclosed in note 38, ageing and expected dates of realization of financial assets and payment of financial liabilities, other information accompanying the financial statements and our knowledge of the Board of Directors and Management plans and based on our examination of the evidence supporting the assumptions, nothing has come to our attention, which causes us to believe that any material uncertainty exists as on the date of the audit report indicating that Company is not capable of meeting its liabilities existing at the date of balance sheet as and when they fall due within a period of one year from the balance sheet date. We, however, state that this is not an assurance as to the future viability of the Company. We further state that our reporting is based on the facts up to the date of the audit report and we neither give any guarantee nor any assurance that all liabilities falling due within a period of one year from the balance sheet date will get discharged by the Company as and when they fall due.	(xx) (a) The Company is not required to spend an amount towards Corporate Social Responsibility (CSR). Accordingly, reporting under clause 3(xx)(a) of the Order is not applicable for the year. (b) In our opinion, there are no ongoing projects and accordingly reporting under clause 3(xx)(b) of the Order is not applicable. For J. C. Bhalla & Co. Chartered Accountants Firm Regn. Annexure- B’ to the Independent Auditor’s Report

(Referred to in paragraph 2(f) under ‘Report on Other Legal and Regulatory Requirements section of the independent auditor’s report of even date on the standalone financial statements of Religare Enterprises Limited for the year ended March 31, 2025)

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of Religare Enterprises Limited (“the Company”) as of March 31, 2025, in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the “Guidance Note on Audit of Internal Financial Controls Over Financial Reporting” (the “Guidance Note”) issued by the Institute of Chartered Accountants of India (“ICAI”). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditor’s Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the ‘Guidance Note’) and the Standards on Auditing, issued by the Institute of Chartered Accountants of India and deemed to be prescribed under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance

about whether adequate internal financial controls over financial reporting were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditors’ judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorisations of management and Directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, to the best of our information and according to the explanations given to us, the Company has, in all material respects, adequate internal financial controls with reference to

financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the ‘Guidance Note on Audit of Internal Financial Controls Over Financial Reporting’ issued by the Institute of Chartered Accountants of India.

Note

- Securities Premium:** This Reserve represents the premium on issue of shares and can be utilised in accordance with the provisions of the Companies Act, 2013.
- Capital Redemption Reserve:** The Company has recognised Capital Redemption Reserve on redemption of Non-Convertible Redeemable Preference Shares from its retained earnings. The amount in Capital Redemption Reserve is equal to nominal amount of the Non-Convertible Redeemable Preference Shares redeemed. The Company may issue fully paid up bonus shares to its members out of the capital redemption reserve account.

Standalone Statement of Changes in Equity

for the year ended March 31, 2025

(Amount in ₹ Lakhs, unless otherwise stated)

- General Reserve:** This Reserve is created by an appropriation from one component of other equity (generally Retained Earnings) to another, not being an item of Other Comprehensive Income. The same can be utilised by the Company in accordance with the provisions of the Companies Act, 2013.
- Retained Earnings:** This Reserve represents the cumulative profits / losses of the Company, which can be utilised in accordance with the provisions of the Companies Act, 2013.
- Statutory Reserves:** In accordance to Section 45IC of RBI Act, 1934, every non-banking financial company shall create a reserve fund and transfer therein a sum not less than twenty per cent of its net profit every year.
- Capital reserve**
 - Reserve on account of scheme of arrangement:** Pursuant to the terms of approved scheme of arrangement, the investment held by the Company in transferor entities and related provision for diminution stand cancelled; the difference between book value of investments and face value of shares has been credited to Capital Reserve.
 - Reserve on Forfeiture of Share warrant:** The Company obtained an In-Principle approval under the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 from National Stock Exchange of India and BSE Limited ("the Exchanges") for issue and allotment of 175,224,258 convertible warrants of ₹ 52.30 each exercisable into equal number of Equity Shares of 110/- each of the Company on preferential basis. Pursuant to shareholder approval dated March 19, 2018, the Company issued and allotted 111,497,714 convertible warrant each on preferential basis under the provision of chapter VII of Securities Exchanges Board of India (Issue of Capital and disclosure requirement) Regulation 2009, as amended (ICDR Regulations) and section 62 and 42 of the Companies Act 2013. As these warrant holders could not exercise their preferential right for conversion of convertible warrant into equity share, hence the unutilised advance share warrant money received has been forfeited. The unutilised amount of ₹ 4161.12 Lakhs has been credited to Capital Reserve.
- Share Options Outstanding account:** The Share Option Outstanding account has been created in accordance with the approved Employee Stock Option Scheme.

1 Corporate information

Religare Enterprises Limited ("REL" or "the Company") is a leading emerging markets financial services company in India. REL was originally incorporated as a private limited company under the Companies Act, 1956 on January 30, 1984. The Company was registered with the Reserve Bank of India as a Non-Banking Financial Company under section 45 IA of RBI Act, 1934 governed by erstwhile Non-Banking Financial (Non Deposit Accepting or Holding) Companies Prudential Norms (Reserve Bank) Directions, 2007 ("NBFC Directions").

The Company now holds the Certificate of Registration as a Core Investment Company ("CIC") vide Certificate No. N-14.03222 dated June 03, 2014 issued by the Reserve Bank of India ("RBI") and accordingly at present is governed by the directions contained in Master Direction – Core Investment Companies (Reserve Bank) Directions, 2016 ("CIC Directions"), Master Direction – Reserve Bank of India (Non-Banking Financial Company Scale based Regulation) Direction, 2023 and classified as NBFC – Middle Layer (NBFC-ML) under RBI Scale Based Framework. More than 90% of its total assets are invested in Non Current Investments in group companies. The Company has its registered office at 1407, 14th Floor, Chiranjiv Tower, 43, Nehru Place, New Delhi – 110019.

Religare is a diversified financial services group present across three verticals. REL offers an integrated suite of financial services through its underlying subsidiaries and operating entities, including loans to SMEs, Affordable Housing Finance, Health Insurance and Retail Broking. REL is listed on the BSE (formerly Bombay Stock Exchange) and National Stock Exchange (NSE) in India.

2 Basis of Preparation

2.1 Statement of Compliance

The financial statements of the Company have been prepared in accordance with the Indian Accounting Standards (Ind AS) as prescribed under Section 133 of the Companies Act, 2013 read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015, the other relevant provisions of the Companies Act, 2013, and the Master Directions / Guidelines issued by Reserve Bank of India (RBI) as applicable and relevant to Core Investment Companies / Non-Banking Financial Companies (the 'NBFC Regulations'), as amended from time to time. The notified Indian Accounting Standards

(Ind AS) are followed by the Company in so far as they are not inconsistent with the NBFC Regulations.

The financial statements have been prepared on a historical cost basis, except for fair value through other comprehensive income (FVOCI) instruments, other financial assets held for trading and financial assets and liabilities designated at fair value through profit or loss (FVTPL), all of which have been measured at fair value. Further, the carrying values of recognised assets and liabilities that are hedged items in fair value hedges, and otherwise carried at amortised cost, are adjusted to record changes in fair value attributable to the risks that are being hedged. The standalone financial statements are presented in Indian Rupees (₹) and all values are rounded to the nearest lakhs, except when otherwise indicated.

The financial statements for the year ended March 31, 2025 were authorised for issue in accordance with a resolution of the Board of directors on May 20, 2025.

2.2 Presentation of financial statements

The Company presents its balance sheet in order of liquidity. An analysis regarding recovery or settlement within 12 months after the reporting date (current) and more than 12 months after the reporting date (non-current) is presented in Note 48.

Financial assets and financial liabilities are generally reported gross in the balance sheet. They are only offset and reported net when, in addition to having an unconditional legally enforceable right to offset the recognised amounts without being contingent on a future event, the parties also intend to settle on a net basis in all of the following circumstances:

- The normal course of business
- The events of default
- The event of insolvency or bankruptcy of the Company and its counterparties

Derivative assets and liabilities with master netting arrangements are only presented net when they satisfy the eligibility of netting for all of the above criteria and not just in the event of default. There are no such netting off arrangement during the year ended March 31, 2025.

3 Material Accounting Policies

3.1 Recognition of interest income

3.1.1 The effective interest rate method

Under Ind AS 109 interest income is recorded using the Effective Interest Rate (EIR) method for all financial instruments measured at amortised cost, debt instrument measured at FVOCI and debt instruments designated at FVTPL. The EIR is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period, to the net carrying amount of the financial asset.

The EIR (and therefore, the amortised cost of the asset) is calculated by taking into account any discount or premium on acquisition, fees and costs that are an integral part of the EIR. The Company recognises interest income using a rate of return that represents the best estimate of a constant rate of return over the expected life of the loan. Hence, it recognises the effect of potentially different interest rates charged at various stages, and other characteristics of the product life cycle (including prepayments, penalty interest and charges).

If expectations regarding the cash flows on the financial asset are revised for reasons other than credit risk. The adjustment is booked as a positive or negative adjustment to the carrying amount of the asset in the balance sheet with an increase or reduction in interest income. The adjustment is subsequently amortised through Interest income in the statement of profit and loss.

3.1.2 Interest Income

The Company calculates interest income by applying the EIR to the gross carrying amount of financial assets other than credit-impaired assets. The financial asset is credit impaired when one or more events that have detrimental impact on the estimated future cash flows of that financial asset have occurred.

When a financial asset becomes credit-impaired and is, therefore, regarded as 'Stage 3', the Company calculates interest income by applying the effective interest rate to the net amortised cost of the financial asset. If the financial assets cures and is no longer credit-impaired, the Company reverts to calculating interest income on a gross basis.

For purchased or originated credit-impaired (POCI) financial assets, the Company calculates interest income by calculating the credit-adjusted EIR and

applying that rate to the amortised cost of the asset. The credit-adjusted EIR is the interest rate that, at original recognition, discounts the estimated future cash flows (including credit losses) to the amortised cost of the POCI assets.

Interest income on all trading assets and financial assets, if any, mandatorily required to be measured at FVTPL is recognised using the contractual interest rate in net gain on fair value changes.

3.2 Financial instruments-initial recognition

3.2.1 Date of recognition

Financial assets and liabilities, with the exception of loans, debt securities, deposits and borrowings are initially recognised on the trade date, i.e., the date that the Company becomes a party to the contractual provisions of the instrument. This includes regular way trades: purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place. Loans are recognised when funds are transferred to the customers' account. The Company recognises debt securities, deposits and borrowings when funds reach the Company.

3.2.2 Initial measurement of financial instruments

The classification of financial instruments at initial recognition depends on their contractual terms and the business model for managing the instruments. Financial instruments are initially measured at their fair value, except in the case of financial assets and financial liabilities recorded at FVTPL, transaction costs are added to, or subtracted from, this amount. Trade receivables are measured at the transaction price. When the fair value of financial instruments at initial recognition differs from the transaction price, the Company account for the Day 1 profit or loss, as described below.

3.2.3 Day 1 Profit or Loss

When the transaction price of the instrument differs from the fair value at origination and the fair value is based on a valuation technique using only inputs observable in market transactions, the Company recognises the difference between the transaction price and fair value in net gain/(loss) on fair value changes. In those cases where fair value is based on models for which some of the inputs are not observable, the difference between the transaction price and the fair value is deferred and is

Standalone Accounting Policies

for the Year ended March 31, 2025

only recognised in profit or loss when the inputs become observable, or when the instrument is derecognised.

3.2.4 Measurement categories of financial assets and liabilities

The Company classifies all of its financial assets based on the business model for managing the assets and the asset’s contractual terms, measured at either:

- Amortised cost or FVTPL

The Company classifies and measures its derivatives (other than those designated in a cash flow hedging relationship) and trading portfolio at FVTPL. The Company may designate financial instruments at FVTPL, if so doing eliminates or significantly reduces measurement or recognition inconsistencies. Financial liabilities, other than loan commitments and financial guarantees, are measured at FVTPL when they are derivative instruments or the fair value designation is applied.

3.3 Financial Instruments - Classification and Sub measurement

3.3.1 Bank balances, Loans, Trade receivables and financial investments at amortised cost

The Company measures Bank balances, Loans, Trade receivables and other financial investments at amortised cost if both of the following conditions are met:

- (i) The financial asset is held within a business model with the objective to hold financial assets in order to collect contractual cash flows.
- (ii) The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding. The details of these conditions are outlined below.

3.3.1.1 Business model assessment

The Company determines its business model at the level that best reflects how it manages the Company’s financial assets to achieve its business objective.

The Company’s business model is not assessed on an instrument-by-instrument basis, but at a higher level of aggregated portfolios and is based on observable factors such as:

- How the performance of the business model and the financial assets held within that business model are evaluated and reported to the entity’s key management personnel
- The risks that affect the performance of the business model (and the financial assets held within that business model) and, in particular, the way those risks are managed

The business model assessment is based on reasonably expected scenarios without taking ‘worst case’ or ‘stress case’ scenarios into account. If cash flows after initial recognition are realised in a way that is different from the Company’s original expectations, the Company does not change the classification of the remaining financial assets held in that business model, but incorporates such information when assessing newly originated or newly purchased financial assets going forward.

3.3.1.2 The Solely Payments of Principal and Interest (SPPI) test.

As a second step of its classification process the Company assesses the contractual terms of financial to identify whether they meet the Solely Payments of Principal and Interest (SPPI) test.

‘Principal’ for the purpose of this test is defined as the fair value of the financial asset at initial recognition and may change over the life of the financial asset.

The most significant elements of interest within a lending arrangement are typically the consideration for the time value of money and credit risk. To make the SPPI assessment, the Company applies judgment and considers relevant factors such as the currency in which the financial asset is denominated, and the period for which the interest rate is set.

In contrast, contractual terms that introduce a more than de minimise exposure to risks or volatility in the contractual cash flows that are unrelated to a basic lending arrangement do not give rise to contractual cash flows that are solely payments of principal and interest on the amount outstanding. In such cases, the financial asset is required to be measured at FVTPL.

Standalone Accounting Policies

for the Year ended March 31, 2025

3.3.2 Financial assets or financial liabilities held for trading

The Company classifies financial assets as held for trading when they have been purchased or issued primarily for short-term profit making through trading activities or form part of a portfolio of financial instruments that are managed together, for which there is evidence of a recent pattern of short-term profit taking. Held-for-trading assets and liabilities are recorded and measured in the balance sheet at fair value. Changes in fair value are recognised in net gain on fair value changes. Interest and dividend income or expense is recorded in net gain on fair value changes according to the terms of the contract, or when the right to payment has been established.

Included in this classification are debt securities, equities, and customer loans that have been acquired principally for the purpose of selling or repurchasing in the near term.

3.3.3 Debt instruments at FVOCI

Debt instruments are measured at FVOCI when both of the following conditions are met:

- The instrument is held within a business model, the objective of which is achieved by both collecting contractual cash flows and selling financial assets.
- The contractual terms of the financial asset meet the SPPI test.

FVOCI debt instruments are subsequently measured at fair value with gains and losses arising due to changes in fair value recognised in OCI. Interest income and foreign exchange gains and losses are recognised in profit or loss in the same manner as for financial assets measured at amortised cost. Where the Company holds more than one investment in the same security, they are deemed to be disposed of on a first-in first-out basis. On derecognition, cumulative gains or losses previously recognised in OCI are reclassified from OCI to profit or loss.

3.3.4 Equity instruments at FVOCI

The Company subsequently measures all equity investments at fair value through profit or loss, unless the Company’s management has elected to classify irrevocably some of its equity investments as equity instruments at FVOCI, when such instruments meet the definition of Equity under Ind AS 32 Financial Instruments: Presentation and are not held for trading. Such classification is determined on an instrument-by-instrument basis.

Gains and losses on these equity instruments are never recycled to profit or loss. Dividends are recognised in profit or loss as dividend income when the right of the payment has been established, except when the Company benefits from such proceeds as a recovery of part of the cost of the instrument, in which case, such gains are recorded in OCI. Equity instruments at FVOCI are not subject to an impairment assessment.

3.3.5 Debt securities and other borrowed funds:

After initial measurement, debt issued and other borrowed funds are subsequently measured at amortised cost. Amortised cost is calculated by taking into account any discount or premium on issue funds, and costs that are an integral part of the EIR. A compound financial instrument which contains both a liability and an equity component is separated at the issue date.

The Company has issued financial instruments with equity conversion rights and call options. When establishing the accounting treatment for these non-derivative instruments, the Company first establishes whether the instrument is a compound instrument and classifies such instrument’s components separately as financial liabilities or equity instruments in accordance with Ind AS 32. Classification of the liability and equity components of a convertible instrument is not revised as a result of a change in the likelihood that a conversion option will be exercised, even when exercising the option may appear to have become economically advantageous to some holders. When allocating the initial carrying amount of a compound financial instrument to the equity and liability components, the equity component is assigned as the residual amount after deducting from the entire fair value of the instrument, the amount separately determined for the liability component. The value of any derivative features (such as a call options) embedded in the compound financial instrument, other than the equity component (such as an equity conversion option), is included in the liability component. Once the Company has determined the split between equity and liability, it further evaluates whether the liability component has embedded derivatives that must be separately accounted.

3.3.6 Financial assets and financial liabilities at fair value through profit or loss

Financial assets and financial liabilities in this category are those that are not held for trading and have been either designated by management upon initial recognition or are

Standalone Accounting Policies

for the Year ended March 31, 2025

mandatorily required to be measured at fair value under Ind AS 109. Management only designates an instrument at FVTPL upon initial recognition when one of the following criteria are met. Such designation is determined on an instrument-by-instrument basis:

- The designation eliminates, or significantly reduces, the inconsistent treatment that would otherwise arise from measuring the assets or liabilities or recognising gains or losses on them on a different basis.
- Or
- The liabilities are financial liabilities, which are managed and their performance evaluated on a fair value basis,
- Or
- The liabilities containing one or more embedded derivatives, unless they do not significantly modify the cash flows that would otherwise be required by the contract, or it is clear with little or no analysis when a similar instrument is first considered that separation of the embedded derivative(s) is prohibited.

Financial assets and financial liabilities at FVTPL are recorded in the balance sheet at fair value. Changes in fair value are recorded in profit and loss with the exception of movements in fair value of liabilities designated at FVTPL due to changes in the Company’s own credit risk. Such changes in fair value are recorded in the Own credit reserve through OCI and do not get recycled to the profit or loss. Interest earned or incurred on instruments designated at FVTPL is accrued in interest income or finance cost, respectively, using the EIR, taking into account any discount/ premium and qualifying transaction costs being an integral part of instrument. Interest earned on assets mandatorily required to be measured at FVTPL is recorded using contractual interest rate.

3.3.7 Financial guarantees and undrawn loan commitments

Financial guarantees are initially recognised in the financial statements (within Provisions) at fair value. Subsequent to initial recognition, the Company’s liability under each guarantee is measured at the higher of the amount initially recognised less cumulative amortisation recognised in the statement of profit and loss.

The premium/deemed premium is recognised in the statement of profit and loss on a straight line basis over the life of the guarantee.

Undrawn loan commitments are commitments under which, over the duration of the commitment, the Company is required to provide a loan with pre-specified terms to the customer. Undrawn loan commitments are in the scope of the ECL requirements.

The nominal contractual value of undrawn loan commitments, where the loan agreed to be provided is on market terms, are not recorded in the balance sheet.

The Company occasionally issues loan commitments at below market interest rates drawdown. Such commitments are subsequently measured at the higher of the amount of the ECL allowance and the amount initially recognised less, when appropriate.

3.4 Reclassification of financial assets and liabilities

The Company does not reclassify its financial assets subsequent to their initial recognition, apart from the exceptional circumstances in which the Company acquires, disposes of, or terminates a business line. The Company has reclassified financial liability in 2023–24. [Refer note no. 19 & 51(c)]

3.5 Derecognition of financial assets and liabilities

3.5.1 Derecognition of financial assets due to substantial modification of terms and conditions

The Company derecognises a financial asset, such as a loan to a customer, when the terms and conditions have been renegotiated to the extent that, substantially, it becomes a new loan, with the difference recognised as a derecognition gain or loss, to the extent that an impairment loss has not already been recorded. The newly recognised loans are classified as Stage 1 for ECL measurement purposes, unless the new loan is deemed to be POCL.

When assessing whether or not to derecognise a loan to a customer, amongst others, the Company considers the following factors:

- Change in currency of the loan
- Introduction of an equity feature
- Change in counterparty

If the modification is such that the instrument would no longer meet the SPPI criterion

Standalone Accounting Policies

for the Year ended March 31, 2025

If the modification does not result in cash flows that are substantially different, the modification does not result in derecognition. Based on the change in cash flows discounted at the original EIR, the Company records a modification gain or loss, to the extent that an impairment loss has not already been recorded.

3.5.2 Derecognition of financial assets other than due to substantial modification

3.5.2.1 Financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a Company of similar financial assets) is derecognised when the rights to receive cash flows from the financial asset have expired. The Company also derecognises the financial asset if it has both transferred the financial asset and the transfer qualifies for derecognition.

The Company has transferred the financial asset if, and only if, either:

- (i) The Company has transferred its contractual rights to receive cash flows from the financial asset

Or

- (ii) It retains the rights to the cash flows, but has assumed an obligation to pay the received cash flows in full without material delay to a third party under a ‘pass-through’ arrangement.

Pass-through arrangements are transactions whereby the Company retains the contractual rights to receive the cash flows of a financial asset (the ‘original asset’), but assumes a contractual obligation to pay those cash flows to one or more entities (the ‘eventual recipients’), when all of the following three conditions are met:

- (i) The Company has no obligation to pay amounts to the eventual recipients unless it has collected equivalent amounts from the original asset, excluding short-term advances with the right to full recovery of the amount lent plus accrued interest at market rates
- (ii) The Company cannot sell or pledge the original asset other than as security to the eventual recipients

- (iii) The Company has to remit any cash flows it collects on behalf of the eventual recipients without material delay. In addition, the Company is not entitled to reinvest such cash flows, except for investments in cash or cash equivalents including interest earned, during the period between the collection date and the date of required remittance to the eventual recipients.

A transfer only qualifies for derecognition if either:

- (i) The Company has transferred substantially all the risks and rewards of the asset

Or

- (ii) The Company has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset

The Company considers control to be transferred if and only if, the transferee has the practical ability to sell the asset in its entirety to an unrelated third party and is able to exercise that ability unilaterally and without imposing additional restrictions on the transfer.

When the Company has neither transferred nor retained substantially all the risks and rewards and has retained control of the asset, the asset continues to be recognised only to the extent of the Company’s continuing involvement, in which case, the Company also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Company has retained.

3.5.3 Financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged, cancelled or expires. Where an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and the recognition of a new liability. The difference between the carrying value of the original financial liability and the consideration paid is recognised in profit or loss.

3.6 Impairment of financial assets

3.6.1 Overview of the Expected Credit Loss (ECL) principles

ECL on Inter Company Loans

The Company calculates ECL's based on total loans receivable (including accrued interest).The Loan assets are generally classified under three stages based on the evaluation of the following criteria:

- Stage 1 – Loans with low credit risk and where there is no significant increase in credit risk.

Financial assets where no significant increase in credit risk has been observed are considered to be in 'stage 1' for which a 12 month ECL is recognised. The Company calculates the 12mECL allowance based on the expectation of a default occurring in the 12 months following the reporting date.

These expected 12-month default probabilities are applied to a forecast EAD and multiplied by the expected LGD and discounted by an approximation to the original ROI.

- Stage 2 – Loans with significant increase in credit risk i.e assets with 30 days past due date.

When a loan has shown a significant increase in credit risk since origination, the Group records an allowance for the LTECLs.

The mechanics for computation of ECL is same as in stage 1 but Probability of default (PD's) and Loss Given Default (LGD's) are estimated over the LTECL of the financial asset. The expected cash shortfalls are discounted by an approximation to the original ROI.

- Stage 3 – Credit impaired loans. The asset with 90 days past due date.

For loans considered credit-impaired, the Company recognises the lifetime expected credit losses for these loans. The financial asset in stage 3 will be fully impaired.

As ECL model is a forward-looking framework and considered reasonable and supportable information that includes forecasts of future economic conditions including, where relevant, multiple macroeconomic scenarios. When incorporating forward looking information, such as macro-economic forecasts to

determine expected credit losses, an entity should consider the relevance of information for each specific financial instrument or group of financial instruments.

Significant increase in credit risk (Stage -2)

An assessment of whether credit risk has increased significantly since initial recognition is performed at each reporting period by considering the change in the risk of default of the loan exposure. However, unless identified at an earlier stage, 30 days past due is considered as an indication of financial assets to have suffered a significant increase in credit risk. Based on other indications such as borrower's frequently delaying payments beyond due dates though not 30 days past due are included in stage 2 for mortgage loans.

Credit Impaired (Stage -3)

The Company recognises a financial asset to be credit impaired and in stage 3 by considering relevant objective evidence, primarily whether:

1. Delay in payment of Interest on loan past over dues for more than 90 days.
2. Default in repayment of Loan outstanding

Restructured loans (other than OTR) where repayment terms are renegotiated as compared to the original contracted terms due to significant credit distress of the borrower are classified as credit impaired. Such loans continue to be in stage 3 until they exhibit regular payment of renegotiated principal and interest over a minimum observation of period, typically 12 months-post renegotiation, and there are no other indicators of impairment. Having satisfied the conditions of timely payment over the observation period these loans could be transferred to stage 1 or 2 and a fresh assessment of the risk of default be done for such loans.

ECL on Receivables from Support Services - Simplified Approach

For receivables with no significant financing component with less than 12 months life cycle entity can directly calculate life time expected losses. The Company uses a provision matrix to calculate ECL on recoverable from support services. The provision matrix is based on historical rate with over the expected life of receivable and is adjusted for forward-looking estimates.

Standalone Accounting Policies

for the Year ended March 31, 2025

At every reporting date, the historical observed default rates are updated for changes in the forward -looking estimates.

3.6.2 Credit-impaired financial assets:

At each reporting date, the Company assesses whether financial assets carried at amortised cost and debt financial assets carried at FVOCI are credit-impaired. A financial asset is 'credit-impaired' when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial asset is credit-impaired includes the following observable data:

- a) Significant financial difficulty of the borrower or issuer;
- b) A breach of contract such as a default or past due event;
- c) The restructuring of a loan or advance by the Company on terms that the Company would not consider otherwise;
- d) It is becoming probable that the borrower will enter bankruptcy or other financial reorganisation; or
- e) The disappearance of an active market for a security because of financial difficulties.

POCI: Purchased or originated credit impaired (POCI) assets are financial assets that are credit impaired on initial recognition. POCI assets are recorded at fair value at original recognition and interest income is subsequently recognised based on a credit-adjusted EIR. ECLs are only recognised or released to the extent that there is a subsequent change in the expected credit losses.

For financial assets for which the Company has no reasonable expectations of recovering either the entire outstanding amount, or a proportion thereof, the gross carrying amount of the financial asset is reduced. This is considered a (partial) derecognition of the financial asset.

The Company derecognizes a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset accounted under Ind AS 109 in its entirety, the difference between the asset's carrying amount and the sum of consideration received and receivable is recognized in profit or loss.

If the transferred asset is part of a larger financial asset and the part transferred qualifies for derecognition in its entirety, the previous carrying amount of the larger financial asset shall be allocated between the part that continues to be recognised and the part that is derecognised, on the basis of the relative fair values of those parts on the date of the transfer."

3.6.3 Debt instruments measured at fair value through OCI

The ECLs for debt instruments measured at FVOCI do not reduce the carrying amount of these financial assets in the balance sheet, which remains at fair value. Instead, an amount equal to the allowance that would arise if the assets were measured at amortised cost is recognised in OCI as an accumulated impairment amount, with a corresponding charge to profit or loss. The accumulated loss recognised in OCI is recycled to the profit and loss upon derecognition of the assets.

3.6.4 Purchased or originated credit impaired financial assets (POCI)

For POCI financial assets, the Company only recognises the cumulative changes in LTECL since initial recognition in the loss allowance.

3.6.5 Trade receivables and contract assets

The Company follows 'simplified approach' for recognition of impairment loss allowance on trade receivables. The application of simplified approach does not require the Company to track changes in credit risk. Rather, it recognises impairment loss allowance based on lifetime ECLs at each reporting date, right from its initial recognition. The Company uses a provision matrix to determine impairment loss allowance on portfolio of its trade receivables. The provision matrix is based on its historically observed default rates over the expected life of the trade receivables and is adjusted for forward-looking estimates. At every reporting date, the historical observed default rates are updated for changes in the forward-looking estimates.

Standalone Accounting Policies

for the Year ended March 31, 2025

3.7 Write-offs

Financial assets are written off either partially or in their entirety only when the Company has stopped pursuing the recovery. If the amount to be written off is greater than the accumulated loss allowance, the difference is first treated as an addition to the allowance that is then applied against the gross carrying amount. Any subsequent recoveries are credited to impairment on financial instrument on statement of profit and loss.

3.8 Forborne and modified loans

The Company sometimes makes concessions or modifications to the original terms of loans as a response to the borrower’s financial difficulties, rather than taking possession or to otherwise enforce collection of collateral. The Company considers a loan forborne when such concessions or modifications are provided as a result of the borrower’s present or expected financial difficulties and the Company would not have agreed to them if the borrower had been financially healthy. Indicators of financial difficulties include defaults on covenants, or significant concerns raised by the Credit Risk Department. Forbearance may involve extending the payment arrangements and the agreement of new loan conditions. Once the terms have been renegotiated, any impairment is measured using the original EIR as calculated before the modification of terms. It is the Company’s policy to monitor forborne loans to help ensure that future payments continue to be likely to occur.

When the loan has been renegotiated or modified but not derecognised, the Company also reassesses whether there has been a significant increase in credit risk. The Company also considers whether the assets should be classified as Stage 3.

3.9 Determination of fair value

The Company measures financial instruments, such as, derivatives at fair value at each balance sheet date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or

- In the absence of a principal market, in the most advantageous market for the asset or liability.

The principal or the most advantageous market must be accessible by the Company.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant’s ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques, as summarised below:

- Level 1 financial instruments –Those where the inputs used in the valuation are unadjusted quoted prices from active markets for identical assets or liabilities that the Company has access to at the measurement date. The Company considers markets as active only if there are sufficient trading activities with regards to the volume and liquidity of the identical assets or liabilities and when there are binding and exercisable price quotes available on the balance sheet date.
- Level 2 financial instruments–Those where the inputs that are used for valuation and are significant, are derived from directly or indirectly observable market data available over the entire period of the instrument’s life. Such inputs include quoted prices for similar assets or liabilities in active markets, quoted prices for identical instruments in inactive markets and observable inputs other than quoted prices such as interest rates and yield curves, implied volatilities, and credit spreads. In addition, adjustments may be required for the condition or location of the asset or the extent to which it relates to items that are comparable to the valued instrument. however, if such adjustments are based on unobservable inputs which are significant

Standalone Accounting Policies

for the Year ended March 31, 2025

to the entire measurement, the Company will classify the instruments as Level 3.

- Level 3 financial instruments –Those that include one or more unobservable input that is significant to the measurement as whole.

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Company determines whether transfers have occurred between levels in the hierarchy by re-assessing categorization (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The Company periodically reviews its valuation techniques including the adopted methodologies and model calibrations. However, the base models may not fully capture all factors relevant to the valuation of the Company’s financial instruments such as credit risk (CVA), own credit (DVA) and/or funding costs (FVA). Therefore, the Company applies various techniques to estimate the credit risk associated with its financial instruments measured at fair value, which include a portfolio-based approach that estimates the expected net exposure per counterparty over the full lifetime of the individual assets, in order to reflect the credit risk of the individual counterparties for non-collateralised financial instruments. The Company estimates the value of its own credit from market observable data, such as secondary prices for its traded debt and the credit spread on credit default swaps and traded debts on itself.

The Company evaluates the levelling at each reporting period on an instrument-by-instrument basis and reclassifies instruments when necessary based on the facts at the end of the reporting period.

3.10 Foreign currency translation

3.10.1 Functional and presentational currency

The Standalone financial statements are presented in INR which is also functional currency of the Company. The Company determines the functional currency and items included in the financial statements are measured using that functional currency. The Company uses the direct method of standalone.

3.10.2 Transactions and balances

Transactions in foreign currencies are initially recorded in the functional currency at the spot rate of ex-change

ruling at the date of the transaction. However, for practical reasons, the Company uses an average rate if the average approximates the actual rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are retranslated into the functional currency at the spot rate of exchange at the reporting date. All differences arising on non-trading activities are taken to other income/expense in the statement of profit and loss.

Non-monetary items that are measured at historical cost in a foreign currency are translated using the spot exchange rates as at the date of recognition.

3.11 Leasing

At inception of a contract, the Company assesses whether a contract is, or contains a lease. A contract is, or contains a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company uses the definition of a lease in Ind AS 116.

The determination of whether an arrangement is a lease, or contains a lease, is based on the substance of the arrangement and requires an assessment of whether the fulfilment of the arrangement is dependent on the use of a specific asset or assets or whether the arrangement conveys a right to use the asset.

There are arrangement wherein the common expenses for usage of assets which are not identified as per application guidance given in Appendix B of IND AS 116, accordingly IND AS 116 is not applicable.

3.11.1 Company as a lessee

Leases that do not transfer to the Company substantially all of the risks and benefits incidental to ownership of the leased items are operating leases. Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term, unless the increase is in line with expected general inflation, in which case lease payments are recognised based on contractual terms. Contingent rental payable is recognised as an expense in the period in which they it is incurred.

Standalone Accounting Policies

for the Year ended March 31, 2025

At commencement or on modification of a contract that contains a lease component, the Company allocates the consideration in the contract to each lease component on the basis of its relative stand alone prices. However, for leases of property, the Company has elected not to separate non – lease components and account for the lease and non – lease components as a single lease component.

The Company recognizes a right – of – use asset and a lease liability at the lease commencement date. The right- of – use asset is initially measured at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or before the commencement date plus any initial direct costs incurred and an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, less any lease incentives received.

The right- of – use asset is subsequently depreciated using the straight – line method from the commencement date to the end of the lease term, unless the lease transfers ownership of the underlying asset to the Company by the end of the lease term or the cost of the right – of – use asset reflects that the Company will exercise a purchase option. In that case the right – of – use asset will be depreciated over the useful life of the underlying asset, which is determined on the same basis as those of property and equipment. In addition, the right – of – use asset is periodically reduced by impairment losses, if any, and adjusted for certain remeasurements of the lease liability.

The lease liability is initially measured at the present value of the lease payments that are not paid at the commencement date, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, the Company’s incremental borrowing rate as the discount rate.

The Company determines its incremental borrowing rate by obtaining interest rates from various external financing sources and makes certain adjustments to reflect the terms of the lease and type of the asset leased.

Lease payment included in the measurement of lease liability comprise the following:

- Fixed payments, including in – substance fixed payments;
- Variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- Amounts expected to be payable under a residual value guarantee; and
- The exercise price under a purchase option that the Company is reasonable certain to exercise, lease payments in an optional renewal period if the Company is reasonably certain to exercise an extension option, and penalties for early termination of a lease unless the Company is reasonably certain not to terminate early.

The lease liability is measured at amortized cost using the effective interest method. It is remeasured when there is a change in future lease payments arising from a change in an index or rate, if there is a change in the Company’s estimate of the amount expected to be payable under a residual value guarantee, if the Company changes its assessment of whether it will exercise a purchase, extension or termination option or if there is a revised in – substance fixed lease payment.

When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right – of – use asset, or is recorded in profit or loss if the carrying amount of the right – of – use asset has been reduced to zero.

The Company presents right – of – use assets that do not meet the definition of investment property in ‘property, plant and equipment’ and lease liabilities under the head non – current ‘borrowings’.

Short – term leases and leases of low value assets

The Company has elected not to recognize right – of – use assets and lease liabilities for leases of low – value assets and short – term leases. The Company recognizes the lease payments associated with these leases as an expense on a straight – line basis over the lease term.

Standalone Accounting Policies

for the Year ended March 31, 2025

3.11.2 Company as a lessor

Leases where the Company does not transfer substantially all of the risk and benefits of ownership of the asset are classified as operating leases. Rental income arising from operating leases is accounted for on a straight-line basis over the lease terms and is included in rental income in the statement of profit or loss, unless the increase is in line with expected general inflation, in which case lease income is recognised based on contractual terms. Initial direct costs incurred in negotiating operating leases are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

3.12 Recognition of income and expenses

INCOME

Revenue (other than for those items to which Ind AS 109 Financial Instruments are applicable) is measured at fair value of the consideration received or receivable. Ind AS 115 Revenue from contracts with customers outlines a single comprehensive model of accounting for revenue arising from contracts with customers and supersedes current revenue recognition guidance found within Ind ASs.

The Company recognises revenue from contracts with customers based on a five step model as set out in Ind 115:

Step 1: Identify contract(s) with a customer: A contract is defined as an agreement between two or more parties that creates enforceable rights and obligations and sets out the criteria for every contract that must be met.

Step 2: Identify performance obligations in the contract: A performance obligation is a promise in a contract with a customer to transfer a good or service to the customer.

Step 3: Determine the transaction price: The transaction price is the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Step 4: Allocate the transaction price to the performance obligations in the contract: For a contract that has more

than one performance obligation, the Company allocates the transaction price to each performance obligation in an amount that depicts the amount of consideration to which the Company expects to be entitled in exchange for satisfying each performance obligation.

Step 5: Recognize revenue when (or as) the Company satisfies a performance obligation

Income related to service is recognise as per principles of the IND AS 115 as mentioned above.

3.12.1 Interest Income

Interest Income is recognised as per policy mentioned in Note no 3.1.2.

3.12.2 Dividend income

Dividend income (including from FVOCI investments) is recognised when the Company’s right to receive the payment is established, it is probable that the economic benefits associated with the dividend will flow to the entity and the amount of the dividend can be measured reliably. This is generally when the shareholders approve the dividend.

3.12.3 EXPENSE

3.12.3.1 Finance Cost

Finance costs represents Interest expense recognised by applying the Effective Interest Rate (EIR) to the gross carrying amount of financial liabilities other than financial liabilities classified as FVTPL. The EIR in case of a financial liability is computed

- As the rate that exactly discounts estimated future cash payments through the expected life of the financial liability to the gross carrying amount of the amortised cost of a financial liability.
- By considering all the contractual terms of the financial instrument in estimating the cash flows.
- Including all fees paid between parties to the contract that are an integral part of the effective interest rate, transaction costs, and all other premiums or discounts.

Standalone Accounting Policies

for the Year ended March 31, 2025

Any subsequent changes in the estimation of the future cash flows is recognised in interest income with the corresponding adjustment to the carrying amount of the assets.

Interest expense includes issue costs that are initially recognized as part of the carrying value of the financial liability and amortized over the expected life using the effective interest method. These include fees and commissions payable to advisers and other expenses such as external legal costs, rating fee etc., provided these are incremental costs that are directly related to the issue of a financial liability.

3.12.3.2 Other Income and expenses

All other Income and expenses are recognised in the period they occur.

Depreciation is calculated using the straight–line method to write down the cost of property and equipment to their residual values over their estimated useful lives. Land is not depreciated. The estimated useful lives are, as follows:

Asset Description	Useful life of Asset (In Years) as per Schedule –II	Useful life of Asset (In Years) as estimated by the Company
Buildings	3 to 30	NA
Office equipment’s	5 Years	5 Years
Server and Networks	6 Years	6 Years
Laptop and Desktop	3 Years	3 Years
Electrical Installation & Equipment’s	10 Years	10 Years
Furniture & Fixtures	10 Years	10 Years
Car	8 Years	8 Years

Individual assets costing up to ₹ 5,000 are fully depreciated / amortized in the year in which they are acquired.

The Company depreciates certain items of property, plant and equipment over estimated useful lives which are different from the useful life prescribed in Schedule II to the Companies Act, 2013. The management believes that these estimated useful lives are realistic and reflect fair approximation of the period over which the assets are likely to be used.

The residual values, useful lives and methods of depreciation of property, plant and equipment are reviewed at each financial year end and adjusted prospectively, if appropriate.

Property plant and equipment is derecognised on disposal or when no future economic benefits are expected from its use. Any gain or loss arising on derecognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is recognised in other income / expense in the statement of profit and loss in the year the asset is derecognised.

3.13 Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short–term deposits with an original maturity of three months or less, which are subject to an insignificant risk of changes in value.

3.14 Property, plant and equipment

Property plant and equipment is stated at cost excluding the costs of day–to–day servicing, less accumulated depreciation and accumulated impairment in value. Changes in the expected useful life are accounted for by changing the amortisation period or methodology, as appropriate, and treated as changes in accounting estimates.

Standalone Accounting Policies

for the Year ended March 31, 2025

3.15Intangible assets

Intangible Assets are recognised only if it is probable that the future economic benefits that are attributable to assets will flow to the Company and the cost of the assets can be measured reliably. Intangible assets are recorded at cost and carried at cost less accumulated depreciation and accumulated Impairment losses, if any.

Intangible assets are amortised on a straight line basis over their estimated useful lives. The amortisation period and the amortisation method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortisation period is changed accordingly.

Gains or losses arising from the retirement or disposal of an intangible asset are determined as the difference between the net disposal proceeds and the carrying amount of the asset and recognised as income or expense in the Statement of Profit and Loss.

Computer software which is not an Integral part of the related hardware is classified as an intangible asset and is belong amortised over the estimated useful life. The estimated useful lives of Intangible assets are 5 years.

3.16Impairments of Non-financial assets

The Company assesses, at each reporting date, whether there is an indication that an asset may be impaired and when circumstances indicate that the carrying value may be impaired. The Company estimates the asset’s recoverable amount. An asset’s recoverable amount is the higher of an asset’s or cash–generating unit’s (CGU) fair value less costs of disposal and its value in use. Recoverable amount is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or Company of assets. When the carrying amount of an asset or CGU exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

In assessing value in use, the estimated future cash flows are discounted to their present value using a pre–tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. In determining fair value less costs of disposal, recent market transactions are taken into account. If no such

transactions can be identified, an appropriate valuation model is used. These calculations are corroborated by valuation multiples, quoted share prices for publicly traded companies or other available fair value indicators.

The Company bases its impairment calculation on detailed budgets and forecast calculations, which are prepared separately for each of the Company’s CGUs to which the individual assets are allocated. These budgets and forecast calculations generally cover a period of five years. For longer periods, a long–term growth rate is calculated and applied to project future cash flows after the fifth year.

To estimate cash flow projections beyond periods covered by the most recent budgets/forecasts, the Company extrapolates cash flow projections in the budget using a steady or declining growth rate for subsequent years, unless an increasing rate can be justified. In any case, this growth rate does not exceed the long–term average growth rate for the products, industries, or country or countries in which the entity operates, or for the market in which the asset is used.

Impairment losses of continuing operations, are recognised in the statement of profit and loss.

For assets excluding goodwill, an assessment is made at each reporting date to determine whether there is an indication that previously recognised impairment losses no longer exist or have decreased. If such indication exists, the Company estimates the asset’s or CGU’s recoverable amount. A previously recognised impairment loss is reversed only if there has been a change in the assumptions used to determine the asset’s recoverable amount since the last impairment loss was recognised. The reversal is limited so that the carrying amount of the asset does not exceed its recoverable amount, nor exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised for the asset in prior years. Such reversal is recognised in the statement of profit or loss unless the asset is carried at a revalued amount, in which case, the reversal is treated as a revaluation increase.

Goodwill is tested for impairment annually and when circumstances indicate that the carrying value may be impaired.

Standalone Accounting Policies

for the Year ended March 31, 2025

Impairment is determined for goodwill by assessing the recoverable amount of each CGU (or Company of CGUs) to which the goodwill relates. When the recoverable amount of the CGU is less than its carrying amount, an impairment loss is recognised. Impairment losses relating to goodwill cannot be reversed in future periods.

3.17 Retirement and other employee benefits

Short term employee benefits

Employee benefits payable wholly within twelve months of receiving employees services are classified as short term employee benefits. These benefits include salaries and wages, performance incentives and compensated absences which are expected to occur in next twelve months. The undiscounted amount of short term benefits to be paid in exchange for employee services is recognised as an expense as and when the related service is rendered by employees.

Compensated absences

Compensated absences accruing to employees and which can be carried to future periods but where there are restriction on availment or encashment or where the availment or encashment is not expected to occur wholly with in next twelve months, the liability on account of benefits is determined actuarially using the projected unit credit method.

Defined Benefit Plans - Gratuity and Provident Fund

Retirement benefit in the form of provident fund is a defined contribution scheme. The Company has no obligation, other than the contribution payable to the provident fund. The Company recognises contribution payable to the provident fund scheme as an expense, when an employee renders the related service. If the contribution payable to the scheme for service received before the balance sheet date exceeds the contribution already paid, the deficit payable to the scheme is recognised as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the balance sheet date, then excess is recognised as an asset to the extent that the pre-payment will lead to, for example, a reduction in future payment or a cash refund.

Gratuity

The Company operates a defined benefit gratuity plan, which requires contributions to be made to a separately administered fund. The cost of providing benefits under the defined benefit plan is determined using the projected unit credit method. Remeasurements, comprising of actuarial gains and losses, the effect of the asset ceiling, excluding amounts included in net interest on the net defined benefit liability and the return on plan assets (excluding amounts included in net interest on the net defined benefit liability), are recognised immediately in the balance sheet with a corresponding debit or credit to retained earnings through OCI in the period in which they occur. Remeasurements are not reclassified to profit or loss in subsequent periods.

Past service costs are recognised in profit or loss on the earlier of:

- The date of the plan amendment or curtailment, and
- The date that the Company recognises related restructuring costs

Net interest is calculated by applying the discount rate to the net defined benefit liability or asset. The Company recognises the following changes in the net defined benefit obligation as an expense in the Standalone statement of profit and loss:

- Service costs comprising current service costs, past-service costs, gains and losses on curtailments and non-routine settlements; and
- Net interest expense or income

3.18 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of past events, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation, and a reliable estimate can be made of the amount of the obligation. When the effect of the time value of money is material, the Company determines the level of provision by discounting the expected cash flows at a pre-tax rate reflecting the current rates specific to the liability. The expense relating to any provision is presented in the statement of profit and loss net of any reimbursement.

Standalone Accounting Policies

for the Year ended March 31, 2025

3.19 Operating Cycle

An asset or a liability is classified as current when it satisfies any of the following criteria:

1. It is expected to be realized / settled, or is intended for sale or consumption, in the Company's normal operating cycle; or
2. It is held primarily for the purpose of being traded; or
3. It is expected to be realized / due to be settled within twelve months after the reporting date; or
4. It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least twelve months after the reporting date; or
5. The Company does not have an unconditional right to defer settlement of the liability for at least twelve months after the reporting date.

All other assets and liabilities are classified as non-current.

3.20 Dividends on ordinary shares

The Company recognises a liability to make cash or non-cash distributions to equity holders of the parent when the distribution is authorised and the distribution is no longer at the discretion of the Company. As per the corporate laws in India, a distribution is authorised when it is approved by the shareholders. A corresponding amount is recognised directly in equity.

Non-cash distributions are measured at the fair value of the assets to be distributed with fair value re-measurement recognised directly in equity.

Upon distribution of non-cash assets, any difference between the carrying amount of the liability and the carrying amount of the assets distributed is recognised in the statement of profit and loss.

4 Taxes

4.1 Current tax

Current tax assets and liabilities for the current and prior years are measured at the amount expected to be recovered from, or paid to, the taxation authorities. The tax rates and tax laws used to compute amount are those that are enacted, or substantively enacted, by the reporting date in the countries where the Company operates and generates taxable income.

Current income tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Current tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

4.2 Deferred tax

Deferred tax is provided on temporary differences at the reporting date between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss
- In respect of taxable temporary differences associated with investments in subsidiaries, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised, except:

- When the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss.
- In respect of deductible temporary differences associated with investments in subsidiaries, associates and interests in joint ventures, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable

Standalone Accounting Policies

for the Year ended March 31, 2025

future and taxable profit will be available against which the temporary differences can be utilised

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss (either in other comprehensive income or in equity). Deferred tax items are recognised in correlation to the underlying transaction either in OCI or directly in equity.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority.

Tax benefits acquired as part of a business combination, but not satisfying the criteria for separate recognition at that date, are recognised subsequently if new information about facts and circumstances change. Acquired deferred tax benefits recognised within the measurement period reduce goodwill related to that acquisition if they result from new information obtained about facts and circumstances existing at the acquisition date. If the carrying amount of goodwill is zero, any remaining deferred tax benefits are recognised in OCI/ capital reserve depending on the principle explained for bargain purchase gains. All other acquired tax benefits realised are recognised in profit or loss.

5 Significant accounting judgments, estimates and assumptions

The preparation of the Company's Standalone financial statements requires management to make judgments, estimates and assumptions that affect the reported amount of revenues, expenses, assets and liabilities, and the accompanying disclosures, as well as the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

Judgments

In the process of applying the Company's accounting policies, management has made the following judgments, which have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

5.1 Business model assessment

Classification and measurement of financial assets depends on the results of the SPPI and the business model test. The Company determines the business model at a level that reflects how Company of financial assets are managed together to achieve a particular business objective. This assessment includes judgment reflecting all relevant evidence including how the performance of the assets is evaluated and their performance measured, the risks that affect the performance of the assets and how these are managed and how the managers of the assets are compensated. The Company monitors financial assets measured at amortised cost or fair value through other comprehensive income that are derecognised prior to their maturity to understand the reason for their disposal and whether the reasons are consistent with the objective of the business for which the asset was held. Monitoring is part of the Company's continuous assessment of whether the business model for which the remaining financial assets are held continues to be appropriate and if it is not appropriate whether there has been a change in business model and so a prospective change to the classification of those assets.

Standalone Accounting Policies

for the Year ended March 31, 2025

Estimates and assumptions

The key assumptions concerning the future and other key sources of estimation uncertainty at the reporting date, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below. The Company based its assumptions and estimates on parameters available when the consolidated financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising that are beyond the control of the Company. Such changes are reflected in the assumptions when they occur.

5.2 Fair value of financial instruments

The fair value of financial instruments is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price) regardless of whether that price is directly observable or estimated using another valuation technique. When the fair values of financial assets and financial liabilities recorded in the balance sheet cannot be derived from active markets, they are determined using a variety of valuation techniques that include the use of valuation models. The inputs to these models are taken from observable markets where possible, but where this is not feasible, estimation is required in establishing fair values. Judgments and estimates include considerations of liquidity and model inputs related to items such as credit risk (both own and counterparty), funding value adjustments, correlation and volatility. For further details about determination of fair value please see note no. 40.

5.3 Effective Interest Rate (EIR) method

The Company's EIR methodology, recognises interest income / expense using a rate of return that represents the best estimate of a constant rate of return over the expected behavioural life of loans given / taken and recognises the effect of potentially different interest rates at various stages and other characteristics of the product life cycle (including prepayments and penalty interest and charges).

This estimation, by nature, requires an element of judgement regarding the expected behaviour and life-cycle of the instruments, as well expected changes to India's base rate and other fee income/expense that are integral parts of the instrument.

5.4 Impairment of financial asset

The measurement of impairment losses across all categories of financial assets requires judgment, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

The Company's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgments and estimates include:

- The Company's internal credit grading model, which assigns PDs to the individual grades
- The Company's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a LTECL basis and the qualitative assessment
- The segmentation of financial assets when their ECL is assessed on a collective basis
- Development of ECL models, including the various formulas and the choice of inputs
- Determination of associations between macroeconomic scenarios and, economic inputs, such as unemployment levels and collateral values, and the effect on PDs, EADs and LGDs
- Selection of forward-looking macroeconomic scenarios and their probability weightings, to derive the economic inputs into the ECL models

It has been the Company's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

Standalone Accounting Policies

for the Year ended March 31, 2025

5.5 Provisions and other contingent liabilities

The Company operates in a regulatory and legal environment that, by nature, has a heightened element of litigation risk inherent to its operations. As a result, it is involved in various litigation, arbitration and regulatory investigations and proceedings in the ordinary course of the Company’s business.

When the Company can reliably measure the outflow of economic benefits in relation to a specific case and considers such outflows to be probable, the Company records a provision against the case. Where the probability of outflow is considered to be remote, or probable, but a reliable estimate cannot be made, a contingent liability is disclosed.

Given the subjectivity and uncertainty of determining the probability and amount of losses, the Company takes into account a number of factors including legal advice, the stage of the matter and historical evidence from similar incidents. Significant judgment is required to conclude on these estimates.

5A Recent pronouncements Ministry of Corporate Affairs (“MCA”) notifies new standards or amendments to the existing standards under Companies (Indian Accounting Standards) Rules as issued from time to time. For the year ended March 31, 2025, MCA has notified Ind AS – 117 Insurance Contracts and amendments to Ind AS 116 – Leases, relating to sale and leaseback transactions, applicable to the Company w.e.f. April 1, 2024. The Company has reviewed the new pronouncements and based on its evaluation has determined that it does not have any significant impact in its financial statements.

8.1 Contingency Reserves provision represents ECL provision or 0.40% on standard loans whichever is higher for the current year (Previous Year: 0.40%) of the Outstanding Standard Loans and Advances, which is in compliance with provisioning requirements for NBFCs prescribed under RBI Master Direction DNBR.PD.008/03.10.119/2016-17– Non-Banking Financial Company – Systemically Important Non-Deposit taking Company and Deposit taking Company (Reserve Bank) Directions, 2016 as amended from time to time.

8.2 i) The Company had acquired 100% equity stake MIC Insurance Web Aggregator Private Limited (MIC) and during the current financial year an amount of ₹ 91 Lakhs (₹ 50 Lakhs in previous year) has been borrowed by MIC from REL. MIC is not able to scale up its operations and achieve optimum level of revenue and profitability due to lack of additional capital support. With limited scope of growth in a competitive landscape, MIC’s financial position continued to be untenable. In the light of these considerations, the Board of Directors of REL have approved to suspend the operations of MIC till the re-evaluation of feasibility of the business model of MIC and accordingly REL write off the outstanding amount of ₹ 141 Lakhs lend to MIC.

9.4 Religare Global Asset Management, Inc. (RGAM Inc.), a wholly owned subsidiary of the Company in Delaware, USA stands dissolved w.e.f October 09, 2023 as per the report of the search conducted and received by the Company on December 27, 2023. Accordingly, RGAM Inc. ceases to be a subsidiary of the Company.

9.5 The Company had acquired 100% equity stake in MIC Insurance Web Aggregator Private Limited (MIC) for a consideration of ₹ 300 Lakhs on November 09, 2023. Post acquisition, the Company has made investment of ₹30 Lakhs in rights issue of MIC. 30,00,000 shares were purchased at ₹ 1 per equity share pursuant to the rights issue. Since, MIC is not able to scale up its operations and achieve optimum level of revenue and profitability due to lack of additional capital support. With limited scope of growth in a competitive landscape, MIC's financial position continued to be untenable. In the light of these considerations, the Board of Directors of the Company have approved to suspend the operations of MIC till the re-evaluation of feasibility of the business model of MIC and accordingly the Company has impaired the investment in MIC.

- (iii) The Company received a VAT assessment order on 21.03.2020 pertaining to FY 2015-16 in Religare Comtrade Limited (now merged with the Religare Enterprises Limited w.e.f appointed date 01.04.2019). The demand involved is ₹ 319.77 lakhs which includes base tax of ₹ 165.96 lakhs interest of ₹ 114.51 lakhs and penalty of ₹ 39.30 lakhs. The issue involved is largely on account of ITC disallowance of opening VAT credit balance being carried forward from earlier years FY 2013-14 and FY 2014-15. The appeal for FY 2013-14 and FY 2014-15 has already been decided in favour of the Company. An appeal dated 23.07.2020 has been filed before Dy. Commissioner of Commercial Tax (Appeals-1) against the aforesaid VAT assessment order of FY 2015-16 which is currently pending for adjudication.

35.1 Inclusive of Unpaid Capital call on equity shares of Religare Capital Markets Limited amounting to ₹ 4,077.50 lakhs.

35.2 The Income Tax Return filed for the AY 2016-17 was picked up for assessment proceedings u/s 143(3) and the Income tax Department vide its final assessment order on 31.03.2021 has made an aggregate disallowance amounting to ₹ 1,24,942 lakhs (including the disallowance of capital loss of RCML pursuant to reduction of share capital aggregating to ₹ 84,427 lakhs). Further, the tax department has raised a demand aggregating to ₹ 20,451 lakhs (including interest u/s. 234B and 234C of ₹ 7,642 lakhs) after setting- off advance tax and TDS for the subject year. Subsequently, the AO has passed a rectification order dated 14.02.2023 & 15.05.2023 u/s. 154 r.w.s. 143(3) of the Act and reduced the disallowance to ₹ 1,24,935 lakhs and also reduced the tax demand to ₹ 16,412 lakhs. Further, against the disallowances made by the AO in the final assessment order, the Company has filed an appeal before the Income Tax Appellant Tribunal ('ITAT') on 19.04.2021. Consequent to the appeal filed by the Company, the Hon'ble ITAT vide its order dated 21.09.2023 has adjudicated the matter. The order of ITAT has following impacts:

- (i) Out of the aggregate disallowances of ₹ 1,24,935 lakhs made in the rectified assessment order, on additions aggregating to ₹ 40,508 lakhs, the ITAT has granted relief to the Company. Against this relief, the Income Tax Department has also filed an appeal before Delhi High Court on one of the grounds related to disallowance of interest cost of ₹ 520 lakhs which was duly allowed by the ITAT in the favour of the Company and the said appeal has been admitted by the Hon'ble Delhi High Court.
- (ii) The ITAT has confirmed the disallowance of Short Term and Long Term losses aggregating ₹ 84,427 lakhs, claimed in the subject AY on write off of investment made in preference shares of a subsidiary. Against this issue upheld by the ITAT, the Company has filed an appeal before Delhi High Court on 17.01.2024, which has been duly admitted by the Delhi High Court on 29.04.2024. Now the matter is pending for adjudication before Delhi High Court.

Further, pursuant to the order of ITAT, the Company had filed an appeal effect application before the Assessing officer on 13.10.2023 to give effect to the order passed by the ITAT. The appeal effect order has been passed by the Income tax department on 28.05.2024, wherein the gross tax demand has been reduced to ₹ 1,259 lakhs. Accordingly, the Company has made a provision for tax of ₹ 1,259 Lakhs during the financial year ended March 31, 2025.

35.3 The assessment proceeding was initiated u/s 143(3) for AY 2017-18 and the AO has passed a final assessment order on 24.01.2022 confirming all the disallowances/additions, aggregating to ₹ 94,746 lakhs, proposed in the draft assessment order dated 31.03.2021 and raised a demand of ₹ 13,996 lakhs (including interest u/s. 234B of ₹ 4,940 lakhs) after setting- off advance tax and TDS for the subject year. Now rectification order has been passed for the subject AY on 20.06.2024 and demand has been reduced to ₹ 10,853 lakhs (including interest u/s. 234B of ₹ 3,792 lakhs).

Against the said order passed by the Income Tax Department, the Company has taken following actions (i) The Company has filed an appeal before the Income Tax Appellant Tribunal ('ITAT') against the disallowances made by the Income Tax Department, which is currently pending for adjudication before ITAT and (ii) the Company had filed stay application before ITAT for stay of demand and the Hon'ble ITAT considering the facts of the present matter has granted interim stay on the operation of recovery of demand.

35.4 In accordance with the approval for payment of Brand License Fees granted by the Audit Committee and the Board of Directors in their respective meetings held on December 8, 2016 and December 10, 2016 respectively, the Company during the year ended March 31, 2017, had entered into an agreement for payment of Brand License Fees to RHC Holding Private Limited (“RHC”) for a period of 6 years effective April 01, 2016 for usage of the “Religare” trademark/brand. During the year ended March 31, 2018, RHC has assigned the trade mark “Religare” and its logo to Elive Infotech Pvt Limited (assignee/Elive). Further, Elive has waived the right to receive the brand license fee from REL or its subsidiaries/affiliates till the time interest on loans availed by the group companies of Elive and RHC from Religare Finvest Limited is serviced. In the suit titled SCCPL & Another vs. LVB & Others having no. CS(COMM) 633/2018 pending before the Hon’ble Delhi High Court, SCCPL had claimed ownership of “Religare Brand” by way of an Assignment Deed allegedly executed in its favour by RHC and Elive. The Hon’ble Delhi High Court vide its order date 22.02.2018 passed an order to maintain status quo regarding the Religare Trademark. RHC and Elive have filed an application under Section 340 Cr.P.C against SCCPL for wilfully knowing, deliberately making false statements and submitting forged documents. Loancore Servicing Solutions Ltd. has filed substitution on behalf of SCCPL by way of assignment deed. Further, Daiichi has also obtained a status quo order on the brand “Religare” by suppressing the fact that the entire shareholding of RHC Holdings Pvt. Ltd. in M/s Elive Infotech Pvt. Ltd. had been pledged in favour of RFL as a security for various loans to group companies of RHC Holdings Pvt. Ltd. RFL had filed objection application in the said proceedings.

39 Segment Reporting:

1 Basis of Segmentation

The segment reporting of the Company has been prepared in accordance with Ind AS 108 “Operating Segment”. For management purpose the Company is organised into business units based on services and has two reportable segments (a) Investment and Financing Activities, and, (b) Support Services.

The Segments have been identified as reportable segments by the Company’s Chief Operating Decision Maker (“CODM”). Segment profit amounts are evaluated regularly by the Board, which has been identified as CODM, in deciding how to allocate resources and in assessing performance.

Segments Revenue, Results, Assets and Liabilities include the respective amounts identifiable to each of the segments and amount allocated on a reasonable basis. Unallocated expenditure consists of common expenditure incurred for all segments. The asset and liabilities that cannot be allocated between segments are shown as unallocated between the segments and shown as unallocated corporate assets and liabilities respectively.

2 Information about Reportable Segments:

Primary Segment

- (a) The business segment has been considered as the primary segment for disclosure. The Company’s primary business comprises of ‘Investment and Financing Activities’ and ‘Support Services’. The business segments have been identified considering the nature of services, the differing risks and returns, the organization structure and the internal financial reporting system.

Notes forming part of the Standalone Financial Statements

for the year ended March 31, 2025

(Amount in ₹ Lakhs, unless otherwise stated)

- (b) Segment revenue, results, assets and liabilities have been accounted for on the basis of their relationship to the operating activities of the segment and amounts allocated on a reasonable basis.
- (c) Revenue and expenses directly attributable to segments are reported under each reportable segment. Expenses incurred on behalf of other segments and not directly identifiable to each reportable segment have been allocated to each segment on the basis of associated revenues of each segment. All other expenses which are not attributable or allocable to segments have been disclosed as unallocable expenses.
- (d) Assets (including Property Plant & Equipment's) and liabilities that are directly attributable to segments are disclosed under each reportable segment. Common assets have been allocated to each segment on the basis of associated revenues of each segment. Liabilities have been allocated to each segment on the basis of total segment expense. All other assets and liabilities are disclosed as unallocable.

If the segment result of a segment includes interest or dividend income, its segment assets include the related receivables, loans, investments, or other interest or dividend generating assets.

If the segment result of a segment includes interest expense, its segment liabilities include the related interest-bearing liabilities.

40 Fair value measurement

This note describes the fair value measurement of both financial and non-financial instruments and is structured as follows:

40.1 Valuation Principles

40.2 Assets and liabilities by fair value hierarchy

40.3 Fair Value of financial instruments not measured at fair value

40.4 Valuation Techniques

40.5 Movements in level 3 financial instruments measured at fair value

40.6 Disclosure of fair value of financial measurement hierarchy for financial instruments

40.7 Valuation methodologies of financial instruments not measured at fair value

40.1Valuation Principles

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction in the principal (or most advantageous) market at the measurement date under current market conditions (i.e., an exit price), regardless of whether that price is directly observable or estimated using a valuation technique.

In order to show how fair values have been derived, financial instruments are classified based on a hierarchy of valuation techniques.

40.2Fair value hierarchy

Fair value of the financial instruments is classified in various fair value hierarchies based on the following three levels:

Level 1: Quoted prices (unadjusted) in active market for identical assets or liabilities.

Level 2: Inputs other than quoted price included within level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

The fair value of financial instruments that are not traded in an active market is determined using market approach and valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If significant inputs required to fair value an instrument are observable, the instrument is included in Level 2.

Level 3: Inputs for the assets or liabilities that are not based on observable market data (unobservable inputs).

If one or more of the significant inputs is not based on observable market data, the fair value is determined using generally accepted pricing models based on a analysis, with the most significant inputs being the discount rate that reflects the credit risk of counterparty.

The fair value of trade receivables, trade payables and other current financial assets and liabilities is considered to be equal to the carrying amounts of these items due to their short-term nature. Where such items are Non-current in nature, the same has been classified as Level 3 and fair value determined using basis. Similarly, unquoted equity instruments where most recent information to measure fair value is insufficient, or if there is a wide range of possible fair value measurements, cost has been considered as the best estimate of fair value.

There has been no change in the valuation methodology for Level 3 inputs during the year. The Company has not classified any material financial instruments under Level 3 of the fair value hierarchy. There were no transfers between Level 1 and Level 2 during the year.

40.4 Valuation Techniques

a) Mutual Funds

- Open ended Mutual funds at NAV's declared or quoted
- Close ended Mutual funds at declared or published NAV's by Asset Management Financial Institution (AMFI)

b) Alternate Investment Funds

- Alternate Investment Funds value at NAV's as declared by Fund Management companies.

c) Equity instruments

The majority of equity instruments are of non-listed entities, and are initially recognised at transaction price and re-measured (to the extent information is available) and valued on a case-by-case and classified as Level 3.

40.5 Movements in Level 3 financial instruments measured at fair value

The following tables show a reconciliation of the opening and closing amounts of Level 3 financial assets and liabilities which are recorded at fair value. Transfers from Level 3 to Level 2 occur when the market for some securities became more liquid, which eliminates the need for the preciously required significant unobservable valuation inputs. Since the transfer, these instruments have been valued using valuation models incorporating observable market inputs. Transfers into Level 3 reflect changes in market conditions as a result of which instruments become less liquid. Therefore, the Company requires significant unobservable inputs to calculate their fair value.

The following tables show the reconciliation of the opening and closing amounts of Level 3 financial assets and liabilities measured at fair value:

40.7 Valuation methodologies of financial instruments

The fair value of financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in forced or liquidation sale. The following methods and assumptions were used to estimate the fair values:

1. The Company has disclosed financial instruments such as cash & cash equivalents, other bank balances, trade payables, other financial assets, and liabilities at carrying value because their carrying amounts are a reasonable approximation of the fair values due to their short term nature.
2. Financial instruments with fixed and variable interest rates are evaluated by the Company based on parameters such as interest rates and individual credit worthiness of the counter party. Based on this evaluation, allowances are taken to the account for the expected losses of these receivables.

41 Financial Risk Management, Objectives and Policies

41.1 Introduction and risk profile

Company has operations in India. Whilst risk is inherent in the Company’s activities, it is managed through an integrated risk management framework, including on-going identification, measurement and monitoring, subject to risk limits and other controls. This process of risk management is critical to the Company’s continuing profitability and each individual within the Company is accountable for the risk exposures relating to his or her responsibilities. The Company is exposed to credit risk, liquidity risk and market risk. It is also subject to various operating and business risks.

41.1.1 Risk Management Structure

The Board of Directors are responsible for the overall risk management approach and for approving the risk management strategies and principles.

The Board has constituted the Risk Management Committee which is responsible for monitoring the overall risk process within the Company. The Risk Management Committee (RMC) has the overall responsibility for the development of the risk strategy and implementing principles, frameworks, policies and limits. The RMC is responsible for managing risk decisions and monitoring risk levels.

The Head of respective department/function shall be responsible for implementation of the risk management system as may be applicable to their respective areas of functioning who will maintain record of each risk identified along with mitigation plan in Risk & Control Matrix (RCM) and will update it periodically.

The Company’s policy is that risk management processes throughout the Company are audited at regular interval by the Internal Audit function, which examines both the adequacy of the procedures and the Company’s compliance with the procedures. Internal Audit discusses the results of all assessments with management, and reports its findings and recommendations to the Supervisory Board and Audit Committee.

41.2 Financial Risk Management:

(Amount in ₹ Lakhs, unless otherwise stated)

Market risk is the risk of loss of future earnings, fair values or future cash flows that may result from a change in the price of a financial instrument. The value of a financial instrument may change as a result of changes in the interest rates, foreign currency exchange rates, commodity prices, equity prices and other market changes that affect market risk sensitive instruments. Market risk is attributable to all market risk sensitive financial instruments, including investments and deposits, receivables, payables and borrowings.

The Company's overall risk management focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance of the Company.

The sources of risks which the Company is exposed to and their management is given below			
Risk	Exposure Arising From	Measurement	Management
• Market Risk			
- Foreign Exchange Risk	Committed commercial transactions not denominated in INR.	Cash Flow Forecasting	Amount insignificant
- Interest Rate Risk	Borrowings at fixed/ variable rates, Investments in Debt Schemes of Mutual Funds and Other Debt Securities	Interest Rate Movements	Portfolio Diversification
- Equity Price Risk	Investments in equity	Financial Performance of the investee Company	Equity risk relates to the sensitivity of financial products to the changes in prices
• Credit Risk	Cash and Cash equivalents, Trade Receivables, Investments, Loans	Ageing Analysis, Collateral Analysis, Credit Rating	Diversification of Bank deposits, mutual fund investments and portfolio credit monitoring, credit limit and credit worthiness through collateral based monitoring.
• Liquidity Risk	Borrowings and Other Liabilities and Liquid Investments	Rolling Cash Flow Forecasts	Adequate unused credit lines and borrowing facilities, Portfolio Diversification

41.2.1 Credit Risk

The Company continuously monitors all assets subject to ECLs. In order to determine whether an instrument or a portfolio of instruments is subject to 12m ECL or LTECL, the Company assesses whether there has been a significant increase in credit risk since initial recognition. The Company considers an exposure to have significantly increased in credit risk underlying assets and accordingly changes the ECL.

When estimating ECLs on a collective basis for a Company of similar assets, the Company applies the same principles for assessing whether there has been a significant increase in credit risk since initial recognition.

For other Financial asset an Investments the Company ha an investment policy which allow the Company to investment with counter parties having credit rating and with limits as predefined in Investment policy.

41.2.2 Interest Rate Risk

Interest rate risk is the fair value of future cash flows of a financial instrument which fluctuates because of changes in the market Interest rates. The Company's position with regards to interest income treasury team manages the interest rate by diversifying its portfolio across tenures.

41.2.3 Reputational Risk

Reputational Risk As per the above standard, REL is also exposed to reputation risk arising from failures in governance, business strategy and process, regulatory-compliance and legal risk. These risks are generally covered under Operational risks. Reputational risk is the risk of potential damage to the Company due to deterioration of its reputation. The reputation of the Company may suffer as a result of its failure to comply with laws, regulations, rules, reporting requirements, standards and codes of conduct applicable to its activities, rather than compliance with the internal limits or procedures. Proactive measures to minimize the risk of losing reputation could be a sound risk management framework, good corporate governance high level ethics and integrity, rigorous anti money laundering procedures, good business practices and reporting of all breaches which lead to reputational risk to the attention of senior management and the board.

Management of subsidiaries and support functions of REL should take into consideration above basic risk categorization and devise their own risk cum control matrix for each of the product line, segment, business and operations.

41.2.4 Liquidity risk

Liquidity risk is the potential of loss arising from their inability either to meet obligations or to fund increases in assets as they fall due without incurring unacceptable costs or losses.

42.1Capital Management

The primary objectives of the Company's capital management policy are to ensure that the Company complies with externally imposed capital requirements and maintains strong credit ratings and healthy capital ratios in order to support its business and to maximize shareholder value.

The Company manages its capital structure and makes adjustments to it according to changes in economic conditions and the risk characteristics of its activities. In order to maintain or adjust the capital structure, the Company may adjust the amount of dividend payment to shareholders, return capital to shareholders or issue capital securities. No changes have been made to the objectives, policies and processes from the previous years. However, they are under constant review by the Board.

43 Retirement benefit Plan

43.1Defined Contribution Plan

Contribution toward provident fund plan for all employees is made to regulatory authorities, where the Company has no further obligations. Such benefits are classified as Defined Contribution Scheme as the Company does not carry any legal or constructive obligations to pay further contributions apart from the contributions made on monthly basis which are charged to the Statement of Profit and Loss account as incurred.

The amount charged to the Statement of Profit and Loss is ₹ 79.51 Lakhs during the year (2023-24: ₹ 74.31 Lakhs).

43.2Defined Benefits plan

The Company has a defined benefit gratuity plan in India (funded). The Company's defined benefit gratuity plan is a final salary plan for its employees, which requires contributions to be made to a separately administered fund. The gratuity plan is governed by the Payment of Gratuity Act, 1972. Under the act, employee who has completed five years of service is entitled to specific benefit. The level of benefits provided depends on the member's length of service and salary at retirement age. The fund has the form of a trust and it is governed by the Board of Trustees, which consists of an equal number of employer and employee representatives. The Board of Trustees is responsible for the administration of the plan assets and for the definition of the investment strategy.

Each year, the Board of Trustees reviews the level of funding in the India gratuity plan. Such a review includes the asset-liability matching strategy and investment risk management policy. This includes employing the use of annuities and longevity swaps to manage the risks. The Board of Trustees decides its contribution based on the results of this annual review. The Board of Trustees aim to keep annual contributions relatively stable at a level such that no plan deficits (based on valuation performed) will arise.

43.3Others benefits

The employees of the Company are entitled to leave benefits as per the policy of the Company. The liability for compensated absences is accrued based on the actuarial valuation as at the balance sheet date conducted by an independent actuary. The net present value of the Group companies' obligations are determined based on the Projected Unit Credit Method at the end of each year.

The following tables summaries the components of net benefit expense recognised in the statement of profit or loss and the funded status and amounts recognised in the balance sheet for the respective plans:

Sensitivity Analysis

The sensitivity analysis below has been determined based on reasonably possible change of the respective assumptions occurring at the end of the reporting period, while holding all other assumptions constant. These sensitivities show the hypothetical impact of a change in each of the listed assumptions in isolation. While each of these sensitivities holds all other assumptions constant, in practice such assumptions rarely change in isolation and the asset value changes may offset the impact to some extent. For presenting the sensitivities, the present value of the defined benefit obligation has been calculated using the projected unit credit method at the end of the reporting period, which is the same as that applied in calculating the Defined Benefit Obligation presented above. There was no change in the methods and assumptions used in the preparation of sensitivity analysis from previous year.

Risk Analysis

The Company is exposed to a number of risks in the defined benefit plans. Most significance risk pertaining to defined benefits plans and management estimation of the impact of these risks are as follows

Salary Growth Rate

The present value of defined benefit plans liability is calculated by reference to the future salaries of plan participates. Salary increase considered @ 9%. As such, an increase in the salary of the plan participants will increase the plan's liability.

Demographic Risk

This is the risk of variability of results due to systematic nature of decrements that include mortality, withdrawal, disability and retirement. The effect of these decrements on the defined obligation is not straight forward and depends upon the combination of salary increase, discount rate and vesting criteria. it is important not to overstate withdrawals because in the financial analysis the retirement benefit of short career employee typically costs less per year as compared to long service employee.

Interest rate risks

The defined benefit obligation uses a discount rate based on government bonds. If bonds yields fall, the defined benefit obligation will tend to increase.

46 Disclosure on Employees Stock Options Scheme

46.1ESOP Policy

Equity-settled share-based payments to employees and others providing similar services are measured at the fair value of the equity instruments at the grant date. Details regarding the determination of the fair value of equity-settled share-based payments transactions are set out in notes to accounts.

The fair value determined at the grant date of the equity-settled share-based payments is expensed on a straight-line basis over the vesting period, based on the Company’s estimate of equity instruments that will eventually vest, with a corresponding increase in equity. At the end of each reporting period, the Company revises its estimate of the number of equity instruments expected to vest. The impact of the revision of the original estimates, if any, is recognised in Statement of Profit and Loss such that the cumulative expenses reflects the revised estimate, with a corresponding adjustment to the Share Option Outstanding Account.

ESOPs (equity – settled share – based payments) have also been granted to the employees of:

Subsidiary (including step down subsidiary) whereby:

- i) The Company has debited these shares as ‘Investment in Subsidiary’ and credited its equity;
- ii) The subsidiary has debited its expenses (employee related cost) and credited the capital contribution from the parent;
- The employees of the Company are recipient of equity – settled share based payments either from the Company and / or its subsidiary (including step down subsidiary.
- i) Where the transaction is with the subsidiary, credit to ‘Dividend Income’ and debit to expenses (employee related cost)
- ii) The Subsidiary has debited Investment and credited to capital contribution.”

The dilutive effect of outstanding options is reflected as additional share dilution in the computation of diluted earnings per share.

46.2ESOP DISCLOSURES

Details of the Scheme:

The Board of Directors at its meeting held on February 12, 2019, approved the Religare Enterprises Limited Employee Stock Option Plan 2019 (“REL ESOP 2019 / Scheme”) to issue and allot stock options up to a maximum of 10% of expanded share capital of the Company (after taking into account any other equity Shares including through convertible instruments) for the permanent employees and directors whether a whole-time director or not (other than Promoters of the Company, Independent Directors and Directors holding directly or indirectly more than 10% of the outstanding Equity Shares of the Company) of the Company and its present and future holding company and subsidiary company(ies) in terms of Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014. The shareholders of the Company approved the Scheme vide their special resolution passed through postal ballot on March 29, 2019.

46.4 Method used for accounting for share based payment plan

The Company has used the fair value method to account for the compensation cost of stock options to employees. The fair value of options used are estimated on the date of grant using the Black – Scholes Model.

The key assumptions used in Black – Scholes Model for calculating fair value as on the date of respective grants are:

- Grant date
- Risk free interest rate
- Expected life
- Expected volatility
- Dividend yield
- Price of the underlying share in the market at the time of the option grant

Note: For the year ended March 31, 2025, the Company has accounted expense of ₹ 6.41 Lakhs as Employee Benefit Expenses on the aforesaid employee stock option plan, including subsidiaries and step down subsidiaries scheme (Previous year: expense of ₹ 18.83 Lakhs). The balance in share option outstanding account is ₹ 18.37 Lakhs as of March 31, 2025 (₹ 129.85 as of March 31, 2024).

46.5 TRANSACTIONS DURING THE YEAR

During the year, the Company has:

- (a) Credited ESOP reserve on:
- i) Debiting to employee related cost by ₹ 6.41 Lakhs (previous year: ₹ 18.55 Lakhs) being ESOP expenses on its own employees;
 - ii) Debiting investment in subsidiaries by ₹ Nil (previous year: ₹ 0.11 Lakhs) being ESOP expenses on its subsidiaries employees;
- (b) Credited to ESOP Reserve' & debited employee related cost by ₹ Nil (previous year: ₹ 0.28 Lakhs) being ESOPs granted to the employees of the Company by its subsidiary;
- (c) The part of ESOP granted to employees of the its subsidiaries stand cancelled during the year. On Cancellation of ESOP's the amount of ₹ 117.88 Lakhs (previous year: ₹ 0.08 Lakhs) was transferred from ESOP reserve A/c to Retained earning.

47 Earnings per share

Basic earnings per share (EPS) is calculated by dividing the net profit for the year attributable to equity holders of Company by the weighted average number of equity shares outstanding during the year.

Diluted EPS is calculated by dividing the net profit attributable to equity holders of Company (after adjusting for interest on the convertible preference shares and interest on the convertible bond, in each case, net of tax) by the weighted average number of equity shares outstanding during the year plus the weighted average number of equity shares that would be issued on the exercise of all the outstanding share options as per ESOP scheme.
